Green poplar wood will be used in making the boxes, and farmers throout this vicinity will thus be given an opportunity to dispose of their timber to a good advantage. The managers state that they have inquiries from dozens of farmers who have suitable timber for sale and who welcome this opportunity to get a local market. It is estimated that the section surrounding this city will be able to supply the necessary raw material for some time.

At the Commercial club meeting last week the matter of assisting the concern in any manner in getting started in the new enterprise was placed in the hands of the industrial committee, the members of which are lending their aid in promoting the project together with other interested citizens. The venture gives promise of a successful future.

Goodridge Creamery Stockholders To Meet Saturday

The stockholders of the Goodridge Creamery association will hold their annual meeting Saturday, this week. The annual report will be given by T. H. The creamery at Goodridge is operated six months during the summer while the remainder of the year a station is maintained by the local institution.

MORE THAN HUNDRED PERSONS IN CLEVER COMEDY "KATHLEEN"

Rehearsals Now in Progress for Delightful Production to Be Staged Jan. 29

The musical comedy, "Kathleen," which is to be staged at the Auditorium Jan. 29th, under the auspices of the Girls Community Club, promises to be one of the big theatrical events of the year. A hundred or more Thief River Falls young people are taking part and judging from the enthusiasm shown, they intend to do their part in making this a huge success.

The plot of this delightful comedy can well be called the best of all shows. It begins with a laugh and ends with a roar and yet the sweetness and beauty of some scenes will leave the audience breathless and starry-eyed.

Kathleen, the most adorable girl in the world, especially to Jimmy Stanton, is forced into an engagement with Ned Rollingston by her uncle, Michael Flynn. While she pleads Jimmy's case, Lem Underduck, the town police force, is pleading his own with Arabella Wilkins, the village postmistress and she advances and retreats at just the right time to keep Lem on the jump. Flossie helps the Sheriff out at the most exciting time of his life and therefore gains his eternal admiration.

The characters of Teckly, the champion checker player, and Hans Swendler, the storekeeper, are two of the best, and are the source of many laughs.

The production is under the able direction of Miss Mary Cecelia Freeland of the John Rogers Producing company of Fostoria, Ohio, who arrived in the city Monday. She states that she is meeting with splendid success in the selection of a cast and rehearsing.

Tickets are on sale now by members of the cast and Club girls and it is expected that the citizens will turn out en masse.

SOCIETY NOTES

Woman's Club To Celebrate 10th Birthday Next Monday At Commercial Club Rooms

The 10th anniversary of the Thief River Falls Woman's club will be celebrated next Monday afternoon, Jan. 21, when the regular club meeting will be held at the Commercial club rooms, commencing at 3 o'clock. The gathering will take the form of a birthday party with Mrs. E. O. Mogenson in charge, and a number of interesting features are being prepared for the occasion. A music memory contest will take place at this time, with Mrs. G. Halvorson in charge.

Mrs. P. W. Mabey, president of the club makes a special request to all members of the club to attend this anniversary celebration, Monday, Jan. 21 at the Commercial club rooms.

P. O. Staff Entertains

The second of a series of parties given by members of the post office staff and their wives was held at the Legion club rooms Wednesday evening of last week. The evening was spent at dancing and cards and in other social ways. At 11:30 refreshments were served.

For Miss Miller

The home of Mrs. R. Hayes was the scene of a pretty surprise Saturday afternoon, given by Mrs. Hayes in honor of Miss Grace Miller, who leaves in a few days for Chetek, Wis. The hours were most enjoyably spent in social ways. At five o'clock lunch was served by the hostess. Those present were the Misses Grace Miller, honorary guest; Mamie and Maybelle Ahlstrom, Gene Sannes, Gladys Johnson, Gelena and Adel Jorde, Lena, Jennie and Harriet Kaushagen and Myrtle Ballingrud.

Important Meeting

All members of the Woman's Auxiliary of the American Legion are requested to be present at an important meeting at the club rooms Tuesday evening at 8 o'clock. —J17

U. C. T. Ladies Entertain

The ladies of the U. C. T. lodge of this city entertained in a novel and highly pleasing manner in their regular meeting place at the Masonic Temple Saturday evening, after the regular business meeting of the U. C. T.

Inasmuch as they were concerned the male members of the lodge took a decidedly back seat. All dances of the evening were ladies choices. The men were confined to the seats usually reserved for the ladies while the fair sex thronged the ante rooms and halls. For the information and intelligent consideration of the thus curbed gentlemen, placcards were placed in conspicuous and predominent places bearing inscriptions relative to the manner in which they were expected to behave themselves. Quotations, which might prove embarrasing to too sensative a soul, bore out the wish that no cigar stubs be parked on the furniture, that they were not priviledged to congregate in the halls, and other suggestions that were intended to acquaint them with their position and thus avoid disagreeable misunderstandings on the part of both groups. A "men's choice" dance was called but the unfortunate individuals who were thus elected to take the initiative were already selfconscious of the fact that their presence was secondary and that they had been, seemingly unnecessarily, dominated and they merely reclined to more comfortable positions and awaited the change of program that quickly followed.

Refreshments were served at 12 o'clock and the event was rightfully pronounced a success.

Rendahl-Johnsrud

Miss Tillie Rendahl and Teloy Johnsrud both of Erie, were united in marriage at the probate court rooms Monday, Judge Lars Backe, officiating officer. Miss Anna Rendahl and Walter Gramm of Erie were witnesses.

Golfers Frolic at Party

The third of a series of dancing parties sponsored by the Thief River Golf club during the winter season, took place at the Sons of Norway hall last Friday evening, and was well attended by practically all the club members and a few invited guests. The affair was of a most enjoyable nature, in a large degree due to the efforts of Miss Maude L. Johnson, floor manager for the evening. The music was furnished by Earl Erickson and Earl Effinger. In the course of the evening refreshments were served by a committee.

The last of the season's parties will be given next month, and will be in the form of a masquerade and that it will be a novel affair is a certainty.

Mrs. Ohm Entertains

Mrs. Herman Ohm entertained a few of her friends at her home Saturday evening. The time was pleasantly spent in playing whist and fortune telling. At 12 o'clock a delicious lunch was served by the hostess. Those present were the Mesdames John Collins, Robert Cook, Charles Alexander, C. Sholes, J. Weirus, Louis Vevea, E. Motz, Ed. Hilson, S. Hanson, O. L. Cronstrom, D. LeSage, L. Lonson, Anton Carlson, John Morgan, Gusta Johnson and C. E. Carlson.

Girl Scouts Organize

A new patrol of Girl Scouts was organized in this city recently, adopting the name of White Swan Patrol. Meetings will be held Monday evening of each week. Preparations are already being made for the tenderfoot test which will be made the latter part of this month.

The following officers were elected: Frances Wengeler, captain; Ann Aman, patrol leader; Ann Groven, corporal; Winnifred Wengeler, secretary; Ansof Dahlen, treasurer.

Parcel Shower

The home of Mr. and Mrs. Albert Olson, residing three miles south of this city, was the scene of a pretty surprise parcel shower for their daughter, Mrs. T. T. Aasland, Saturday afternoon. The members of the party were conveyed to the Olson farm home by sleigh. Mrs. Aasland was the recipient of many useful and beautiful gifts. Those comprising the group of self-invited guests were the Mesdames William Sponheim, Ed. Larson, Martin Stenberg, Alfred Stenberg, Arthur Johnson, Leonard Johnson, J. E. Nelson, Ire Pederson, Oscar Swanson, D. LeSage, Carl Whitting, Ed. Peterson, Anton Dybvik, Ralf Aasland, Chris Aasland, Josephine Clausen and Mr. and Mrs. Arthur Rambeck, and Misses Ruth Wold, Esther Larson and Christine Clausen.

Legion Auxiliary Meet

The Woman's Auxiliary of the American Legion will hold a regular business meeting at the club rooms Tuesday evening, Jan. 22. As there will be considerable business to receive attention at this meeting all members are urged to be present.

Christian Endeavor

The Intermediate Christian Endeavor of the Presbyterian church held its first business meeting of the new year Friday, Jan. 11, in the lecture room of the edifice. The officers as elected for the coming year, are: Miss Dorothy Haney, president; Miss Dorothy Sullivan, vice president; Thomas Haney, secretary and Myrtle Hastad, treasurer.

The annual reports for the past year were read and showed a condition of activity and progress.

In addition to the business matters of the meeting Misses Dorothy Haney and Sullivan sang a duet, accompanied by Miss Louise Roth. Games were played and refeshments were served.

Important Meeting

All members of the Woman's Auxiliary of the American Legion are requested to be present at an important meeting at the club rooms Tuesday evening at 8 o'clock. --J17

Entertain Bridge Club

Mr. and Mrs. W. A. Barnard were host and hostess at 6:30 o'clock dinner Saturday evening at their home when they entertained members of the bridge club. Bridge was played at three tables. The next meeting of the club will be held a week from Tuesday evening, the regular meeting night of the club.

Sons of Norway Party

A party will be sponsored by the Sons of Norway lodge for members of the Sons and Daughters of Norway lodges and friends at the regular quarters tomorrow, Friday evening. A jolly time is assured, the chief diversion of the evening being dancing. Refreshments will be served. A large crowd attended the Christmas party and it is expected that the affair tomorrow will be equally well attended.

At University Prom.

Ernest Zeh and Norman Dybvik of this city, students at the University of North Dakota at Grand Forks, were among the guests at the elaborate Junior Promenade at the U last Friday evening. Miss Kathleen Ures, formerly of this city, was also in the guest list. The affair, which is the most important social event of the year, took place in the university armory mid a tropical setting of Hawaiian scenery.

Richard Barthelmess Stars In Drama of Deep Sea Sun.

Richard Barthelmess in "Fury," a rollicking, stirring drama of the deep sea from the facile pen of Edmund Goulding, will be the First National piece de resistance at the Princess Theatre next Sunday and Monday, according to Manager Brumund.

This production is heralded as an even more ambitious dramatic effort than any other of Barthelmess' highly popular screen successes, including either "Tol'able David" or "The Bond Boy."

A very large portion of the picture was taken at sea in a picturesque old four-masted sailing schooner, for Barthelmess plays the role of a cowed young mate whose spirit is not thoroughly aroused until his father, the captain, throws discredit on the name of the girl the boy intended to marry.

Then, later, on learning from the lips of his dying father the name of the man who had wronged his mother, his whole nature changes and he swears vengeance. Which leads to gripping denouncement and the culmination of a romance.

Selling Tubers in Missouri

Stephen Singer, Kratka merchant and postmaster, left last week for St. Joseph, Missouri and Des Moines, Iowa, to dispose of six carloads of potatoes, which he stored there two months ago. The potato market is at present quoted at about $1.50 per hundred and Mr. Singer expects to sell his lot at once. On his way south Mr. Singer also attended to business matters in Bemidji, points on the iron range, Duluth and Minneapolis. He expects to return this week.

Miss Beatrice Helmes, daughter of Mr. and Mrs. Geo. H. Holmes, had the misfortune of breaking her right arm in physical training Tuesday afternoon while she was receiving a basket ball thrown at her which caught between her feet and tripped her. She saw she was going to fall on her face so she put her right arm out to protect it. When she fell she broke her right arm just above the wrist. She did not know then that it was broken. After school pains set in but she walked home about two miles. When she arrived home she was very weak and Dr. Swedenburg was immediately called and the broken bone attended to.

Mrs. Clara C. Berge

Mrs. Clara C. Berge, wife of T. E. Berge, employed at the Soo yards, residing at 110 Crocker avenue south, died at her home Sunday, Jan. 13, at 2:35 o'clock a. m., death being caused by pernicious anemia.

Mrs. Berge was born in Lake Mills, Iowa, June 26, 1889. At the age of two she moved, with her parents, Mr. and Mrs. I. C. Ringham, to Hatton, N. D., where the family resided for 10 years. At that time they moved to Grygla. Her mother died there 17 years ago, her father dying 10 years later. Eleven years ago she was married to Thomas Berge and has lived in this city practically all her married life. She has been ailing from anemia for seven or eight years and while she was not expected to live any great length of time the end was sudden.

To mourn her passing she leaves her husband, two children, Bernice, 9 George Edward, 7; four brothers, A. M. Ringham, of Buxton, N. D.; E. G. Ringham of Woldville, Sask., Can., who has been a guest at the T. E. and Ove Berge homes since shortly before the holiday season; Clarence M. Ringham of Chicago, Ill.; Adolf I. Ringham, and a sister, Ruth L. Ringham of Mandan, N. D. Another brother of Mrs. Berge, George D. Ringham, died seven years ago.

The funeral services were held from the Trinity Lutheran church yesterday, Rev. T. E. Sweger officiating at the obsequies, and interment was made in Greenwood cemetery.

Buried at Gully

The funeral services for the late Miss Veronica Adelaide Sande, five-year-old daughter of School Superintendent Ole R. Sande, was held Saturday at Gully, where her mortal remains were laid to their final resting place beside those of her mother who passed to the great beyond three years before her. Little Miss Sande was born June 23, 1918 and was five years, six months and 16 days of age at the time of death, which occurred Wednesday, Jan. 9 after but a few days' illness. The sympathy of a large circle of friends is extended Mr. Sande in his bereavement.

Arthur Ahlstrom

Arthur Ahlstrom, son of Mr. and Mrs. Ole Ahlstrom residing in Excel township, died in this city Sunday, Jan. 13, after a long illness of pulmonary tuberculosis.

Mr. Ahlstrom was born at Grove City Jan. 30, 1893, and was 30 years 11 months and 17 days of age at the time of death. He lived there with his parents until 8 years ago, when they moved to this county. He was a stationary engineer by trade and while employed at the local sanatorium was accidently gassed while operating a motor and in time tuberculosis set in. He suffered from that disease for two years and four months.

He leaves to mourn his untimely passing his parents, four brothers, Edwin, Adolf, Albert and Alvin, and two sisters, Mabel and Mamie, all at home. Two cousins, Fred and Ole Nordquist of South Dakota arrived for the funeral services.

The funeral was held from the Augustana Lutheran church this afternoon at 1:00 o'clock and interment made in Greenwood cemetery, Rev. Albin A. Larson officiating at the obsequies. To the bereaved family is extended the sympathy of their many friends in the community.

"IN THE EYES OF THE WORLD"

Pennington county and adjoining territory is getting much publicity from various sources as a result of the introduction of sugar beets as one of the Red River Valley crops and the results obtained by the many farmers who have entered this line of farming. Although a comparatively new crop in this section the sugar beet is establishing itself among the farmers of the valley and indications are that the acreage will grow from year to year. Applications on file at the county agent's office show an increase of more than 50 per cent in this immediate vicinity for the coming year's acreage.

The following interesting item appeared this week in the weekly newsletter published by the University of Minnesota, agricultural extension division, headed "Beets a Good Cash Crop in Red River Valley."

"Sugar beet production should take an important part in agricultural readjustment in northwestern Minnesota and become a permanent factor of the cropping system," says F. W. Peck, of Andrew Boss' division of farm crops and farm management of the state university. "Beets produced under environmental conditions found in the Red river valley yield a large tonnage and higher sugar content than those grown further south. The sugar beet is therefore probably the best cash crop for 1924 if help for this kind of work is available. The cut in freight rates on beets from $4.56 to $2.25 a ton from points in the Mason City, Iowa, factory is of decided advantage in making beet production profitable. Some 318 carloads of sugar beets were shipped from the vicinity of Thief River Falls in 1923 with very satisfactory results."

It is interesting to note that Thief River Falls is given special mention as a shipping point from this section, substantial proof that activities of this community have come to the attention of not only those residing in this immediate district but even department heads in the state university.

And when the time comes to establish additional beet factories in the valley, and we do not think the time is far hence, we shall see Thief River Falls as an outstanding point suitable for the location of such an industry. Let's keep on boosting our products—it pays.

THE COUNTY AGENT

It is encouraging to note that those interested in the continuance of county agricultural extension work are making strenuous efforts to retain County Agent McCann. The Commercial club of the city has selected a committee to work out some plan whereby the community may continue to be served by an able worker in charge of the various projects carried on among progressive farmers in the county, especially during this period of diversification. Mr. McCann is a most obliging and energetic man for the position and his services in the sugar beet campaign, club work, and other agricultural activities have been invaluable, and it is of the greatest importance to the success of the alfalfa campaign that he be retained. Judging from the tenor of expression the farmers of the county look upon the Farm Bureau with disfavor, but according to the present arrangement the county agent proposition is absolutely separate and independent of that organization.

OF COURSE MINNESOTA HAS SNOW

A subject of much discussion by the press and citizens in general during the past few weeks is Minnesota weather. In fact Senator Magnus and Minnesota's grand weather have vied for first place in the newspapers and public mind of not only this state but others as well.

The fact that we have had practically no snow and but little cold temperature so far this winter, has received the attention of many and the condition is causing considerable meditation on the part of those residing in supposedly more moderate latitudes, while the natives of this section are taking it as a matter of fact, and of course, with a feeling of gratitude.

The Duluth Herald in last week's issue opines as follows:

Newspapers in Minnesota have shown unwarranted heat and needless excitement because the author of a poem in the Saturday Evening Post, entitled "Fair Play to Minnesota," speaks of this state as a place where it snows in winter.

Just because there was a freak season up nearly to the close of the year, which the poet, writing far in advance of publication, could hardly have foreseen, is no valid reason for all this indignation.

Of course it snows in winter in Minnesota. It snows plenty, ordinarily; and that isn't something to deny or conceal or be ashamed of. It is something to be proud of.

Who, if he could, would change Minnesota's climate? It is just right.

When there ought to be spring, we have spring. When there ought to be summer, we have summer. When we ought to have fall, we have it. And when it is the right time for winter, it comes—this year to the contrary notwithstanding.

And they are such springs, such summers, such falls, such winters!

When winter comes, it brings fresh bracing breezes, with a nipping air that makes cheeks rosy and sends the blood singing through the veins.

The lakes and streams freeze over—except Lake Superior—and there is skating.

The fields and hills cover over with a mantle of clean white, and there is sleighing and sliding down hill.

And, underneath all this healthy pleasure, the frost and the snow are working a beneficient alchemy that makes the soil more fruitful.

Good health above, with prosperity growing underneath without a turn of our fingers; what more could we ask?

Of course it snows in Minnesota in the winter! May it always keep on snowing when it is time for snow, and may no Minnesotan ever be ashamed of it.

And besides, as everybody knows since Hutchinson made Shelley famous,

If winter comes, can spring be far behind?

ANNUAL ELECTIONS OF CONGREGATIONS

Church Bodies Hold Annual Elections of Officers and Board of Directors

The Zion Lutheran congregation held its annual meeting Dec. 17 and recorded the following results:

Meeting called to order by Rev. George Larson. Annual reports were read and indicated a good and prosperous year. The congregation is clear of all debts, both church and parsonage, and the pastor paid in full. The auditing committee consists of A. B. Tessum and O. N. Olson. John Dahl was elected secretary; Rev. Aug. Bredeson, treasurer; Mrs. John Dahl, deaconess; Leif Savig and T. A. Fossum, trustees; Alfred Bredeson and August Sortland collectors and Bert Berg and Gisle Gunderson assistants; Olaf Neseth, Sunday School superintendent; T. Stageberg, vice president; parochial school committee, T. Stageberg and Bert Berg, ushers. Bert Berg and Albert Henrickson, and Ole Snustad and Alfred Bredeson, assistant ushers. It was decided to conduct one month of parochial school.

Swedish Mission

The Swedish Mission church election was held New Year's day. The following were elected to the offices indicated: Gust Anderson, secretary; Andrew Eklund, treasurer and trustee; Charles Gustavson, chairman of the board of trustees; John Erickson, vice chairman; C. Liden, trustee; Alfred Olson, organist; Mrs. Emil Olson, assistant organist; Mrs. O. J. Lundell, assistant organist; Miss Hannah Gustavson, Sunday school superintendent; Verner Brodin, assistant superintendent; ushers Gustav Anderson, Paul Lundell, Fred Lorentson and Hjalmer Lindberg.

Concordia Ladies' Aid

Concordia Ladies' Aid of St. John's Lutheran church held its annual meeting last Wednesday afternoon in the church basement. Concordia Aid has completed one of the most successful years of its career. The following officers were re-elected for the year: Mrs. Herbert Fuller, president; Mrs. Alfred Gibson, vice president; Mrs. Henry Roemhildt, treasurer; Mrs. G. Freitag was elected to succeed Mrs. P. Myhrum as secretary. Lunch was served by a group of the ladies.

St. John's Lutheran Church

The annual meeting of the congregation was held Friday, Jan. 4, in the church basement. All the retiring officers were re-elected: Aug. Krause, elder; Hans Anton, trustee and secretary; A. E. Zellmer, treasurer; Albert Geske, chairman. All reports showed that the congregation had enjoyed a prosperous year.

Bethania and Erie Luth. Churches

The recent annual business meetings of Bethania and Erie Lutheran churches, Rev. V. O. Aaker's charge, showed, according to the reports, a very successful year. A number of families have joined the congregations. The Bethania church is a very beautiful country church, but the Erie church is too small for the congregation, so the erection of a new one ought to be in the mind of the members.

Augustana Lutheran

The Augustana Lutheran church held it's annual election of officers New Years eve. The officers elected at this election are O. A. Naplin, secretary; Mrs. J. Johnson and Ed. Fosberg, deacons; Helmer Ostrom and Ben Peterson, trustees; Alfred Lundgren, Helmer Kelberg, Walter Peterson, Phillip Sundahl, Misses Ellen Johnson, Edith Peterson, Vera Carlson and Gladys Johnson, ushers; Rev. A. A. Larson, Sunday school superintendent; Agnes Lundgren, assistant superintendent; Elsie Johnson Sunday school secretary and Miss Edith Peterson, Sunday school treasurer.

Trinity Lutheran

The annual election of officers of the Trinity Lutheran church took place Tuesday afternoon, Jan. 15, and the following were elected to the respective offices: Rev. T. E. Sweger, president; I. T. Simley, vice president; Lars Backe, secretary; Carl B. Larson, treasurer. The following will compose the board of trustees. Lars Backe, Andrew Buringrud, C. M. Carlson, Dr. O. F. Mellby, H. S. Dahlen, J. J. Weeks, Jorgen Eide, Oluf Tessum and Carl B. Larson. The board of deacons will consist of John J. Aga, E. A. Mostue, I. T. Simley, N. K. Anderson and A. G. Loftness. A chief usher was elected in the person of J. O. Sether. Assistant ushers are C. M. Carlson, John Gullingsrud, Robert Erickson, John Sether and Edwin Tessum. Dr. P. L. Vistaunet was elected choir director. Appointment of organist was referred to the trustees. Mrs. Ottis Dokken was elected Sunday school superintendent.

Scandinavian Evangelical

The Scandinavian Evangelical church held it's annual election and quarterly meeting at the church, Monday, Jan. 14.

Public Forum

Industrial Meeting

The last letter I caused to be published in The Times with reference to local industries has met with so many expressions of approval that I have thought it wrong to drop the ideas without further effort.

If we are to carry out any plan of industrial promotion we must adopt some working methods and in order to do so we must call together all those who are sincerely interested in the project. It is impossible for anyone to select those who are interested from among those who are knockers, hence I have made arrangements for a public meeting to be held at the Auditorium Saturday evening, Jan. 19, for the purpose of creating some preliminary organization.

I hereby call on all people interested to attend the meeting. This is a meeting for all. Not only the business men but the laboring men are expected to attend for this is a move in their behalf. Forget our knocking propencities for one evening and let us have progress in this one idea and work together.

Yours truly,
G. HALVORSON.

Where It Struck

"Did you see the expression on the face of Mrs. Brown when I told her that she doesn't look any older than her daughter?" asked Jones.

"No" replied Mrs. Jones, "I didn't notice it. I was looking at the expression on the daughter's face."

RED RIVER VALLEY WINTER SHOWS TO BE HELD FEB 4-8

New Classes for Amateur Exhibitors Arranged. Strong Program Being Prepared

Pennington county farmers have always taken a prominent part in the Red River Valley shows held at Crookston, securing their share of premiums in both the farm crops and livestock classes. The dates this year are February 4-8. For those who have never sent in farm crops exhibits before, a new class has been added. The corn, grain and potatoes will also compete in the open class. Liberal premiums are offered. Another new class is for farm crops exhibits by farm clubs. In the live stock show, new exhibitors or amateurs are in a separate class where they compete with amateurs only, although they also show in the open class, giving them a double chance for premiums.

A reduced rate of fare and one-half for the round trip, with minimum excursion fare of one dollar, has been granted for the Red River Valley Winter Shows by all railroads. Tickets to be sold on February 2-8, inclusive, with final return limit of February, 11.

The premium lists are being mailed out this week. Send to L. R. Boyd, Crookston, for one. The program of speakers is being made by C. G. Selvig, president of the winter shows. Balancing our farm program in the Red River Valley will be the principal theme. Speakers of note, well up to those of other years, have been secured, which assures a strong program.

Exhibits which took first, second and third places at the Crops and Poultry show in Thief River Falls recently will be entered at the Crookston show, besides a number of other samples from Pennington county farmers.

Seventy Wolf Bounties Are Issued in County in 1923

A total of $465 was paid out as bounties for 70 wolves in Pennington county during 1923, according to figures compiled in the county auditor's office. This money is reimbursed by the state. During the first half of the year the bounty was only $7.50 per wolf, the increased bounty of $15 going into effect in July. The number of wolves killed here the past year is about the same as in recent years. Hunting conditions have been unfavorable during the past month due to the small amount of snow. The majority of wolves killed in the county are caught in the eastern section.

Following is the amount of bounty paid out each month during 1923: January, $105; February, $75; March, $15; April, $52.50; May, $7.50; July, $15; August, $30; October, $30; November, $45; December, $90.

Greenbush Banker Passes

Hans Lerum, president of the Peoples State bank at Greenbush, passed away at the home of his brother in Minneapolis, following a lingering illness. Mr. Lerum, who was 53 years of age at the time of death, was one of the first merchants at Strathcona and in 1917 he was elected president of the Greenbush bank.

Purebred Ayrshires Bought by Pennington Co. Dairyman

Christ Kruse, Pennington county farmer near St. Hilaire, last week received a shipment of three head of registered Ayrshire cattle, one bull and two heifers, from a stock farm near Minneapolis, according to last week's issue of the St. Hilaire Spectator.

Mr. Kruse, who is a firm believer in dairying for this section, intends to go gradually into pure bred stock, and the three head shipped in will be used as foundation stock for a future Ayrshire herd. The breed is very popular in New England states and eastern Canada though not so well known in the middle west. The Ayrshire is reputed to be exceptionally hardy, and is therefore well suited to this climate.

Liquor Law Violators Pay Fines Totalling $1,150 in District Court in 1923

Offenders convicted in the Pennington county district court during 1923 have increased the county treasury in the sum of $1200, according to figures submitted by Clerk of Court Adolf Eklund. All but $50 constituted fines paid for violations of the liquor laws.

Rovainen & Johnson Store At Plummer Is Destroyed

Fire of unknown origin was discovered in the store of Rovainen & Johnson at Plummer at about 5 o'clock on Wednesday morning, Jan. 2. The building and contents were totally destroyed.

When the fire department arrived on the scene the flames had gained such headway that it was impossible to either enter the building or determine the origin or cause of the fire. The loss is estimated at about $15,000, partially covered by insurance.

Fifty-Five Arrests Made By T. R. F. Police During 1923, According To Chief

According to the report of Chief of Police A. D. Ralston, the police department of this city made 55 arrests during the past year. Of these 41 were charged with drunkenness or some similar offense in violation of the liquor laws. In 1922 the arrests totalled 43, 1923 showing an increase of an even dozen.

In the list of arrests is noted the following charges: peddling in city without license, dope fiend, gambling, speeding, forgery and wife beating, all of whom are credited with one each, while practically all of the other persons taken in hand by the local police were charged with being drunk and making a disturbance or in some way overstepping the provisions of the Volstead act.

In a majority of cases fines were paid in municipal court, the total thus collected from arrests made by the police totalling approximately $350. Some were bound over to the district court.

New Farm Annual Tells All About Care of Dairy Cows

Selection, feeding, management, silage, testing, marketing, silo building, breeding,—all these and many other subjects are treated in Minnesota Farmers' Institute Annual No. 36, entitled "The Dairy Cow." On the 160 pages of the annual appear many illustrations and sketches of building plans of homemade crib silos, general purpose barns, dairy cow stalls, and other farm construction work. Copies may be had for ten cents to defray postage by addressing the agricultural extension service, University Farm, St. Paul, free of charge or by calling at the office of County Agent J. J. McCann in this city.

Incorporate Marketing Organization

The disabled veterans of the World War who are taking training in agriculture on the farm project known as "The Argonne Farms" near Orchard Lake, Minn., under the direction of the U. S. Veterans Bureau, have incorporated a marketing organization under the title "The Argonne Egg and Berry Association" for the purpose of collective selling and buying. The officers elected are F. E. Cross, president; Charles A. Reese, vice-president; Richard Lewis, secretary, and Einer Selstad, treasurer, besides a board of directors, consisting of six members. It is capitalized at $2500, divided into shares of $25 each.

Fewer Business Failures In '23 Than in Previous Years

According to mercantile reports, the number of business failures in the United States in 1923 was smaller than in 1922 or 1921 and the aggregate liabilities were smaller than those of the previous two years. In 1921 the number of business failures was 19,652, with total liabilities of $627,402,000. In 1922 the total number of business failures was 23,676, with total liabilities of $624,000,000. During the year just closed the number of business failures was 18,720, with total liabilities of $530,532,000.

Reason For Gas Price Jump

The recent increase in gasoline prices throughout the state is due to the marriage of the Karlstad station manager, according to last week's issue of the Karlstad Advocate. William Gudde, known to patrons of the Karlstad Service station as "Bill of Gasoline Alley," was united in marriage to Miss Esther Eskilson of Strandquist, Monday of last week, the ceremony taking place in this city, Rev. Albin A. Larson officiating in the presence of Mrs. A. A. Larson and Miss Agness Longren. The Advocate extends congratulations but expresses the wish that the gasoline price could have been kept down in spite of the actions of the station manager.

STEPHEN LOSES TO LOCAL QUINT 12-6

Large Crowd Witnesses Fastest High School Game Ever Played Here last Fri.

Last Friday night the Lincoln High basketball team defeated the Stephen high quint by a score of 12 to 6. The closeness of the score testifies to the hard game that was played.

Thief River outplayed Stephen the first quarter but was unable to score though the ball was worked to within easy scoring distance several times. Stephen attempted many long shots but likewise was unsuccessful. Scoring began in the second quarter when Penney made a basket after a series of short snappy passes and Parenteau made one from the foul line. No more scores were made during the half which ended with the locals at the long end of a 4 to 0 score.

Stephen came back in the third quarter with the determination to win if hard fighting could do it. Kroke, a Stephen forward, made a hook shot after a long pass, raising the score 4 to 2. Soon afterwards he made another one, tieing the score. Barzen missed a free throw on the first foul called and just before the quarter ended, Sether shot a clean one from the foul line, making the score 6 to 4.

When the fourth quarter began the boys seemed to have hit their stride. Parenteau pocketed a neat one and was followed immediately afterward by Penney, which made the score 10 to 4. The Stephen center, who had been pegging away at long shots during the entire game, made one from near the center of the floor, which raised the score 10 to 6. Barzen missed another free throw and Penney made a basket in the last minute. The game ended with the Lincolnites victorious by a 12 to 6 score.

The game was fast from start to finish and many of the fans who were present say that it was the fastest high school game ever played on the auditorium floor.

A large crowd attended the game and the cheering could not have been better. The cheer leaders were Emmett Shanahan, Katherine Barzen and Melvin Engelstad. The manner in which the crowd responded to the efforts of the leaders shows the fine spirit the school and the townspeople have toward athletics. There was no "razzing" of the Stephen team or any unsportsmanlike comment on the players at any time during the game.

Elmer Tandberg, athletic coach and principal at Middle River, refereed the game and should be commended for his excellent work.

As an added attraction, the "Scottish Wop", who is probably better known as Keith Craik, and the "Battling Swede", otherwise known as Emmett Shanahan, put on a boxing match. The bout lasted five rounds and both boxers were knocked down but not out in the fifth round. The match was declared a draw by Walter Larson, referee.

The lineup was:

Thief River—Penney, F; Parenteau, F; Sether, C; Barzen, G; Sorenson, G.

Stephen—Mulveg, F; Kroke, F; Hood, C; Stovning, G; McKay, G.

Field Goals: Thief River—Penney, 3; Parenteau, 2; Sether, 1. Stephen—Kroke, 2; Hood, 1.

Fouls—Barzen, 0 out of 2.

Referee—Elmer Tandberg.

Pep Meeting Held Fri. To Arouse Athletic Spirit

Last Friday afternoon, January 11, the high school assembly was the scene of one of the most enthusiastic student gatherings this term. A twenty minute chapel period was held to "pep up" the students for the basketball game with Stephen that evening.

John Sether, "Mike" Parenteau and "Pinkie" Penney told the students in short talks just how much the cheering of the audience did toward winning or losing the game. These talks were all, necessarily, very short, but to the point, and were unusually well applauded. Mr. Thune spoke for a few minutes praising the students for the fine school spirit shown at previous games and urged them to back up the team one hundred per cent strong. He promised them a fast game, as Stephen, though a town much smaller than Thief River Falls, has an unusually strong team, and one that would make the home team put forth its best.

Emmet Shanahan then led the cheering with the result that more concerted noise was let loose than ever before this term.

Personals

And still more recruits have been added to the ranks of the bobbed-haired beauties. Mildred Enren and Bertha Christianson have shorn their beautiful locks and sacrificed them on the altar of fashion.

There is a greater number of seniors wearing glasses than any other class in school. This is positive proof that the seniors are the most studious.

Mr. Thune, who has as far back as we can remember, been wearing his hair "a la King Tut" fashion, has now bobbed it.

Esther Dyhvik, a junior, has been absent from school for almost two months due to an infection in her left cheek. She was at the hospital for quite a while and suffered three operations during that time. At present she is showing signs of improvement and it is hoped that she will be able to attend school again very soon.

Several of our more ambitious teachers spent last Sunday afternoon hiking out to Dr. Kirby's. They all report a very enjoyable time outside of a few frozen ears and fingers and sore feet the next day.

T. R. F. DEBATE TEAM MEETS ROSEAU MON.

Lincoln Debaters Will Uphold Affirmative Side of Question in Second Debate Jan. 21

Next Monday evening, Jan. 21, at 8 o'clock, the Lincoln high school debating team will meet the Roseau team in the high school auditorium. The question for debate is: "Resolved that European Immigration into the United States Should be Prohibited by Law for a Period of Five Years."

A discussion on such a timely subject should draw a large audience for this is an opportunity to hear something worth while, something that will broaden one's knowledge of the nations industrial and social conditions and every wide-awake citizen should be there.

Those who attended the debate with Red Lake Falls are acquainted to some extent with the ability of the home team. However, since the first debate the team has been working every day so that with a wider knowledge of the subject, together with the experience gained from the first debate, something very interesting is in store for those who attend the contest next Monday evening.

The local debaters are: Hazel Krause, Margaret Melgaard and May Ballingrud and they are being coached by Lawrence Mickelson. Lincoln High will uphold the affirmative side of the question and the visitors, the negative. The debate will be unique in that both teams are composed entirely of girls.

Glee Club Operetta

The boys and girls glee club, under the instruction of Miss Maude L. Johnson, who is music supervisor in the Thief River Falls schools, are preparing to stage an operetta, "The Gypsy Rover." Rehearsals have commenced and the characters are to be chosen very soon. As yet the date for the operetta is uncertain.

Northrop Notes

The third grade spell-down last Friday was a tie. Elaine Erickson was the best speller for the Blues and Arvill Liden for the Reds, neither missing a word.

Vandla Johnson leads the fourth grade in the Studebaker tests. She is now on test 30.

Two new scholars have enrolled in the fourth grade this week, Robert Korstad and Norman Langseth.

Verna and Harold Hicks entered school this week. They were transferred from the Washington school.

Essay Contest

The elementary schools of Thief River Falls have also this year participated in the Highway Safety Essay Contest. Last year, it will be remembered, the essay of Lester Rolland, at that time of the eighth grade, Central school, won not only local but first state honors as well as the third national. The best essays in the judgment of the local judges this year are those of Harriet Mattison of the eighth grade, Central school, first; William Froehlich of the seventh grade, second; and Gladys Bowers of the sixth grade, Northrop school, third; Violet Rhodegaard, also of the sixth grade, Northrop school, fourth.

Frosh

"Consurn the luck!" the student cried
And wildly tore his hair—
He gazed before him into space
With blank and vacant stare.

Then sprinted for the open doors,
Slid down the steps with haste.
For in the distance lay his prize,
He had no time to waste.

He dashed along the snowy walk,
Beneath, the snow did crunch.
At last he clasped it to his heart,
The dub had dropped his lunch.

LINCOLN TO PLAY ARGYLE HERE FRI.

Local Quint To Meet Old Foe Here This Friday in Third Conference Game

Argyle, the old foe of Lincoln High, will meet the local five on the auditorium floor Friday, Jan. 18.

The Argyle team came to Thief River Falls last year with the sure thought of victory and went home with the short end of the score, 37 to 2. The tables were turned when Thief River Falls went to Argyle, and the true strength of that team was shown, for Lincoln was defeated by a close score. Some of the former players of that team are still on the lineup. However, the local quint of 1924, tho new and unexperienced, is each day being turned into a better and stronger team under the skillful coaching of Leonard Thune. The strength of the team was shown in the game with Stephen last Thursday when the visitors were defeated in the fastest game ever played on the auditorium floor.

The support that is being given to the Thief River Falls five shows the true appreciation of the student body and the people of Thief River Falls for the work of the able coach and the squad. This appreciation has helped the team to observe the various training rules without a regret.

Come and see the student body in action. Their yelling is getting better every game and the representation is increasing so rapidly that the south side of the auditorium is packed each game. However, this will not decrease the seating space for the city people because the north half of the auditorium is reserved for the public. Be at the game early so as to secure a seat before all are taken. There will be preliminaries and efforts are being made to arrange another boxing match to be staged between halves.

School

I came to school one day
With all my lessons learned,
And then I heard my teacher say
For this we long have yearned.

Now all went well until the last
When up the stairs I came,
I heard a voice, "Not so fast."
And then I heard my name.

ROCKSBURY

Adolph Engelbart is recovering slowly from an attack of inflamatory rheumatism. It will take some time before he is able to return to school. Being the club president and an active school worker he is missed very much.

Mr. and Mrs. H. Blaska, Mr. and Mrs. E. Jenson and Mr. and Mrs. M. McAndress were visitors at J. King's Sunday.

Christ Gernandt and daughter, Rusina, enjoyed a dinner at the Carl Zinter home Sunday.

Mr. and Mrs. M. Harder visited at the home of their neighbor Carl Zinter, Sunday afternoon.

Theo. Gernandt and family made a pleasure trip to the J. Engelbart home Sunday afternoon to inquire about the sick.

Mr. and Mrs. O. Hegland and daughters Hazel and Doris called at the Ed. Aubol home Sunday.

Mrs. Ed. Aubol, who was injured in a fall while attending to duties about the farm yard, is slowly improving from the internal bruises which she received in her side.

A baby girl was born to Mr. and Mrs. Ed. Timm Tuesday.

Moonshiner Walks 15 Miles To Receive Jail Sentence

Irwin C. Gianque of the town of Russia, walked 17 miles to receive a district court sentence of 40 days in the Polk county jail and a fine of $200, says the Crookston Times. Gianque was arrested for violating the prohibition law by having liquor in his possession. He was summoned to appear before Judge Watts the first day of court. He preferred to plead guilty and attempted to reach Crookston by train in time to have his case among the court cases brought up on Saturday. He missed the train at Greenview and walked in the 17 miles with the thermometer at 35 degrees below zero. If he fails to pay the $200 fine 50 additional days will be added to his jail sentence. This is his first offense.

Red L. Falls Power Plant Damaged by Fire Dec. 30

The big 160 kilowatt generator, the waterwheel, wheelhouse and connecting sheds at the Red Lake Falls plant of the Red River Power Company were totally destroyed by fire starting from a hot box on the water wheel about 3 o'clock Sunday morning, Dec. 30. The main power house of brick construction and containing the steam generating equipment was saved, according to the Gazette.

The fire was first noticed by the night foreman, who immediately summoned the fire department which succeeded in checking the spreading flames. The principal loss is the generator, which it is estimated was worth $2,000.

Owing to the fact that the high line from Grand Forks was completed a short time ago and is now in operation, there was but a brief interruption in service.

The construction of a new power-house and plant will be started as soon as possible next spring, according to statement by General Manager Brown.

Ford
THE UNIVERSAL CAR

Looking Ahead

LAST Spring a total of 350,000 people were disappointed in not being able to obtain deliveries of Ford Cars and Trucks, as orders were placed faster than cars could be produced.

The demand for Ford Cars and Trucks this Spring will, according to all indications, be far greater than last Spring.

Winter buying has been increasing at a greater rate than ever before.

Actual retail deliveries the past 60 days totaled 308,170 Ford Cars and Trucks, an increase of 1,961 a day over a year ago.

Over 200,000 people have already ordered Ford products on our purchase plan, the majority of whom will take delivery in the Spring.

The above facts are given with the suggestion that you list your order promptly with a Ford dealer if you contemplate the purchase of a Ford Car or Truck for use this Spring or Summer and wish to avoid delay in delivery.

NOTICE OF MORTGAGE FORECLOSURE SALE

WHEREAS, default has been made in the conditions of a certain Indenture of Mortgage, made, executed and delivered by Clarence E. Peterson and Amanda Peterson, his wife, of Pennington County, Minnesota, as Mortgagors, to the Goodridge State Bank, Goodridge, Minnesota, a Minnesota corporation, as Mortgagee, upon and covering the following described real property, lying and being in the County of Pennington and State of Minnesota, to-wit:

Lots Numbered One (1) and Two (2), and the East Half (E½) of the Northwest Quarter (NW¼) of Section numbered Eighteen (18), in Township numbered One Hundred Fifty-three (153) North, of Range numbered Forty (40), West of the Fifth Principal Meridian, containing One Hundred Sixty-one and 60-100 (161.60) acres, more or less, according to the U. S. Government Survey thereof, which said mortgage bears date the Twenty-eighth (28th) day of November, A. D., 1919, and was filed for record in the office of the Register of Deeds in and for said County of Pennington, in the State of Minnesota, on the Twenty-ninth (29th) day of November, A. D., 1919, at 10:00 o'clock A. M., and was duly recorded in Book 13 of Mortgages, Page 324, which said mortgage was thereafter duly assigned by said Mortgagee to The Minnesota Mutual Life Insurance Company, a Minnesota corporation, by assignment dated the Thirteenth (13th) day of January, A. D., 1920, and filed for record in said Register of Deeds office on the Twenty-third (23rd) day of January, A. D., 1920, at 1:00 P. M., and was duly recorded in Book 63 of Mortgages, on Page 165.

That said default consists in the failure of said Mortgagor to pay the installments of interest due on November First (1st), in each of the years 1921, 1922 and 1923, and failure also to pay taxes.

WHEREAS, by reason of the default made as aforesaid The Minnesota Mutual Life Insurance Company, as authorized by said Mortgage and the notes thereby secured, has declared and does hereby declare the whole of said principal and accrued interest thereon to be immediately due and payable, and

WHEREAS, there is claimed to be due upon said mortgage and the notes thereby secured at the date of this notice, the sum of Two Thousand Eight Hundred and Ninety-eight and 92-100 ($2898.92) Dollars, being Twenty-three Hundred ($2300.00) Dollars principal, Four Hundred Twenty-four and 98-100 (424.98) Dollars interest thereon, and also taxes paid by the undersigned, and interest thereon amounting to One Hundred Seventy-three and 94-100 ($173.94) Dollars, and no action or proceedings at law or otherwise, has been instituted to recover the same or any part thereof.

NOW, THEREFORE, notice is hereby given that in and pursuant to the power of sale said mortgage contains, and the statute in such cases made and provided, the said mortgage will be foreclosed and the real property therein described will be sold by the Sheriff of said County of Pennington, in the State of Minnesota, or by his Deputy, at public auction to the highest bidder therefor for cash, at the East front door of the Pennington County, Minnesota, Court House, in the City of Thief River Falls, and in said County of Pennington, on Saturday, the 23rd day of February, A. D., 1924, at ten o'clock in the forenoon of that day, to pay the amount which will then be due upon said mortgage, including said taxes, and the costs and expense of this foreclosure, including an Attorney's fee of Seventy-five ($75.00) Dollars, as stipulated in said mortgage to be paid in case of foreclosure thereof.

ROSEWOOD

ROSEWOOD FARM CLUB TO MEET FRIDAY EVENINGS

The bi-monthly meeting of the Rosewood Farmers Club was held at the Rosewood hall last Saturday evening and was attended by some over one hundred persons. A report from the committee purchasing the piano was submitted, and as that was not yet fully paid it was voted that the treasury belonging to the old Farmers Club operating in 1920 be turned over to the new treasury and the piano be paid for. As it had been ascertained that dancing later than 12 o'clock midnight on Saturday nights was illegal it was ordered that this meeting close promptly at 12, which was also complied with. It was later decided through vote that the meetings hereafter be conducted on Friday evenings instead of Saturday, and our next meeting be held on Friday night, Jan. 25. These meetings will close at 3:00 a. m. A license to legally conduct these meetings will be obtained from the Town Board, and one of the members will be sworn in by the County Sheriff as an officer of the law. All minors under 16 years of age not accompanied by legal guardian will be barred from the hall after the close of the program. As lunch committee for the meeting of Jan. 25 was appointed Adolph Haugen and as program committee for the meeting of Feb. 8, Percy Hanson. Following the business meeting the following program was rendered:

Community Singing: "My Bonnie", Mrs. R. Sagmoen, pianist.

Speech: "Economic Problems and Money Stabilization" by Thos. H. Jackson, A. S. of Grand Forks.

Vocal Solo: D. N. Peterson.

Piano Solo: "The Storm" by Weber, Mrs. O. S. Hellerud.

Song: "Barney Google," duet by Delma Dols and Myrtle Mellem.

Mr. Jackson was an able speaker on his subject, and made quite an impression on the audience. His talk centered chiefly on the deflation of money value, how gold influences the world market and is monopolized by private banking institutions. He gave out pamphlets to the audience covering the much talked about Muscle Shoals project, by Henry Ford and Thos Edison, and also commented very favorably on the work of farmer congressman, C. A. Lindbergh, to affect more favorable conditions for the agricultural population. All in all his talk was in a political vein, and tended to arouse sympathy for the new Peoples Progressive Party. The program ended with a community song, "Coming Thru the Rye". Lunch sold amounted to about $25. The remainder of the evening was spent in a social way.

The funeral of the oldest boy of Mr. and Mrs. Melvin Pederson of Thief River Falls, who died at that place Sunday, Jan. 6, was conducted at the Rindal cemetery last Wednesday, and was attended by a number of friends and relatives. Mrs. Pederson formerly was Miss Laura Hall of this place.

A delightful birthday party was tendered Joel E. Shoberg, at his home last Wednesday evening by a number of his friends, of this place and Thief River Falls. Several pretty presents were left in commemoration of the event and a delicious birthday cake was brought along. The evening was very pleasantly passed in a social way.

Joel Lambert from Gully was in town between trains last Thursday visiting with his friends, J. Thompson, and also investigating the possibilities of going into the grocery business here.

Miss Ethel Styrlund from Viking arrived on Friday evening and remained over Sunday as a guest with Mrs. E. Anderson and other friends at this place.

Miss Julia Axelson who has been employed at the James Cosgrove home at Thief River Falls, the last month arrived home on Monday and will remain with her mother for some time.

Miss Bertha Remmem returned to her home at Thief River Falls on Thursday evening after visiting for a week with the A. M. Gullseth family.

Cashier C. S. Hellerud left last Tuesday for Crookston where he will attend a directors meeting of the banking establishment for which he is cashier at this place. Mrs. Hellerud visited with friends at Thief River Falls during Mr. Hellerud's absence.

John Bloom returned on Saturday morning from Thief River Falls where he has been visiting with his daughter, Mrs. Lloyd Crown, for a few days.

Mrs. Albert Paulson returned on Thursday from Viking where she has been visiting at the Nordgaard and Styrlund homes for two days.

Swedish services at Rosewood on Sunday, Jan. 20 at 10:30 a. m. and at 7:30 p. m. by Rev. Werner Drotts of Viking. All welcome.

Newfolden Resident Killed

Ole Ophus, a former resident of Newfolden, 38 years old, was instantly killed by a falling stump weighing 300 pounds in a stump blasting accident at Powers, Oregon, Dec. 10, and was buried on Dec. 19 at Myrtle Point, Oregon, according to last week's issue of the Warren Sheaf. The account of the fatal accident was given by Iver Ophus of St. Paul, foster father, who visited in Warren on his return from Oregon. Deceased grew to manhood on a farm west of Newfolden where he resided until in 1911, when his father, one of Marshall county's pioneers, retired and moved to St. Paul.

Mr. Ophus traveled extensively and visited many places in the United States and Canada during the last few years. He is survived by three sisters, Clara Rudrud of Faribault, Mrs. Marie Wallsten of Vega and Mrs. Lena Haugen of Newfolden, and three brothers, Ludvig Rudrud, John and Olaf Olson of Newfolden.

New Crookston Police Chief

Two changes were made in the heads of departments in Crookston municipal government by appointments announced by Mayor N. A. Bray, who took over the reins of the city last week. J. H. Sylvester was named city attorney to succeed Martin O'Brien, his law partner, while Albert Canute was promoted from police captain to the chief's office. Former Police Chief David Sanders will fill the position held by Canute.

Judge Tarrant Assesses 2 Fines For Drunkenness Fri.

Municipal court opened 1924 activities last Friday morning when two local men paid fines after pleading guilty to charges of being drunk. J. A. Ralston, local barber, and Thomas Gargrave were taken into custody by Sheriff Ole L. Ihle and Night Patrolman Krogstad Thursday night and were arraigned in municipal court before Judge N. W. Tarrant the following morning. Ralston was assessed a fine of $25 and Gargrave $10, both of which were paid.

Ihle was called by Krogstad immediately after a complaint against Ralston was made to the patrolman by Gargrave who was drunk and promptly placed in jail, according to court testimony. Ralston was caught by Ihle after having been pursued to his home on the East side, the chase starting near the Great Northern depot.

Ralph Rice of Plummer was arrested Tuesday of last week on a charge of being drunk and disorderly on complaint of Mrs. Frank Snyder, mayor of Plummer, who stated that Rice had pushed her off the sidewalk and had used abusive language to her. Rice was brot before Justice E. G. Buse of Red Lake Falls and pleaded guilty to the charge. He was fined $10 and costs which he paid.

GAS PRICES GIVEN ANOTHER BOOST OF 2 CENTS SATURDAY

Increase of 4 Cents Within Two Weeks: Auto Owners in Cities Fight Higher Price

Gasoline made another jump of two cents in price effective in Minnesota and other midwestern states last Saturday. This is four cents above the low price established last August when the Standard Oil company announced a drop from 25.4 cents to 18.8 cents and later 16.8 cents per gallon at local filling stations. The price of so-called low test gas during the fall months was the lowest since in 1915.

The new price of 20.8 cents at filling stations took effect at all the stations, as the independent companies and large distributors alike fell into line with the Standard Oil company (Indiana), who announced the increase Saturday. Tank wagon gasoline now sells for 18.8 cents per gallon, while the high test gas is 23.8 cents, kerosene 16.5 cents and furnace oil 12.5 cents. Local distributors are of the opinion that the price will be slashed again at the opening of spring business. They report unusual business for the past winter season this year, a large number of cars being in use in spite of the lateness of the season, there having been practically no snow on the roads in this vicinity so far.

War against gasoline price increases is developing in the twin cities, according to press reports, the automobile clubs of Minneapolis and St. Paul contemplating action in regard to opening a filling station at which gas would be sold at a minimum cost. The city council of Minneapolis also has under consideration a proposal for the operation of municipal filling stations as a means for reducing motor fuel *for automobile owners.*

In South Dakota gasoline is being sold at Mitchell stations operated by the state for 16 cents per gallon, Governor McMaster, who started the price war last fall, having again taken a hold in the matter.

Backwoods Characters Are True to Life in "Kindred of The Dust" Coming Friday

A drama of the Great Northwest, where big men accomplish things in a big way, has been transferred to the screen in the form of "Kindred of the Dust," an Associated First National attraction produced by Raoul A. Walsh, and which is coming to the Princess Theatre on Friday and Saturday, this week.

Peter B. Kyne, the famous novelist, wrote the story, and the sterling cast is composed of Miriam Cooper, Ralph Graves, Lionel Belmore, Eugenio Besserer, Maryland Morne, Bessie Waters, W. J. Ferguson, Carolyn Rankin, Pat Rooney, John Herdman and Bruce Guerin.

Miss Cooper has a particularly sympathetic role as "Nan of Sawdust Pile," the name bestowed upon a piece of land created along the Columbia River in the State of Washington by the refuse of a huge saw mill, and which has been settled by squatters. Among these is Nan's grandfather, a retired petty officer of the American navy, who has fallen upon evil days. Despite their poverty, Nan makes the best of things, doing her part in earning a daily living, and hoping in the bottom-most part of her heart that some day she may be able to cultivate the pure singing voice with which nature had endowed her.

Romance develops between the destitute maiden and Donald McKaye, the son of the owner of the saw mill, but parently interference wrecked their hopes for a time. Many years passed before they were reunited, as Donald lay dangerously ill in bed.

Auto Owners Who Delay Getting License Face Penalty After Feb. 15th

February 15 is the last day for automobile owners to take out 1924 state licenses without a penalty attaching, Guy V. Howard, deputy registrar of licenses, announced this week. Prospects are that thousands will be delinquent, Mr. Howard indicates, as there is nothing like the rush to secure new licenses anticipated. A comparatively small number of applications have been entered by local auto owners, according to bankers and garage men who receive applications in this city.

Those who fail to take out new licenses by Feb. 15 must pay a penalty of 25 cents a day for each day thereafter they fail to renew their licenses up to 20 days, when the penalty becomes $2 a month. "Pay now and save money", is the message Mr. Howard is broadcasting to motor car owners.

Mrs. N. C. Kverno, wife of N. C. Kverno who is employed at the Standard Oil filling station in this city, joined her husband here last week. They will reside in apartments in the Dudley block. Mr. Kverno has been employed in this city since September, following employment at Crookston where they made their home for some time. Mrs. Kverno arrived from the home of her parents at Kelliher.

Information was received at Wylie last week of the death of Swan J. Johnson, former resident of the Wylie vicinity, occuring at his home at Vinton, Iowa. Mr. Swanson, who was 59 years of age, came here with his family from Iowa in 1914 and resided near Wylie until five years ago when he moved to Vinton. He is survived by his widow, one daughter and three sons.

Pennington County Auto Club To Elect Officers At Annual Meeting Tues.

Many matters of vital importance to automobile users in Pennington county will be taken up at the annual meeting of Pennington County Auto club, which will take place in Thief River Falls next Tuesday evening, Jan. 22. The Commercial club rooms is the place of meeting.

Among other things to take place at this gathering will be the election of officers to serve during the coming year and the selection of a delegate to represent the club at the state convention. Not a great deal of interest and activity has been evidenced by a large number of members lately and it is urged that there be a large turnout present at Tuesday's meeting so as to make plans for more extensive work in 1924. A number of problems come before the club from time to time and it is of the greatest interest to auto owners that they take an active part in the club.

The present officers of the local auto club are F. J. Stebbins, president; Nels Christiansen, treasurer and E. M. Bennes, secretary. More than 100 autoists in the county, largely in Thief River Falls, are now members of the organization, and it is hoped that the membership will be increased during the ensuing year.

J. Provencher Attends Meet of North Dakota Hotel Men

Julien Provencher, proprietor of the Hotel Evelyn, attended the annual meeting of the North Dakota Hotel men and Restaurant men held in Grand Forks Tuesday of last week, and was among the guests who addressed the convention. Mr. Provencher urged co-operation among business men of the city and showed the power of publicity in attracting tourist traffic, particularly motorists.

At Grand Forks Mr. Provencher was joined by Col. R. H. Webb of the Marlborough hotel, Winnipeg, who accompanied him to this city on Wednesday last week. Col. Webb was the principal speaker at the Grand Forks convention.

On Thursday evening Col. Webb was honor guest at a banquet given at the Hotel Evelyn at which Mr. Provencher was host. The guests included fifteen business men of the city. Col. Webb returned to Winnipeg Friday after having visited in the city and become acquainted with a number of the local business men.

Roseau Comes Here Monday To Meet Locals in Debate

The second debate of the season will take place at the high school auditorium next Monday evening at 8:15 o'clock, when the Roseau trio comes here to clash in a verbal combat with the local team composed of three girls, Margaret Melgaard, Hazel Krause and May Ballingrud, under the able coaching of Lawrence Mickelson, high school instructor. The local team defeated Red Lake Falls some time ago and have been going thru a great deal of conscientious and energetic practice in preparation for Monday's debate, being determined to win and with an eye on the district championship. Roseau is also said to have strong representatives, having won over Warroad a short time ago.

The question for debate is one of much interest to people generally, namely, "Resolved, that European Immigration into the United States should be prohibited by law for a period of five years" particularly in view of the fact that the immigration problem is again up for consideration in Congress. The local team will defend the affirmative, altho they had the negative side of the question in the debate with Red Lake Falls.

Legion Auxiliary Sponsor Public Dance Tomorrow Eve.

Members of the Woman's Auxiliary of the American Legion will be hostesses at a public dance at the Legion club rooms tomorrow, Friday evening. Good local music has been secured for the event and an unusually good time is anticipated.

Must Enroll Now

Parents living within the jurisdiction of school district No. 18 and having children becoming six years of age on or before March 24 and wish to have them attend the first grade of school during the remaining half year must enroll them within two weeks. They may enter at any time now but no entries will be made after two weeks.

MAN DROPS THREE STORIES IN SHAFT

Morris Swanson, Former Proprietor of City Bakery, Injured in Bemjdji Bakery

Morris Swanson, manager of the Northern Bread company in Bemidji, formerly proprietor of the City Bakery in Thief River Falls, narrowly escaped fatal injuries Monday, Dec. 31, when he dropped three stories in an elevator shaft, according to the Bemidji papers. The victim of the accident, who is a brother of Oscar Swanson of this city, sold out his business here to A. Dahl three years ago after which he was employed in St. Paul about a year prior to coming to Bemidji. Following is an account of the mishap as given in the Bemidji Sentinel:

"Morris Swanson, manager of the Northern Bread company, was seriously injured Monday night when the elevator in the plant of the bread company dropped three stories to the basement and Mr. Swanson was hurled against the basement floor with terrific force.

It being New Year's eve, the night crew was not working and Mr. Swanson had returned from a trip to the postoffice where he had received some orders to be shipped out that night. He prepared the shipments and then started for the basement of the building to put more fuel in the furnace when the elevator slipped and crashed to the bottom of the shaft. Mr. Swanson lay at the bottom of the shaft for more than two hours before he was discovered. He was unconscious for some time and when he regained consciousness he tried to operate the elevator mechanism so that he might again reach the top floor of the building. The noise of the machinery aroused his wife, whose apartments are in the same building and he was *immediately taken to the hospital.*

Mr. Swanson sustained a bad cut on the head and his right hip was fractured as the result of the fall. He is now at the Lutheran hospital and is recovering as rapidly as can be expected.

Meat and Grocery Market Added to T. R. F. Business Establishments This Week

The building on LaBree avenue, formerly occupied by Vigen's soft drink parlor, has been leased by T. P. Rockney and C. Rockney, at one time merchants at Ringbo, and is being made ready to house a new grocery and meat market.

The new business house will be opened next week as a meat market, according to present plans, and later groceries and some other lines of merchandise will be added. Shelving is now being built in and the interior arranged to accommodate business. Mr. T. P. Rockney, manager, who is himself a butcher, has secured the services of P. D. Chapman of Overly, N. D., a butcher and sausage maker of many years' experience in a meat market at Bisbee, N. D.

SHORT COURSE WILL BE HELD HERE TWO DAYS

Agricultural Short Course Secured Feb. 18-19 Under Auspices of I. H. Co.

COMMITTEES NAMED AT MEETING OF CITIZENS

Plans Made to Make Event Community Affair. Practical Specialists to Speak

Thief River Falls has been selected as one of two Minnesota towns in the Grand Forks territory that will receive the benefits of the International Harvester company's short course, the dates for this big event in the interest of agricultural developments being February 18 and 19. Preliminary plans for the event were made here Monday at a meeting of business and professional men of the city, together with several farmers and a number of ladies.

At the meeting Monday H. C. Olseng of Chicago and C. E. Wedwick of Grand Forks, both organizers for the International Harvester company, were present to help make the necessary arrangements for the short course. They left this city for Warren where a similar course will be given February 20 and 21. Thief River Falls was picked as one of the places at which to conduct a course of this nature because of the interest shown by local farmers and business men along the line of improving farming methods in the community.

Committees Named

Geo. M. Wilson was chosen as general chairman of the committees in charge of arrangements and the conduct of the course. Other committees named are:

Arrangements—H. A. Brumund, chairman; Olaf Neset and H. S. Dahlen.

Publicity and Invitation—M. A. Mattison, chairman; J. J. McCann, Dreng Bjornaraa, O. R. Sande, E. M. Bennes and Geo. A. Russell.

Finance—Theo. M. Thronson, chairman; Albert Lonson and L. A. Hermanson.

Reception—C. D. Gustafson, chairman; F. J. Stebbins, Mrs. H. W. Froehlich, Rev. J. B. Smith and Rev. Chas. Gorlinger.

Program—Miss Maude L. Johnson, chairman; J. J. McCann, I. T. Simley and Mrs. G. Halvorson.

Schools—I. T. Simley, chairman; O. R. Sande, Paul Overbo, Goodridge; H. F. Anderson and Miss Ann Fricker, St. Hilaire; Miss Julia Herlickson.

Class Room Materials—J. J. McCann, chairman; F. F. Haynes, S. E. Hunt, H. L. Schuster and E. M. Bennes.

Women's Department—Mrs. H. W. Froehlich, chairman; Mrs. R. H. MacDonald, Goodridge; Mrs. A. F. Hall, St. Hilaire; Mrs. S. E. Hunt, Mrs. I. T. Simley, Mrs. Herbert Fuller.

Instructive Lectures

The purpose of the short course is to help the people of the community solve the problems in agriculture, horticulture and home-making and will be of general interest to everybody—men, women and children—whether they reside in the country or in the city. It will include instructive addresses and lectures by men well versed in the problems of the farm and home, and demonstrations and discussions of various phases of home life on the farm and in the city. Educational moving pictures and slides will form a big feature of the course.

No Charges

The public will be invited to attend all the sessions during the two days and no admission price will be charged. General sessions will be held at the city auditorium while special women's meetings will take place at the Elks club rooms.

The extension department of the International company has a large force of people engaged in strictly educational work. Those who are coming to Thief River Falls are L. A. Hawkins, practical farmer and fruit grower; J. L. Wenstadt, farmer, dairyman, former county agricultural agent and active club worker; J. G. Haney, superintendent of the I. H. C. demonstration farms in the Northwest; and Miss Zella Wigent, who has been prominent in developing the short courses along lines of interest to women.

Everyone should keep the dates of the short course, Feb. 18 and 19, clearly in mind, and make it a point to take part in this highly instructive event.

T. R. Theatre Company Has Bargain Days—Read Ad on Back Page of This Issue

The Thief River Theatre company this week announces the offering of a series of "bargain days." In an advertisement on the back page of this issue will be found a coupon, which, when presented together with an adult ticket, will admit two persons on the days mentioned on the coupon. These coupons can be used only on the days and date advertised on them and will not be taken as tickets on any other days.

The management states that the shows shown on the days when coupons may be used are of the same high order as those being shown on other days during the week, and assures the theatre-going public that the very best the movie market has to offer is presented at the local theatre. Readers should turn to the back page of today's issue of The Times and take advantage of this opportunity to use a coupon as a ticket.

Auditor At State Meet

T. P. Anderson, county auditor, returned the latter part of the week from the twin cities where he attended a meeting of the county auditors of the state and attended to various other matters of business.

Closing of Second Street Near Creamery is Asked at Meeting of City Dads Tues.

T. H. Bjerke, representing the local creamery, appeared before the city council Tuesday evening and asked for the closing of Second street east of Atlantic avenue, the matter being refered to the street committee.

This portion of the street lies between the creamery proper and the office and is not used except to permit people to drive to the door of the creamery or to turn around and consequently, Mr. Bjerke said, was of little value to the public. The east end of this stub of street backs up against the Soo railroad tracks.

If this portion of the street is closed it will probably be used when a new creamery is erected. The matter of building is to come up before the stockholders at the annual meeting Saturday this week and may possibly be favorably acted upon at that time.

There was little of a routine matter coming before the aldermen at the regular meeting of the council Tuesday night, yet it was after ten o'clock before adjournment was possible. All members were present except Oscar Rambeck when the clerk read the roll call. The minutes of the last two meetings were read and ordered approved.

A milk dealers' license was granted to H. Bergstrom, 515 Tindolph Ave. S., on the approval of the city milk inspector, Dr. Tweete. The regular gist of semi-monthly bills was ordered paid, after a careful scrutiny by the aldermen, the list being read by the clerk and several items being discussed before approval was given.

ANDERSON IS NAMED ASSESSOR; CHOMMIE IS CITY ATTORNEY

Appointments Made by Council in Session Tuesday. Dr. Froehlich Health Officer

Formal applicants for unfilled city positions failed to get a look-in at the regular meeting of the city council Tuesday night when that body filled the three remaining positions by electing men who outwardly did not seek the places. H. O. Chommie was chosen attorney, N. J. Anderson assessor and Dr. H. W. Froehlich city physician and health officer.

When City Clerk P. G. Peterson read the applications for attorney it was found that there were but two of them, one from G. Howard Smith and one from G. Halvorson. When the votes were counted it was found that Mr. Chommie had been unanimously elected by the five aldermen present, Oscar Rambeck of the fourth ward being absent.

There were three written applications for the position of assessor, these being from C. J. Alexander, Andrew Trovaton and E. J. Backland. Mr. Alexander offered to do the work for $1,500 for the first year and for $1,200 for the second year. Mr. Trovaton cited his experience in former years in Polk county while Mr. Backland did the same work in Roseau county. However, the aldermen thought that N. J. Anderson, formerly county treasurer, should have the job, and accordingly he received four votes to only one for Mr. Trovaton.

There were no applications for the position of physician and health officer, yet Dr. H. W. Froehlich, who has filled the place acceptably in the past, was again chosen for the position.

Oscar Smith, representing the local American legion post, addressed the council regarding the filling of the position of assistant city clerk with one other than an ex-service man. He stated that there was a law enacted by the state legislature favoring ex-service men and that the application of L. C. Nielson should have had preference over that of Miss Emily Fossum, who was chosen two weeks ago.

In substantiation of this he presented the council with an opinion from the state attorney general's office, which went into the matter in detail, the new opinion taking the greater part of three typewritten pages.

The clerk also read to the city council letters from business men and others, speaking in good terms of the ability of Mr. Nielson for such clerical work.

However, the city fathers did not comment on the matter but briefly referred the entire matter to the city attorney, who will at some later date make due report thereon.

In the meantime Miss Fossum holds down the position, having taken oath of office a week ago yesterday and having filed her bond in addition.

The bonds of the clerk were fixed Tuesday night at $8,000 and of the assistant at $1,000, the same as previously.

Korstad Bros. Box Factory Begins Sawing This Week

Sawing operations at the new box factory operated by Korstad Brothers in the Northwestern garage building on Maine avenue, are being started this week. Complete equipment for running two carriers and pipes for quick drying of the raw lumber, have been installed, and indications are that a considerable amount of box material will soon be turned out daily. Green poplar wood is bought from the farmers in this vicinity, the timber being 52½ inches long and not less than 7 inches at the top, making the lumber suitable for egg cases.

Enters St. Benedict's

T. J. Rowan, Soo Line dispatcher, left Saturday for St. Joseph, this state, accompanied by his little son, Thomas, Jr., who entered the St. Benedict's College and Academy at that place at the opening of the second semester. Master Thomas spent last week visiting with his father in this city. Mr. Rowan returned Monday to resume duties.

ORGANIZATION TO ENCOURAGE HOME INDUSTRY

Citizens Form Body to Promote and Finance Industries in Thief River Falls

MEETING IS HELD AT AUDITORIUM SATURDAY

Committee is Chosen to Work Together With Commercial Club of City

A number of representative citizens gathered at the Auditorium last Saturday evening to consider the advisability of taking definite steps to promote and finance industries in Thief River Falls.

It was agreed that one of the most urgent needs is the establishment of industries that will afford labor for men and women. Senator C. L. Hansen was selected as chairman and G. Halvorson as secretary of the meeting.

Mr. Halvorson outlined a plan which was approved and which in effect contemplates the creating of a financial organization whose business it shall be to provide finances for approved institutions. The board of directors will be called upon to investigate any industry which may want to locate here, and is in need of finance and if this board is favorable it is planned to organize a selling force to market the securities of such an industry, with the understanding and agreement that the financing organization shall have supervision over the business so long as it is so desired by the stockholders of the organized industry. This finance organization also will retain power to change management, in case the industry should not be a success in the hands of the man in charge.

J. B. Conner, who has had considerable experience in the selling of stocks and securities, expressed his opinion that this plan was practical and could be worked out with success. Mr. James Barnett expressed approval of the plan and pledged the support of organized labor to a movement of this kind. Dr. H. W. Froehlich, president of the Commercial club, also offered his co-operation.

In order to avoid any possible impression that this plan is usurping any of the functions of the Commercial club it was arranged that a committee consisting of J. B. Conner, C. L. Hansen, G. Halvorson, Andrew Trovaton, C. M. Evenson and H. M. Evenstad meet with the Industrial Committee of the Commercial club, which meeting was held Tuesday afternoon and it is understood that this committee will report favorably on this matter at the next meeting of the club, which will be held next Saturday.

McPhail Dramatic Arts Instructor Coming Here

"Ireland in Story and Song" is the topic of John Seaman Garnes, professor of dramatic arts at McPhail's School of Music, Monday evening, Feb. 4th, at the high school auditorium at 8 o'clock. He will also appear at the Princess theatre in the afternoon of that day, when grade children only will be admitted.

Professor Garnes is an entertainer of the highest character and on account of his wide scope of appeal he is well received by an unusually large number of people. "Ireland in Story and Song" is a portrayal of the Irish life as it is, with the many human interest incidents that make up the characteristics of a nation.

FUND SOLICITATION TO BE TAKEN UP BY CLUB SECRETARIES

Scribes of Community Organizations in State To Adopt Policies at Meeting Feb. 8

Secretaries of community organizations of Minnesota will meet in Saint Paul February 8th and 9th to adopt a policy to be followed throughout the entire state on the solicitation of funds. The Thief River Falls Commercial Club has been asked to send its secretary.

At present promoters of varigated projects more or less illegitimate are making a practice of playing one community against another in solicitation of funds for their pet endeavors. Thousands of dollars are being subscribed in Minnesota for projects which are questionable and since the war these illegitimate solicitations have been alarmingly numerous.

The secretaries at their meeting in rigid policy in the handling of solicitations but will concentrate their attention in establishing a dependable central information service. Such a service will enable communities to inform themselves on projects before opening to solicitation. The elimination of unauthorized promoters will allow the legitimate projects of Minnesota communities to be given the support that they should justly receive.

The adaptation of community funds to smaller cities in the handling of all charitable work of the community will also receive the attention of the secretaries. The meeting will be the occasion of the annual gathering of Civic, Commercial and Community organization's secretaries. It will likewise be attended by many presidents of these organizations because of the state wide interest in curtailing these solicitations.

Representatives of the United States Chamber of Commerce will also be present as well as solicitation experts.

WOULDN'T YOU BE IN A PICKLE IF SOMEONE CALLED FOR DILL

Boy, page Dill, Pickle, California. That may sound like a parrot's warble but it isn't. That's just what the clerk at a local hotel would have said Monday if someone had called and asked to speak to a certain gentleman who had registered there. J. C. Dill of Pickle, Cal., and incidently a canned goods representative whose line of products includes pickles, registered at the Hotel Evelyn Monday.

PENNINGTON CO. SPENDS $80,000 FOR 1923 ROADS

Fifteen Miles Constructed and 24.5 Miles Surfaced During Past Year

REPORT OF CO. ENGINEER UMLAND IS INTERESTING

Eighty-two Miles State Road Maintained at Cost of $10,552, Says Statement

That Pennington county is keeping abreast with the road building program in the state is clearly evidenced by the annual report of Bert F. Umland, highway engineer, submitted to the members of the county board of commissioners and the state department. The statement of the engineer shows total expenditures of $80,808.81 for highways in Pennington county during the past year, 11 miles of state aid roads and 4 miles of township roads being constructed, and 22 miles of state aid and 2.5 of township roads being surfaced under the supervision of the county engineer. A total of $43,668.85 was expended the previous year.

One of the high lights of the report is that the percentage of cost of engineering in 1923 was only .0482, and .0822 in 1922, cutting the proportionate cost practically in half. This it is explained by the engineer's office, is due to the greater amount of work done at the same expenditure of funds. Practically the same amount of money was expended for engineering twice as much road work. The total cost of engineering in the county was $4250.04, including the engineer's salary of $2100. Costs charged to the state department lessens the net total for engineering to $3900.54.

Complete Six Projects

Six state aid projects were completed at a total cost of $59,709.08. They are: Surfacing six miles on angle road southeast from city, $6,869.11; bridge over Black river west of St. Hilaire, including building of ap-

JURORS DRAWN FOR FEBRUARY TERM OF DISTRICT COURT

No Grand Jury Necessary. Pennington Court Session Opens On February 2nd

The list of petit jurors to serve at the winter term of district court, which will open in Thief River Falls on February 5, was submitted by Clerk of Court Adolf Eklund yesterday, and is herewith published in The Times. According to the clerk there will be no grand jury this year, this procedure having been eliminated by action of the supreme court, except in cases involving a sentence of over ten years imprisonment. Other cases are brot before the court by the county attorney.

Tuesday, Jan. 29, is the last day for filing civil action. Seventeen new civil cases appear on the docket so far, according to Clerk Eklund and a few were carried over from the June term.

The criminal calendar contains several continued liquor cases and a number of new ones, where the accused have been bound over from municipal court.

No women are included in the jury list, accommodations at the court house not permitting them to serve except on the grand jury.

Following is the complete list of jurors drawn this week:

Joe Votava, Thief River Falls; A. M. Langseth, Thief River Falls; Mike Highland, St. Hilaire; George Williams, Thief River Falls; Clarence Roese, River Falls; Alfred Benson, River Falls; H. J. Maland, North; Ole Homme, Silverton; Emil Hallemack, River Falls; Axel Kron, Norden; Carl Hillard, Thief River Falls; Mons Engelstad, Rocksbury; M. O'Leary, Mayfield; Felix Anderson, Black River; P. W. Wright, Kratka; John Sjolsvold, Norden; Charley Johnson, Norden; Anton Peterson, Wyandotte; Gust Naplin, Polk Center; C. W. McDaniels, Thief River Falls; H. Cooper, Mayfield; C. M. Wilson, Thief River Falls; T. J. Skaar, Clover Leaf and M. A. Nutnansky, Goodridge.

County Dads Will Hold Session Friday, Jan. 25

An adjourned meeting of the Pennington county board of commissioners will be held at the court house in this city tomorrow, Friday, according to announcement by Auditor T. P. Anderson. A great deal of routine work including the hearing of the annual financial statement of the county, will occupy the commissioners and it is likely that the session will be quite lengthy. Some appointments will also be made at this time.

CREAMERY ASSN. ANNUAL MEETING SAT., JANUARY 26

Will Be Held at City Auditorium 11 a. m. Commercial Club Luncheon at 12 o'clock

PATRONS RECEIVE NEARLY $240,000.00 IN PAST YEAR

Annual Statement Shows Balance of Over $13,000. Twenty-three $1000 Patrons

The annual meeting of the stockholders of the Thief River Co-operative Creamery association will be held at the auditorium in Thief River Falls Saturday, Jan. 26 at 11 o'clock, according to announcement by the officers of the association. Notices urging all members and patrons [illegible] the local creamery to attend the meeting this week, have been sent out by Secretary Thos. H. Bjerke and a large turnout is looked for. Anyone interested, whether a stockholder or not, is requested to attend.

In view of the fact that a number of important matters will be taken up at Saturday's session it is in the interest of the future success of the association that stockholders attend to give the problems their consideration, as well as take part in selecting officials to take care of the creamery's affairs during the coming year. The offices during the past year were held by able men who are wide awake, progressive farmers and are aware of the best manner in which to conduct the business of the institution, and according to present indications it is likely that there will be little if any change in the personnel of officers. The officers chosen at the 1923 meeting were: S. E. Hunt, president; Carsten Christensen, vice president; Thos. H. Bjerke, secretary; Frank Hardisty, treasurer. T. K. Rynestad, together with the other officers, forms the board of directors.

Club Luncheon

The annual meeting Saturday will include a Commercial club luncheon at 12 o'clock, when a charge of only 25 cents per plate will be made to farmers and business men who attend. It was decided at the club meeting last Thursday to postpone the regular luncheon on the 24th until Saturday, affording an opportunity for business men and farmers to get together, one of the objectives of the club being to establish a closer relationship between the city and rural communities.

Besides the election of officers other matters of importance will be considered, such as the revising of certain sections in the bylaws of the association, the signing up of patronage contracts and the question of a building program for the coming year.

Report Indicates Good Year

The annual report of T. H. Bjerke shows the institution to be in flourishing condition and indicates that the business has been successful during the past twelve months. Harold Olson, the efficient buttermaker of the Thief River Falls creamery, is responsible in no small degree for the huge output of 614,129 pounds of butter during 1923.

A total of 511,843 pounds of butterfat was purchased from farmers in this community during the year. A decrease from 535,095 pounds, the record production for the previous year, was due to the elimination of certain buying stations in other towns. According to the secretary the local trade increased approximately 20,000 pounds while the trade from outside

JACK HOLT MAKES BURGLARY PAY IN "NOBODY'S MONEY"

Paramount Star Coming To Princess Does Not Advice Following His Example

Making burglary a profitable pastime ought to furnish any wealthy young man, suffering from ennui, with something different in the way of thrills.

At any rate, this leads to some most surprising situations in "Nobody's Money," a Paramount picture starring Jack Holt which will be the feature at the Princess theatre Friday and Saturday, this week. For in that picture, which is a screen adaption from William LeBaron's well known stage success, Mr. Holt has the role of a young man who is advised by his physician to "lay aside his work and get into something exciting to escape a nervous breakdown." He chums with a burglar, Eddie, whose fingers naturally cling with pertinacity to everything they touch.

But does Jack Holt thrive on burglary? Well, that's only the half of it. Not only does he regain his health but here are a few other things he does:

Saves two young friends from a damage suit, saves them from going to jail; reforms Eddie, his burglar chum and Eddie marries his sweetheart, also a reformed crook; gets this couple a present of $20,000 for a wedding present; recovers a stolen pearl necklace; succeeds in re-electing the governor to office and—marries the governor's daughter.

If such luck would fall to the lot of every man who went in for burglaring as a pastime, Mr. Holt might advise them to try it. But everybody's luck won't run as does Holt's in "Nobody's Money." For this reason, while the picture turns out to be one of the most enjoyable and entertaining the famous Paramount star has ever appeared in, yet he does not advise anyone to "follow the path of the hero, himself."

Northern Woodwork Starts Making New Fixtures to be Installed in Penney Store

Orders for the making of shelves and tables for the new fixtures to be installed in the Evenson building on the corner of Main avenue and Third street, to be occupied March 1 by the local branch of the J. C. Penney store, have been placed with the Northern Woodwork company of this city, and work has already been begun. Workmen will renovate the entire interior of the building and the alteration of a portion of the west wall will be started in a short time.

With the increased floor space, making it possible to add a number of lines not handled heretofore, the Thief River Falls store will be one of the finest establishments in the J. C. Penney company's chain of 475 stores.

Dr. Froehlich Appointed Major of Reserve Corps

Dr. H. W. Froehlich last week received announcement of his appointment as major in the Medical Officers Reserve corps, United States army, with instructions to enlist and examine candidates for the Fort Snelling Citizens Training camp in August. Dr. Froehlich has been a captain in the reserve corps during the past five years.

Any person who desires to enter the camp next summer should see Dr. Froehlich for a physical examination and to be vaccinated for smallpox and typhoid. Candidates who are accepted will get free transportation and subsistence to the camp, furnishing only their time. Several Pennington county young men attended the training camp last summer.

"KATHLEEN" SNAPPY MUSICAL COMEDY AT AUDITORIUM JAN. 29

Delightful Song and Dance Numbers in Play Given by Girl's Community Club

A real treat is in store for the citizens of Thief River Falls and surrounding community when "Kathleen", a pretty romantic play, entertaining in every detail, with a main cast of capable players selected from Thief River Falls talent, and scores of pretty local girls in song and dance choruses, will be presented at the city auditorium next Tuesday evening, Jan. 29. The production, which can truly be called a romantic musical comedy, is presented under the auspices of the Girl's Community Club of the city.

Committees in charge of the event are hard at work making the necessary arrangements and canvassing the city for the sale of tickets, members of the club generally and the cast also taking part in the ticket sale.

The production is under the able direction of Miss Mary Cecelia Freeland of the John B. Rogers Producing company, who arrived the first of last week and has since rehearsed practically every evening with the large cast of more than one hundred people. Miss Freeland, who is a "live wire" and clever in moulding the various characters into their proper presentation, as well as working up the delightful choruses, states that she is meeting with much success in rehearsals and that the play is progressing splendidly. She is very enthusiastic about the talent available in Thief River Falls, and it goes without saying that the members of the cast are going into the play whole heartedly, being no doubt influenced by the spirit and vim put forth by the directoress, who altho a native of sunny Mississippi, declares Thief River Falls has invigorating weather.

"Kathleen," the story of which is laid in a small Massachusetts town, is the sort of thing that strikes the popular chord. The story told is a wholesome one of the pretty Irish colleen, Kathleen, the ward of her uncle, Michael Flynn, who is to become the bride of a ne'er-do-well, Ned Rollingston, for pecuniary reasons, in accordance with her uncle's wish, but who finally goes to the arms of her lover, Jimmy Stanton, who is worthy of her. There is a good deal of action thruout.

The role of Kathleen is ably handled by Mrs. J. J. McCann, who is a charming Irish lass, with pretty little mannerisms and a voice which is heard to advantage in several solo and duet song numbers.

Lawrence Mickelson a member of the high school staff, is a most likeable hero and one who has no difficulty in understanding Kathleen's affections for him. Mr. Mickelson's tenor solos, including the feature song "Kathleen", are among the finest bits of the entertainment. Elra Porter, who has had extensive voice training in Chicago, portrays the character of Ned Rollingston admirably well. His song "Shy Maids" is one of the most attractive numbers of the production. Miss Durah Kelley as Flossie is delightful, and "Love Light," a duet sung by her and Mr. Porter will surely prove a hit of the show.

There is much of comedy introduced in the course of the play, with Miss Lyda Batton as Arabella Wilkins, the village postmistress and information bureau, and Lester Guss, the sheriff and would-be detective, and incidentally Arabella's suitor, furnishing many laughs. Both are excellent in the roles in which they are cast and bring fun with them on each entrance during the evening.

Norbert Holzknecht as Hans Swindler, the village storekeeper, is clever beyond doubt as the Dutchman who consistently misunderstands and says things backwards, and Dave Robinson helps the comedy along with his droll interpretation of Teckley Bramble, the best checker player in Flynnville. Another unique character is that of Michael Flynn, Kathleen's uncle, who owns the town, ably portrayed by E. O. Mogensen, local merchant.

SHERIFF ISSUED 73 WARRANTS IN PENNINGTON CO.

O. L. Ihle Enters Batch of Names in Big Book at Court House During Past Year

LIQUOR LAW VIOLATORS HEAD LIST OF ARRESTS

Fines Totalling $1815 Collected as Result of Sheriff's Activities in 1923

Sheriff Ole L. Ihle has compiled his annual report covering the activities of the sheriff's office in Pennington county during the past year. This report is interesting for it shows the number and character of the offenses against law and order, and gives an insight into the work necessary in order that the criminals may be dealt with according to the laws of the land.

Volstead Law Violators Lead

During 1923 Sheriff Ihle issued 73 warrants for arrest, all but a few which were served. Altho this is 17 above the total for the previous year, the showing of law obeyance is favorable compared with other counties. Of the total number against whom warrants were issued, 54 were convicted and either served a jail sentence, paid a fine or were given a suspended sentence. The largest number were jailed for violations of the prohibition laws, 16 arrests being made for that offense; for the manufacture of moonshine and 13 for having liquor in their possession, selling or transporting illegally. Other offenses listed are as follows: Abusive language, 3; desertion and non-support, 4; carnal knowledge, 2; illigitimacy, 4; gambling, 6; assault, 5; wife beating, 1; running car without lights, 1; selling mortgaged property, 2; violating pure food laws, 2; petty larceny, 1; drunkenness, 1; disturbing public meeting, 3; destroying real property, 5; not sending children to school, 2; forgery, 2; resisting an officer, 4; grand larceny, 1; and permitting minors to play pool, 1.

$1815 in Fines Paid

Fines paid during the year, in municipal and district court, total a considerable sum. Thru the efforts of County Attorney Theo. Quale and Sheriff Ihle $1815.66 was collected in fines during 1923 and turned over to the county treasury. A large share of this amount came from liquor law violators and this sum goes a long ways towards paying the costs of prosecuting law evaders in Pennington county. Three fines totalling $850 assessed alleged moonshiners nabbed here, have not been paid, two cases pending in supreme court at present and one serving a jail sentence but is expected to pay his fine at the close of his term.

Collects Delinquent Tax

Not all of the duties of the sheriff's office are connected with the arrest of criminals. During the year 246 legal papers were served, $694.95 being collected in costs from attorneys all over the state for the service of these papers. Of the personal property tax statements turned over to the sheriff for collection he collected 159 or a total of $3,405.86 which was paid into the county treasury. The state auto tax collection department sent to the office 87 delinquent automobile tax warrants, and practically all of this number was cleaned up before the end of the year. Of the 38 warrants for 1922 delinquents, received in January, the sheriff collected 12, while of the 49 last year's delinquents, the warrants for which came to his office in July, a total of 40 was collected. Only when the owner had removed the car from the state or had it dismantled was the tax considered uncollectable. This year the entire list of delinquents will be turned over to the sheriff in July.

Elect Creamery Officers

At the annual meeting of the Plummer Creamery association the following officers were elected for the coming year: David Haugen, president; John Greenwald, vice president; H. H. Frederickson, secretary and treasurer, and Anton Lee, directors. The report and Anton Ice, directors. The report of 1923 business shows a prosperous year. The Plummer association has one of the finest creamery plants in this section.

Masons Await Charter Rights For Organizing DeMolay Lodge in City

The Order of the DeMolay, a subordinate lodge of the Ancient Free and Accepted Masons, is planned for organization in this city in the near future. The lodge is only a little over a year old and where it has been tried out it has scored a success. Eligible to the DeMolay are all sons of Masons over 16 years and under 21.

The local boosters for this lodge are still awaiting communication from the Grand Lodge at Minneapolis for permission to begin the organization. With that permission they will go ahead with the work until the charter rights are received from the Grand Lodge when initiations and actual work will begin. Twenty-five members are required for the original charter.

The young clubmen will be given the use of the Masonic rooms one night a week, besides the regular meeting night. Entertainments may be given by the members of the DeMolay, and to supervise these events and give their assistance in making them a success, one or two Master Masons will be present.

Andrew Bottelson and Chris Storholm have charge of the work and all persons who can comply with the conditions named may apply to one of these men for the details of enrollment.

SOCIETY NOTES

Chicken Pie Supper

The men of the Methodist church don't believe they will have to establish a precedent to show the ladies of that congregation that they can serve a supper in as good style as they can, but just to prove to the satisfaction of all concerned that they haven't forgotten all about this procedure and that they really know the "ropes" connected with serving a meal, the men, under the name of "The Peptomists" will serve a chicken pie supper Wednesday, Feb. 13th. Plans are already being made for the occasion and everyone is urged to keep this date open. Besides the chicken pie, full courses of the usual and unusual eatables will be served.

Entertain Friends

Mrs. H. B. Newell and Mrs. C. L. Peterson entertained a few of their friends at the Newell home Sunday evening at a six o'clock dinner. Covers were laid for ten. After the repast the hours were spent at cards. Those present were the Drs. and Mesdames H. B. Newell and T. C. Haney and the Messrs. and Mesdames George Dalton and C. L. Peterson and the Misses Margaret and Josephine Eichammer.

Miss Warner Entertains

Miss Faythe Warner entertained a number of her friends at her home on Riverside avenue Saturday evening. The hours were spent at dancing and cards and at twelve o'clock lunch was served by the hostess. Those present were the Misses Lucille Roark, Sania Erickson, Helen Keating, Elizabeth Keating, Elmyra Langseth and Camille Warner, and the Messrs. Donald McCrum, Joe Lundin, Henry Olson, Virgil Denhart, Teen Gullingsrud, Melvin Englestad and Charles Dostal.

Miss Cook Entertains

Miss Lulu Cook was the hostess at a seven o'clock dinner party given at the home of her parents at 509 Markley avenue south Tuesday evening. The invited guests included, Mr. and Mrs. Charles Warner, Miss Alma Thune, Walter Jorgenson and Phillip Larson.

Forresters Entertain

The Ladies' Catholic Order of Forresters entertained members and friends at the I. O. O. F. Hall Monday evening. After the business meeting of the lodge the time was spent in a social way and refreshments were served at a late hour.

Millicent Sweger Entertains

Miss Millicent Sweger entertained members of the faculty of the Trinity Sunday School at her home on Horace avenue Tuesday evening of last week. The time was spent at games and in a social way and at 10:30 refreshments were served. Eighteen teachers were present.

Concordia Ladies Aid

The Concordia Ladies' Aid of St. John's Lutheran church held its annual meeting and election of officers in the church parlors recently and announce the following officers for the coming year: Mrs. Herbert Fuller, president; Mrs. Alfred Gibson, vice president; Mrs. Henry Roembildt, treasurer. Mrs. Gustav Freitag was elected to succeed Mrs. P. Myhrum as secretary. After the election of officers and the business of the meeting disposed of, lunch was served by a group of the ladies. The Concordia Ladies Aid announces the past year as a most successful one.

Auxiliary To Give Parties

The Woman's Auxiliary of the Legion, at the last meeting, made plans for monthly dancing parties, the first of a series of six to take place next month. Members of the Auxiliary will extend invitations to members of the Legion and friends.

Birthday Party

Mrs. Earl Effinger entertained a few guests at her home at 207 Conley avenue south Tuesday evening of last week in honor of her husband's birthday anniversary, Jan. 16th. Dinner was served at seven o'clock. The evening hours were spent at cards, whist being played at three tables. Those present were Mr. and Mrs. Harry Schuster, Mr. and Mrs. Fred Protz, Misses Marie Thill, Olive Lonson, Nettie Ove, and Lillian Eide, Mrs. Louis Lenson and the Messrs. Elvin Erickson, Kenneth Porter and Lloyd Lonson.

Forresters Entertain

The Lady Forresters entertained a number of their members and friends at a dancing party at the I. O. O. F. hall Monday evening. Refreshments were served by the lodge at 12 o'clock.

Woman's Club Celebrates 10th Birthday Anniversary

After ten years of progressive and beneficial activity the Woman's club fittingly celebrated its 10th birthday anniversary in the form of a pretty and well planned "Birthday Party" at the regular meeting place, the Commercial club rooms.

The occasion was properly observed by decorations in a color scheme of green and white. The feature of the table was a three tier angel food birthday cake, iced in green and white and set with ten green candles. Mrs. E. O. Mogensen ably conducted the event.

The meeting Monday also included the regular business meeting. Musical numbers were rendered and a musical memory contest was participated in.

During its existence the Woman's club has been instrumental, and in many cases the sole means, of bringing many invaluable and educational addresses and lectures to this city and has sponsored many events that have been a benefit to the community. In its entirety, the Woman's club has proved itself to be an organization purely civic and having as its objective a better community and better citizens. The original charter of the Woman's club shows 60 members.

Miss Smith Entertains

Miss Gladys Smith entertained a number of her friends at her home on the Smith farm last Saturday evening. Games formed the chief diversion of the evening and at midnight a lunch was served by the hostess. Those present were Mrs. M. W. Brink, the Misses Judith Christensen, Lillian Krohn, Alice and Anna Froseth, Clara Sorenson and Theresa and Goldie Kelberg and the Messrs. Helmar Kelberg, Vivian Copp, Arnold and Robert Peterson, Edwin Christensen, Allan Sorenson and Arthur Bardelson.

Mrs. Anderson Entertains

Mrs. T. P. Anderson entertained a large group of young people at her home on Kendall avenue south, Friday evening in compliment to her daughter and son, Ersyle and Leigh. The time was pleasantly spent at dancing and cards. At 12 o'clock refreshments were served by the hostess. The invited guests included the Misses Margaret Melgaard, Rose Flynn, Maxine Johnson, Maverette Hilson, Lucille Roark, Margaret Roark, Ruth Mellby, Esther Bennes, Lillian Arnold, Harriet Morgan, Marjorie Happa and Phyllis Dock, and the Messrs. Thomas Scanlon, William Alexander, Donald McCrum, Arthur Penney, Joseph Lundin, John Sether, Thomas Melgaard, Henry Arneson, Robert Erickson, Geo. Johnson, Maurice Holzknecht, Alfred Dybvik and Melvin Peterson.

Birthday Surprise

Mrs. A. O. Hanson was the honored guest Sunday afternoon of last week when a number of her friends gathered at her home in commemoration of her seventieth birthday anniversary, which was Monday, Jan. 14. This surprise has become an annual event among Mrs. Hanson's friends and this year is the eighth successive year they have thus remembered her. Over twenty-five persons were present. Mrs. Hanson was presented with several useful and pretty gifts. The presentation was made by the Rev. T. E. Sweger. A number of brief talks were made by other members of the party. Refreshments, brought by the self-invited guests, were partaken of at 5:30 o'clock.

For Mrs. Noper

Mrs. C. M. Haug entertained a few guests at her home on Arnold avenue Friday afternoon in compliment to Mrs. R. E. Noper, daughter of Mr. and Mrs. Albert Johnson, formerly Miss Blanche Johnson. Mrs. Noper has been a guest at the home of her parents, south of this city the past few weeks and leaves for her home in Good Hope, Ill., the latter part of this week. The hours were spent in a social way and at 5:30 lunch was served by the hostess. Ten guests were present.

For Mrs. Hodek

Mrs. Nettie Hodek, mother of Mrs. E. H. Helmstrom residing at 236 Kendall avenue, was the honored guest on Saturday evening when a group of ladies gathered at the Helmstrom home in remembrance of Mrs. Hodek's fifty-first birthday anniversary. The evening hours were enjoyably spent in recounting pleasant associations of the past 27 years of Mrs. Hodek's residence in this city. At a late hour lunch, brought by the self-invited guests, was served, a feature of which was a birthday cake, baked and brought by Mrs. M. Girard. Those present were the Mesdames J. S. Collins, J. Wassgren, Harry Schuster, M. Girard, S. T. Johnson and O. J. Erickson.

Woodmen of the World

The annual installation of the Stearns Camp No. 22 of the Woodmen of the World, took place at their regular meeting place, the I. O. O. F. hall, Wednesday evening of last week. State Manager L. D. McFadden of Minneapolis was present and conducted the ceremonies. The following were placed in the respective offices named: O. A. Naplin, consul commander; Hubert Jacobson, advisor lieutenant; C. W. Vorachek, banker; P. J. Keating, clerk; Omar Williams, escort; John Malafa, watchman; Andrew Haugen, sentry; Dr. P. L. Visnaunet, physician and George Lieners, auditor.

In addition to the installation of officers, initiation ceremonies were conducted by Mr. McFadden. Twelve new members were entered into the lodge. Speeches by Mr. McFadden and others were made, the tenor of which was the furthering of lodge activities. Supper was partaken of and smokes enjoyed.

The Woodmen of the World lodge was organized in this city in 1908 and now has about 70 members. The Woodmen fraternity is one of the strongest fraternal societies of the world.

Royal Neighbors Install

One of the most impressive of lodge installations was held at the Masonic hall Wednesday evening of last week when the Royal Neighbors placed in office the executives of the lodge for the coming year.

The following is a list of the officers as elected at the meeting in December and installed at the last meeting: Mrs. Pansy Collins, oracle; Mrs. Bessie Robinson, past oracle; Mrs. Blanch Leach, vice oracle; Mrs. Ella Brokke, chancellor; Mrs. Addie Wassgren, recorder; Mrs. Laura Bardon, receiver; Mrs. Hattie Holmstead, marshal; Mrs. Lillian Whitting, assistant marshal; Mrs. Esther Rolland, inner sentinel; Mrs. Lizzie Peclie, outer sentinel; Mrs. Belva Kielty, manager; Mrs. Isabel Schuster, musician. The five graces: Mrs. Olga Nelson, Faith; Mrs. Thelma Fontaine, Courage; Mrs. Thelma Carlson, Unselfishness; Mrs. Dora Belcher, Modesty; Mrs. Hilda DeVelling, Endurance.

The ceremonies were conducted by Mrs. Bessie Robinson, past oracle and Mrs. Blanch Protz, ceremonial marshal. Boquets of roses were presented to the installing officer by the lodge and a boquet of carnations to Mrs. Emma Davidson, captain of the degree team.

The Royal Neighbors lodge of this city was organized 28 years ago, being now one of the oldest and strongest lodges of the city. The membership, has reached 189. Meetings are held semi-monthly, the first and third Wednesdays of each month.

After the lodge ceremonies the time was spent in a social way and dancing formed the chief diversion. Music was furnished by Earl Erickson and Earl Effinger.

Maccabees Install

One of the prettiest lodge installations of the season was that of the ladies of The Maccabees, held at their regular meeting place at the I. O. O. F. hall, Monday evening last week. The following is an account of the installation and the officers as elected at a previous meeting: Mrs. Esther Relland, commander; Mrs. Hilda Rhedegaard, lieutenant commander; Mrs. Ruth Halld'n, past commander; Mrs. Beatrice Bothun, collector; Mrs. Mary Lane, finance keeper; Mrs. Naomi Bredeson, record keeper; Mrs. Thelma Carlson, lady at arms; Mrs. Blanche Leach, chaplain; Mrs. Olga Rolland, sergeant; Miss Hannah Westby, sentinel; Miss Jean Leach, picket; Mrs. Emma Davidson, captain of the guard; Mrs. Agnes Reidy, color bearer number one; Mrs. Ella Waldorf, color bearer number two, and Miss Dorothy Holm, musician. At the close of the installation Mrs. Ruth Halldin, retiring commander, was presented with a bouquet of roses, a gift of the lodge.

After the installation an excellent musical program was given. Miss Hermine Exner played a transcription of the principal solo of the opera, "Samson and Delilah," by Saint Saens which was very well received. Miss Lorraine Will playing the violin, Buell Will at the cornet and Miss Dorothy Holm at the piano, gave two trios, one a Schott'sche and the other an old fashioned waltz. Two solos were sung by Elra Porter, accompanied by Miss Dorothy Holm. Mrs. Oscar Melby sang two solos, with Miss Lorraine Will playing obligato on the violin and Miss Dorothy Holm accompanying. The program concluded with a duet played by Miss Wingeler and Mrs. Holm. The program was very well received.

The remainder of the evening was spent in playing cards and dancing. A delicious luncheon was served by the ladies at midnight.

The Maccabee lodge was organized in this city in 1910 by Miss Harriet Olson, now deputy supreme commander residing in Minneapolis, with fifteen charter members who were Mrs. F. J. Gamble, Mrs. Sharbuck, Mrs. Geo. Halvorson, Mrs. J. H. Hay, Mrs. N. W. Tarrant, Mrs. O. Storholm, Mrs. George Elder, the late Mrs. Schraper and daughter, Rachael, Mrs. R. B. Shetler, Mrs. Henry Wendt, Mrs. W. Fasel, Mrs. G. H. Frissel, Mrs. G. Kenyon of Fordville, N. D., and Miss Blanch Chittick.

Yeomen to Install

The annual installation of officers of the Brotherhood of American Yeomen will take place at the next regular meeting, Feb. 21. The officers as elected at a past meeting are H. G. Gustafson, foreman; Mrs. Alma Thorson, master of ceremonies; John Wingeler, correspondent; Mrs. H. Larson, chaplain; Christ Gulrud, overseer; Mrs. Severt Branden, Lady [illegible]; Mrs. John Wingeler, Lady Rebecca; Mrs. Lillian Tyrer, guard, and Alba Evanstad, sentinel.

Elks Hosts at Dinner-Dance At Club Rooms Tomorrow

Members of the local lodge of Elks are making final preparations for a "Dinner-Dance" to be held tomorrow evening at the club rooms. The repast will begin at 7 o'clock, after which dancing will occupy the hours of the evening. This is the first of a series of entertainments planned for the remaining portion of the winter.

Twenty-Six Eighth Graders Graduate and Enter High School This Week

Commencement exercises were held Friday afternoon, January 18, for twenty-six pupils at the Central school, who at that time completed the work of the eighth grade and were promoted to high school.

The program consisted of a song by the school; an address of welcome by Helen Erickson, one of the graduates; a piano solo by Lucille Hermanson; song by the eighth grade; an address by Rev. Charles Gerlinger; the presentation of the class by Miss Lyda Batten, principal of Central school; and presentation of diplomas by Superintendent I. T. Simley. The following received their diplomas: Lena Amon, Harry Baker, Viola Baker, Leona Bakke, Earl Benson, Gladys Bergstrom, Sadie Boerger, Alfred Cloutier, Josephine Cote, Helen Erickson, Willard Furan, Myrtle Hastad, Thora Homme, Ronald Kinghorn, Glendon Larson, Ruth Larson, Mabel Malafa, Goldie Remmem, Eugene Richter, Evangeline Robarge, Lilly Roberts, William Sahl, Gertrude Steenerson, Arthur Stordahl, Bernice Swenson, Antoinette Vaudrin.

The last lap of the school year, the second semester, started last Monday, and the high school enrollment having been augmented by students, having admitted over 40 pupils into the first grade and employed an additional teacher in the high school, the education machinery of the city is again operating with the same smoothness as before.

The high school enrollment is now the largest recorded in the history of the school, namely 427, and the building is crowded almost beyond capacity, there not being enough seats in the assembly to seat the average daily attendance. With the additional number of first graders entering at the opening of the semester, the total enrollment for the schools of the city, grade and high school, is well up to that of former years. In fact, excluding the kindergarten department, which has been eliminated, the present enrollment is greater than last year.

Legionaires Will Feast Tonight After Closing Of Membership Contest

"Every Buddy Wants A Buddy" seems to be the attitude of local Legionnaires this week as the closing day of the membership drive draws near. Thursday, Jan. 24th, is the final day and this evening the losing side, that which has secured the fewest enrollments, either new members or renewals of the membership of old members, will be obliged to be hosts to the other side and the members of the Legion who are not included in the contest. Members of the city council are invited as guests.

At a recent meeting sides of ten members each were chosen and chairman for each team appointed. W. A. Hall, Jr., heads one group and F. J. Burns the other. The purpose of the campaign is rather to get the membership dues paid up in full in advance than to add new members, tho new members are being received.

Presbyterian Men Arrange Third Fellowship Supper to Be Held at Church Jan. 26

Friday evening of this week the men of the Presbyterian congregation will hold their third fellowship dinner of this season, at which a number of men in the church and community have been asked to speak on the subject of "The Church and the Community."

F. F. Haynes will be toastmaster and among the speakers are L. R. Johnston, Morlan Bishop, O. R. Sande, W. W. Prichard, Sr., Geo. M. Wilson and several others. After the appointed speakers have had the floor the meeting will be thrown open in open forum fashion for criticism and suggestions from any of the men who wish to express themselves. Many helpful suggestions have resulted in the past from these free discussions.

Subjects of organization of the men of the church will also claim the attention of the men at this dinner, in order to take care of the many branches of service to the community.

Quale Attends Conference Of Co. Attorneys of State

County Attorney Theo. Quale returned Sunday morning from St. Cloud where he attended a two-day session of the State Association of County Attorneys. At the annual election of officers Ed. Rogers of Cass county was chosen president; R. Mathews of Lyons county, vice president; and Frank Morse of Blue Earth county was named secretary-treasurer. St. Paul was chosen the next meeting place.

The attorneys stated that they believe that the post war crime wave is on the decline, the year of 1923 being marked by less criminal prosecutions than the three years preceding. Three resolutions were passed, which include recommendations to be brought up before the next session of the legislature. The first urged that in the trying of criminal cases the state be given the closing arguments instead of the defense. The second asked that separate trials for joint defendants in criminal cases be allowed only at the discretion of the court. The third recommended that in a criminal case the state be allowed as many pre-emptory challenges as the defense.

Marshall County Attorney Handles 87 Criminal Cases In '23; Fines Total $5000

The 87 criminal cases handled by the Marshall county attorney's office in 1923 resulted in total fines of $5,120.70, of which $3,569.20 has been collected and of which $2,891.05 was collected from liquor law violators, according to the annual report to the state's attorney general by W. O. Braggans, county attorney, completed this week, says the Warren Sheaf. A total of $4,342.55 of fines for violation of liquor laws was imposed but this total amount will not be collected because of the provision allowing serving of sentence in jail in lieu of the fine.

Of the criminal cases handled, 26 were liquor and 22 carnal knowledge and illigitamacy charges. Seventeen men have served time in the Marshall county jail the past year, according to the report.

Special Naturalization Period Expires March 3

The attention of ex-service men who are not yet citizens of the United States and who wish to become naturalized, is called to the notice elsewhere in this issue from the federal commissioner of naturalization. According to this notice the time for becoming naturalized under the special provision for honorably discharged soldiers expires March 3, this year, and those desiring to take advantage of the provision should call on Clerk of Court Adolf Eklund in this city.

FARMERS NATIONAL BANK OF R. L. FALLS CHANGES HANDS WED.

A. T. Lenertz, Former Glencoe Banker, Buys Controlling Interest and Becomes Pres.

A business deal of much interest to Red Lake Falls and this section was closed Wednesday, last week, when A. T. Lenertz of Glencoe, Minn., purchased the controlling interest in the Farmers National Bank of Red Lake Falls, which has been held for the past nine years by J. A. Duffy, who has also been president of the institution.

Mr. Lenertz is an experienced and well known banker having been engaged for a number of years in the banking business at Glencoe. Disposing of his interests there he accepted a position as a National Bank examiner with the Federal Government, which position he has held for some time.

The Farmers National bank was established in November, 1910, and has been one of the leading institutions of Red Lake Falls. At the meeting of stockholders Mr. Lenertz was chosen president of the institution and will take active part in the managing of the bank's affairs at once.

Love Rides High and Mighty On The Wings of Aeroplane

Funny what love will make a young man do. Funnier still is what he does when showing his sweetie how willing he is to break his neck in an effort to prove his great love. In "Going Up," Douglas MacLean, the popular picture star, as Robert Street, the young author, falls head over heels in love with Grace Douglas, a comely and winsome miss in the story who is impersonated by Marjorie Day. It runs that Street has achieved fame as the author of a popular book on flying but had never made a single flight. "Going Up" will be shown at the Princess theatre next Sunday and Monday.

The girl tells Sweet how much she admires daring in any man and when a contest of flying skill is arranged between Street and Jules Gaillard, the French ace, Street, in order to win the hand of the girl, decides to go up, knowledge or no knowledge of flying. Up he goes and strange to relate, he performs feats heretofore unattempted by any human being.

He flies circles around his aeroplanic competitor for the girl, and all is well after the most daring flight ever shown in the films, until he starts to find a clear, safe spot for landing. He does his best and the machine crashes into a tree. The amazed onlookers, including the girl of his desires, rush forward expecting to pick up Street's crushed body when he emerges from the wreck, a little bit disfigured with grime, grease and dirt, but unhurt.

One of the greatest of all film laugh-getters and withal one of the most thrilling in point of comedy climaxes. The aeroplanic flights at the close are immense.

E. G. Forks Man Chosen 9th District Manager In Coolidge Campaign

Lundell returned to this city Monday evening. Rev. A. Anderson of Roseau occupied the pulpit in the Mission church here last Sunday.

Land Open For Homesteads

There were 278,352 acres of Government land in Minnesota open to homesteaders on January 1, 1924. This is mainly in Lake of the Woods, Koochiching, Roseau, Beltrami and Clearwater Counties and is mostly wooded lands with some heavy timber in the northwest angle—which is that point of Minnesota that sticks up from the north boundary on the west side of Lake of the Woods. Nearly all of it is under the jurisdiction of the U. S. Land Office at Crookston. Soldiers in the late war are permitted to count their military service as residence on a homestead.

AGED MARSHALL CO. MAN SELLS MOON TO MINOR; SENT TO PEN

Mud Lake Resident, 67, Pays $300 Fine and Must Serve 6 Months in State Prison

The taking of Ole Christensen almost 67 years old, of the Mud Lake country east of Holt to Stillwater on Monday night to serve a six month term in the state penitentiary after he had plead guilty to selling liquor to a minor ended one of the most unusual liquor cases ever handled in Marshall county, according to W. O. Braggans, county attorney. He paid a fine of $300 before leaving to serve his sentence. Christensen who is well known in Warren and other parts of the county was arrested by Deputy Sheriff John P. Bordewick two weeks ago on a charge of selling liquor to a minor after a man, friendly to the sheriff's office found a 19-year-old boy who claimed he could get moonshine from Christenson and then proceeded to carry out his claim.

Conviction on the charge of selling liquor to a minor carries a maximum sentence of seven years at Stillwater but Christensen was given a light sentence because of his age, Mr. Braggans said, asserting the county attorney's office would continue its announced policy of moving against liquor law violators wherever the evidence warranted it.

Christensen, was a pioneer thresherman and mechanic and worked around Warren in the early days. He appeared before Judge Andrew Grindeland and was sentenced last Thursday.

Strandquist Press Purchased By Former Goodridge Editor

Announcement is made this week of a deal whereby I. D. Converse of Red Lake Falls, former editor of the Goodridge Banner and other newspapers in this state, becomes the owner of the complete equipment, good will and subscription list of the Strandquist Press. The Press during the past two months has been published under the direction of O. W. Yngve, superintendent of the Strandquist school, and has been sponsored by a number of interested business men. Prior to that time F. R. Bergh was in charge but due to lack of support found it necessary to discontinue. Mr. Converse will publish the next issue of the Press.

CO-OPERATION

The Farmers and Merchants State Bank points with pardonable pride to its fine standing in the community—the result of co-operation.

The co-operation between this bank and its customers as well as the community at large, has always been of the most harmonious nature.

The continued growth of this bank and its willingness to co-operate with its customers will build up the institution to one of the largest and strongest banks in the Northwest.

Come in and discuss your problems with us. We shall be glad to serve you.

THIEF RIVER FALLS TIMES

MATTSON BROS. - - Publishers
DRENG BJORNARAA - Editor

Entered as second-class matter at the Postoffice at Thief River Falls, Minnesota.

(Official Paper, City of Thief River Falls)

A GOOD SHOWING

The showing made by the Thief River Co-operative creamery during the year just closed is highly gratifying to both officials and patrons. It shows that the dairy business in this community is steadily increasing and that more patrons are receiving larger returns. The butter produced is of the highest quality, commanding premium prices in the Eastern markets to which it has been shipped. Having joined the state butter sales agency, the local creamery will hereafter ship to the St. Paul headquarters where it will be graded and shipped in carload lots direct to the markets where consumed.

The policies followed by those in charge of the local co-operative creamery are such as to inspire confidence among those who send their products to this institution, which enjoys a reputation for fair and liberal dealings with its patrons such as but few similar institutions in the state have gained. An appeal is at this time made to all cream producers to stick to their own co-operative concerns and by so doing insure their future success in the dairy industry. It has proven fatal to farmers elsewhere in places where the co-operatives have been driven out thru unfair competition on the part of the so-called centralizers, who, when the farmers' own institutions are disposed of, are said to pay the lowest possible price, in many cases ten to fifteen cents less than the co-operatives.

The increased returns enjoyed by a number of patrons of this creamery indicates that the cows maintained on the farms in the community are becoming of a better quality, the scrubs being eliminated. It has been proven by many here and in other sections that dairy cows of poor quality do not yield a profit and the sooner they are exchanged for good ones the better.

FOR LOWER TAXES

Theodore Christianson of Dawson, publisher of the Dawson Sentinel, who was chairman of the house committee on appropriations in the last Minnesota legislature, is among those mentioned for the Minnesota governorship in the coming struggle. He has a number of well directed suggestions in regard to tax reduction, which at the present time seems to be the paramount issue. Everyone has some remedy, some other way of doing things whereby the tax burden may be cut down.

"Taxpayers of Minnesota need a fighting unit to represent them before the legislature and other civil units where strongly organized minorities representing relatively small classes are now getting appropriations for everything under the sun and adding to tax burdens," he told the Minnesota tax conference the other day. "If socialism ever comes to the United States," he added, "it will be because private property has been confiscated for taxation."

He offered five suggestions to bring a halt to tax increases:

A "pay-as-you-go" policy of state finance.

No issuance of bonds without a tax levy to take up the bonds over a definite period of years.

Reorganization and unification of state governments to obtain central financial control of state expenditures.

Less government

Formation of a "fighting unit" of taxpayers, with branches in every community to represent the masses of the people in hearings on measures calling for expenditures of public money.

SPEND MORE THAN INCOME

The cities of the country generally—there are exceptions—are not living within their incomes, it is indicated in census bureau statistics announced recently.

In the fiscal year 1922 in 261 cities having a population of 30,000 or more, a total indebtedness was incurred amounting to $5.56 for each resident. The cost of government per capita including expenditures for permanent improvement, amounted to $57.23 for the year, against revenues of $51.81, the total figures being $2,222,566,619 and $2,007,008,796, respectively.

The total indebtedness at the close of the year was $3,618,067,272 or $93.42 per capita.

The total cost of government in 1922 was at its highest in the cities having a population of 500,000 or more with a per capita cost of $66.58. The next highest per capita cost, $64.29, is shown for cities with a population of 300,000 to 500,000. The per capita expenses of cities from 100,000 to 300,000 amounted to $48.71; of cities from 5,000 to 100,000, $44.94, and in the small cities having a population of 30,000 to 50,000 $44.38.

Comparable statistics for 159 of the principal cities show per capita cost of government has increased from $34.68 in 1918 to $58.07 in 1922.

RULE WORKS BOTH WAYS

The Dawson Sentinel hits the nail on the head when it said:

"It developed in the course of a roundtable discussion at the meeting of the Seventh District Editorial Association at Milan that almost every community has business men who buy stationery from mail-order houses and kick every time the home paper comes out and doesn't contain at least one diatribe against the catalog concerns.

"Almost every printing requirement of any community can be met at the home print shop. In nine cases out of ten the home printer will undersell the fellow who conducts expensive directly-by-mail solicitation or pays traveling expenses and salary to a salesman.

"Every job done away from home that could be done at home, helps build up some other town and undermine the home-town.

"The business man who patronizes mail order printers and then expects the home paper to carry on a campaign against Monkey Ward or Rears-Sawbuck is a real optimist."

The Baudette resident who, according to the Baudette Region, received the neat sum of sixteen million—16,000,000—marks as a Christmas gift from a brother in Germany, evidently feels as though he has "money to burn."

MAKE IT YOUR CREED

Elsewhere in this issue will be found a creed which it would be well to adopt by citizens of Thief River Falls and every other city and village anywhere. It contains a great deal of food for thought and should be read by every reader who is interested in the welfare of his community. And who is not interested in his home town or his own community? The person that lives for himself only and has no interests beyond his self does not justify his existence and does not merit the association or interest of his fellow citizens.

Read the creed and when you have satisfied yourself clip it out and post in a conspicuous place where others may read it. It will be a source of inspiration and should be a part of every Thief River Falls citizen's New Year resolutions. Put forth your maximum effort to make this the best town on earth, a town of comradeship, co-operation, local pride, democracy, optimism, happiness, sympathy, law and order, a home town with real folks, a get-along town, a trade-at-home town and a live town where people want to visit, trade or live.

AN INTERESTING REPORT

At this time of the year there is a flood of official reports of various officials, state, county and city, covering the work of their departments for the past year, and altho containing illuminating figures and facts, are often dry reading, with tables of apportionments, expenditures, percentages and the like. The report of the county engineer, however, should be of vital interest to every taxpayer and user of roads, particularly automobile owners. Mr. Umland's report is complete and covers every phase of the work carried on during the year. With the increased use of automobiles and trucks there is no subject of more vital interest to people of all classes than the roads of the community, and the citizen who pays the bill naturally is anxious to know what the tax money is being used for. The work under the supervision of Engineer Umland has been conducted in a most efficient and economical way and the work and policies of the department have meet with the approval of the public in general.

GIVE BOY CHANCE OF CHICKENS

At the recent Country Life Conference held in St. Louis, a moving picture film was shown of a farm boy and his prize flock of chickens. The film demonstrated that the birds were fine because the boy had a scientific knowledge of chicken culture, and that he had applied his knowledge to the care of his flock. But the boy was a mouth breather and showed further effects of malnutrition. The tragic thing about the picture was that the chickens were having a better chance than the boy.

The idea of encouraging farm children to raise thoroughbred poultry and live stock is wholesome. It should be promoted to a greater degree than it is at present. On the other hand, it must be borne in mind that the greatest asset of the farm is neither its live stock nor its poultry, but its boys and girls. They themselves are entitled to as scientific care as they are taught to give the animals that they raise. In order to develop into a strong man or woman every child must have a well-balanced diet which is eaten at regular periods; long hours of sleep in a well-ventilated room; activity as expressed in wholesome work, study, and play; instruction concerning the care of the body; and periodic physical examinations by a reliable physician.

The Glenwood Herald suggests that Senator Magnus Johnson be considered with more dignity by his Minnesota constituents than at the present time. The Herald calls attention to the unusual amount of publicity given the trivial matters surrounding the Senator's person in Washington, such as a milking contest with Secretary Wallace and later a log sawing contest. These incidents and others of similar nature have been given glaring headlines in the press throughout the country the past several months, while expressions of importance to the people whom he is representing are given but secondary consideration. More than one Minnesota editor, even though not in harmony with Johnson's policies and ideas, has grown tired of this propaganda, which is in no way in keeping with the dignity that should surround a representative of this great state. He has been chosen by the people of Minnesota and should be given a chance.

RESOLVE TO BE THERE

An event which should be of much interest to farmers of this community and citizens in general is the short course to be held in Thief River Falls, on February 18 and 19. It will be worth while to hear the discussions of current farm problems by able men who will be here for the occasion, and derive the benefits of demonstrations in various lines of home-making.

The aged Marshall county man who was sentenced to a term of six months in the state penitentiary and a $300 fine last week for selling moonshine to a young boy, got what he had coming. Men of such character should be given a term of six months twice a year for the rest of their life.

ON VARIOUS TOPICS

By Martin Widsten

There is only one form of taxation that effectively reaches the great fortunes—and that is the inheritance tax. Income taxes, excess profits taxes and surtaxes are passed on to the ultimate consumer, and merely bring up the cost of the things we have to buy. It makes little difference how high or how low these taxes are—the general public pays them. They are included in the cost of production and operation. Owners of great fortunes who happened to find themselves in such position that they couldn't shift these taxes onto some line of production have invested in tax-exempt securities, and are "sitting pretty."

If some people would quit shouting long enough to stop and think they would realize this fact, and act accordingly.

Why should any person be permitted to inherit millions and waste what might otherwise have been a useful life in trying to spend the income. Wouldn't it be far better if a limit were set on inheritances, and the surplus used in educating the young and in taking care of the aged?

CREDIT BANKS BAR TO ANOTHER PERIOD OF FARM DEFLATION

Geo. H. Thomas, Representing Farm Loan Board, Speaks Before Bureau Meeting

The new Intermediate Credit banks ought to prove an effective barrier to a deflation period such as we had in 1920, George H. Thomas, administrative assistant in the Federal Farm Loan Board's organization told delegates attending the fifth annual convention of the Minnesota Farm Bureau Federation, at the opening session, held at University Farm, St. Paul, Tuesday, Jan. 8. The meeting was attended by J. J. McCann, Pennington county farm agent.

Mr. Thomas spoke before the Farm Bureau delegates in place of M. L. Corey, member of the board. At the last moment Mr. Corey found it impossible to leave his official duties.

Mr. Thomas' address was one of three by nationally known authorities which marked the opening of the Farm Bureau's annual meeting. Others on the program were E. R. Cunningham, member of the Federal Reserve board, O. E. Bradfute, president of the American Farm Bureau Federation, J. F. Reed, president of the state federation and vice president of the national and Mrs. Ellsworth Richardson of Pella, Iowa.

Mr. Thomas told the farmers that the new credit banks were especially interested in diversified farming.

"Too little attention has been paid to the cow, the hen and the hog," he said. "The Credit banks are peculiarly equipped to take care of the type of loan necessary to aid farmers who want to build up dairy herds. If a farmer pays for his herd out of his milk checks, it will require two years. This is a type of loan that the average country bank can not handle but it is distinctly the type of paper that Congress intended the Intermediate Credit Banks should take.

"The Credit banks ought to afford an effective stop against a deflation period such as we experienced in 1920, but to be of the broadest possible service, they must have the complete co-operation of farmers individually and of organized agriculture."

Mr. Thomas outlined the manner in which farmers, acting through co-operative associations can use the facilities of the bank. "We can not deal with individuals," he said, "but where farmers perfect organizations, the service of the bank is instantly available. The system will be especially helpful in assuring to co-operative marketing associations adequate finances for a longer period of time than banks can make through the Federal Reserve system."

J. F. Reed, making his first address before a state-wide audience since his election to the position as national vice president, talked with his fellow Minnesota farmers about the necessity of maintaining strong organizations back in the counties. "But we must go still further," he said, "we must have strong township units, for it is in the farm home and the small farm community that the Farm Bureau finds its inspiration and its life blood. Your state and your national federations become mere shells the moment you farmers neglect your township and your county meetings. You have heard that the present year, in Farm Bureau circles, is to be featured by organization work. That organization work will have for its first purpose the creation of local units. A strong Farm Bureau unit in every township in Minnesota is the goal in 1924, and to attain this, we need and must have the active assistance of every one of the delegates here today."

The convention's program for Wednesday and Thursday consisted of hearing reports of special conference committees, organized early in the convention, in adopting an agricultural program for the state in 1924 and in hearing reports from administrative officers and directors of the federation.

Sweger in Minneapolis

Rev. T. E. Sweger, pastor of the Trinity Lutheran church, left Tuesday evening for Minneapolis to attend to matters in connection with his position as worker for the Norwegian Lutheran pension fund, which work he will take up some time in June. Rev. Sweger's resignation was acted upon by the congregation at the annual meeting last week. He will return from the cities the latter part of this week.

LOCAL STEPPERS TO SALLY FORTH IN GAY COSTUMES FRI. EVE.

Firemen's Masquerade Looms Up as Crowning Event For Thief River Falls Dancers

Arrangements for the 30th annual masquerade ball, which is being given at the city autorium tomorrow evening under the auspices of the city fire department, are completed and the committee anticipates a record attendance at this, one of the biggest social events of the year.

The ball is strictly a masquerade ball and is being given as a benefit dance for the charity fund of the firemen's organization, which has done a great deal for needy people of this city in the past thirty years.

No one will be admitted before 11:30, without costume. It is expected that everyone will be properly attired for the occasion as local steppers are enthusiastic over the event and are looking forward to one of the snappiest and best masquerades ever held in this city. If dame rumor hasn't got her wires crossed, there will be costumes representing every decade and fad from the days of Queen Anne to the latest Irene Castle creation. The auditorium will be beautifully decorated for the occasion and this together with the costumes, will make the event one that will not soon be forgotten and that all will be glad to have participated in.

And the music. The best of local talent has been secured for the event. A four or five piece orchestra will produce the strains to inspire the dancers. All is set for one gala time.

254,395 AUTOS YIELD $7,337,526 OF TAXES

Car and Truck Owners Held Money Ahead Better Road Savings. Triple Tax Total

Minnesota automobile and truck owners paid $7,337,526 of taxes on 454,395 machines in 1923, according to official figures given out by the highway department this week. The average registration yielded $16.15. That tax on the average car was less than under the old personal property tax and state license fee laws, where the assessed value was reasonable. The average tax this year under the new rates, as announced, will be about 20 or 25 cents higher.

The figures for Pennington county will total approximately $26,000, the tax paid on 1,597 automobiles and trucks in this county in 1922 being $25,951. Pennington ranks 76th among the counties of the state in the number of motor vehicles. The 1922 report shows a total of 31 miles of trunk highway roads in the Babcock system, making an approximate tax of $834 per mile.

The $7,337,526 tax total appears less when compared to that of the 10-cents-a-mile figure of $277,197,500 paid to drive the machines 2,271,975,000 miles, estimating at 5,000 miles each, for the season.

On the same basis, the average owner driving his car 5,000 miles had an expense of $500 for repairs, depreciation, tires and oil. If highway improvements cut this cost 3 cents a mile, his saving was $150, and at the lowest estimate of 1 cent a mile, the saving was $50 or more than three times the tax he paid.

The new total of 454,395 cars shows that Charles M. Babcock, state highway commissioner, has been making conservative forecasts, placing the totals at 400,000 for 1923, 425,000 for 1924, 450,000 for 1925, a figure already passed, and the saturation point at 500,000 in 1927. Predictions now are that the 500,000 mark may be reached this year and that while tax receipts will be increased as a result, there will be correspondingly greater use and wear of the highways.

Showings that each $1 paid in auto taxes means $3 reduction in auto expenses are held to be winning public support for faster progress on the highway program.

Ida Gulseth

Miss Ida Gulseth, daughter of Alex Gulseth of Benwood, formerly a resident of the township of New Solum, died in this city Wednesday of last week at 9 o'clock a. m., cause of death being tuberculosis of the stomach.

Miss Gulseth was born in New Solum, Feb. 14, 1903. She lived there with her parents, until the death of her mother in 1906, when she lived with her grandmother until she was 16 years of age. At that age she went to Clay county where she made her home with her aunt, Mrs. A. H. Halvorson, residing near Downer. Last winter she returned to this city and took up dress making. In the spring she became ill. She underwent operations for the removal of her tonsils and adenoids and later for the removal of the appendix. For seven and a half weeks she was confined to the Physicians hospital and the past four weeks to the Oakland Park sanatorium, for tuberculosis of the stomach.

She is survived by her father, her step-mother, a sister, Inga, and two brothers, Ingolf and Garfield; by two half sisters, Ella and Buelah and three step-brothers, Alvin, Lester and Milton, all of Benwood.

The funeral services were held Friday. At one o'clock services were held from the Larson Undertaking parlors and at three o'clock from the Rindahl church at New Solum. The Rev. Aug. Bredeson, who also baptized and confirmed her, officiated at the obsequies. The church was filled with relatives and friends of the young girl, who was liked by all who knew her. Interment was made in the cemetery in New Solum.

Among relatives who attended the funeral services at New Solum were: Her father and stepmother, Mr. and Mrs. Alex Gulseth, her sister and brothers, Inga and Garfield and Ingolf of Benwood; Mrs. A. H. Halvorson of Downer; Alfred Gulseth of this city, and who also makes his home in Crookston; Mr. and Mrs. Alfred Rasmussen, Mrs. Gust Gulseth and Andrew Gulseth of this city, and Herbert and Clifford Gulseth, sons of Gust Gulseth of this city.

Dies at Age of 98

Mrs. Anna Beckman, 98 years old and believed to have been the oldest person in the northern part of the state, died at the home of her daughter, Mrs. Elias Isaacson, 17 miles north of Bronson, Tuesday.

Mrs. Dagne Christenson

Mrs. Dagne Christenson, wife of Fritz Christenson residing at 514 Dewey avenue, died at her home Tuesday. Mrs. Christenson was born in Norway, and for many years has been a resident of this city. Funeral services will be held at Oklee and burial made in the Oklee cemetery.

Mrs. Marius Olson

Mrs. Marius Olson died at the home of her son Junie Olson, residing on Atlantic avenue, Tuesday, Jan. 22, after a long suffering from a cancerous tumor.

Mrs. Marius Olson was born March 17, 1872 in St. Olaf township, Ottertail county, this state. Her maiden name was Emma Josephine Johnson. Until June 12, 1894 she lived with her parents, Mr. and Mrs. John S. Johnson near Henning, and at that date she was married to Marius Olson of Eagle Lake county, Minn. They came to this city in the summer of 1895 and were among the earliest settlers here. In the spring of 1917 they moved to Brockton, Mont., and resided on a farm 18 miles from that city. Last August her health began to fail and after receiving medical attention there to no avail she returned to this city in November. However no improvement could be affected and after months of suffering she passed away. She is survived by her husband, her son and daughter-in-law, Mr. and Mrs. Junie Olson, and grand child, Charles; her parents, Mr. and Mrs. John S. Johnson of Henning; her brothers, H. C. Johnson of Henning, P. M. Johnson of Newfolden, and O. E. Johnson of Cloquet and her sisters, Mrs. E. O. Erickson and Mrs. Alfred Bredeson of this city and Mrs. Ella Hagen of Henning.

The funeral services will be held tomorrow afternoon from the Zion Lutheran church and interment made in Greenwood cemetery. Rev. George Larson will officiate at the obsequies.

Vivian Viola Vandeventer

Miss Vivian Viola Vandeventer, daughter of Mr. and Mrs. Roy Vandeventer residing in the township of North, one-half mile north of this city, died Jan. 15, death being attributed to colitis. She was born here July 11, 1921. The funeral was held from the Presbyterian church Friday and interment made in Greenwood cemetery, the Rev. Charles Gerlinger officiating at the obsequies.

Mrs. Agda Hanson

Mrs. Agda Hanson, wife of Harold Hanson of Viking, died in this city Tuesday, death being caused by tuberculosis. Mrs. Hanson was born in Viking May 8, 1890, and had been a resident of that place her entire life. She was 27 years, 8 months and 14 days of age at the time of her demise. Funeral services will be held in Viking.

Graduates From East High

Miss Constance Nelson, daughter of Mr. and Mrs. Lewis Nelson residing eight miles southeast of this city, graduated from East high school in Minneapolis Friday, Jan. 17. Miss Nelson spent her freshman, sophomore, junior and part of her senior years at the Lincoln High in this city and completed the course the past semester in Minneapolis.

Newspapers and Publicity

More and more public sentiment is frowning upon bill board publicity. Boards of supervisors are ordering signs removed from along public highways and town and city councils are endeavoring to find legal excuse for doing the same thing along streets. The public recognizes newspapers as the legitimate exponents of publicity. Signs posted at cross roads and fences are regarded as evidences of cheapness both as to business methods and quality of goods.—Exchange.

COUNTRY PAPERS CALLED FARMERS' BEST SUPPORTER

News Service Director Compliments Country Press on Farm Project Publicity.

The rural newspapers of Minnesota were called the strongest supporter of the Farm Bureau movement in the state, by S. E. Elliott, director of the Federation's News Service Department, in his annual report to the convention in St. Paul last week.

After giving the delegates a review of the manner in which the rural editors have contributed to upholding the movement by printing thousands of items about its activities, the director urged that farmers show their appreciation by paying subscriptions promptly. In this connection he said:

"We have given you this summary because we feel it a duty to point out the debt of gratitude that you, as individuals and as farmers, owe to the country editors of the state. And we must bear in mind that the business of publishing a local paper is by no means a gold mine and the least that a local subscriber can do, as evidence of his appreciation of this support is to consider payment of his annual subscription a matter of prime importance. With many papers, January 1 is a time for subscription renewals and I can think of no way in which a reader can compensate an editor for his support of your movement than to pay the subscription price promptly."

WEFALD WRITES ABOUT NORRIS-SINCLAIR BILL

Ninth District Congressman Says Passage of Relief Measure Looks Favorable

MANY SEE REAL AID IN STABILIZATION AGENCY

Declares That Wheat Price Can Be Fixed to Better Agricultural Conditions

The following interesting letter was received by The Times from Representative Knud Wefald of the Ninth district, who makes some illuminating statements regarding activities in the national capital:

The fight for farm relief is on. Congress has now started to work. It is a big and cumbersome machine to get started, but once started I suppose it will be hard to make it stop. The old Greeks said: "The mills of the God's grind slow, but they grind exceedingly fine." So with Congress. It grinds slow but it grinds into bits most that is thrown into its hopper. Out of the thousands of bills presented a very small percentage come out of the grinding so that you can recognize it.

Of course, sometimes the head millers lifts the millstones so that the grist comes through in the shape those who threw it in want it, like in the case of Esch-Cummins, High Tariff, Federal Reserve and such other forced propositions.

It is to be hoped that the one big piece of farm relief legislation, the Norris-Sinclair bill will come through all right, but it has two different mills to go through, first the mill of the Agricultural Committee in each house, and then the big mills in the House and Senate, and believe me, they are not run by wind either when it comes to grinding that kind of a grist. This bill is now in the process of going through the mills of the committees.

The trouble always with farm legislation is that it is so hard to find out what the farmers want collectively. The country is so big and the farming operations so many-fold and varied. The Norris-Sinclair bill comes the nearest to embodying the demands for relief from all the different parts of the country.

There has always been—and I suppose always will be—another obstacle in the way of obtaining farm relief. Whenever it appears that the farmers become united on any one proposition, like in the case of the Norris-Sinclair bill, which proposes a real government agency, interests living off the farmers always bring out counter plans to make it appear that the farmers do not known what they want; then the press of the country, through commercial clubs and other well-meaning civic bodies, put on a propaganda to muddy the waters. These interests usually succeed quite well. The Norris-Sinclair bill was killed in the last session of Congress.

For the larger sense the essence of the Norris-Sinclair bill is as follows:

Provisions of Bill

An appropriation of $100,000,000 is appropriated as a marketing capital of a Farmers and Consumers Financing Corporation; a board of three directors to be appointed by the President. Any member of the Board of Directors can at any time be removed by concurrent resolution of the Senate and the House of Representatives. These directors shall be paid a salary of $10,000 a year. The principal office shall be in Washington, D. C. Politics shall play no part in the appointment or promotion of any employee of the corporation.

The corporation shall be empowered to build, buy, lease and operate elevators and storage warehouses; to buy agricultural products from any person within the United States, and to sell such products to any person or government without the United States; to act as agent of any person producing or dealing in agricultural products either in their "natural or prepared state" within the United States, in the sale of such product either within or without the United States; to make advances to any person for the purpose of assisting any person in the financing of sale, or exportation and sale of such products, but money so obtained must not be expended without the United States.

The declared purpose of the act is to "provide a market for the sale of agricultural products," and to eliminate as far as possible the commissions and charges that are exacted upon agricultural products from the time such product leaves the producer until the same reaches the consumer, and thereby increase the price for wheat that the producer receives and decrease the price for wheat that the consumer pays.

The net earnings of the corporation, not required for its operation shall be accumulated as a reserve until such a time as such reserve amounts to $100,000,000; and thereafter all the net earnings of the corporation not required for the redemption of any of its bonds shall be paid into the Treasury of the United States until such payments equal the amount advanced by the United States for the capital stock of the corporation.

Attempts to Sidetrack

From this it can be readily seen why so many efforts are made to split the sentiments of the farmer on what is the vital need of the farmers. From this it can be seen why it is necessary to raise objections against this measure among ordinary people, consumers of agricultural products.

The Farmer-Labor delegation in Congress, who stand committed to a program of agricultural relief, and who went through the stabilization campaign in the 7th and 9th districts and stood committed to price fixing, at least price fixing on wheat, have held in abeyance any bill that they might introduce on that question because it is apparant that the sentiment over the whole farming country of the United States has become greatly crystalized in the Norris-Sinclair bill, and they do not want to do anything that will jeopardize the passage of this bill. If such a bill had been introduced now, the opponents of the great agricultural relief measure (Norris-Sinclair bill) would have pointed their finger also to such a bill for price fixing and said: "There are the men who [illegible] cent protest of the farmers, they want something else."

Representatives from all over the farming country are now in Washington to appear before the Congressional committees in favor of the Norris-Sinclair bill.

Conditions Aired at Meeting

The writer attended a farmers meeting on the evening of January 8th at the National Hotel in Washington that was very interesting. It was called under the auspices of the Farmers' National Council of which Mr. Baker of Michigan is president, and C. B. March of Washington, secretary. A considerable number of members of the House of Representatives were present as well as several Senators. It was stated that never before had so many members of Congress responded to a call of that organization to hear what the farmers asked of Congress and to listen to speaches setting forth the true facts of conditions under which the farmers live.

The speakers for the farmers were W. W. Fitzwater of Texas, J. C. Thompson of Arkansas and A. E. Bowen of Minnesota; the two farmers appearing for the Farm-Labor Union of America, and Mr. Bowen appeared as president of the Association for Petition Plan for Stabilization of Price of Farm Products.

A. E. Bowen discussed the decreased purchasing power of the farmers dollar. Citing figures from the record of a Kansas farmer extending over a period of more than twenty years; in 1921 a Deering binder could be bought for 120 bushels of wheat, while in 1922 the farmer who had to buy a Deering binder it took 258 bushels of wheat to pay for it. In 1902 a set of harness could be bought for $23.00, while the same kind of a set of harness in 1923 cost $80.00. In Dane County, Wisconsin, the greatest dairy county in that great dairy state, farmers had told him that it did not pay to milk cows because bran cost $33.00 per ton, which is as much for the by-product as the farmer that raises the wheat gets for it.

Mr. Bowen states that the farmer did not want price fixing. Price fixing would increase production and that would put the farmer in worse than he is now. If price on wheat should be fixed as $1.75 it would hurt the farmer. An emergency now exists for the wheat farmer, but emergencies had existed before, for the farmers of Nebraska and Iowa had to burn their corn for fuel, and emergencies will come in the future. The Norris-Sinclair bill is the remedy for the farmer. It will if put into effect stabilize prices as much as that can be done and solve the farmers emergencies.

In certain sections of the state, said J. C. Thompson of Arkansas, comprising a large area, where a census had been taken, it was found that 51 per cent of the farms were rented and out of the remaining 49 per cent, thirty-five per cent had their homes heavily mortgaged. The bale of cotton that the farmer received $150.00 for cost when it was turned into finished product $300.00. When it was sold to the ultimate consumer it brought $700.00. Here is $400.00 that goes into the pockets of the non-producing classes that should be divided up between all the farmers and the industrial laborers included. Under such a system as we now have the surplus profit piles up in vaults of the non-producing classes. If more was left with the farmer or the laborer, these people would put it right back into other channels of trade and times would be good and the future secure. Wars were caused by surplusses piling up and the necessity of finding markets for the same. Insure against war by making living conditions better and pile up no big surplusses.

The farmers want the passage of the Norris-Sinclair bill because that will stabilize prices by doing away with the unreasoning profits of the middlemen and finance the marketing and the finding of markets for all kinds of farm products.

The speakers from the South prophesized that they would do like what was done in Minnesota in the last election, begin to elect the members of Congress that did not vote the will of the farmers to stay at home.

Pledges Support of Bill

Members of the Senate and House were called upon for expression as to how they would line up on the Norris-Sinclair bill. Most of those present responded and practically all pledged their support to it if it came out of the committees so that it was not so mutilated that it would not answer the purpose now intended. Congressman Wefald of Minnesota pledged his vote to the bill saying that it had been part of the platform he was elected on, that he had taken part in a price fixing campaign last fall and was committed to that, and would present that in due season if nothing better was put over, and believed that as far as wheat is concerned a price could be fixed. He called attention to the fact that a Minnesota Senator in the last Congress had been most responsible for the defeat of the Norris-Sinclair bill, but that the Minnesota voters had attended to him in the last election. He stated that the biggest danger in getting this particular legislation across was the way men are tied to party, but that the Minnesota farmer-labor men could give a lift in either party when such party is in the right.

The message from Minnesota cheered the farmers from the South very much. Senator Capper, of Kansas, Senator Sheppard, of Texas, Senators Ladd and Frazier, of North Dakota, pledged their support. There was some skirmish among the republican and democratic house members as to the benefit of the tariff and the curse of the Esch-Cummins law. Nothing can be discussed in the House of Representatives, whether it is Russia or China or anything else. If the quest of the North Pole were to be discussed I believe these controversional questions would bob up.

The hearings on this bill still goes on and I shall discuss it further again. In the meantime a somewhat similar bill, the details of which is not entirely worked out yet will be launched under the direction of the Department of Agriculture. This bill will give more credit to the Republican party and the administration, but it is a safe bet that the Norris-Sinclair bill must be a good bill for the farmers if the administration now realizes the desperation of the farm situation puts out a bill under disguise to kill it.

The Coulter Plan

The so-called Coulter plan, introduced by Mr. Burtness of North Dakota, a proposition to loan money to farmers to the extent of $50,000,000 with which to buy cows, pigs, sheep and poultry will also soon come before the agricultural committees as a farm relief bill. This bill designed only for the middle northwest, is backed chiefly by Twin City interests and commercial clubs. The farmers heard here so far are emphatic in their statements that the farmers must not borrow more money, but must get cost of production for what they sell, and that forced stimulation in any line of agriculture, forced by loans, will not help the farmer.

The Coulter plan may get almost unanimous support of the middle northwest delegation, but is only a temporary relief and sectional in its scope.

CO. AGENTS CONSIDER FARM PLANS FOR 1924 AT DIST. CONFERENCE

Agent McCann Addresses Extension Forces in Session at Moorhead Last Week

Expansion of the livestock business of the farm chiefly through a better feeding system; more attention to corn growing, selecting early maturing varieties and giving good cultivation; increased plantings of flax on land that will likely give a fairly good crop. These were some of the recommendations made at the county agent district conference at Moorhead, January 17 and 18, by W. L. Cavert, farm management specialist with the agricultural extension division of the university. The conference was attended by J. J. McCann, Pennington county agent.

Mr. Cavert told the agents that the hog production outlook is favorable and that an upward swing will likely be noticeable in 1925. Extent of the spring wheat acreage in 1924 should be determined in large part, he thought, by early spring weather conditions. Early planting is a big factor in getting a good crop and in case of a late spring more of a shift than otherwise to oats, barley, and corn is desirable. Surveys recently made in the Red River Valley had shown that the wheat acreage ranged from 13 to 40 per cent of the total crop acreage including hay.

The agents were advised to counsel the farmers to go slow in making long-time investments and that the dairy business will have its ups and downs like any other branch of farming. An important thing to do, Mr. Cavert said, is to determine as near as possible the sweep and trend of price cycles, and then "to go against the crowd." Cessation of the city building movement will lessen costs of labor and building materials for farm improvement.

R. F. Crim, farm crops specialist, said that farmers are reaching a better understanding of the importance of pure seed adapted to the region where it is to be used. He recommended Grimm alfalfa and wilt resistant flax such as Chippewa and Winona varieties for planting.

Director F. W. Peck of the extension service told the agents that the problem of what to do had probably been pretty well worked out and that the question of how best to do the work is now uppermost. He stressed the importance of home projects, and said that home work ought to be a part of every county extension program.

Several county agents were called upon to explain methods used in putting over successful projects. County Agent J. J. McCann outlined the sugar beet development in Pennington county since 1918 when four acres of beets were grown purely as an experiment. In 1923 the return above cost of seed and hired labor on 2,200 acres of beats was about $100,000. County Agent R. R. Buchanan of Big Stone described a campaign in which 45,000 pounds of alfalfa seed had been sold to farmers. This amount of seed, he said, will sow 4,500 acres and multiply the acreage of that legume in his county nearly six times.

County Agent W. V. Longley of Kittson county told of the methods employed by which 445 potato marketing contracts, embracing 8,655 acres, or 99 per cent of the allotted acreage, have been signed by potato growers of his county. County Agent Stitts of Meeker and Moore of Traverse explained in detail the methods used in "TB" eradication campaigns in their counties. County Agent Kelehan of Ottertail analyzed the effective organization of home project work which has been built up in his county.

The agents and their leaders discussed the functions of the different forces that are promoting county agent work—the county farm bureau, county board, the new county extension committee, and the agricultural extension division of the university. It was brought out that these forces are working in absolute harmony and that the average county appropriation for county agent service is now larger than ever before.

W. E. Morris, district leader, presided over the conference which was attended by 15 agents from 14 counties.

F. E. Balmer, state leader, and some of the county agents attended a meeting of the executive committee of the Clay County Farm Bureau to consider informally the question of reviving the county agent service in Clay county. Farmers and business men who were present agreed that Clay county has been falling behind agriculturally because of a lack of this service that last two years.

Move to Tacoma

H. J. Holden and family departed Saturday for Tacoma where they will make their home for an indefinite period. They have resided in this city the past eight years, making their home on Duluth avenue, a large circle of friends regret to see them leave. They stated, however, that they may return to Thief River Falls after a while. Mr. Holden is employed as engineer with the Barnard & Curtiss contracting company of Minneapolis and as his operations at present are in the western section he decided to take his family to Tacoma. Their new address is 1714 South L. Street, Tacoma, Wash. Before leaving Mr. Holden called at this office and made arrangements to send The Times to the new address, stating that he wants to read all the news of the community while away.

A city of 120,000 population has been found in China without a "movie," yet we think we are more civilized than the Chinese.

CLUB WORK IN 1923 IS POPULAR AMONG MINNESOTA YOUTHS

Pennington County Has 168 Club Workers Under Supervision of Agent McCann

Minnesota boys and girls in club work in 1923 bettered the 1922 club record in several respects. For one thing, the 1923 enrollment was 19,896 as against 18,971 in 1922. For another the value of club products in 1923 was $472,998.15 as against $410,697.78 the year before. The gain or profit increased from $183,022.12 in 1922 to $214,396.95 in 1923. The percentage of those completing the year's work and making their final report was practically the same in 1923 as in 1922—73 per cent as compared with 71 per cent for 1921 and 65 per cent for 1920.

These figures are given out from the office at University Farm of T. A. Erickson, the state club leader, who says club work gained decided ground last year in the confidence and support given it by the people of the state. "It was an important feature of every county extension program," he says. "The public schools made the work a stronger part of their program than ever before, and business men were more generous in supplying funds for special rewards."

The breadmaking project had the largest number of organized clubs in 1923, a total of 295. Followed in order, garmentmaking, 261; canning, 211; potato, 204; garden, 187; pig, 138; dairy calf, 124; poultry, 110. Clubs in the other projects numbered under 100 in each case.

In Pennington county 168 boys and girls are enrolled in dairy calf, poultry, sheep and bread clubs, all of which are under the direction of County Agent J. J. McCann. The accomplishments of club members in this county bear evidence of the splendid work that has been carried on, and Mr. McCann has proven himself an expert in the efficient and capable conduct of the various projects that have been promoted.

During the past year several local youths represented Pennington county at the state fair and dairy show, Miss Myrtle Helgeland of this city and Gordon Hunt of Rocksbury township being awarded a free trip to Chicago to attend the International Expostion.

Plans are being made for an active year in 1924, this being possible only thru the aid of the county agent.

Poster Contest To Promote Safety in Grade Crossings

Preliminary to an intensive campaign to be inaugurated in an effort to bring about a reduction in the number of grade crossing accidents which annually cause thousands of casualties, the American Railway Association today announced plans for a nation wide contest, open to the general public, for the most expressive poster and slogan to be used throughout the nation in connection with the crusade to save lives at railroad crossings.

For the first prize, $500 will be paid to the person submitting the best poster with $200 for second prize and $100 for third. In addition, $100 will be paid in cash to the person submitting the best slogan for the campaign.

Selection of winners will be made by a special committee composed of persons of national prominence. The personnel of the Committee will be announced later.

The contest will be conducted under the auspices of the Committee for the Prevention of Highway Crossing Accidents of the American Railway Association. H. A. Rowe, 90 West Street, New York, is Chairman of this Committee. The contest will close on February 11 at which time all persons must have their posters in the hands of the Committee.

The campaign to reduce the number of grade crossing fatalities is stimulated by the fact that in 1924, it is estimated that not less than 2500 persons, or more than 200 a month, will lose their lives at railroad crossings due almost entirely to automobile accidents while approximately 6,000 persons will be injured, or about 500 a month. Another reason for conducting an intensive campaign is the fact that during the present year of 1924 it is estimated that there will be about fifteen million automobiles in use, an increase of approximately twenty percent over the preceding year.

The railroads are annually doing everything possible to reduce the number of grade crossings. In order further to protect the lives of autoists and others at such places new improved safety devices are constantly being installed. To eliminate all grade crossings, however, would be not only a physical but a financial impossibility on the part of the rail carriers. Reports received by the Interstate Commerce Commission show that in 1922 there were 256,362 grade crossings and to do away with those would mean an expenditure of approximately five billion dollars more than the tentative valuation made by the Interstate Commerce Commission of all the railroad properties used by the carriers for transportation purposes. The railroads did in 1922, according to the Commission, eliminate 706 grade crossings at an estimated cost of approximately $70,000,000.

"DAKOTA" MEN ELECTED CASHIERS

B. G. Berg, a graduate of Dakota Business College, Fargo, N. D., was recently elected cashier of the Merchants Bank of Dalton; A. E. Luebke, another "Dakotan," has been appointed cashier of the First National Bank of Kildeer. About 226 "Dakotans" have become bank officers. Twenty-three are heads of wholesale firms.

Satesdals-lag Will Hold Annual Celebration June 26 and 27 in Grand Forks

T. K. Rynestad, farmer residing east of this city, attended a meeting of the executive committee of the Satesdals-lag of which he is director, at Grand Forks Wednesday of last week, at which time it was decided to hold the next annual convention of the society at Grand Forks on June 26 and 27. The Satesdals-lag, which is headed by Bj. Bjornaraa of Wanke as president, and Olaf Neset of this city, secretary, is an organization of Norwegians whose forefathers or they themselves at one time resided in the district of Satesdal, Norway, and has a large number of members in this community. Several conventions have been held in Thief River Falls.

Senator Henrik Shipstead and Congressman Knud Wefald of Minnesota and Governor R. A. Nestos of North Dakota will be asked to occupy the principal numbers on the program of talks, the committee decided. Music will be furnished by noted violinists, including the best players of the Hardanger violin in the country. There will also be exhibitions of folk dances during the two sessions of the "lag."

Vet Bureau Man Explains Facts Regarding Claims For Aid of Exservice Men

Fred W. Zeller field representative of the U. S. Veterans Bureau of St. Paul, was in the city yesterday in the interest of the ex-service men. Mr. Zeller stated that the law, as it stands now, fixes certain time limits within which disabled ex-service men must apply for various benefits provided by law.

The time within which war term insurance may be reinstated and converted into standard government policies is March 3, 1926. All applications for compensation must be filed within five years from date of discharge from the service. This date has already expired for many men and the next year will see practically all the men who did not re-enlist in the army after the World war, without a chance to file a claim for compensation under the present law.

It is evident that many men who have disabilities due to their war service are reluctant to present their cases to the U. S. Veteran's Bureau until actual necessity compels them to do so. As the law now stands this is unwise. Any men who have disabilities resulting from their military service, even if they are not very serious at the present time, should file their claims now and allow a record to be made so that in making future decisions the bureau may know what the man's condition was in the past. Any existing service disability may become more serious in a few years when the man is older. Instances have occurred in the past where a man thinking himself in fair physical condition, has found himself, upon medical examination, to have a war disability which in the future would seriously disable him.

It is important that all compensation claims should be filed now so that proper medical examination may show the nature and extent of the disability, and so that its connection with the man's military service may be established, says Mr. Zeller. Application may be made direct to the U. S. Veterans Bureau, 360 Robert Street, St. Paul, service officer of the American Legion.

Attends Grand Lodge

O. C. Paulson returned Tuesday morning from Minneapolis where he attended the grand lodge meeting of the Masons. One of the matters taken up with officials while he was there was that of the organization of a DeMolay lodge for sons of Masons in this city. Mr. Paulson also consulted Soo Line officials about securing a special excursion train for a trip to Winnipeg in case the 1925 state Legion convention is held here.

A CREED FOR THIEF RIVER FALLS

From a Speech by "LARRY HO" HODGSON

OUR TOWN IS THE BEST TOWN ON EARTH. Why? Because we are here. We wouldn't be here if it wasn't. No man wants to live in a town if it isn't the best town. If a man thinks his town isn't the best on earth, he should hustle out and find a better. We are here because we know our town is THE BEST; and we are here to keep it so by boosting it every day and building into it the best living that we can contribute.

OUR TOWN IS THE TOWN OF COMRADESHIP. We believe in our town so much that we believe in every other man's town, and we practice the gospel of Fraternity. We want every man on earth to drop off here and see us. Come on, brothers, you'll find us neighborly and human, waiting for you with open hand and heart. The door is wide open day and night.

OUR TOWN BELIEVES IN CO-OPERATION. We practice it among ourselves for our own happiness and welfare, and we want to practice it with all other towns, co-operating with them for the common good.

OUR TOWN IS A LIVE TOWN. It is made up of boosters and builders. We don't want just to beat our neighbors—we want to set them a good example, so that if they want to keep up with us, they'll have to be good towns too.

OUR TOWN IS A TOWN OF FOLKS. They may not all be stylish, but they are genuine. They help one another because they love one another. We have a Real Town because we have real folks. Get acquainted with us, and enjoy yourselves.

OUR TOWN IS A HUNDRED PER CENT TOWN. One hundred per cent American; one hundred per cent human; one hundred per cent neighborly; one hundred per cent friendly.

OUR TOWN IS A HOME TOWN. Our chief pride is in our home as the foundation of our achievement. We have happy homes where women and children sing and laugh; where good men rest and find inspiration. They are real homes where hospitality is not a word but a living fact; where neighbors visit and guests feel comfortable. Because our homes come first, our business, our social life, our civic and commercial enterprises all have the spirit and atmosphere of home.

OUR TOWN IS A TOWN OF LOCAL PRIDE. We figure that nobody is going to respect us unless we respect ourselves; that no one will boost our town unless we make it worthy of our own boosting, and of the praise of all good people. So we take a just pride in keeping our town up to snuff; in doing things that we can be proud of without regret; the things that we dare call attention to because they are clean and progressive and uplifting. And the only thing that our town asks for of each citizen is that he be glad and eager to do the things that give him a just share in our local pride.

OUR TOWN IS A GROWING TOWN. We are not living for today alone; we think in terms of tomorrow. We want a new town every morning when we wake up—a better town and a brisker town and a happier town than it was yesterday.

OUR TOWN IS A DEMOCRATIC TOWN. It recognizes no aristocracy save that of character and worth. There are no class divisions; no artificial style with fradulent barriers set up between one person and another. We care not how people dress if the garments of their souls are clean. We are not interested in their lineage if their hearts are true.

OUR TOWN IS AN OPTIMISTIC TOWN. We have seen tough times and got over them; so we know we can pull through any thing that may ever happen. We have learned that nothing can keep a town back if all the folks believe in it. We won't stand for the give-up spirit. We are here to work, build, boost and conquer, and we intend to fight it out on this line.

OUR TOWN IS A HAPPY TOWN. We don't mope and we don't whine. We are so busy loving life and doing things that we have no time to complain. Happiness, we have found, is the same thing for a town as for an individual. It comes to the town that is singing as it works; dreaming as it builds; praying as it plays.

OUR TOWN IS A GET ALONG TOWN. Our folks all get along together without fussing over little differences. We don't all believe alike, but we all have the same object—we want to serve our community and make it the best there is. Catholic, Protestant, Jew, Gentile, native-born and foreign-born all realizing that they are citizens of the same community, having one purpose and one destiny. So we play the game together.

OUR TOWN IS A SYMPATHY TOWN. We are not too busy to know how the other fellow is doing; to cheer him in his distress, to help him in his misfortune, and to share with him the resources which we have and which he needs.

OUR TOWN IS A HELLO TOWN. The citizens carry a friendly greeting for one another through all the intercourses of life.

OUR TOWN IS A LAW AND ORDER TOWN, believing that only thru the processes of law and order can we have any real progress; we reason together instead of fighting; we substitute sanity for passion; conference for division; confidence for hatred, and justice for anger.

OUR TOWN IS A TRADE-AT-HOME TOWN. We have no narrow ideas against dealing with folks in other towns, but we believe in patronizing home business in every possible way as one of the sure means of building our town and making it prosperous. We have found out by experience that many many times when people buy away from home they pay more for poorer goods. Morally we feel it our duty to support home business that our money may go to support home-town families and the activities that keep the town going. By living up to this rule we help our local business to improve, to expand, and to render increasingly better service for the good of the whole community.

PAYMASTER EMPLOYEES
PAYMASTER INVESTORS

Both Must Be Paid

It is just as essential to the public that we pay fair wages for the use of the dollars invested in our property as it is to pay fair wages to our employees.

We cannot keep capable employees if we do not pay fair wages. And we cannot get the new money we need each year from investors to make improvements and extensions if we do not pay all expenses and earn a fair return.

In order to extend and develop our system to meet the demands of the public for service, this company must obtain millions of dollars from investors each year.

It is to the public's interest, as well as to the interest of the employee and the investor, that the telephone company be prosperous.

One of the most valuable members of the "Progress" staff, Mildred Griffin, has completed her high school course and has left Lincoln high. We are sorry to see Mildred go for she will leave a gap in the senior class that will be hard to fill. Her services here as music editor of the "Progress" assistant literary editor of the "Prowler" and a member of the debate team have been invaluable to these organizations. Though we bid her goodbye with sorrow, we wish her the best of luck for the future.

A new staff member has been added to the present one to take her place. Ersyle Anderson, a junior, has been chosen for this position and we feel certain that she will do her best to help edit a good "Progress."

New Freshmen

Last Monday morning was an historical event in the lives of several students. It was the first day of the second semester, and marked the beginning of a high school career for about thirty freshmen.

Every term there is a mid-year class of eighth-graders graduating and enrolling in the high school as freshmen. Although, they are deprived of the headway gained by the first semester freshmen, arrangements are made for new classes starting in English I and Algebra to give these students an opportunity to catch-up with the rest of the class. Of course, there are petty difficulties among some of the freshies, probably due to timidness and bashfulness, but they have escaped one of the fall requirements for entering high school—initiation is a thing of the past.

We, of the upper classes, wish to welcome these new Freshmen to Lincoln High and we wish them all kinds of success in their high school career. We hope that they will help carry on the splendid spirit, which has thus far been shown by the school and that they will soon become as much a part of it as the rest of us now are.

ARGYLE DEFEATED BY LINCOLN 19-13

Visitors Stage Come-back in Last Quarter of Game By Making 3 Field Baskets

The Lincoln high basketball team retained its 1000% standing when it defeated Argyle last Friday by a score of 19 to 13. Argyle staged a comeback the last few minutes of play that nearly gave them the game.

The scoring started early the first quarter when Parenteau put one thru the hoop. Shortly afterward he shot another, making the score 4 to 0. Sether followed with two more and the quarter ended with the locals in the lead, 8 to 0.

In the second quarter, Argyle made two free throws, but a field basket by Barzen and three free throws made the score 13 to 2.

Penney made two baskets at the beginning of the second half. A free throw by Barzen made the score 18 to 7 after Argyle made five points from two field baskets and a free throw. The scoring for the locals stopped in the last quarter after Sorenson made a free throw. Argyle then made a sudden spurt which lasted until the end of the quarter and nearly won the game for them. They made three baskets in a short time but because of the large lead the Lincolnites had over them they were unable to pass them. The game ended with the locals winning by a 19 to 13 score.

Elmer Tandberg of Middle River refereed the game in an excellent manner, though it was unusually difficult due to the many fouls.

The lineup was:

Thief River—		Argyle—
Parenteau	F.	Bedard
Penney	F.	Gaulet
Sether	C.	Nelson
Barzen	G.	Greene
Olson	G.	A. Nelson

Field Goals: Parenteau, 2; Sether, 2; Penney, 2; Barzen, 1. Argyle: Bedard, 1; Nelson, 3; Greene, 1.

Free throws: Thief River—Penney, 2; Sether, 1; Barzen, 1; Sorenson, 1. Argyle—Bedard, 2; A. Nelson, 1.

Substitutes: Sorenson for Olson, Helty for Sether, Olson for Sorenson.

Senior Candy Sale

The Senior class held a successful candy sale at the basketball game last Friday evening. As a result, they earned about fifteen dollars which will be used toward the publishing of their annual. Candy sales are always popular and the seniors are taking advantage of this fact by holding a series of them to enlarge the '24 "Prowler" fund.

ROSEAU LOSES TO DEBATERS 3 TO 0

Local Debating Team Wins Unanimous Decision in Second District Elimination Contest

The debate between the Lincoln high team and Roseau, which took place last Monday evening, resulted in a unanimous victory for the former. Thief River Falls upheld the affirmative and Roseau the negative side of the immigration question.

The judges were Supt. G. Holmquist of Warren, Rev. A. Hanson of Middle River, and Supt. Orison of McIntosh. The visiting team was composed of Lucille Grothe, Mona Everett and Carol Burkee, accompanied by their coach, Mrs. Everett. Hazel Krause, Margaret Melgaard and Mae Ballingrud make up the local team.

Both teams upheld their side of the debate in a very creditable manner but a superior knowledge of the subject was shown by the locals in the rebuttals. This is the second victory of the season for the Lincoln debaters.

The next contest will be with Crookston and will take place here sometime in the near future.

BASKET BALL SQUAD TAKE TWO-DAY TRIP

Coach Thune's Men Will Play First Out-of-town Games This Week-End

The local basketball quint will play its first out-of-town games this week-end when it will meet the McIntosh and Fosston teams. Both of these are considered very good teams and the contest will undoubtedly be close and hard fought.

Coach Thune's men have a 1000% record behind them and one may rest assured that they do not intend to lose it without cause. Their true ability will be shown on this trip, for hitherto they have played on the local floor and received the backing of a packed audience. The armory floor is much larger than most towns use so the team will be handicapped by crowded quarters, and without the support of a cheering mob, victory will be that much harder.

Regardless of there difficulties, a certain number of games must be played away from home so if the Lincolnites lose, the only thing that can be said is that "the best team won."

Normal Notes

The normal girls enjoyed a surprise party Friday afternoon given by Miss Stapleton. A delicious lunch was served at three o'clock in the Normal rooms.

Plans are being made for rural practice teaching which will be started in six weeks.

Miss Keyes: Who was the greatest inventor?

Clever Junior: An Irishman named Pat. Pending.

A stranger strolled up to a colored prisoner, who was taking a long interval of rest between heaves of a pick. "Well, Sam, what crime did you commit to be put in stripes and under guard?"

"Ah went on a furlong, sah."

"You mean you went on a furlough."

"No boss, it was a sho-nuff furlong. Ah went too far, and ah stayed to long."

Ada Wins Over E. G. Forks

East Grand Forks high school basketball team lost its first district game of the season last Friday to Ada high by a score of 18 to 15, on the home floor. The game was a sensational battle throughout with the visitors taking honors in the first half and the East Siders in the second. Both teams fought stubbornly, the Forkers excelling in passing and defense, but the ability of the visitors to negotiate baskets from a long range more than made up for what they lacked in other departments.

H. S. Glee Clubs Plan To Stage, "The Gypsy Rover"

The Girls' and Boys' Glee clubs are working constantly on an operetta, "The Gypsy Rover," which they are planning to give sometime in February, the exact date not yet being known.

Miss Maude L. Johnson, music instructor, intends to pick the cast for the operetta this week. A large number of persons will be needed and a great deal of work will be necessary, both on the part of the cast and the instructor, to make the play a success, but there is no doubt that they are equal to the task.

ROSEWOOD

Ida Gullseth Passes Away

On Wednesday morning of last week, Miss Ida Gullseth, a niece of A. M. Gullseth of this place, died at the Oakland Park Sanatorium south of Thief River Falls, after about a year's fight in failing health with the dreaded pulmonary tuberculosis. She had been an inmate of the sanatorium since last August, when she underwent an operation for appendicitis, which weakened her considerably, and since which time she has been confined to her bed most of the time. Ida was nineteen years old, and is survived by her father, Ake Gullseth, two brothers, Ingolf and Garfield of Benwood, and one sister, Inga, of Thief River Falls, besides her stepmother and three half brothers and two half sisters at Benwood. Funeral took place on Friday afternoon at the Rindal cemetery at this place with Rev. A. Bredeson of Thief River Falls officiating, Carl B. Larson of the latter place having charge of the funeral arrangements. Among outsiders at the funeral were Ida's father and two brothers from Benwood, her aunt, Mrs. H. A. Halvorson from Baker, Minn., Mr. and Mrs. Gust Cullseth, Mr and Mrs. Alfred Rasmussen and Miss Inga Gullseth from Thief River Falls.

Oscar Ranum is Dead.

Early on Friday morning occured the death of Oscar Ranum, at the home of his wife's parents, Mr. and Mrs. G. Olson of Viking, Oscar also being an unfortunate victim of tuberculosis, which has the last years gradually taken him down until death came as relief following weeks of intense suffering. Oscar is a brother to Bernhard and Benny Ranum of this place and grew to manhood on a farm north of this place. After his marriage he for several years operated the old I. Peterson farm on the Indian Trail southwest of Viking, which, however, he was forced to abandon about a year ago, owing to failing health. He is survived by his wife and four children, and several brothers and sisters. Funeral services took place on Tuesday afternoon at the Rindal cemetery north of town.

Rev. F. O. Anderson of Baudette arrived here on Monday evening from Big Woods and spent Tuesday visiting among friends at this place. He also conducted a home service at the home of Mr. and Mrs. T. Mellem on Tuesday afternoon. The intention was to conduct several services at this place but owing to the inclement weather it was thought best to postpone them. Rev. Anderson left in the evening for his home.

Mr. and Mrs. Carl Mellem this week purchased the interest owned by Mr. and Mrs. T. Mellem in their farms south of town. Mr. and Mrs. T. Mellem, however, retained one acre of ground adjoining the village on the south and will in the spring remove their residence to this place where where they will make their future home.

A congregation surprise consisting of several members of the Rindal congregation, was tendered aged Mr. and Mrs. Bore Sevaldson at their home west of here on Saturday. A neat sum of money, and many cheery greetings and compliments were left with the respectable couple in commemoration of their long support and interest in this church body.

Mr. and Mrs. James Thompson motored to Middle River on Sunday where they remained until Monday as guests with their friends Mr. and Mrs. O. Sprague, editor of the Middle River Record.

Thor Sevaldson and H. Thompson spent Monday visiting and attending to business at Warren.

Swen Swenson returned on Saturday evening from Warren where he had spent the day on business.

Rev. Werner Drotts arrived on Saturday evening from Viking and conducted Sunday evening services at the Swedish church in town. The annual church meeting was held in the afternoon.

Mrs. A. C. Vorseth and daughter, Ella, from Thief River Falls spent Friday and Saturday here visiting among friends in town.

Mrs. Carl McBeth and children returned on Wednesday evening from Viking where they have spent a few days as guests with Mr. and Mrs. S. S. Norgaard.

August Carlson and Alfred Rasmussen motored from Thief River Falls last Tuesday on a business trip.

J. S. Sorenson left on Monday for Thief River Falls with Rev. Geo. Larson's Oakland automobile which has been repaired at this place. He returned on Wednesday evening having done some gasoline engine repairing on a farm east of Thief River Falls.

Quite a few people in this neighborhood are nursing the annual "necessary evil" the grip at this time. Several have been reported in bed for a few days, others merely feel very unpleasant but are able to be about.

Thomas and Alfred Thoreson spent a few days of last week visiting with their sisters, Mrs. Carl Ryan and Mrs. Barney Peterson at Thief River Falls.

The minister was at dinner with the Chaffle family. Johnny spoke up and said, "Can a church whistle?"

"Why do you ask, Johnny?" inquired the preacher kindly.

"Because pa owes $12 pew rent and he says he is going to let the church whistle for it."

After the preacher had taken his departure there was a vocal solo by Johnny.

Notice to Ex-Service Men in Regard to Naturalization.

I have received notice from Raymond F. Crist, Commissioner of Naturalization, that the Act of Congress approved July 19, 1919, providing for the naturalization of honorably discharged soldiers who served in the World war, will expire March 3, 1923. Under the provision of this act honorably discharged soldiers could be naturalized without complying with many of the usual requirements such as declaration of intention, proof of five years' residence, payment of $4.00 filing fee, ninety days wait from date of filing petition to date of final hearing. After March 3, 1924, all of these requirements must be complied with. Therefore any honorably discharged soldier who has not yet become naturalized and wishes to take advantage of the above act must do so before the above named date. For further information in regard to this matter call or write to the undersigned.

Short Course At Crookston Ag. College Opens Feb. 11

An opportunity to attend a six weeks short course is being offered by the Northwest School of Agriculture, Crookston. The course will be given February 11 to March 22. Those who wish to come a week earlier and include the Northwest School Farmers Week and Winter Shows February 4-8 may do so.

The course will present the most practical problems of diversified farming, livestock raising, dairying, poultry, field and feed crops, and mechanics. Women will also be offered a course in dressmaking. Those who come may live at the school and secure board and room in the dining hall and dormitories. Anyone over 16 years of age may enroll for these courses.

The only requirement is that those planning to come must send in their registration early by mail and state their preference as to work to be taken. Address all communications to the Northwest School, Crookston.

Long Sought Wolf Captured

The following account of an exciting wolf hunt near Radium appeared in last week's issue of the Warren Sheaf:

"A large wolf, weighing 56 pounds, that has been roaming the wilds of Marshall county for many years has been captured. An interesting feature about his capture was the peculiar belief of many skilled hunters that the animal possessed a charmed life and could not be killed. He has evaded hunters for the last three years but met his fate last Sunday. Henry Olson, Charles and Harry Sedlacek and Albert Stroble picked up his trail, then it was a matter of only a few hours.

Taking Good Roads Profits

Our state is conceded to lead all its neighbors in the matter of good roads, but there are a lot of our merchants who are not capitalizing them to the degree that they should. Better highways have greatly extended the trade territory of the town, and the live merchant of today is he who seeks customers at distances twice and three times as great as those in which his predecessor looked for patronage.—St. Peter Herald.

Lights and Public Safety

Lights on horse-drawn vehicles at night certainly would make safer traveling for people, but there is a doubt whether an intoxicated driver of an automobile would then respect the rights of a man on the highway. Lights or no lights on a horse-drawn vehicle, every person using the highways is entitled to his share of the road and, we presume, expects a partial amount of safety. Our highways are not built entirely for intoxicated, speeding and careless drivers.—Morristown Press.

BUREAUS RE-ELECT REED AND OUTLINE PROGRAM FOR 1924

Organization and Co-operative Marketing Chief Projects For Coming Year

The fifth annual convention of the Minnesota Farm Bureau Federation, held in St. Paul, Jan. 8, 9 and 10, unanimously re-elected J. F. Reed president and adopted a program of work for 1924, the outstanding features of which are demands that the Farm Bureau strive to obtain a strong local organization in every township in the state and continue its assistance in the up-building of co-operative marketing associations. An essential part of the development of township unit associations will be an aggressive program of home and community activities.

The convention was notable for its lack of time consuming speeches. The delegates spent most of the three days studying specific problems with which the Farm Bureau will concern itself. Early in the life of the convention it was divided into small groups and a special subject was assigned to each. Reports by these groups submitted at the closing sessions, form the basis of the 1924 program. More than 350 delegates attended, among them J. J. McCann, county agent in Pennington county.

This was the third time that Mr. Reed has been unanimously elected to the position of president. A. J. Olson likewise was unanimously elected vice president. J. J. Jacobson of Bowlus and George Freeman of Zumbrota, whose terms as directors expired, were re-elected for three years without opposition. Hagbarth Bue of Northfield was elected second vice president, after the convention had adopted amendments to its articles of incorporation which provided for consolidating the offices of secretary and treasurer. He defeated W. H. Wischow of Winona.

The agricultural development section of the Farm Bureaus' 1924 program demands that salaries of county agents be paid from public funds; that home and community work be made a major project in Farm Bureau activities; that major drainage projects be curtailed until there shall be a greater need for reclamation; that farmers reduce their overhead as much as possible as one way of increasing the farm income and that natural resources be conserved for the benefit of all people.

The program recommends commodity co-operative marketing as the best known type and points out that the aim of farmer-owned selling agencies should be to substitute orderly marketing for the present practice of dumping a crop at harvest time.

Steps to stabilize labor conditions so that farmers will have adequate help are urged.

The resolutions, which supplement the Agricultural Program, endorse a proposal to establish a commission to handle the exportable surplus of wheat or any other farm commodity, commonly known as the Wallace plan. Legislation to relieve livestock shipping associations of handicaps which have resulted from the Federal Packer and Stockyards Control act is asked. Books of co-operative associations, the resolutions say, should be audited under the direction of the State Department of Agriculture, rather than office of the Public Examiner. A policy of retrenchment in taxes is strongly urged. The convention enthusiastically passed a resolution against any reduction in the tariff on butter and vegetable oils.

The president is to appoint a committee of women who are to prompt home and community work, in cooperation with Mrs. E. V. Ripley, member of the state executive committee.

The farm machinery plant at Stillwater, the resolution says, should be expanded until it is manufacturing a full line.

A resolution instructs the administrative officers to bring to the attention of state and federal authorities, practices on the part of creamery centralizers which, delegates charged, are unfair to local co-operative creameries.

The business affairs of the entire Farm Bureau movement was given a great deal attention. It was agreed that when a farmer, anywhere in the state, pays a $5 membership, he has a right to expect that $3.50 will be used for county work, that $1 will be expended in promoting the State Federation and that 50 cents should go to support the national offices at Chicago and Washington. Farm Bureau officials who fail to so handle funds are legally liable to the member, president Reed said.

The first day's session was held at University Farm in connection with Farmers' and Home-Makers' Week. These sessions included President Reed's annual address and a review of the Farm Bureau as a national institution by O. E. Bradfute, president of the American Farm Bureau Federation. Mrs. Ellsworth Richardson of Pella, Iowa, spoke on the Farm Woman's Interest in the Farm Bureau. George H. Thomas, representing the Federal Farm Loan Board read a discussion of the Intermediate Credit Banks, prepared by Merton L. Corey, member of that organization.

The report of J. S. Jones, secretary-treasurer of the Federation, showed the organization to be in exceedingly satisfactory shape, financially. The gross paid membership of the federation in 1923 was 10 per cent more than it was in 1922 and the number of counties in good standing showed an increase of three.

Radio Educates The People

The educational value of the radio to families in their homes and on the farms is becoming more fully appreciated. From one Western broadcasting station people in 114 cities and towns, and thousands of farm homes in the country enjoy daily entertainment.

Lectures from great educational centers scattered over thirty-one states are heard from one super-station.

A family in Ferndale, California hears concerts from Portland, Oregon, and farmers at Livingston, Montana enjoy concerts from Des Moines, Ia.

The pleasure that a whole family gets from nation-wide music and lectures is intensified by the fact that they have been deprived of these things until the discovery of the radio.

NOTICE OF MORTGAGE FORECLOSURE SALE

WHEREAS, default has been made in the conditions of a certain Indenture of Mortgage, made, executed and delivered by Clarence B. Peterson and Amanda Peterson, his wife, of Pennington County, Minnesota, as Mortgagors, to the Goodridge State Bank, Goodridge, Minnesota, a Minnesota corporation, as Mortgagee, upon and covering the following described real property, lying and being in the County of Pennington and State of Minnesota, to-wit:

Lots Numbered One (1) and Two (2), and the East Half (E½) of the Northwest Quarter (NW¼) of Section numbered Eighteen (18), in Township numbered One Hundred Fifty-three (153) North, of Range numbered Forty (40), West of the Fifth Principal Meridian, containing One Hundred Sixty-one and 50-100 (161.50) acres, more or less, according to the U. S. Government Survey thereof, which said mortgage bears date the Twenty-eighth (28th) day of November, A. D., 1919, and was filed for record in the office of the Register of Deeds in and for said County of Pennington, in the State of Minnesota, on the Twenty-ninth (29th) day of November, A. D., 1919, at 10:00 o'clock A. M., and was duly recorded in Book 13 of Mortgages, Page 624, which said mortgage was thereafter duly assigned by said Mortgagee to The Minnesota Mutual Life Insurance Company, a Minnesota corporation, by assignment dated the Thirteenth (13th) day of January, A. D., 1920, and filed for record in said Register of Deeds office on the Twenty-third (23rd) day of January, A. D., 1920, at 1:00 P. M., and was duly recorded in Book 63 of Mortgages, on Page 165.

That said default consists in the failure of said Mortgagor to pay the installments of interest due on November First (1st), in each of the years 1921, 1922 and 1923, and failure also to pay taxes.

WHEREAS, by reason of the default made as aforesaid The Minnesota Mutual Life Insurance Company, as authorized by said Mortgage and the notes thereby secured, has declared and does hereby declare the whole of said principal and accrued interest thereon to be immediately due and payable, and

WHEREAS, there is claimed to be due upon said mortgage and the notes thereby secured at the date of this notice, the sum of Two Thousand Eight Hundred and Ninety-eight and 92-100 ($2898.92) Dollars, being Twenty-three Hundred ($2300.00) Dollars principal, Four Hundred Twenty-four and 98-100 (424.98) Dollars interest thereon, and also taxes paid by the undersigned, and interest thereon amounting to One Hundred Seventy-three and 94-100 ($173.94) Dollars, and no action or proceedings at law or otherwise, has been instituted to recover the same or any part thereof.

NOW, THEREFORE, notice is hereby given that in and pursuant to the power of sale said mortgage contains, and the statute in such cases made and provided, the said mortgage will be foreclosed and the real property therein described will be sold by the Sheriff of said County of Pennington, in the State of Minnesota, or by his Deputy, at public auction to the highest bidder therefor for cash, at the East front door of the Pennington County, Minnesota, Court House, in the City of Thief River Falls, and in said County of Pennington, on Saturday, the 23rd day of February, A. D., 1924, at ten o'clock in the forenoon of that day, to pay the amount which will then be due upon said mortgage, including said taxes, and the costs and expense of this foreclosure, including an Attorney's fee of Seventy-five ($75.00) Dollars, as stipulated in said mortgage to be paid in case of foreclosure thereof.

Flippancy and Flappers

A writer in a current publication deplores the tendency toward flippancy in the young people of today. He considers it demoralizing to true manhood and womanhood.

True, every word of it—lamentably true.

But he might have gone further and equally deplored the tendency of many parents to encourage flippancy and flapperness in their offspring.

There are some parents who exercise exceeding care in the training of their children, and such children invariably mature into real men and women.

There are others who calmly watch their sons develop into sheiks and flappers without an apparent effort to prevent this deformity of mind and perversion of intellect.

The parent who has no thought of tomorrow can hardly expect the child to heed the dangers of today.

Place the responsibility where it belongs, drive it home, and perhaps some good may come of it.

No other course will avail.

Northwestern Bell Company to Spend $2,000 on Improvements Here in 1924

LOCAL EXCHANGE NOW HAS 1,180 STATIONS

Operators Complete More Than 5,000 Calls in One Day. Fine Service Rendered

Plans have been approved for the expenditure of $1,892,000.00 in Minnesota during 1924 by the Northwestern Bell Telephone company. This money will be spent for adding, replacing and improving telephone lines, cables, switchboards, and other equipment. The amount is about a quarter of a million more than was planned for 1923. About two thousand dollars of this amount will be used in the city of Thief River Falls.

All open wire leads on Main, LaBree and Horace avenues are to be replaced with lead covered cable, which provides for added facilities, making possible a greater development in these sections of the city. In addition to this a general campaign is in progress to improve the condition of the existing plant. The trimming of trees along the cable and wire leads is the greatest part of this job, as tree interference causes more telephone troubles than any other one thing.

Change Local Office

The company has just completed a general rearrangement of its equipment and fixtures in the local exchange. Power and fuse panels, ringing machines and other equipment were moved to provide space to house the commercial office in the former terminal room. The business office which was located on the main floor of the auditorium has been abandoned. The merging of the plant and commercial departments made an arrangement like this imperative.

The Northwestern Bell company purchased the local telephone exchange from the Tri-State company in 1918. Geo. Stearns was retained as local manager and Henry Ebbinghousen was made wire chief in charge of the operation of the plant. About 18 months ago the duties and responsibilities of these two men was vested in one man, the manager, and W. G. Plenty was appointed to fill that position. Mr. Plenty was transferred to Wadena, Minn., in August, 1923, and was superseded by Geo. A. Russell, who is now in charge of the local exchange. Mr. Russell was made an area manager in November, 1923, and has charge of the Roseau exchange together with the business of 14 different connecting companies, embracing a large section of northwestern Minnesota.

First Telephone Installed in 1900

An ordinance permitting H. Fant to establish the first telephone system in Thief River Falls, was approved by the city council on May 12th, 1900. In 1912 this system had expanded to include 450 telephones. Statistics for December, 1923, show that there are now 1180 stations connected to the Thief River Falls exchange.

The records of the company show some interesting figures as to the number of conversations completed in a day. Figures for Jan. 9th show that there were 4800 local calls completed, 150 long distance calls and 230 rural calls. This makes the average number of conversations per telephone per day as six. In other words, every telephone in town completes six conversations per day.

Twelve Employees

The local force consists of the following people: G. A. Russell, manager; Miss Marie Thill, chief operator; Albert Erickson, clerk and cashier; H. D. Anderson and W. R. French, combination-men, and Miss Olga Knutseth, evening chief operator. The operating force consists of Misses Olga Skaar, Caroline Rhodegaard, Louise Kvalt, Edla Nordquist, Ethel Pechie, and Mrs. Myrtle Myrland. The highest degree of service is rendered by this efficient staff of officials and operators, and patrons of the Thief River Falls exchange are unanimous in their commendations of the promptness and precision with which each call is handled. In spite of everything else and though the world may seem entirely wrong, the operator always replies to calls in a most pleasant voice and courteous manner, each and every call being given the closest attention possible.

Many interesting sights are to be seen in a telephone exchange. The public in general sees only the instrument on the wall and the poles on the street; however, the more vital things are in the exchange itself. The company invites the public to visit its exchange at any time and its employees are always glad to explain the workings of the equipment. The average person has no conception of the complicated equipment and the hundreds of thousands of tiny wires that make possible an electrical system of communication.

CREAMERY ASS'N. ANNUAL MEETING SAT. JANUARY 26

(Continued from page 1)

stations dropped about 40,000, indicating that the amount of cream bought from patrons in the vicinity of Thief River Falls is practically the same as the previous year.

Patrons Receive $238,691.83

The huge sum of $238,691.83 was paid patrons of the local creamery for butterfat and milk in 1923, this being an average of $651 for each day in the year including Sundays. The average price paid monthly patrons was 48 cents and cash patrons 45 cents, while the average received for butter was 42½ cents or 5½ cents above last year. The peak price for butter was received in 1919 when it brought 57.1 cents. 63.7 cents was paid for butterfat in 1920. The average test of cream is given as 28.2 as compared with 28.63 for the previous period while the milk tested 3.56 this year and 3.78 in 1922. The banner month of the past year was June, with receipts of nearly $30,000.

In the manufacture of butter the creamery had an overrun of 22.66 per cent or a total of 114,264 pounds over the total pounds of butterfat purchased and made into butter. The amount of butter sold during the year was 614,129, while the amount of butterfat used in this production was 511,843.6 pounds.

City Uses 119,651 lbs. Butter

The statement shows that the city of Thief River Falls is a big user of the creamery's output, local citizens using 119,681 pounds as compared with 135,507 in 1922. The local butter sales amounted to $55,935.57; buttermilk, $716.86; cream, $6,806.68; milk, $4,724.30; prepared buttermilk, $811.21; butter shipped, $205,787.93; and miscellaneous sales, $309.22. Together with the value of the butter on hand the gross value of sales totals $279,134.27. The total disbursements for the year, including the $11,388.37 paid for butterfat and milk, were $273,091.41, leaving a net gain on operation of $6,042.86. Together with other items of income the net reserve for 1923 totals $7,550.96, making a total surplus and reserve of $36,549.34.

The assets of the association at the close of the year including $13,262.59 in cash on hand and in banks, is given as $51,706.77. The building and site is valued at $5,407.78 and the machinery and equipment at $8,568.32. One hundred and seventy dairymen of the community are stockholders in the association.

Many $1000 Patrons

Twenty-three patrons of the Thief River Falls creamery received more than $1000 in cream checks during the year, P. Engelstad topping the list with a total of $4,756.13 and Hans Anton following with $2,415.15. There are 101 names of monthly patrons whose annual receipts totalled more than $500 compared to 61 in 1921. Only 10 patrons exceeded $1000 in 1921. This indicates a splendid increase in the dairy operations of progressive farmers of the community, and speaks well for the industry in Pennington county.

The receipts of butterfat in 1922 were six times as great as in 1907, the first year of the creamery's operation. The growth has been steady and in some instances remarkable. Reports for past years show a slump in 1912 and in 1917, but the following years more than made up for the decline. There was also a slight falling off in 1920 due to the scarcity of hay and the high prices paid for beef animals.

101 in $500 List.

LOCAL EXHIBITORS HAD BEST POULTRY AT BELTRAMI SHOW

Gustafson "Brings Home the Cake." Many Prizes Awarded Pennington Birds

Pennington county poultry fanciers carried off practically all the worth while prizes at the poultry show conducted in Bemidji last week under the auspices of the Beltrami Poultry association. Special prizes for the best bird and also the best pen in the entire show were awarded to L. A. Westphal of St. Hilaire, who exhibited 30 White Wyandottes, and who had the largest and best display of all classes.

Local poultry breeders who had entries in the Beltrami show and attended the exhibition last Friday are Olaf Neset, 14 Rhode Island Reds; C. D. Gustafson, 12 Barred Rocks; and H. L. Schuster, five S. C. White Leghorns. All are residents of Thief River Falls and are making not only a hobby but a success as well in the raising of these fine specimens of the feathered tribe. A total of more than 400 birds were shown, and were of a good quality, according to the delegation from this city, who are high in their praise of the reception they were accorded in Bemidji.

Mr. Gustafson with his Barred Rocks "brought home the cake" in the full sense of the word. He was awarded the prize of a cake from the Cremo Bakery for having the best Barred Rock cockerel in the show. He also had the best and largest display in the show and was awarded the following prizes for his other birds: 1st, 2nd and 3rd, cockerel; 3rd and 5th, pullet; 2nd, hen; 1st and 2nd, pen.

The prize for the display of ten or more birds the greatest distance from the show also goes to Thief River Falls, this honor being divided between Neset and Gustafson. The latter, who resides in the western section of the city, however, appears to be farther from Bemidji than Neset, whose home is on the East side.

L. A. Westphal of St. Hilaire in addition to having the best bird and the best pen in the show, was also awarded sweepstakes prize for the champion Wyandotte pen; 1st, 2nd, 3rd and 4th, hen; 4th, pullet; 1st and 5th cockerel; 1st and 2nd, cock; utility class—1st on cock, 1st and 2nd on hen and best pen in class; 1st, young pen; 1st, old pen, in open Wyandotte class. His White Holland turkey also won first honors. The Toulouse geese entered were given 3rd for cockbird and 2nd for hen.

Olaf Neset was given the distinction of having the best Rhode Island Red display in the Beltrami show and was awarded a special prize for pen. Other prizes won by Mr. Neset's birds are: 1st, 2nd and 3rd hen; 1st, 2nd and 4th, pullet; 1st and 2nd, cock; 1st, 2nd and 3rd, cockerel; and 1st and 2nd, pen.

H. L. Schuster of this city had the best display of S. C. White Leghorns in the show, and was also awarded 1st for cock, 1st for hen, and 1st for old pen.

Thief River Falls and Pennington county as a whole received much favorable publicity as a result of the showings made by these men. Poultry breeders from all over the state and other states are making inquiries regarding Pennington county birds, local fanciers having no difficulty at disposing of their birds or eggs at top prices.

Dr. Milan in Cities

Dr. M. George Milan left Sunday evening for the Twin Cities to spend a week's time visiting with friends and attending to business matters before assuming duties at the Warren Hospital, which position he accepted some time ago. He will spend a few days in this city on his return before going to Warren.

Notice to Bidders

Bids for putting up ice at the Creamery will be received on Tuesday, Jan. 29th. For details apply at Creamery Office.

Secretary.

MORE PROTECTION IS REQUESTED BY CITY'S RETAILERS

Petition From Merchants Calls For Strict Enforcement of Transient Ordinance

A communication signed by nearly fifty retail merchants of this city asking that the city more strictly enforce the present ordinance relating to transient merchants, or to enact a more stringent one, was read to the city council Tuesday night and the matter was referred to the city attorney.

The idea back of the petition is to protect the legitimate merchant who is paying local taxes, and to keep out any who might try to bring in shoddy stocks, etc., for a quick sale or turnover and then leave without paying taxes.

The city ordinance as now in force requires a bond from such prospective merchants and also a daily license but the city attorney stated that the matter if brought into the courts might not bring about the desired result as the whole matter was one of fact and it might be hard to prove that the so-called transient was not a legitimate merchant.

The fact that the city has been over-run with peddlers who go from house to house peddling their wares has been a detriment to local merchants, who in many cases sell their merchandise cheaper than the peddlers offer it for, but the housewife in order to get rid of the agent often agrees to take some of his wares.

OFFICERS OF AUTO CLUB ELECTED AT TUESDAY'S MEETING

Plan Auto Day in Conjunction With Commercial Club. Many Matters Taken Up

All the old officers of the Pennington County Auto club were re-elected at the annual meeting held at the county agent's office in this city last Tuesday evening. They are F. J. Stebbins, president; Dr. H. W. Froehlich, vice president; Nels Christiansen, treasurer; and E. M. Bennes, secretary. It is now fifteen years since Mr. Stebbins was chosen to head the auto club the first time, and he has served all but three years since.

Messrs. Stebbins and Christiansen were selected as representatives of the club to attend the meeting of directors of the state association in Minneapolis on Feb. 5. At this convention various matters concerning automobile owners will be considered and recommendations for certain measures relative to traffic regulations and other auto and road problems will be made to the state legislature.

A review of the past year's activities of the local club show accomplishments which are an asset to the city and entire community. During 1923 seven signs directing traffic to Thief River Falls were erected at various points in this section of the state. Signs of the size 3 by 7 feet were placed in conspicuous places at Mentor, Erskine, Bagley and south of Red Lake Falls. Larger ones, 4 by 7 feet, were set up at Warren and at the Canadian border on the Jefferson Highway. These signs are constructed of plank and steel and are of a most substantial nature. They mean a great deal in attracting the motor traffic to this city and the club is to be commended upon its activities along this line. Members present recommended the placing of more signs during the ensuing year.

The club, which has a membership of 104, closes the year with a balance of more than $200, the financial condition being very favorable, according to the treasurer. Membership dues are $2 per year.

At the meeting Tuesday the delegates to the state meeting were instructed to confer with the state highway department in regard to the erection of arches across the trunk highway passing thru Pennington county at the county lines at points north and south of this city. These arches would be labeled "Pennington County, the Home of Alfalfa," and would make known to every motorist on the Jefferson Highway as to just when he enters the "land of milk and honey."

The delegates will also bring up the matter of getting some measure which will do away with the glaring headlights which still continue to endanger automobile traffic.

It was decided to confer with officers of the Commercial club in regard to arranging a meeting of that organization and designating it as Auto Day. All auto owners of the city will be invited to attend and the meeting given over to a discussion of auto and road problems, which take up much interest in this day and age of motordom. It is planned to hold this joint meeting during the early part of April.

The need of interesting more people in the automobile club was expressed, the attendance at the meeting Tuesday being but a small percentage of the total number of auto owners in the county.

Piano Teacher Announces Opening of 2nd Semester

Mrs. Doris Halvorson Pope this week announces that her piano classes will begin their second semester's work on Monday, Jan. 28. All those who wish to begin should register this week.

Mrs. Pope is well known here as a pianist and teacher, having had a large class in piano for the past two and one-half years. The work she has done for the piano students of this community show her to be a teacher of high order. She is at present a pupil of Madame Bailey-Apfelbeck in Minneapolis. Mrs. Pope maintains her studio at 515 LaBree avenue north.

PENNINGTON COUNTY SPENDS $80,000 FOR 1923 ROADS

(Continued from page 1)

proaches and surfacing and re-surfacing of two miles, $4,636.34, of which $3,520.85 is cost of bridge; clay filling and graveling on State Road No. 6, north of Oklee, four miles, $5,620.67; completing angle road, construction and surfacing of four miles connecting with State Road No. 6, $16,520.59, $3,510.77 being paid in 1922; construction and surfacing of road north and south past Highlanding, six miles, $23,636.29; construction of concrete culvert and offtake ditch on State Road No. 2, six miles east of Thief River Falls, $2,425.08, $636.86 being paid during 1922.

Two jobs on township roads totaling four miles at a cost of $2,401.68, was constructed under the supervision of the county engineer. They are: One mile north of Wylie, eliminating mudholes, townships of Polk Center and Black River co-operating, $864.33; three miles of road north from Soo roundhouse past golf links, reshaping and surfacing with cinders, town of North co-operating, $1,5[illegible].

Bridge on Trunk Highway

A total of $4,243.10 was expended for the construction of the bridge on Trunk Highway No. 32, south of the city, financed by the state but for which engineering services were furnished by Pennington county.

Practically the entire amount spent in road construction in the county has been paid to Pennington citizens, *several hundred taxpayers having been* paid for hauling gravel in surfacing the various roads, and the grading contracts have all been executed by local contractors.

Eighty-two Miles Maintained

There is now a total of 98.5 miles of state aid roads in the county, 82 miles of which was maintained during the past year at a total cost of $10,552.40, or an average cost of $122.70 per mile. Five patrolmen were employed full time at $125 per month, and nine part-time men were employed at the rate of 75 cents per round-trip mile. Day labor rates were 30 cents per hour for the man and 10 cents per hour for the horse.

Of the 98.5 miles designated as state roads, 66.25 miles are gravel surfaced, 11 miles graded but unsurfaced, and 21.25 miles unimproved. The latter includes 12 miles of the Pembina Trail.

Eleven miles of state aid roads and one mile township road has been surveyed by the engineer for 1924 construction.

Engineer Umland in his report to the county board urged greater co-operation between the county and township units in the construction of road projects.

SPELLING CONTESTS IN 17 SECTIONS OF COUNTY SAT. JAN. 26

More Than 150 Pennington Youths Partake in Preliminaries. Semi-Finals Feb. 2

More than 150 pupils in Pennington county rural schools will be eligible to enter sectional district elimination spelling contests in various parts of the county Saturday, Jan. 26, in preparation for the semi-finals which will be held in Thief River Falls on Feb. 2. At the semi-final contest here two spellers will be chosen to represent Pennington county in the annual spelling contest at the Northwest School Farmers' week and Red River Valley Winter Shows Feb. 8.

Literature giving rules of the contest have been sent to all Pennington county teachers by Superintendent O. R. Sande, and seventeen sectional leaders thruout the county are arranging for the sectional contests to take place Saturday. Sectional leaders in charge are: Rose Oski, Route 1, Thief River Falls; Lillian Noman, Wylie; Esther Fricker, St. Hilaire; Clara Sorenson, Route 3, Thief River Falls; Milda Shefveland, Route 3, Thief River Falls; Mabel Shefveland, Kratka; Johanna Wedul, Hazel; Stella Thompson, Erie; Laura Wold, Kratka; Bertha Christianson, Wanke; Gertrude Olson, Rhoda; J. W. Erlandson, Erie; Agnes Stucy, Rhoda; Mystle Myrin, St. Hilaire; Laura Kron, Rosewood; Florence Geror, Wylie; and Rose Lehmkuhl, Red Lake Falls. The two ranking highest in each section will take part in the county finals in this city, making a total of 34 youths eligible for the semi-finals.

The expense of the county delegates to Crookston will be taken care of by the Farm Crops Show organization. Winners at the county contest will be awarded prizes of $2 and $1.50, while at Crookston the one capturing first prize will get $7; second, $5; third, $3 and the next five, $1 each.

Any pupil enrolled in a one room rural school in any grade up to and including the eighth, who has not already won first in written or oral spelling in any Farm Crops Shows contest, and who had not participated in a state spelling contest, shall be eligible to enter the contests. Pupils who have passed the state examinations in one or more subjects but who have not passed enough of the examinations to be entitled to receive the county diploma, are eligible.

Mellby Attends Medical Meet

Dr. O. F. Mellby left Monday evening for St. Paul to attend the quarterly meeting and annual election of the state board of health, of which he is a member. He returned today.

Woman's Statement Will Help Thief River Falls

"I hated cooking because all I ate turned sour and formed gas. I drank hot water and olive oil by the gallon. Nothing helped until I used Adlerika." Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel and removes all gas and poisons. Excellent for obstinate constipation. Helps any case gas on the stomach in TEN Minutes. F. J. Stebbins, duggist.

Y. M. C. A. Officers Are Re-elected. Activities Temporarily Suspended

At a meeting of Thief River Falls men interested in Y. M. C. A. work held at the quarters in the Library basement last Monday evening the officers were re-elected to serve another year. They are: C. D. Gustafson, president; Rev. Chas. Gerlinger, vice president; and H. E. Nelson, secretary-treasurer.

It was decided to suspend activities of the Y for the time being, the funds of the organization being unavailable at present, and no definite program was arranged. A committee composed of Rev. Chas. Gerlinger, Clarence Pope and Supt. O. R. Sande was selected to work out a program of activities to be put into practice when the organization again re-opens for the boys and young men of the city, which it is hoped will be in the near future.

In the meantime the Boy Scouts and various church organizations for young men in the city will make occasional use of the rooms.

FIRST 1924 MEETING OF PARENT-TEACHER ASSN. MONDAY JAN. 28

Social Affair With Attractive Program Marks Opening of Year's Activities

The first 1924 meeting of the Parent-Teachers association of this city will be held at the high school auditorium next Monday evening, Jan. 28, according to announcement by Mrs. R. Arnold, president of the organization. The meeting is to be a social affair, together with an attractive program and special amusements.

The program as arranged by those in charge includes an address by J. S. Arneson, reading by Miss Dorothy Sweidenburg, vocal solo by Dr. J. N. Nesse and musical selections by the Boys Glee club of the high school. The amusement features are in charge of Morris Bye, principal of the high high school and vice president of the association, who promises something of more than usual interest.

Following the program refreshments while be served by a committee of which Mrs. J. H. Hermunson is in charge.

Everyone who has children in the schools of the city or is otherwise interested in the promotion of the greatest efficiency in the educational machine, should make it a point to attend this and following meetings held by the associaition.

"KATHLEEN" SNAPPY MUSICAL COMEDY AT AUDITORIUM JAN. 29

(Continued from page 1.)

has variety and is very pleasing. The musical hits of the show may be had at the Thief River Music store. The choruses are all of a high order, with attractive costuming adding much to the effect. Approximately 100 persons have a part in the performance, there being about a dozen choruses, which makes it impossible to mention each one individually. Besides the main cast, members of which lead several of the chorus groups, Earl Effinger leads "Dance O' Mania", an unusually attractive group song and dance number.

"Kathleen" was presented under the auspices of Company M in Grand Forks last Friday and Saturday and proved to be a hit of the season in the line of home talent theatricals.

The members of the Community club are making a thorough canvass of the entire city with the aim of filling every seat in the large auditorium and it is expected that they will meet with liberal support from the citizens generally. Tickets may be reserved at Lambert's drug store beginning on Saturday morning.

THIEF RIVER FALLS TIMES
VOLUME 13 Thief River Falls, Pennington County, Minnesota, Thursday, January 31, 1924 Number 52

COUNTY TAXES TOTAL NEARLY HALF MILLION

County Starts Year With Balance of $83,902 According To Auditor's Statement

EXPENDITURES NEARLY $800,000 DURING 1923

Taxable Property of All Kinds Valued at Six and a Quarter Million Dollars

Pennington county last year received from all sources, including the balance of $85,251.47 on hand Jan. 1, 1923, and outstanding warrants totalling $75,902 on Dec. 31, 1923, a total of $806,792.90, and starts out the new year with a balance in the treasury of $83,908.31. This is $1,343.16 less than the sum on hand the previous year but more than $22,000 more than the balance at the opening of 1922. The surplus this year, however, is partly wiped out by the fact that the outstanding warrants at the close of 1923 aggregate nearly $76,000. This *is a reduction of from approximately* $95,000 the previous year.

The total receipts for the year, deducting the balance of $85,251.47 at the beginning of the year, was $721,641.43. The total receipts from current taxes collected was $396,356.42 which is $2,000 more than for 1922. The sum of $56,766.12 represents the delinquent tax collected. The total receipts also includes $3,904.49 for penalties, interest and costs, $17,479.73 for private redemptions, $22,884.90 as state and governmental aid for state and county roads, $2,882.73 as interest from local banks on county funds, $19,632.85 as school district apportionment from state, $44,274.44 as state aid for school districts, $1,749.11 as fines in municipal and district court, $70,009.72 as funding bonds on county road and bridge fund, and $1,394.51 as gross earnings tax from the Minnesota and Northwestern Railway company. These are the principal sources of income.

Schools Get Quarter Million

The schools were responsible for the greatest outlay, this being $226,135.58, or a reduction of about $8,000 from the previous year. Next in the total are the warrants drawn on township, city and village fund, this sum being $117,411.15. The general ditch fund was drawn on to the extent of $93,609.95, this fund being overdrawn a total of $44,619.73 to be met by a sale of bonds authorized by the county commissioners in session last week. Roads and bridges were responsible for an outlay of $86,472.85, this fund also being in arrears to the extent of nearly $22,000, to be made up by retrenchment in the road building program during the coming year. The revenue fund, which provides for general running expenses of the county such as salaries, court expenses, mother's pensions, bounties of all kinds, etc., represents an expenditure of $45,305.61, an increase of nearly $6,000 over 1922.

Official Statement This Week

In the official statement which appears in today's issue of The Times, the expenditures are shown in detail, every warrant issued being accounted for. Below are given the totals of some of the most important items for which the county's money was expended:

Officers and assistants' salaries	$ 15,600.78
Books, blanks and supplies	4,570.63
Legal publications	3,818.80
Refundments on taxes	2,660.08
Petit Jurors	2,143.88
Red Lake Drainage & Conservancy district	2,074.49
Mothers' Aid	3,653.50
Crow and gopher bounties	1,388.82
Wolf bounties	525.00
Sheriff's expenses	775.85
District Court expenses	396.82
Expense visiting schools	427.83
Insanity cases	317.76
Weed inspectors	89.85
Miscellaneous	5,400.45

Taxes Nearly Half Million

Appended to the statement is an abstract of the tax list of the county for the year 1923, which shows the total valuation of the taxable property of the county to be $6,306,756, divided as follows: Real estate unplatted, $3,414,090; real estate, (lots and platted property), $1,460,625; personal property, $611,401; moneys and credits, $820,640.

The total amount of taxes levied in the county is $497,977.96 slightly below the 1922 levy, divided as follows:

For State Revenue Purposes	$ 37,347.58
For State School Purposes	6,747.95
For Teachers Insurance and Retirement Purposes	274.32
For Principal and Interest on State Loans	23,603.00
For County Purposes	75,029.34
For Drainage Ditch Purposes	74,261.05
For Township Purposes	38,199.04
For City and Village Purposes	89,016.54
For School District Purposes	150,498.54

The bonded indebtedness of the county is given as $749,703.40, largely for roads and ditches.

Dramatic Reader to Speak At H. S. Auditorium Monday

Monday evening at 8 o'clock, John Seaman Garnes, dramatic instructor at McPhail's will give a reading, "Ireland in Story and Song", under the auspices of the Woman's club.

"Ireland in Story and Song" is an interpretation of the phases of the life of that country which are peculiar to it, and is a reading that is more tha ninteresting.

Mr. Garnes is a reader of merit and is widely known as one of the few who really possess the art of making the audience see as the author saw. With this combination it is unnecessary to say that this will be one of the most rare treats of the season.

Herbert Keene, Former T. R. F. Boy, Is Star Performer for Minneapolis Basket Quintet

"Star Edison High Forward Returns To Bolster Lineup" was the headline that topped an article featuring Herbert Keene, formerly of this city and a member of the Thief River Falls high school basketball team, in the sport columns of the Minneapolis Journal Tuesday. The former Lincolnite is making a name for himself in athletic circles of Minneapolis high schools, clearly indicated by the following from Charles Knapp, Journal sport writer:

"Chances to climb and get back among the leaders in the high school basketball race were given a big boost at Edison yesterday when Herbert Keene, star basketball and football player, who became ineligible when forced to abandon his studies because of illness, reported to Carl Blakeslee, coach, ready to finish the season.

"Keene was one of the mainstays on the Northeast school's football team before illness forced him to leave school last fall, and it was not until yesterday that he cleared his scholastic troubles

"Keene is a fast basketball player and should be a big help to Edison in putting the team back as a title contender.

76 "BUDDIES" JOIN LEGION RANKS DURING 14-DAY DRIVE

Plans For 1925 Convention in T. R. F. Discussed. May Hold District Conference

With 76 members added to their ranks the local Legion buddies were a happy bunch at their meeting and mess feed Thursday evening, which marked the close of the membership drive. F. J. Burns and his colleagues won in the scrimage for members and together with the new members and other legionaires were guests of the W. A. Hall contingent. About 20 of the list are new members, the remaining number being old members who renewed membership.

The business meeting took place first, Adjutant O. R. Sande presiding in the absence of Oscar Smith, commander. The main issue was the consideration of the 1925 Legion convention.

After discussing the details necessarily attached to a convention of this nature, which involves caring for a delegate attendance of about eight thousand, the only point which could be considered an issue was obtaining the convention. Billets will be provided by making available every home in the city and securing a large number of Pullman cars from the Soo railroads and using them as sleeping quarters and also as coaches for the Winnipeg tour which event will feature the convention. Oscar Paulson, on his recent trip to the cities secured the assistance of the Soo in this matter and the coaches will be available when the time comes. Many of the progressive business men of the city have promised every aid in entertaining the delegates.

Another measure adopted to assure the success of the convention was that of communicating with all of the business houses and fraternal organizations for their support in accommodating the visitors and contributing to the general support of the event.

The council members, who were present by special invitation, each gave short addresses, which clearly pointed out that Thief River Falls was in far better a position to hold the convention than many other cities which have held it in previous years and that from records of past conventions, could easily put itself on the list of record entertainers. The council members pledged their full support of the venture. H. O. Chommie, legionaire and city attorney, asserted that this city could furnish royal entertainment for the delegates and would make it a real treat for those who attended.

In addition to the 1925 convention, the matter of a district conference to be held in the near future, for the purpose of arousing interest in the Legion and its ideals and program, was brought up. Adjutant Sande has written to the state department for the authorization of such a conference and to set the dates and place.

With the addition of 76 paid members and those who will renew their membership in the near future the local post anticipates an unusually active year and expects a membership of about 125 by summer.

The Legion has been one of the most active organizations of this city and is a decided asset to the community. Much has been accomplished thru the efforts of the Legion that has been of lasting benefit and the future apparently holds more is store.

SIGHT ENDANGERED IN GAS EXPLOSION

Harry Knutson Nearly Loses Sight When He Lights Match To Look Into Gas Tank

Harry Knutson, 16, son of Mr. and Mrs. G. Knutson residing on a farm seven miles northeast of this city, was painfully injured in a gasoline explosion Saturday when he peered into the gas tank of a Ford with the light of a match to learn whether or not there was any gasoline. There was—and the resulting explosion badly burned his face. Dr. O. F. Mellby of this city was called and the patient brought to the Physician's hospital for treatment. For three days he was apparently blind but since Tuesday has shown signs of regaining the use of his eyes. He is still in the care of nurses at the hospital but will be able to leave for his home in a few days.

Harmony is possible only when someone plays second fiddle.

LONG TERM OF DIST. COURT TO OPEN TUESDAY

Many New Civil Cases Will Be Tried at February Term; Grindeland Presiding

SIX CONTINUED CRIMINAL CASES—4 DIVORCE SUITS

New Criminal Cases To Be Brot Before Court By County Attorney Quale

The regular February term of district court which opens in this city next Tuesday, Feb. 5, promises to be one of the longest in the history of Pennington county. Judge Andrew Grindeland of Warren will preside. The petit jury, a list of which was published in last week's issue of The Times, will appear for service on Wednesday the 6th, when actual trying of cases is expected to start.

Six criminal cases continued over from previous court terms will come up at this time, they being the liquor cases of O. W. Carlson, Adolf Amundson, James Farr and Frank McGinty; Fred DuCramp, selling mortgaged property, and E. J. Gilmet, grand larceny. In addition to these there will also be a number of cases bound over from municipal court during the past few months.

The following civil cases are continued from the June term of court: Richard Hall vs. Geo. S. Snyder; Whitsett Coal company vs. Thief River Iron Works; S. M. Erickson vs. W. C. Nichols; Casper Iverson vs. J. B. Howe and Goodridge State bank.

There are twenty-seven new civil suits filed, among which are four suits for divorce, namely; Rhoda J. Lamphier vs. Geo. T. Lampier; Minnie Vad vs. John G. Vad; Evangeline Viola Jetland vs. Joseph Jetland; Axel T. Johnson vs. Astrid Johnson.

Other new civil cases are: Farmers State bank of Goodridge vs. Martin Kotrba; E. O. Erickson vs. Chas. B. Bradley; J. T. Bowers vs. A. W. Swedenburg; W. T. Raleigh company vs. H. H. Harding, John Graff and Ole Geving; Albert S. Lieberman vs. A. P. Fox; Anton E. Knutson vs. D. E. Tyson et al; F. A. Grady vs. John Mostrom; Farmers State bank of Goodridge vs. Oliver Tommerdahl; Carl M. Carlson vs. City of Thief River Falls; First and Peoples State bank vs. Henry Hyland; P. A. Voldness vs. Sandberg & Roe company and Martin Williams; G. W. Connell vs. R. H. Ross and E. S. Sanford; Farmers & Merchants State bank vs. Emerson Bratingham Implement company; Hoag Security company vs. W. H. Parhau and J. P. Jensen; Stephen Singer vs. Farmers State bank of Goodridge; Lucknow W. Bergquist vs. First National bank, in the matter of the estate of P. A. Ekstrom, deceased; Christopher Vad et al vs. Highlanding township; First National bank vs. G. Halvorson; C. Gotzian & Co. vs N. A. Nelson; Rollins Hosiery Mills vs. N. A. Nelson.

Tuesday was the last day for filing civil actions. Now criminal cases will be brought before the court by County Attorney Theo. Quale.

Twelve personal property tax cases are included in the calendar and two suits involve the payment of motor vehicle taxes, the first cases of that nature to be tried in this county.

POWER QUESTION IS AGAIN TAKEN UP BY COUNCIL IN SESSION

Serious Situation Given Informal Airing at Meeting of Aldermen Tuesday

Shall the city install another Diesel engine at the water works plant, or purchase the dam and improve it, or do both?

This question was again before the aldermen informally Tuesday night and Chairman M. V. Evenson and Chris Porter were in favor of another engine, while H. A. Brumund and Oscar Paulson believe the city should own the dam. T. A. Fossum has not as yet formed an opinion in the matter and Oscar Rambeck is confined to his home with sickness.

At any rate all of the aldermen realize that there is a serious situation confronting the city with the present shortage of water in the Red Lake river and with the heavy load on the present engines, which have been in use for several years.

Something like $50,000 will be required within a short time either for a new engine or for the dam and the council wish to become thoroughly enlightened on the matter before taking any step involving the expenditure of such a sum.

The matter of changing the system over to one of alternating current also was mentioned but did not receive much consideration Tuesday night.

H. I. Brock, representing the Minnesota Electrical Distributing company, offered a few remarks as to how his company could handle the situation, and Mr. Brumund declared he wanted to know just what kind of a proposition his company could make. This Mr. Brock could not state but today when interviewed by a Times reporter stated that the president of his company would come to this city and present a concrete plan.

Gr. Forks Pastor to Speak Here

Rev. S. L. Tallakson of Grand Forks, N. D., pastor of the First Lutheran church there, will deliver the sermon at the Trinity Lutheran church here Sunday. Rev. T. E. Sweger leaves tomorrow evening for Minneapolis on his way to Helena, Mont., to attend a pastors conference for the consideration of Rev. Sweger's new duties.

Who Is Most Beautiful High School Girl in R. R. Valley?

The Red River Valley will have a beauty contest which will be held in connection with the Red River Valley Winter Shows on Friday, February 6. It will be a contest in which high school students will be eligible. The contestants will go to Crookston with their expenses paid by the Winter Show management.

Judges from outside of the state will select the most beautiful and charming high school girl and also a second and a third.

The Winter Show management will pay $25.00 in gold to the high school whose candidate wins first place, $15 to the second and $10 to the third.

The only entry fee is that each high school shall sell five season tickets to the Winter Shows at the regular price of $2 each.

NOTED SPEAKERS TO APPEAR HERE AT 2-DAY EVENT

Committees Making Arrangements for Short Course in City Feb. 18 and 19

FARM, HOME TOPICS TO BE DISCUSSED

Programs and Demonstrations of Interest to Everyone Will Be Featured

Preparations for the short course to be sponsored in this city by interested citizens thru the extension service of the International Harvester company on Feb. 18 and 19, are going forward rapidly and committees in charge of the various phases of the event are working out the details. Most of the program features have been arranged and everything will soon be in readiness for one of the biggest affairs of its kind, ever attempted in Thief River Falls.

The speakers and demonstrators who will come here to assist in conducting the short course will be people of exceptional ability and broad experience.

The sole purpose of the short course will be to assist the people so far as possible, in solving the many problems of the farm, the farm home and the community.

There will be demonstrations and discussions of topics pertaining to the farm and to the home and the short course will be entirely different from anything ever held in this vicinity. In fact, it will be in the nature of a farmers' and housewives' chautauqua. All the lectures will be illustrated with large charts or lantern slides and educational moving pictures.

These pictures will consist of what has been declared to be the best agricultural reels ever produced.

The short course will be for everybody—men, women and children—and will be equally interesting and instructive to those living in town and to those living in the country.

The public will be invited to attend all sessions and no admission price will be charged.

Bible Conference

A bible conference in the Swedish Mission church will be held next week, beginning Tuesday and continuing thru the week, including Sunday, Feb. 10th. Rev. O. J. Lundell, pastor of the Swedish Mission church here will have charge. The conference will be open to the general public at all sessions. Two sessions will be held each day, at 2:30 and at 7:30. Many of the pastors who are in this city this week for the pastor's conference are expected to remain for the bible conference.

SEMI-FINAL DEBATE OF DISTRICT FRIDAY

Crookston's Team of Boys Will Clash With Local Girls Here Friday, Feb. 1

"Shall immigration into the United States be prohibited for a period of five years?" This problem of national interest has been very much before the public for the past few years at least. Some are of the opinion that it is necessary while others believe that restrictions are sufficient.

Many plans have been presented with a view to bringing about a solution to the problem, which is thought by to the problem, which it is thought many, to be of vital importance to the future of this country.

This question will be the subject of a verbal clash between the debate teams representing the Thief River Falls and Crookston high schools at the high school auditorium in this city Friday evening this week at 8:15 o'clock. The local trio composed of three girls, Margaret Melgaard, May Ballingrud and Hazel Krause, will meet three boys representing the visiting team, and will defend the negative side of the question.

The debate tomorrow evening will decide the semi-final champions of the Ninth district, the winners of this debate being scheduled to meet the winners of the Hawley-Fergus Falls debate for district honors. The Thief River Falls trio has two victories to its credit, having defeated Red Lake Falls and Roseau, at each time upholding a different side of the question. Unanimous decisions were given in both cases. They have been working hard the past several weeks under the direction of Lawrence Mickelson, high school instructor.

The turnout at the past two debates this season have not been encouraging, and citizens are called upon to support the Lincoln team by being present tomorrow evening. That it will be a lively debate goes without saying

CREAMERY MEN RE-ELECT HUNT TO HEAD ASS'N

Bjerke Retained as Secretary of Local Co-Op. Creamery. Annual Meet Saturday

ANNUAL REPORT SHOWS HEAVY 1923 BUSINESS

Stockholders Lay Aside Matter of Erecting New Creamery Building This Year

About one hundred dairymen of the community attended the annual meeting of the Thief River Falls Co-operative Creamery association held at the auditorium last Saturday, at which time S. E. Hunt was re-elected president for another term. Other officers chosen were: Hans Anton, vice president; T. H. Bjerke, secretary; Frank Hardisty, treasurer; F. H. Satre, director. Messrs. Anton and Satre replace Carsten Christensen and T. K. Rynestad who served the past year, while the others were re-elected.

It was voted to raise the secretary's salary from $100 per month to $125. The work of the treasurer is also taken care of by the secretary's office.

Splendid Showing

The annual report of Secretary Bjerke was read and approved, a good showing being noted for the year. A complete summary of the creamery's business appears in this issue of The Times. The number of pounds of butterfat brought to the local creamery during December 1923 showed an increase of about 8,000 over the same month the previous year, while the January increase is estimated at about 10,000 pounds.

Building Question Deferred

The question of building a new creamery was taken up but a majority of stockholders voted to defer the matter at the present, existing conditions not being considered favorable to a large expenditure for a new structure. Prospects for improvements in the near future, however, are bright and it is believed that within a year or two the association will take action to build.

Recommendations regarding making certain changes in the method of collecting assessments for sinking fund purposes so as to comply with the federal regulations relating to co-operative associations and the income tax law, were made by Attorney Theo. Quale and was thoroughly discussed by those assembled. A motion was adopted to refund the extra half cent charged non-stockholders, the refund to be either in the form of stock in the creamery or cash.

The meeting was held in conjunction with the Commercial club luncheon, a number of the business men also remaining during the business session of the association.

Milan Leaves For Warren

Dr. M. George Milan, who for the past four and a half years has been superintendent and medical director of the Oakland Park Sanatorium, left this city Tuesday morning to take up his work with the Drs. Bratrud at Warren. He spent part of the past two weeks in Minneapolis and St. Paul and the past week end with friends in this city.

TIMES NAMED CITY'S OFFICIAL PAPER BY COUNCIL BODY TUES.

Action on City Depositories to Be Continued at Regular Meeting Next Week

A special meeting of the city council was held Tuesday night to consider bids from the banks as city depositories. Three bids were read by Clerk P. Peterson, these being all for two per cent, based on the average daily balance for each month, as compared to three per cent as paid last year. The Farmers & Merchants State Bank and the First National Bank both offered to furnish bonds suitable to the city, while the First & Peoples State Bank accompanied their bid with a personal bond.

Inasmuch as the city clerk had advertised for surety bonds in connection with the bids the aldermen thought that they should insist on this procedure, but local bankers declare they are unable to secure surety bonds this year, and in order to more thoroly investigate the matter before taking definite action, it was moved that final disposition be had at an adjourned meeting next Tuesday night. In the meantime an informal meeting will be held with the various banks in an endeavor to reach a satisfactory adjustment.

The Times was declared the official paper of the city for the coming year at the special meeting called for Tuesday night to consider bids thereon.

The matter of the assistant city clerk was again brought before the council at the special meeting Tuesday night when L. C. Nielson, one of the applicants therefor, asked the city attorney, H. O. Commie for his decision in the matter, it having been referred to him a week ago by the council following the receiving of an opinion from the attorney general's office.

Mr. Chommie replied that he did not feel that it was his place to make a report to Mr. Nielson, but rather to the city council, and that this matter was not a proper matter for consideration at the special meeting of the council.

Miss Emily Fossum was duly elected to the position Jan. 8 and to all appearances will continue to hold the position unless removed thru some legal action.

Large Variety Of Costumes At Masquerade Ball Friday

The 30th annual ball of the local fire squad, given Friday evening at the city auditorium in the form of a masquerade, was the subject of much interest and in spite of the severe weather a large number of persons appeared in costumes.

Miss Myrtle Helgeland, dressed in a pretty Turkish costume of old rose, captured the prize for tre best dressed lady and Charles Warner, the best dressed gentleman, wearing a Mexican costume. Mrs. Morris LaSalle, attired in old muslins, draped with clothesline and pins and carrying a washboard, was awarded the prize of the most comically dressed lady and Thomas Gargrave, in clown dress, as the most comical man.

Shortly before 11:30 a circle two-step was begun, after which the judges awarded the prizes and the dancers unmasked. Large numbers of those who had not come in costume and were present as spectators, then took the floor and enjoyed themselves until an early hour.

The hall was appropriately decorated for the occasion in Japanese lanterns and streamers. Seated at the center front of the balcony was a dummy fireman, attired in boots, coat and hat and holding the nozzle of a fire hose.

PICKLING COMPANY MAY INSTALL SALTING STATION HERE

Matter of Securing Cucumber Acreage in Vicinity Taken Up At Club Luncheon

Possibilities for a pickling station in Thief River Falls were considered by farmers and business men in session at the Commercial club luncheon last Saturday, the club meeting being held at that time in conjunction with the creamery association.

A communication from the M. A. Gedney Pickling company of Minneapolis received by the president of the club, Dr. H. W. Froehlich, regarding soil conditions, acreage and other information relative to the raising of cucumbers for pickle purposes, was presented to those assembled. According to the letter received by Dr. Froehlich, the company would consider establishing a salting station in this city if a sufficient acreage can be secured and conditions are favorable for raising this product.

A number of farmers were called upon, their expressions being in favor of securing such a station to make it possible to add another line to the diversification program carried out here. It was brought out that cucumbers for pickling purposes can be raised very successfully in this community and several farmers gave assurance of putting in good sized plots if the proposition is taken up by the company. The general opinion of business men and farmers who spoke on the subject was that it would afford additional revenue to growers in this vicinity, and as the price of pickles is steady, returns would be practically assured.

The matter was referred to the industrial committee of the club, members of which are now communicating with the company.

The Gedney company, which is one of the largest pickling companies in the country, maintains a salting station at Detroit, this state, the growers of that vicinity receiving approximately $21,000 as returns from 200 acres. Plots of one or two acres and less are the most common.

A canvass of the farmers in the vicinity will be made by the committee to ascertain the acreage that could be secured here in the event that a pickling station is located in this city. The Commercial club is constantly taking up matters in the interest of the farmers in the community and does all in its power to further progressive and profitable projects.

139 Births and 75 Deaths Is City's Record For '23, Says Registrar Biederman

The report of Dr. J. Biederman, city registrar of births and deaths, shows nearly twice as many births as deaths for the past year. The total of births in Thief River Falls for 1923 is 139, 59 males and 80 females. The deaths reached the low figure of 75, 41 males and 34 females which, however, exceeds the 1922 record by 12. In comparison there were 143 births in 1922 and 136 in 1921. In 1922 there were 63 deaths and in 1921, 71 deaths were recorded in this city.

FIRST MEETING OF PARENT-TEACHERS

Splendid Program Enjoyed By Large Attendance. Next Meeting Scheduled March 3rd

The first meeting of the Parents-Teachers association in the year 1924 held at the high school building Monday evening was unusually well attended and a splendid program given. Morris Bye, vice president of the association, presided in the absence of Mrs. R. Arnold, president.

The program consisted of a vocal solo by Dr. J. N. Nesse; a reading by Miss Dorothy Swedenburg; three songs by the high school boys glee club; and in the absence of J. S. Arneson, who was to have given an address, H. W. Froehlich gave a talk on "Contagious Diseases". After the program those present retired to the gymnasium where a group of girls of the junior class staged a foot ball stunt. Refreshments were served by a committee after the program and some time was spent in social ways.

The next meeting of the association will be held Monday, March 3, and a very interesting program is being scheduled for that date.

MELLBY AGAIN PRESIDENT OF OAKLAND PARK

Sanatorium Commission Re-Elects Officers at Annual Meeting Here Jan. 18

COST PER PATIENT EACH DAY IS $2.49

Total Disbursements For Past Year Were $30,000 According to Milan's Report

Dr. O. F. Mellby of Thief River Falls was re-elected president of the Oakland Park sanatorium near this city, at the annual meeting of the board of commissioners held here Jan. 18. The other officers again chosen to have charge of the affairs of the institution are Donald Robertson, Argyle, vice president; P. O. Myhrum of this city, secretary.

Dr. B. C. Bernard, formerly in charge of the Deerwood sanatorium has been engaged as medical director and superintendent to succeed Dr. M. Geo. Milan, who has been connected with the local sanatorium the past four and one-half years. Dr. Bernard has been in active charge since the first of the year and Dr. Milan has joined the Drs. Bratrud at Warren. The commission deeply regrets the departure of Dr. Milan, whose work has placed the Oakland Park sanatorium among the best in the state, but feels confident that an able man for the position has been secured in Dr. Bernard.

The members of the sanatorium board are: Pennington county, Dr. O. F. Mellby and P. O. Myhrum of Thief River Falls and E. P. Gigstad of St. Hilaire; Marshall, Donald Robertson, of Argyle and E. P. Modin, of Middle River; Roseau, G. I. Brandt of Greenbush and Louis Enstrom of Malung; Red Lake, Dr. N. W. Watson, of Red Lake Falls and Ole O. Lee of Oklee.

The total value of land and buildings comprising the sanatorium property is approximately $115,000.

The total cost per day per patient for maintenance for the Oak Park Tuberculosis sanatorium, maintained jointly by Marshall, Pennington, Roseau and Red Lake counties at Thief River Falls during 1923 was $2,493, a reduction from $2,582 during the previous year, according to the annual report of Dr. M. George Milan, retiring medical director, who will assume his duties soon as a member of the Warren hospital staff. Allowance for excess of supplies on hand Jan. 1 of this year as compared with a year ago was made in arriving at the costs, Dr. Milan says in his report which is made to the Sanatorium Board of Commissioners.

Much progress was made during 1923, when the following improvements were made, Dr. Milan points out:

- Construction of a new barn with garage space.
- Installation of team of horses and wagon with equipment.
- Installation of electric lights on grounds.
- Installation of artificial system of refrigeration, one-and-half ton capacity with ice making machine.
- Encasement of kitchen porch with glass and wooden panels.
- Installation of clinical laboratory not yet complete.
- Installation of 200 chicks.
- Extension of lawn.
- Extension of three large flower beds.
- Repair of underground steam pipes to staff house.
- Dismantling of old ice house.

Total cash disbursements for the year were $30,357.53 which were divided as follows: Administration, $1,639.85; care of patients, $7,278.06; culinary, $9,194.83; domestic, $2,808.67; agriculture, engineering, buildings and grounds, $7,464.88 and miscellaneous expenses $990.33.

Of the total $29,660.47 cash receipts, Marshall county contributed $7,014.61 for maintenance of the sanatorium; Roseau county, $4,929.17; Pennington county, $4,170.86 and Red Lake county $2,843.76. The state aid for free patients was $5,735.00 and the receipts for pay-patients, miscellaneous refund and extra board was $4,967.07.

Thanking members of the board and the people of the four counties supporting the sanatorium for the "whole hearted co-operation" and "moral and financial support" Dr. Milan recommends:

- Continued ground improvements.
- Painting of main building basement.
- Painting of interior of staff house.
- Repair of landry plastering.
- Installation of electric lights to barn and chicken house.
- Completion of clinical laboratory.
- Completion of furnishings for superintendent's quarters.
- Enameling of patients beds and metal bed side tables.
- Providing suitable accommodations so that preventorium work may be carried on amongst any children of the district, who from a physical standpoint are fit subjects to become tuberculosis individuals.
- Installation of adequate X-ray equipment.

A total of 31 patients were in residence on the average throughout the year and the patients discharged remained at the sanatorium on an average of 48 weeks or almost a year. Dr. Milan's medical census for the year shows that 31 cases were admitted, 27 discharged, and 61 were under treatment. The total number of hospital days for the year was 11,696, exceeding that of the previous year to the extent of 692 days.

Snow, Not Aamodt

Due to incorrect information a report of the birth of a daughter to Mr. and Mrs. E. E. Aamodt appeared in last week's issue of The Times. It should have been to Mr. and Mrs. Harvey Snow of Roseau, who were guests at the Aamodt home.

SOCIETY NOTES

Masquerade Called Off

The golf party screduled for Friday, Feb. 8, will be given in the form of a regular dance instead of a masquerade as previously intended.

Sleigh Ride Party

The Misses Elizabeth and Helen Keating and Donald McCrum were hostesses and host to a group of young people Saturday evening when they staged a sleigh ride party. After the drive, they spent the evening at the P. J. Keating home. Refreshments were served at 12 o'clock. Those present were the Misses Elizabeth Keating, Lucille Roark, Marjorie Hoppa, Faythe Warner, Helen Keating, Elmyra Langseth, Sania Erickson and Margaret Roark, and the Messrs. Donald McCrum, Joe Lundin, Melvin Peterson, Roy Longevin, Henry Olson, Melvin Engelstad, Noble Larson and Arndt Anderson.

Miss Erickson Entertains

Miss Sania Erickson was hostess to a group of her friends at her home on Conley avenue Saturday evening. The evening hours were spent at dancing and games and at a late hour refreshments were served by the hostess.

For Son Wayne

Mrs. Jack Kielty entertained a group of little tots at her home Monday afternoon in honor of her son Wayne who celebrated his seventh birthday anniversary. Games were the diversion of the afternoon and at 4:30 a lunch was served by the hostess.

Wedding Anniversary

Mr. and Mrs. Charles Warner entertained a few of their relatives and friends at their home at 1 o'clock dinner Sunday, the occasion being their first wedding anniversary. They were presented with many gifts by those present.

Seventy-Second Birthday

Mrs. Anton Stene was the guest of honor at her home Monday afternoon when a group of her friends gathered at her home in remembrance of her seventy-second birthday anniversary. The time was pleasantly spent in social ways and a lunch, brought by the self-invited guests, was partaken of. As a token of esteem Mrs. Stene was presented with a purse of money.

Mrs. Erickson Will Resume Piano Instruction Monday

Mrs. Thelma Erickson, pianist and music instructor of this city, will resume her classes Monday, Feb. 4th. All student pupils of Mrs. Erickson will report at their regular instruction hours beginning with the first of the week, at her studio on Third street.

Mrs. Erickson has spent the past four weeks as a guest at the home of her father, Mike Holm, secretary of state, and her sister, Mrs. Leslie Provencher, both of St. Paul, and also with friends in Minneapolis. For a while during her absence, she was ill, but is now quite well and will take up her work on her return.

During her years of instruction in piano music in this city, Mrs. Erickson has done much for the musical talent of the younger generation. The junior and senior divisions of the B Sharp club will also resume their activities. Recitals for Mrs. Erickson's pupils are being planned for the near future.

Clubs and Lodges

Young Pine Entertains

The Young Pine lodge of the I. O. O. F. entertained at their hall Friday evening for members and their friends with a special program of dancing and cards. Lunch was served by the lodge at 11:30.

Encampent Entertains

After the regular business meeting of the Riverside Encampment of the I. O. O. F. last Friday evening, the lodge entertained members and their wives at a social time, dancing and cards being the chief diversion. Although the crowd was not as large as anticipated due to the fact that several other events took place that same evening, those present had a very enjoyable time. During the early part of the evening a vocal solo was given by Elra Porter accompanied by Miss Dorothy Holm on the piano and another solo by Miss Thora Hanson, who was accompanied by Mrs. H. L. Schuster, both of which were very pleasing to those assembled. A splendid lunch was served, a feature of which the individual cakes artistically decorated with the emblem of the lodge.

Regular meetings of the lodge are held on the second and fourth Fridays of each month, the next one being on Feb. 8.

Golfers Gather Again

The local golf club stages its fourth party of the series at the Sons of Norway hall Friday, Feb. 8th. These affairs have been a distinct success and the club has grown during the winter months. The membership has reached 63, as compared with 47 of last fall, an increase of 16 members. The club anticipates an unusually active summer with all the enthusiasm of their past summer and winter meetings concentrated on their game.

W. C. T. U. Meet

The W. C. T. U. will hold its next Loyalty meeting at the home of Mrs. A. Cinik, 622 Horace avenue, Feb. 5th, at 3 o'clock p. m. A peace program will be carried out with Mrs. W. W. Prichard, Sr., as leader. The treasurer is desirous that all members come prepared to pay their dues and also bring a new member. Lunch will be served by the hostess. This meeting is open to all who may wish to attend.

'KATHLEEN' PLEASES CAPACITY HOUSE AT AUDITORIUM TUES.

Elaborate Production By Home Talent Is Big Hit. Song Numbers Delight

Citizens of Thief River Falls turned out en masse to see "Kathleen," the pretty musical comedy presented Tuesday night at the auditorium under the auspices of the Girl's Community club, and everyone who saw it agrees that it was one of the best theatrical productions put on by home talent in this city, and accord it the highest praise.

That there is ability among the abundant Thief River Falls talent was clearly evidence in the splendid character portrayals by members of the main cast and the catchy singing and dancing by the chorus groups. From the time the curtain was raised until it came down at the close of the performance the audience was delighted, and repeated applause indicated that the play struck the popular chord. The play is one of unusual variety, decidedly dramatic situations being mixed in with humor which provokes roaring laughter.

The comedy parts were strikingly interpreted. Dave Robinson as Teckley Bramble, Lester Guss as Lem Underduck, the Sheriff and private detective, Miss Lyda Batten as Arabella Wilkins, the postmistress who was the subject of Lem's attentions, and Norbert Holzknecht as Hans Swindler the old Dutch storekeeper, brought out roars of laughter whenever they appeared on the stage. Their parts were taken to perfection, especially that of the storekeeper. The role of Arabella is a difficult one but the comedy features were unusually well brought out by Miss Batten.

Among the hits of the evening were the songs "Arabella" and "Deduction" sung by these characters, the dance of the "By Hecks" adding much to the entertainment.

The role of Kathleen, the Irish maiden, was depicted with delightful effect by Mrs. J. J. McCann, her song numbers and little mannerisms being especially appealing. The duet by Mrs. McCann and Durah Kelly, who played the part of Flossie, accompanied with a dance by a large group of children, was among the prettiest numbers of the play. Miss Kelly took her part with unusual ease and her voice was heard to advantage in several song numbers, including also a duet with Elra Porter, Ned Rollington the villian, this proving one of the hits of the show. Porter has a charming voice and portrayed his character admirably well.

The part of Jimmy Stanton, the hero of the play and Kathleen's admirer, was most ably characterized by Lawrence Mickelson who brought out the sympathy of everyone in his portrayal of the unfortunate dealings with Ned Rollingsten. The songs by Mrs. McCann and Mr. Mickelson were among the features of the play, particularly the latter's song to Kathleen. E. O. Mogeasen representing Michael Flynn, Flynnville's wealthiest citizen and Kathleen's uncle, took his part well and Clarence Pope acted as tho he were a butler by trade.

The choruses introduced in the play were very pleasing, the attractive costuming and the catchy songs adding much to the performance. Space does not permit mention of each individual chorus but especially entertaining was the "Dance-O-Mania" led by Earl Effinger.

It was thought by many that a production such as "Kathleen" could not be staged successfully with but two weeks' preparation but Miss Mary Cecelia Freeland, who directed the entire play, proved herself master of the situation and is deserving of much credit for the satisfaction given the large audience in attendance Tuesday night. Thru her energetic and well directed efforts the various characters were moulded into their roles and the choruses trained to do their parts in rythmic harmony. She was untiring in her rehearsals with the group of more than one hundred people and made the play one that will be long remembered by those who saw it. Miss Freeland was well pleased with her stay in Thief River Falls and expressed much satisfaction with the talent found in this city.

Dr. Mellby Attends Meeting Of State Board of Health; Board Adopts New Measures

Dr. O. F. Mellby returned Thursday morning from St. Paul where he attended the quarterly meeting and annual election of the state board of health. Charles L. Schofield of Benson was elected president of the board, Mark White of Minneapolis, vice president; Dr. A. J. Chesley of St. Paul was re-engaged as secretary and executive officer, working full time. Dr. Chesley was director of war relief in Poland following the war and in service during the war. This is his third year as secretary of the health board. The board constitutes nine members.

New regulations adopted by the board at the meeting include:

"Children residing in the house who have had measles previously may attend school upon receiving written permission from the health officer. Children who have not had the disease are forbidden to leave the premises and must not return to school until two weeks after all active symptoms of the disease in the last case have disappeared."

A similar ruling applies to cases of whooping cough among school children.

"Whenever a local health officer is informed or has reason to suspect that there is a case of one of the communicable diseases in the territory over which he has jurisdiction, he shall investigate immediately and employ the quarantine or sanitary measures directed by the Minnesota State Board of Health. A report of each case and of the sanitary measures employed and of the release of quarantine, shall be made by the local officer to the Division of Preventable Diseases, State Board of Health."

"When no physician is in attendance it shall be the duty of any person in charge of any farm, dairy, creamery or milk station where milk, cream, butter or other food or food products, *liable to be eaten without being cooked after handling*, are produced, or handled for commercial purposes, to report to the local health authorities, all known facts relating to any person presumably affected with a communicable disease, employed by or residing on, or in the establishment or coming in contact in any way with the products enumerated."

"All cultures must be taken by a physician or sanitary inspector and cultures for the release of quarantine shall be taken within at least twenty-four hours intervening. All the cultures must be submitted to one of the laboratories of the State Board of Health or to a laboratory having the official endorsement of that board. Reports on cultures examined elsewhere will not be officially recognized."

Benson Re-appointed Mgr. of Co-op. Store. Business Shows $5,000 Gross Gain

The Peoples Co-operative store of Thief River Falls held its annual meeting and election of directors and board officers Tuesday, Jan. 22. The annual report of the manager, Martin Benson, showed a gain in gross business for the past year of over $5,000.

The election of directors resulted in the re-election of Paul Harris and Otto Hulld'n and electing Helmer Holland to succeed Alf Borry. The board elected H. W. Kinghorn as president, O. A. Naplin as vice president and Charles Hellquist as secretary. In addition to these the board members are Christ Engen, S. J. Anderson and William Smithers.

The co-operative store was organized four years ago Tuesday, Jan. 29, 1920. During the past year the business has shown an increase of over $5,000 and the stockholders are well pleased with the situation. Martin Benson, who has acted as manager since the 11th of September, when Geo. W. Sheldrew resigned to accept a similar position at Grygla, was re-appointed manager.

TWO-POINT APPEAL IN BIG FILM PLAY

"Richard, The Lion Hearted" Has Compelling Story and Reproduces Period

Heralded as "the greatest historical classic on the screen," with romance and adventure garbed in the colorful atmosphere of the Twelfth century, "Richard, the Lion-Hearted," an Allied Producers and Distributors Corporation release, will be presented at the Princess theatre Sunday and Monday.

Based on "The Talisman," Sir Walter Scott's story so familiar to book lovers the world over, "Richard, the Lion-hearted" has a two-point appeal. For those who seek entertainment alone, it unfolds a story of compelling interest, in lavish settings that are a source of constant delight. For students of history or literature, it is faithful representation of the life of the period in which it was laid. In its many beautiful scenes there is a wealth of antiques for which the museums of two continents were drawn upon.

The great King Richard's Third Crusade, by which he sought to recover the Holy Land and the Holy Sepulchre from the Saracens, was one of constant adventure and its absorbing story has been transferred to the silver sheet with remarkable success. With its spirited clashes between the Crusaders and the Saracen hordes, thrilling hand to hand combat, brilliant swordsmanship, romance, intrigue—all in settings of the almost pagan splendor—"Richard, the Lion-Hearted" is truly a most impressive picture.

Wallace Beery, whose King Richard was an outstanding feature of "Douglas Fairbanks in Robin Hood," climbs to even greater dramatic heights in his portrayal of the same role in this new picture, for "Richard, the Lion-Heared" bridges the gap in "Robin Hood" from the time Richard left England until his return. His characterization is one of convincing reality, for he has interpreted it intelligently and given it fine touches of comedy.

Beery has been surrounded by a brilliant supporting cast, including Kathleen Clifford, who is a charming Queen Berengaria; Marguerite de la Motte, as the beautiful Lady Edith Plantagenet, and John Bowers, as Sir Kenneth, Knight of the Leopard.

Hold Special Song Services

Large audiences attended the special song services in the Scandinavian Evangelical church, Rev. J. Jacobsen, pastor, last Sunday. The three services were conducted by Conrad and Philip Wuflestad of Cooperstown, N. D., who delighted the many present with their songs and brief addresses. The two men left on Monday for Fargo to attend a committee meeting to arrange for a summer conference of young people of the Evangelical church.

Charles Johnson

Charles Johnson of Dent, this state, died in this city Tuesday, Jan. 29, cause of death being cancer. Mr. Johnson was born in this state May 10th, 1874. The corpse was shipped to Fergus Falls from the Larson Undertaking parlors and funeral services and interment will be made there Feb. 2nd.

Dickey Will Return to J. C. Penney Company Store Here

Announcement is made this week that B. H. Dickey, during the past three months employed in the Morgan Variety store which opened last fall, has accepted a position with the J. C. Penney store in this city, and will resume his duties with that company about Feb. 15, his resignation at the Variety store taking effect Feb. 1. Mr. Dickey, who is a first class dry goods man, was manager of the dry goods department of the Penney store prior to taking up the position held the past few months.

PROBATE JUDGE IS BUSY MAN IN 1923

Seventy New Cases Entered During Past Year. $3,585 Paid to Dependants

The records of Probate Judge Lars Backe for the past year show the court to have had an unusually busy year. Seventy new cases were brot into the probate court during the year in addition to the many cases carried over from the preceeding year. Twelve out of the new cases were juvenile, involving delinquency and dependency. Twenty families were given aid of which record went thru the probate court and to these families $3,585 was paid. Forty-four of the administration cases out of the 51 entered were intestate, only seven of the cases having wills and testaments for the disposal of estates. Of the 12 juvenile cases, including delinquency and unsupport, about 40 children were involved. A large number of hearings were held in probate court this year as compared with former years. Seven new cases of insanity were brought thru the probate court during the year. No feeble minded cases were handled.

WHEAT GROWERS GET FARM BUREAU'S O. K.

State Board Endorses Co-operative Marketing Ass'n. After Investigating Plan

The Minnesota Wheat Growers' association was endorsed by directors of the Minnesota Farm Bureau Federation last week. A resolution urging Minnesota farmers to support the wheat co-operative was adopted, after the Farm Bureau board had conducted a searching inquiry into the plan and the affairs of the agency.

The meeting was attended by two officers of the Wheat Growers' from this city, namely Jorgen Eide, farmer near Thief River Falls and president of the association, and W. H. Frederick, secretary, who is in charge of the office maintained in this city. They report rapid progress in the solicitation of wheat growers of the state into the new marketing organization.

Before passing the resolution, the Farm Bureau leader held a joint meeting with directors of the Minnesota Wheat Growers' association and spent a full half day obtaining information they desired before taking formal action. The resolution says the affairs of the Wheat Growers are being carried on in accord with the principles of co-operative marketing, such as the Farm Bureau sponsors.

The resolution was passed at the close of a two-day session by the Farm Bureau board, during which time it took steps to carry out the agricultural program adopted at the recent annual convention.

In appointing committees to serve during the year, president Reed named Hagbarth Bue, newly elected second vice president, to committee assignments held by V. E. Anderson, former treasurer.

Mrs. E. V. Ripley of Menagha was authorized to represent the Farm Bureau at a conference of Home Demonstration agents at University Farm early in February.

To carry out organization plans adopted by the convention, the president and secretary were empowered to obtain the services of an organization manager.

President Reed was authorized to accept an invitation to make a series of speeches in Canada in behalf of the Great Lakes-St. Lawrence waterway project.

Johnny Hines in Derby Race Film Coming Here This Week

Johnny Hines, called the George M. Cohan of the screen, has the starring role in "Little Johnny Jones," which will be the feature attraction of the week at the Princess Theatre Friday and Saturday. This comedian of shadowland is credited with possessing an assortment of pep and laughter that is the envy of his rivals and the delight of his audiences. By his ability to gallop through a picture and squeeze his personality into every inch of it, he has rapidly forged to the forefront of screen personalities.

It is a drama of the turf, the story of the American jockey, Johnny Jones, out to win the Derby race and a sweetheart, and of a gambler who enlists the services of gangsters to foil the lad in both ambitions. Robert Anstead, gambler and horseman, pits his flair for crookedness against the pluck and daring of the jockey, who is accused of agreeing to throw away the race, and produces documents to prove it. When this plot fails, the gambler contrives to have acid thrown into Johnny's eyes as he forges past to victory at the last stretch. But this, too, fails in the end.

ALL OUT OF SORTS?

So Was This Thief River Falls Woman Who Tells Her Experience.

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that backache, those headaches, dizzy spells and that tired depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with Doan's Pills—a stimulant diuretic. This Thief River Falls case is one of many:

Mrs. Chas. Alexander, 216 Conley Ave., says: "I had an attack of kidney complaint. My kidneys didn't act as they should and I felt miserable all over. Severe pains across my back kept me from doing my work. My head swam with dizziness and I was afraid to walk across the room. Doan's Pills, from Bottleson's Drug Store, rid me of the trouble."

Speeding Up Production

The Standard Oil Company (Indiana) considers it a major part of its duty to help increase production in every line of activity.

The factories, farms and workshops of the Middle West function more effectively and more regularly because of Standard Oil Company (Indiana) products and service.

This means steady employment for labor — low production costs for manufacturers and farmers — more goods at lower prices for everybody.

Petroleum products are basic essentials — they are at the root of industrial prosperity; for petroleum in some form enters into every civilized activity.

The Standard Oil Company (Indiana) inspired by the will to serve, organized its efforts in the oil business along certain well-defined lines, with the determination to extend production of petroleum products on a vast scale, in the expectation (since fulfilled) of reducing production costs.

The first plank in the Company's platform is an independent directorate, composed of oil men experienced in every phase of the oil business.

The second plank is to lower production costs by utilizing modern science and by employing trained experts to devise new efficiency methods.

This practice has made the Standard Oil Company (Indiana) a leader in the industry.

The third plank is the development of a comprehensive system of distribution. Standard Oil Company (Indiana) petroleum products are delivered to the smallest as well as to the largest consumers with promptness and with dependable regularity.

The fourth plank is to make every product manufactured and sold by the Standard Oil Company (Indiana) measure up to the highest standards of quality and be absolutely uniform at all times.

The fifth plank is to keep the price of its products as low as conditions will permit, depending upon a large volume of business to return a satisfactory profit.

This highly specialized organization, committed to maximum service, lends to every other industry, from the manufacture of automobiles to the manufacture of shoes, bricks, buttons, or flour, the facilities to produce faster and cheaper. This is a direct contribution to national prosperity and constitutes a record of achievements of which the Standard Oil Company (Indiana) is proud.

ADDRESS NO. 115, THE TIMES, THIEF RIVER FALLS, MINN.

School Nurse Explains Reasons for Absences; 163 Vacant Seats Friday

Reasons for absences in the schools of Thief River Falls are given in the following report submitted to Times readers by Clara O. Herm, school nurse. The school nurse's job is not an easy one and it is of the greatest importance to the welfare of the children in the schools that parents cooperate in her work to look after the health of the city's youngsters.

At this time of the year colds and similar ailments are easily contracted and absences are more numerous.

Says the school nurse:

Were you at school last Friday? Why not?

"We're all in our places,
With bright shining faces."

sing the children, but alas, some of them are not in their places.

John has the measles and his mother told him he could not go to school for two weeks. John's little sister has not had measles and so in order to avoid the possibility of her coming down in school with it she too must stay at home. Since John is kept completely isolated from the rest of the family, therefor John's big brother goes to school just the same as he has had the measles. Just as long as he keeps away from the sick room his attendance is not interfered with.

Hortense is not in school today as she has a cold and her mother told her that she should stay at home until she was better.

There is another vacant seat. That is "Bill's", for the other day "Bill" came down with the scarlet fever. Three weeks must elapse before the sign can be removed from the door and yet another week must go by before "Bill" may be permitted to attend school. He cannot even attend *Sunday school or any public* or private gathering until one week after the release from quarantine. Scarlatina, scarlet fever and scarlet rash are all one and the same. Children who have them in a light form are responsible for spreading the disease. Mild cases are interpreted by the family as due to digestive disturbances, and these are the cases who escape quarantine. In the years 1919-1921 in Minnesota there was an average of more than one hundred deaths each year from scarlet fever. During this same period nearly as many children died each year from measles. German measles, mumps and chicken pox are an inconveinence and interfere with school attendance, but are rarely fatal. Measles, whooping cough and scarlatina or scarlet fever, whichever you prefer to call it, are classed as dangerous diseases.

Another vacant seat. But only for half a day. Jim's mother thought he was in school for he had been ready in time, but Jim is a turant and must mend his ways.

Little Katie is not at school for she has so far to go and it is not very summery outside. But the cold weather was the cause of very few of the one hundred and sixty three absences from the Thief River Falls schools not including Lincoln high school last Friday, Jan. 25. Following is a list of the number of absences in each school on that date and the contributary causes:

Pupils having measles or excluded because of measles in the home: Knox, 3; Central, 5; Northrop, 39; Washington, 6.

Pupils having scarlet fever, scarlatina or excluded because of scarlet fever in the home: Knox, 3; Central, 8; Northrop, 11; Washington, 14.

Whooping Cough: Knox, 2; Central, none; Nothrop, none; Washington, none.

Miscellaneous reasons—weather too cold, truancy, rheumatism, work, also some cases who may prove to be measles or other illness but as yet undiagnosed: Knox, 20; Central, 6; Northrop, 25; Washington, 20.

Knox, total 24; Central, 19; Northrop, 75; Washington, 40.

Grand total: 163.

IS YOUR
SPINE
IN LINE?

Perfect alignment of the spine means perfect health. Imperfect alignment means that one or more of the bones of the spine are out of the natural position. This produces pressure on the delicate nerves at the point where they leave the spine. Because the nerve is pinched the brain cannot get the full amount of life force over it.

Whatever part of the body this pinched nerve supplies is bound to be weak and diseased, whether it is the heart, stomach, lungs, kidneys, etc., because every cell in the body receives its life force over the nervous system, and if the nerve is pinched this life force is decreased.

CITY SCALE MATTER IS BEFORE COUNCIL

Scale Would Cost Considerable Amount. Lease of Prichard Scale Offered

For several years there has been a constant rumor that various fuel dealers in this city have been giving short weight or short measure when selling fuel, and that produce buyers have also been short-weighing farmers bringing in produce.

To stop such practise, if any there has been, a city scale was proposed at the special meeting of the council Tuesday night by Jas. Barnett, and other representatives of the laboring men.

Alderman H. A. Brumund explained that the previous city council had tried to work out some plan whereby a scale could be installed at a minimum expense but had failed to arrive at any such step. He stated that a scale would cost approximately $2,500 and that other annual expenses would total nearly $1,500, which would be prohibitive in trying to cut down city expenses.

The Prichard company presented an offer to the city to lease their scale to the city at $40 per month to try out the advisability of installation of a city scale. The offer was referred to the street committee for investigation and disposition.

A city scale, it was pointed out by the aldermen, would not make it obligatory on fuel dealers to use the same but would put the expense of weighing on the purchaser. In several instances fuel dealers with their yards at some distance from the scale, would be forced to add to the regular selling price if the long hauls were required by the purchaser, while the city would add a nominal fee of perhaps ten cents per load, which would make the fuel cost the customer more than at present, it was pointed out.

Rev. Smith to Indiana

Rev. J. B. Smith, pastor of the local M. E. church, left Monday evening for Indian Springs, Ind., where he was called by the death of his sister, Mrs. George Morgan, about 60 years of age. Rev. CITY USES NEARLY QUARTER MILLION GALS. WATER DAILY

A Total of 6,849,900 Gallons Pumped During December at 15.4c Per 1,000 Gallons

Just what is it costing Thief River Falls to pump its supply of water?

This is a much mooted question at present and the new aldermen have been informed by Superintendent of Water and Light Ole Legvold that it was 15.4 cents per thousand gallons for the month of December.

These figures were obtained after a careful search of all expenses which might enter into the cost thereof, including interest on the investment, depreciation, etc.

A total of 6,849,900 gallons of water were pumped during December, according to the report, or about a quarter of a million gallons daily.

A request from the Great Northern for water at the same rate as they pay in Grand Forks, namely 5½ cents per thousand gallons, did not meet with the approval of the council as they felt they should not sell it at less than cost. The railroad would abandon their present pumping station if granted city water at what they consider a reasonable rate, thereby beautifying their station grounds.

The railroad claims they are furnishing their own water at present at a cost of 8 cents per thousand gallons, this not including investment, etc.

The water at Grand Forks is not treated water such as the road would secure here and this naturally lessens the cost of pumping, according to city officials.

JOHNSON, SHIPSTEAD FAVOR COULTER BILL

Letters Received by Club Secretary in Response to Telegrams Endorsing Measure

Communications have been received from Minnesota representatives in Washington in response to telegrams endorsing the Coulter bill by local organizations. The Commericial club of this city, the Thief River Falls Cooperative Creamery association and the Fair association have officially gone on record in favor of the relief measure in the interest of diversification in the wheat belt, and telegrams to that effect were sent to the capital, the following replies to which were received by J. J. McCann, secretary of the commercial club:

Statement of Magnus Johnson Re The Coulter Plan of Farm Relief

Senator Magnus Johnson:

"During my campaign I made the promise to the people of my state that, if elected, I did not intend to secure more credit for the farmers because I believe that they have too much credit now. In order to help the farmers of the grain growing sections of the Middlewest to diversify, and I believe that diversified farming is a good thing, it will be necessary for the Government to assist them since the banks are not in a condition to loan the money to buy cattle.

"I realize that if the farmers in one section of the country have to go to the bank for money and pay seven and eight per cent for it, while in other sections the farmers get money from the Government at six per cent—this will operate unfairly.

"I am in favor of extending aid through the Federal Government as suggested in the Coulter plan thru the bill introduced by Senator Norbeck. I believe, however, that the Norris-Sinclair bill will bring relief to the farmers, but as an emergency measure I would favor setting a minimum price on some farm products by Congressional act for a short period. What we need is a price on farm products that will enable us to pay our debts that accumulated during the time of inflation.

"I want to say too in connection with the Coulter plan that I am in favor of a different method of handling the loans, I also suggest that the overhead expenses be kept down to a minimum.

Senator Henrik Shipstead:

"Replying to your telegram of January 6, will say that I shall do all I can to secure the passage of the bill commonly known as the Coulter bill. I will say, however, that I trust that we may be able to secure during the Session, additional legislation that will be more effective for the relief of the agricultural situation."

Representative Sydney Anderson, First Minn. District:

"Your telegram of the 6th instant in regard to the so-called Coulter plan, is at hand and contents noted.

"The Coulter proposition was discussed at a meeting which I called as president of the Wheat Council of the United States in November, and it was in part the result of this discussion that Dr. Coulter came down here to present the matter to the President and, later, to initiate the necessary legislation.

"I was present at all of the conferences, helped to draw the bill and will do what I can to see that the bill gets prompt consideration and becomes a law."

Road Improvement is Given Airing at St. Hilaire Meet

Business men of St. Hilaire and farmers residing near the village met Monday of last week to discuss ways and means of securing some badly needed road construction in that community. The project given particular consideration was the four-mile stretch of road beginning at the northwest corner of the Gestle farm and running south to the county line, this being in a very poor condition, in spite of the fact that it carries heavy traffic the year around.

County Highway Engineer Bert F. Unland was present and gave a very interesting and instructive talk on road laws governing such projects as that under discussion at the meeting. A good sized delegation of farmers from the territory tributary to the road, and members of the St. Hilaire Commercial club, under whose auspices the meeting was held, expressed their opinions as to the best method of putting it into condition. Tentative plans were made by the club, with the assistance of the farmers in attendance, which will bring the matter to the attention of the State Highway commission and which may result in getting something done in the way of improving the road this coming summer or fall.

TRINITY PASTOR TO TAKE UP NEW WORK ON PACIFIC COAST

Rev. Sweger Leaves to Become Field Superintendent in Western States

Rev. T. E. Sweger, resigned pastor of the Trinity Lutheran church here, leaves for Minneapolis tomorrow evening on his way to Helena, Mont., where he will attend the meeting of the pastors of the Lutheran churches of the Rocky Mountain and Pacific coast district, who convene there the first part of next week to outline the work of the budget there. The Rev. Sweger will be engaged there as field superintendent of that district and will have jurisdiction over raising the funds of the budget, which include home and foreign missions, charities, schools, and general church funds. This territory includes Montana, Idaho, Washington, Oregon and California.

This arrangement alters previous plans of Rev. Sweger's having charge of the local district, as announced in a recent issue of The Times. He will be occupied in that territory for six or eight weeks and during his absence the services at the Trinity church will be conducted by some other pastor. To make these arrangements the board of directors meets this evening.

In the event that Rev. Sweger continues the work in the west, he is not certain where the family will be located.

COUNTY DADS ORDER $50,000 BOND SALE

Committees for '24 Appointed at Session Friday. State Road Designated

A resolution to offer for sale refunding drainage bonds to the amount of $50,000 was passed at the session of the county commissioners held last Friday. Bids for the bonds will be opened at the next meeting of the board which is scheduled for Feb. 15. Notice and particulars of the sale may be found in the proceedings appearing elsewhere in this issue.

The meeting Friday was a busy one with all but one member of the board present. The annual financial statement of the county prepared by Auditor T. P. Anderson, was carefully gone over and approved. It is published this week in The Times.

The following appointments for the ensuing year were made by the chairman of the board: Finance, Roy, McGinn and Hanson; ditches, Olson, Larson, McGinn, Roy, Hanson and Auditor Aderson; roads and bridges, Larson, McGinn, Hanson, Roy, Olson and Auditor Anderson; court house and jail, McGinn, Olson and Hanson; purchasing, Hanson and Auditor Anderson. The county board of health is composed of Dr. A. W. Swedenburg, Commissioners Roy and Larson.

The section line between Polk Centre and Black River townships, from Wylie north to state road No. 4, was designated as State Aid Road No. 12. This stretch of road is four miles long.

The sum of $50 was appropriated to the Pennington County Poultry association.

Wrong Name Given

In the advertisement "Accounts for Sale" by the Credit Assurance company of the U. S. Voluntary association in tre Jan. 17 issue of The Times, the name Roy Wold should have been M. L. Wold, 510, Knight avenue, the wrong name being submitted by the company.

PENNINGTON YOUTHS WILL COMPETE FOR CALF CLUB PRIZES

County Agent McCann Expects To Enroll 30 Members in Local Club This Year

Pennington county will have about 30 junior club workers in the Dairy Calf club the coming year according to present indications, says County Agent J. J. McCann, in charge of club activities here. Last year the club had a membership of 28 and the two winners in the club contest were given free trips to the state fair, where they entered their calves in competition with exhibitors from all parts of the state. Gordon Hunt, one of the Pennington county representatives at the state fair, was among the fortunates to be awarded a free trip to the International Livestock show in Chicago last fall, this being the prize given by the Minneapolis Journal.

There is a limit placed on the number of free trips to the Chicago shows for dairy calf club members this year. Only the first 30 counties having an enrollment of 25 members in the dairy calf project are included. Pennington county is assured of being represented, with an assured membership of about 30. Enrollment activities will begin in the near future, Agent McCann stating that meetings to interest youngsters in club work will be held in various parts of the county. Any boy or girl between the ages of ten and twenty is eligible to join, and may choose any breed of calf, either grade or purebred.

Some of the inducements, besides the practical experience and knowledge gained thru this work, are special prizes for each breed at the county fair; the best dairy calf in the county scoring sixty points on the calf and forty points on the record and story will receive with its owner a free trip to Chicago; the next best will receive a free trip to the state fair, and the two scoring highest in baby beef will have free trips to the Junior Livestock show in St. Paul in November, according to Agent McCann. Anyone desiring more information regarding 1924 club work should call upon Mr. McCann.

Sectional Winners Will Vie For High Honors—Two Representatives To Crookston

Sectional spelling champions from the rural schools, selected at sectional contests held thruout the county last Saturday, will compete in this city Saturday, Feb. 2, to determine the two winners who will represent Pennington in the annual spelling contest at the Winter Shows at Crookston Feb. 8. Semi-final contests in the county were conducted by the sectional leaders, of which there are 17. In four sections contests were not held and four still remain to be heard from, according to County Superintendent O. R. Sande.

Two spellers were chosen to represent each section, the nine heard from reporting the following representatives, the name of each student being followed by the number of the district: Section 1—Geneva Allen, 127; and Emil Martinson, 147; section 5—Arthur Asp and Elmer Johnson, 26; section 6—Emma Letness and Estella Hanson, 28; section 7—Chester Wilson and Manford Stennes, 36; section 9—Celaine Prestegaard, 59; and Bjorgo Hemmestvedt, 66; section 10—Halvor Sannes, 9, and Aslaug Leirallom, 10; section 12—Lillian Loyland and Maxine Lien, 53; section 13—Stanley Padniecki, 52, and Myrtle Mandt, 34; section 14—Edna Koop, 73, and Edith Yonke, 19.

The contest Saturday will be held at the court house promptly at 1 p. m. with Superintendent Sande in charge.

All expenses to the Crookston contest will be paid by the Winter Shows and liberal prizes will be forwarded to the valley winners. Prizes are also given the county winners. Delbert Kron and Gordon Hunt represented this county last year.

Boys Spend Night In Jail For Violating Dance Laws

Three 17 year old boys were put in the city jail Friday night about 11:30, by Night Patrolman Krogstad, and brot before Municipal Judge Tarrant Saturday morning for loitering and raising a disturbance at the public masquerade dance at the city auditorium that night. According to the law no one under the age of 18 is allowed at a public dance without a parent or guardian or a written permit from such guardian and then only unless 16 years of age.

The young trio paraded the halls of the armory and caused such noise that it became necessary for Chief of *Police Ralston to order them away*, when he found they were under age. On each attempt Ralston made to send them away or catch them they merely went outside and returned as soon as he was out of sight. In an attempt to get away from Ralston they were caught by Night Patrolman Krogstad and placed in jail until 10:30 the following day, when they were brought before Judge Tarrant.

The young lads were given a ten day suspended sentence and given their liberty. Judge Tarrant and the local police force state that the laws regarding young boys and girls at public dances have been disregarded to a great extent and that all efforts will be made to rigidly enforce these laws.

Creameries' New York Office Supports Self

The New York office of the Minnesota Co-operative Creameries' association sustained itself in 1923, according to a report just made public by A. J. McGuire, general manager.

The total cost of the office, including salaries, rent and all incidentals, was over $15,000, a sum equaled by the amount of claims collected and rebates obtained on freight overcharges.

"We appreciate," says Mr. McGuire, "that these claims might have been collected without our New York office, but the cost would have been at least half the collections. It shows what farmers can accomplish when they get into business and are rightly organized."

The New York office last year handled 2,201 cars of produce, which contained 57,032,642 pounds of butter and 38,575 cases of eggs. The value of this business was slightly less than a third of a million dollars.

On all of these cars, creameries enjoyed through freight rates, instead of being obliged to pay part-car rates, as would have been in the case in most instances, had there been no association for the local institutions to work through.

Conservative estimates place the freight saving on the business handled through New York alone at $324,226.00 which is considerably more than the total cost of maintaining the entire association.

Farmers Club Meeting

The regular meeting of the Rosewood Farmers club was held at the hall last Friday evening and was attended by about one hundred persons. The regular routine of business was gone through, and a vote by ballot to ascertain whether the club was to continue having its meetings on Friday or Saturday evenings was taken. Friday evening was victorious with a vote of 7 to 10. It was also announced that Ted. Thompson had since the last meeting been sworn in as deputy sheriff of Marshall county by Sheriff Hans Hanson at Warren, and with full jurisdiction covering the proceedings of all meetings of the club. It was mentioned that one member be appointed as chairman of the program committee until May 1., and that he personally appoint five assistants, and Chester Dols was elected as chairman. Chas. Schnabel was appointed as lunch committee for the next meeting of Feb. 8th. The meeting was turned over to the program committee who furnished the following program:

Community Singing: "Rosewood Will Shine Tonight."
Piano Duet: Mrs. O. S. Hellerud and Delma Dols.
Jokes: Helmer Bloom.
Recitation: "If", by Chester Dols.
Monologue: Percy Hanson.
Music Selection: Mrs. Hellerud, Delma and Chester Dols.
Community Singing: "Dixie."

Lunch was served at midnight to all present, and the remainder of the evening was delightfully spent at social diversions.

Swedish Church Has Annual Meet

The annual meeting of the Swedish Mission congregation was held at the home of Mr. and Mrs. Carl Bloom on Sunday afternoon. Rev. Werner Drotts of Viking, the present pastor was re-engaged for another year to serve the congregation once every month during the winter and every other Sunday during the summer, besides special occasions as may be found necessary. All the present officers of the congregation were retained for another year and includes: Chairman, Rev. Drotts; vice chairman, John Bloom; treasurer, T. Mellem and secretary, Mrs. Carl Bloom. Jan. 31-Feb. 7

To The Stockholders of the Red Lake-Eastern Marshall Farmers Telephone Company.

Greetings:

Your Board of Directors have for some time realized that, because of the company not being large enough and without income enough to enable us to have paid officials to attend to collections and other business and linemen with sufficient experience to keep lines and equipment in reasonable service order, we are in a position where it will in a short time be impossible to continue the business of the company.

As we have a neighbor company on the south of us that is organized on the same ground principles as we are, namely, to give the most possible service to the greatest number possible at the lowest rate possible, and as this neighbor company, the Garden Valley Telephone Company, is large enough and strong enough to keep a regular business manager and the necessary experienced linemen to keep lines and equipment in reasonable working or service repair we have taken the liberty to open negotiations with the management of the above mentioned Garden Valley Telephone Company for consolidation or selling out to them. They have shown willingness to consider this and have had men here to look the situation over. The manager has reported, that from the estimated inventory taken, our property appears to be so very nearly alike in value to that of the Garden Valley Telephone Company, as to dollar for dollar that consolidation can be brought about with little or no trouble.

This is therefore your notice that at the coming annual meeting to be held at Goodridge on the 11th day of February, 1924, you will be asked to vote for or against consolidation with above named Garden Valley Telephone Company.

If a majority of the Stockholders approve of it and the Board of Directors of the Garden Valley Telephone Company also approve, your board will then take the necessary steps to bring about the change as soon as possible.

Dated at Goodridge, Minnesota, this 24th day of January, 1924.

Board of Directors of the Red Lake-Eastern Marshall Farmers Telephone Company.
By Alfred Hammerstein, President.
By Burton Aarness, Secretary.

Holstein Sire Purchased Here by Radium Dairyman

Arthur Sommers of Radium made a trip to this city Thursday and purchased a purebred Holstein herd sire from Casper Wiener, residing 10 miles southeast of this city. Mr. Wiener has for the past several years concentrated on Holsteins and has built up a well reputed herd and has produced some fine animals. Through the efforts of many progressive dairymen in this locality, the county has become to be recognized for its excellent grade and purebred herds, and buyers visit this district repeatedly, purchasing stock for starting herds or improving the strain.

St. Hilaire Creamery Shows Increase During December

With a payroll of over $10,000 for December, the St. Hilaire creamery payments to dairymen for last month beats those of the previous month by nearly $1,500, according to a report in The Spectator last week. Fifty-nine cents was the average price for butterfat. The list of patrons who received checks for over $50.00 for the month, shows 21 patrons in the hundred dollar class and two with checks of over two hundred. Seventy-three names are listed this month which is an exceptionally good record for this time of the year. Novak & Son head the list with $291.65, Arne Vik being second with a total of $226.19.

Crookston Man Badly Frozen After Robbery

Being knocked over the head and thrown out of his own car was the experience of William Anderson, of Crookston late Tuesday night of last week, after having givah a stranger a ride The Crookston man, who was returning from a hunting trip and driving his own automobile, was hailed by a stranger who asked for a ride. After taking him into the car and driving some distance, Anderson was hit over the head and thrown out of the car, the assailant making his get away in Anderson's machine. He was unconscious for several hours and his feet so badly frozen that when he regained consciousness at intervals he was unable to walk to shelter. He was found the following morning nearly dead from exposure but physicians declare he will recover. The incident occurred on a lonely country road about 15 miles northeast of Crookston.

Butter Production of Grygla Creamery Jumps 54000 Lbs. In 2 Years. 186,000 in '23

A steady increase is noted in the output of the Grygla creamery, according to the annual report in the Grygla Eagle last week. The total amount of butter manufactured at the Grygla institution during 1923 was 186,416 pounds, compared to 167,606 in 1922, and 132,405 in 1921, or an increase of 54,011 pounds the past two years It is predicted that the 200,000 pond mark will re reached soon.

"With more alfalfa and clover for hay and pasture, and more corn silage, this creamery should make a still better gain the next three years" says H. M. Magnuson of Grygla. "To get the best results from the cows, we must get into more winter dairying, better breeding, better care and feeding. Those who are giving their cows a liberal ration of grain these days, are getting their feed well paid for, as present prices are close to 60 cents for butter fat."

Debate

If it were not for the various school activities throughout the year our daily round of duties might easily become monotonous and uninteresting. However this cannot be said where we have many and various activities, such as football, basketball, and debate. Not the least of these is debate.

Our three debaters have been working faithfully and hard to uphold the honor of our school. Their task is by no means an easy one for there are no cheering crowds for them, their praises are not sung at pep meetings, nor do they receive a letter or any special credit for their efforts. How then can we show our appreciation of what they are doing? Would not a word of praise now and then encourage the debaters? That is the least the individual can do outside of supporting the team at the debates.

Thus far the debate turn-outs might indicate a lack of true spirit in Lincoln High but it does not seem plausible as the large attendance at our basket-ball games in the past have been truly representative of real spirit.

The coming debate will be the most interesting and the hardest fought contest here at home. The team will need our support more than ever, and it will, perhaps, be the last chance to hear a debate this year so why not show our debaters that we are back of them by a 100 per cent attendance next Friday evening. —H.P. '24.

EFFORT

By Edgar A. Guest

He brought me his report card from
the teacher and he said
He wasn't very proud of it and sadly
lowered his head.
He was excellent in reading, but arithmetic,
was fair,
And I noticed there were several "unsatisfactory's" there;
But one little bit of credit which was
given brought me joy—
He was "excellent in effort," and I
fairly hugged the boy.

"Oh, it doesn't make much difference
what is written on your card,"
I told that little fellow, "if you're only
trying hard.
The 'very good's' and 'excellent's' are
fine, I must agree,
But the effort you are making means
a whole lot more to me,
And the thing that's most important
when this card is put aside
Is to know, in spite of failure, that to
do your best you've tried.

"Just keep excellent in effort—all the
rest will come to you.
There isn't any problems but some
day you'll learn to do,
And at last, when you grow older, you
will come to understand
That by hard and patient toiling men
have risen to command.
And some day you will discover when
a greater goal's at stake
That better far than brilliance is the
effort you will make."

CROOKSTON DEBATES LOCALS HERE FRIDAY

Lincoln Debaters Will Meet Crookston Here in Semi-Finals For Dist. Championship

The most interesting debate of the season will be held Friday evening at 8:00 o'clock in the High School auditorium when the Crookston and Thief River Falls debating teams will compete for the championship of the northern section of the district.

This debate promises to be a "hot" one as both teams are very anxious to win. Thief River Falls will uphold the negative and Crookston the affirmative side of the question, "Resolved, that European immigration into the United States should be prohibited by law for a period of five years."

The winner of this debate will compete with the winner of the Hawley-Fergus Falls debate, in the southern section of the district, for the district championship.

The Thief River Falls debaters, Hazel Krause, Mae Ballingrud, and Margaret Melgaard, are working diligently every day under the supervision of their able coach, Lawrence T. Mickelson, so that they may be able to retain the reputation they have won for themselves by defeating two teams on both sides of the question.

Kenneth Robbins, Wilbur Sandberg and Norman Hagen will represent Crookston. The debate will not merely be a contest between Crookston and Thief River Falls but a clash of wits between the sexes for all the local debaters are girls and the visitors, boys.

A large, responsive audience is as *necessary to the mental attitude of* the debater as to the athlete and a good crowd should turn out and give them the support they need. The small admission fee of 10 and 25 cents will be charged.

Sophomores Are Guests At Prowler Party Friday

Last Friday evening, Jan. 25, the Freshmen entertained the Sophomores at the high school. This is the first of the two "Prowler" parties to be given by the losers of the subscription campaign for the winners.

The evening was spent in playing games in the gymnasium under the direction of Principal Bye and Miss Julia Herlickson. Mrs. Korstad's room was used for playing games and the commercial rooms were furnished as rest and social rooms. At 10:30 o'clock a delicious lunch was served by the Freshies and shortly afterwards the guests departed.

At an early date the Juniors are planning to give a party for the Seniors who surpassed them in the contest for subscriptions.

Glee Club Operetta

Due to Miss Johnson's hard work and the co-operation of both Glee clubs, the operetta, "The Gypsy Rover", is now well under way.

Miss Johnson has been able, after testing several voices, to pick out most of the main characters, and the different choruses.

This operetta will be an unusual musical treat, and should be well attended, especially by high school students, so watch for announcements of the date it is to be given.

Fair Warning

Little Bob (about to go out with mother): "Mamma, you take some money with you."

Mother: "No, Bob, I'm not going to use any."

Little Bob: "Yes, you must have money for chocolate; I might start crying on the street, you know."—Detroit News.

THIEF RIVER MEETS DEFEAT AT FOSSTON

Lincolnites Were Defeated For First Time This Season on Fosston Floor 15 to 11

Last Friday the Lincoln High basketball quint lost its first game of the season to Fosston on the latter's floor. Although members of the local team were at a disadvantage due to the small floor, they fought hard and did not give up until the last whistle blew with the score 15 to 11.

The scoring started early the first quarter when Parenteau made a free throw. This was soon tied when Fosston also succeeded in scoring from a foul. Then Fosston made two field baskets in quick succession. Sether shot a free throw and was followed by Sorenson who made a field basket from the foul line. The first quarter ended with the score 5 to 4 in Fosston's favor. The locals did no scoring in the second quarter but Fosston put two more field baskets through the hoop which raised the score 9 to 4.

The third quarter Fosston made a free throw and a field basket, but Mulry also succeeded in making a field basket and Parenteau made a free throw. The last quarter the boys played the best of the whole game and showed their real worth. Sether and Penney shot two field baskets. The game ended after a hard fight with the score 15 to 11 in Fosston's favor.

The game was fast and clean throughout and the only regret of the local quint is that they will not play Fosston again this season as there is no return game scheduled with them.

The lineup follows:

T. R. Falls		Fosston
Penney	F.	Caryn
Parenteau	F.	S. Sovick
Sether	C.	Vick
Barzen	G.	L. Sovick
Sorenson	G.	Mark
		Sengem

Field baskets: Sorenson, 1; Mulry, 1; Penney, 1; Sether, 1; Caryn, 2; S. Sovick, 1; Mark, 1; Sengem, 1.

Free throws: Parenteau, 2; Sether, 1.

Substitutes: Mulry for Sether.

Referee: Smith, Bemidji high school.

And Jokes

Wife: "Everything is getting higher."

Husband: "O, I don't know. There's your opinion of me, and my opinion of you, and the neighbors' opinion of both of us."

LOCAL QUINT WILL TAKE SECOND TRIP

Coach Thune's Team to Play Return Games at Stephen and Argyle This Week

This week the interest of basketball fans centers upon the two-day trip to Argyle and Stephen. These teams have both been defeated on the local floor but only by small margins so a hard fight is predicted at both places.

Because of the small gymnasiums in these towns, Coach Thune has changed the offense to one better suited to the size of the floor. Thief River will throw a heavier five against Argyle, one that will be able to hold off the onslaught of the large Argyle men and surpass them on the offensive. As the Stephen floor is somewhat larger, a slightly different offense will be used than that at Argyle.

While the Lincolnites were unsuccessful in the two games last week, they do not intend to lose any more games and thus lower their percentage still further. Though they have lost their 1000% standing they still rank as one of the highest teams in the district. Last week spelled defeat for the Warren five at the hands of Argyle, an almost unprecedented thing in basketball history, and thus Warren lost her 1000% place also. Fosston is the only team in the district which still retains a clean slate.

Honor Roll For Third Period Largest of Year

The *honor roll as announced for* the third six weeks' period of the school year shows that 45 students have earned ten or more honor points for the term. This is an increase of six over the number for the preceding period. The Juniors are far ahead of the other classes with respect to the number of honor students, there being 17 of their class on the roll. The Freshmen have 8; the Seniors, 7; the Sophomores, 7; and the Post-graduates, 6. The percentage of each class on the honor roll is: Juniors, 18.3; Seniors, 11; Freshmen, 8; Sophomores, 7; and Post-graduates, 40.

The number of girls on the honor roll is four times as great as the number of boys. There are nine boys, which is an increase of five over the number for the second period, while there are 36 girls. The total enrollment of girls, of course, is greater than that of boys, there being 2¼ times as many girls enrolled in school as boys.

The roll of honor follows:

Freshmen: Stanley Disher, Alpha Gausen, Goldie Gunderson, Olaf Olstad, Margaret Patten, Marian Reynolds, Dorothy Shirley, Louise Veven.

Sophomores: Ruby Anseby, Eva G. Ayers, Ward Matheson, Lois Nicholson, Simon Nakken, Paul M. Olstad, Elsie B. Vorseth.

Juniors: Lylian Arnold, Katherine Barzen, Evelyn Buringrud, Keith Craik, Ansof Dahlen, Bernice Erickson, Rebecca Halverson, Maxine Johnson, Jessie Joyce, Elizabeth Keating, Agnes Koglin, Arthur Penney, Mildred Remmem, Emmett Shanahan, Anna Wedul, Winifred Wengeler, Buel Will.

Seniors: Ruby Conklin, Hulda Grenlin, Mildred Griffin, Gladys Johnson, Hattie Kaushagen, Sarah Martinsen, Margaret Melgaard.

Post-Graduates: Viola Buringrud, Thelma Carlson, Thyra Carlson, Esther Larson, Clare Lund, Myrtle Sollom.

A Perfect Record

The Vicar: "So you like the country. Are your hens good layers?"

Mabel (fresh from town): "Topping! They haven't laid a bad egg yet."—Passing Show.

M'INTOSH DEFEATS LINCOLNITES 14-10

McIntosh Wins Game in Last Minute of Play by Making Two Field Baskets

Defeat at the hands of Fosston on Friday did not kill the spirit of the Lincoln five for they went into the McIntosh game Saturday with an even greater determination to win. The game was fast but again the locals were handicapped by a small floor and were unable to do their best. However they have nothing of which to complain because they received a square deal both at the hands of the referee and the team.

The speed which characterized the game from the start brought many cheers from the crowd and it was only through hard work that the Lincolnites were able to keep in the lead until the end of the first half which ended 4 to 3 in their favor. The second half was a still faster set of plays which resulted in a number of fouls and also baskets. The score until the last minute of play was 10 to 10 when McIntosh dropped in two baskets and thus defeated the local quint by 14 to 10.

After the game the McIntosh grade school orchestra served a very refreshing lunch for the players and entertained them until it was time to board the train for home.

The weakness of the Thief River Falls team in both games played on their week-end trip was their inability to shoot fouls. Although many fouls were called, only a very small percentage were scored on.

The lineup was:

T. R. Falls		McIntosh
Penney	F.	Stardig
Parenteau	F.	Torgerson
		Solberg
Mulry	C.	Lowe
Barzen	G.	Enevold
Sorenson	G.	Hill

Field baskets: Sether, 3; Stardig, 1; Torgerson, 1; Lowe, 1.

Free throws: Parenteau, 1; Penney, 1; Barzen, 1; Sether, 1.

Substitutes: Sether for Mulry.

Referee: Beck, Bemidji Teachers' College.

FARM PROJECTS ARE GIVEN BIG BOOST BY MINN. CO. AGENTS

Alfalfa Acreage in State More Than Doubled Thru Efforts of County Agents in 1923

Increased efficiency in the operation of the county agent system in Minnesota is shown by the annual reports of the agents to F. E. Balmer of University Farm, the state leader.

Mr. Balmer and the assistant state leaders have been summarizing the reports and find that the achievements of 1923 surpassed those of previous years largely by reason of the greater emphasis placed on conducting work through demonstrations which carried proof.

"For example," says Mr. Balmer, "6,500 demonstrations in soil, crop, and forestry projects, involving 61,419 acres, were completed or carried through the year. Similarly 1,382 livestock demonstrations, involving 126,653 animals, were either completed or carried on through the year. Results of demonstrations were made known through 3,663 meetings attended by 94,740 persons.

"Every agent reported results achieved in extending the alfalfa acreage. The number of farmers co-operating in the growing of alfalfa increased from 2,639 in 1922 to 5,696 in 1923. At the same time the increase in the acreage was from 12,629 to 26,289. All except seventeen county agents report work in soybean growing, the number of co-operators increasing from 2289 to 2,483 and the acreage from 22,273 to 26,788.

"Work in livestock development continues to be a major activity. Farmers aided in the better rationing of livestock numbered 2,210 in 1922 as against 6,692 in 1923. Cattle tested in tuberculosis eradication campaigns increased from 54,454 in 1922 to 100,449 in 1923.

"There were altogether more than 950,000 instances of service extended or made available to the farmers of the state, or practically a million instances of service given by county agents in their work in Minnesota in 1923."

The country would probably be better off if more people were laying bricks and fewer throwing them.

HIGHWAY SAFETY CODE FOR CHILDREN

A prize essay with which Theodora Poole, 13-year-old school girl of Pontiac, Mich., won a free trip to Washington, D. C., and a gold watch in the national highway safety contest.

In a game each person has his part to play. Let us think of the task of making a nation safe as a game in which each has his place to fill and his bit to do.

One might suppose we children have very little to do with the safety of our nation, but we are the coming generation and in our time shall uphold better and safer highways.

As in a game, there are rules to follow. These things we must do:

Always observe traffic before crossing a street.

When walking on a road keep to the left to meet on-coming vehicles.

Learn automobile signals to know what a motorist means to do.

When alighting from a street car stand until sure of a safe way to the curb.

Help those in need.

Keep close to the curb when riding a bicycle, and give correct signals when turning.

Thus we shall spread our safety interest and information.

Now come the things we must not do, rules just as important if we are to play the safety game.

Don't hurry! Most accidents are caused by the desire to save a few seconds.

Never play in the streets nor dash before moving vehicles.

Never jay-walk.

Never steal rides.

Never make a blind dash across a thoroughfare.

Never stand in the street while waiting for a car—you are safer on the curb. One cannot always stand on his rights.

A child's part in this Safety Game is to keep from being "tagged" by a automobile. In the many automobile accidents in which the driver is blameless, a pitifully large number of children are victims.

There are always drivers who consider that responsibility ceases with the tooting of the horn. Since we stand less firmly than a telephone pole we had better be out of their way.

Our code is a Code of Honor. Nobody can make us play fair. Our schools foster athletics to encourage clean effort. More important than athletics is the game in which we save the sorrow of accidents and loss of life. If I could feel that by joining this Safety Team I had saved the life of one little child, I would consider my effort better spent than I had won the highest honors in athletics.

These things children can do. It is because of the splendid foresight of our elders that we are having these things laid before us while we are of an age when it is easy to learn. Much time, money and thought are being spent to teach us safer ways. And if we become men and women who think safety and act sanely we shall have a nation of happier and safer people.

"Always be careful."

STRESS MARKETING AND ORGANIZATION

National Farm Bureau Federation Begins Work On Its Program For Coming Year

Expansion of co-operative marketing, extension of organization and special legislative work constitute the major projects upon which the American Farm Bureau Federation will work in 1924.

This program already is under way, having been started by the new executive board at its first meeting, held shortly after the annual convention.

"The national federation is solidly behind the co-operative marketing program," said J. F. Reed, vice president, upon his return from the board meeting. "The Farm Bureau, as a service organization, is vital to the success of the co-operative marketing movement, as it can serve, as can no other agency, as a binding influence. In matters of publicity, legal service, legislative work and other fields, all farmer-owned associations have common problems and they can be solved only by a common agency."

The national board elected J. W. Coverdale as secretary to serve in 1924. A budget of $160,000 for the year was adopted.

First to Wait

"What weeds are the easiest to kill?" asked a fresh young man of Farmer Corntossel.

"Widow's weeds," replied the farmer. "You have only to say to them, 'Wilt thou,' and they wilt."

When a man gets grouchy, he ought to go out to the woods and live alone.

Turkeys Pay For Car

Today's story of farming in North Dakota as told by the farmers themselves is given vividly in a series of interviews gathered by the state land commissioner on a 12,000-mile automobile tour. Here is part of the statement by a farmer living in central North Dakota:

"I am milking a few cows now and I tell you the cream checks come in mighty handy. I think we will milk more cows next year. Our children have nearly been bothering the life out of us for several years for an automobile because our neighbors all have one and they seem to think we should have one too, but we can never get money enough ahead to buy one.

"So I told them I would get some turkeys and if they would tend to them we would sell them and buy a car. I bought the turkeys last fall and they did as they agreed. We have 150 to sell which will not only buy an auto but also pay for the gas to run it with for some time to come. Yes, I think we farmers will have to change our system of farming.

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.
In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.
This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.
These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

STOCK FOUNDATION OF RIGHT FARMING DECLARES H. ANTON

Pennington County Man Speaks On Diversification at Angus Meeting

The following article of particular interest to farmers of the community appeared in the Crookston Daily Times Tuesday:

About one hundred farmers from the vicinity of Angus, who gathered Monday afternoon for the farmers' institute put on by the Great Northern railway, under the direction of D. E. Willard, and the Commercial Club of Angus, chose alfalfa, hay and dairy cattle as the subjects they wished to hear discussed. Then when Mr. Willard asked how many farmers present were already milking cows, a score or more of hands shot up. The subjects called for and the fact that so many were already doing something at dairying was evidence to those in charge of the institute that the farmers in and about Angus were headed straight for diversified farming—farming with livestock and the growing of forage crops like alfalfa, sweet clover, and soybeans, and corn, in addition to wheat.

Mr. Willard immediately opened the discussion with some facts with regard to diversified farming as a means of escaping the difficulties which arise from single cropping or grain farming exclusively. He then introduced Hans Anton, a prosperous dairy farmer of Thief River Falls, whose cream checks from the Thief River Falls creamery last year totaled $3,415.15 from 19 cows.

Mr. Anton told the farmers very frankly that the way out of present difficulties was to get down and dig. The problem, he said, was largely up to the farmers themselves. Livestock, he went on, was the foundation of right farming, but that the transition into livestock raising was not to be made at a jump, but gradually through the introduction of a purebred sire as a means of grading up their herds into higher production. He advised the forming of community bull rings, for the exchange of sires in order to escape the necessity of buying a new sire every two or three years. The organization of bull clubs or rings said Mr. Anton, would mean that communities of farmers would agree in advance on the breed of animals to be used, so that all might develop the same class of stock.

It was pointed out that the farmers could grow all of his own feed—alfalfa for hay, sweet clover for pasture in the summer, corn for silage in order to get a succulent feed for winter, and soybeans to be ground and fed as a substitute for oil meal.

Former Resident Writes Interesting Letter To Times

Friends of Fred Erickson, formerly a resident of this city and a graduate of the local high high school, will be interested in the following excerpts from a letter received by The Times in which he requested a change in the address of his paper. Mr. Erickson has for some time been in training at the Naval Training station at Great Lakes, Ill., and in reference to his work there writes:

"The station personnel has been thinning down considerably the last three months so that at the present time we have less than fifteen hundred men on the station. There are very few men left in the Radio and Aviation schools, and the recruits are coming in much slower than usual. But, the recruits being received now are a snappy bunch of men and are doing very good work. Among them are some very capable athletes, and all-round men. It isn't as easy to get into the Navy as some people think. Only thirty-five per cent of the applicants for enlistment are being accepted.

"We have various kinds of entertainments and sports that everyone is urged to take part in. On Mondays, Fridays and Sundays we have the movies, only the late pictures being shown. Every Wednesday night, we have boxing and wrestling bouts, while on Tuesdays and Thursdays the roller skating rink is open to everybody. A small fee of twenty cents is charged for admission. At present, basketball games are the center of most interest and believe me we sure have some clean fast games at the Station. We also play outside teams but as yet have been undefeated. Every unit has a team of their own. As yet the radio school heads the list, altho they were beaten once by the ship's company team and once by the Recruit Training team. There is keen competition between all the teams on the Station and that alone keeps up the interest of the fans.

"Since graduating from Recruit Training, I have been attached to the Pay office, doing clerical work. It is very likely that I will remain here for about two years, altho I can get transferred to sea, if I find it too monotonous. So far, I like it. I usually spend the week-end in Chicago, which city is only about thirty-three miles from the Station. Waukegan, another city, is located about three miles from here while Milwaukee, Wis., is about fifty four miles from Great Lakes."

State Veterinarian Orders 14 Milch Cows Killed From Kittson County Dairy Herd

Hallock, Jan. 30.—Fourteen milch cows owned by Mrs. Oliver Cutt, near this place, were found by the state veterinarian to be infected with tuberculosis and ordered to be killed. A reimbursement of $50 per head will be made by the state.

Several head of cattle in the same herd were found to be infected when a test was made less than a year ago. They were killed and the remaining animals were believed to be healthy until the recent test was made.

Very few herds in Kittson county have been tested for tuberculosis, but it is believed that the startling conditions brought to light by recent tests will cause a majority of stockmen to have their herds tested.

In the olden days a humane man would go hungry to buy food for his horses, and today most any automobile owner will shave down his meal to buy gasoline.

'GAS TAX' IS HELD FAIREST ROAD LEVY

Minnesota One of Only 13 States Having Yet to Adopt Popular High Revenue Measure

All over the country, apparently, automobilists are concluding that, whether he wills it or not, the road user must pay a toll. Either the big "Toll of Folly" in payments for more gas and tires and upkeep than ought to be necessary, or the "Toll of Wisdom" which means not only less gas, fewer tires and less upkeep but a bonus of efficiency and comfort. As phrased by a Wisconsin county supervisor, "We've got to pay some kind of a tax, whether it be a good tax or a bad tax. Bad roads get a bad tax out of our cars by causing heavy wear and tear." And the majority of that county's supervisors are with him in his approval of a gasoline tax for the state of Wisconsin, feeling that they must build the road or rebuild the car.

—Good Roads Magazine.

Aimed to carry the reason for its wide-spread popularity to Thief River Falls and vicinity before the November election when it will be voted on to speed the good roads development, the Minnesota campaign for a gasoline tax is on.

The St. Paul Association, the civic organization of the capitol city, after full investigation, voluntarily took the initiative by appointing a committee to further the gas amendment, without consulting state officials or any others. The action coming from businessmen who already pay a considerable percentage of the motor vehicle taxes used wholly on state trunk highways in rural districts is regarded as significant. "If the city man who pays special assessments for the cost of the streets he uses most, is willing to pay still more toward country road improvement, the people in the country certainly ought to let him and join with him," was the comment of a good roads advocate.

Minnesota is one of only thirteen states without gas tax laws, according to official reports. Sixteen states adopted the gas tax last year, convinced that it is the best and fairest method of raising additional road funds. Nineteen states which adopted the gas tax earlier, increased rates 1, 2 and 3 cents thereby indicating its popularity after trial. Secrets of the popularity of the gas tax in the states having it now are rated three-fold.

Fairest road levy:

1—Fairest way to collect additional road funds from road users.

2—Most reasonable method for collecting large part of road money.

3—The tax is satisfactory and proceeds increase with use of roads.

A favorable vote on the gas tax amendment at the general election in Minnesota next November will enable the legislature to establish such a levy—probably of 2 cents a gallon. This will mean about 16 cents for each 100 miles covered by the average car, less the gas, tire and upkeep savings from more than $3,000,000 of extra highway improvements the tax will build every year.

"The public seems to have made its own characterization of the gas tax as 'the only painless tax,' which is justified on the ground of the ease of collection from the point of view both of the citizen and of the state and on the ground of the figures which picture the savings to the automobilist that are insured by the speeded-up and wider-spread road improvements" says a national highway journal.

"Pay-as-you-ride-wherever-you-ride" already is the highway slogan in progressive states, according to the same journal. It adds that states like Minnesota are especially affected by the gas tax benefits because of the large volume of tourist traffic their roads are called upon to carry. The old objection that the collection cost might be excessive has been answered in official figures from Indiana which made the biggest collections at an expense of "less than one-tenth of one per cent."

Sunday Driving

They reached the city limits and pulled up at the side of the road opposite the first billboard. The man shut off his engine, lit his pipe and settled back comfortably in his seat and his wife got out her sewing.

The friend, who had been invited for the Sunday drive, stood it for about ten minutes, and then tapped the husband on the shoulder. "Say, what's the big idea?"

The man laughed and pointed to the billboard.

"We come out here every Sunday, old man, for a couple of hours. No use going any farther than the first billboard, because that's all you'll see, anyway, so we just stay here and take it easy. Saves gas, tires and dust and the strain of keeping from being crowded off the road."—Judge.

THE HOME MARKET

If freight rates are such a big item in the cost of farm produce, it is clearly up to the producers to develop the home market and eliminate the railroad freight charges.

City and town residents are asked to buy the produce from the farms of their district as a matter of community loyalty, and for their own good as well, because a dollar spent at home is a dollar more in circulation in the local trade than if it were spent away from home.

The producer will get better results in the movement to win the support of the people of his own community if he will observe the methods of the concerns that market food products and imitate them.

He will note that cleanliness and attractiveness of the package is one of the salient features, and that every effort is made to please the customer.

He will also note that the large handlers of food products use advertising space freely and bring to the realization of the customer that they have a product that is worth the money.

Although loyalty to the home community should figure in the average buyer's calculations, he is largely governed by his likes and dislikes and his tastes for certain brands of foods.

The men and women who produce the food that we eat will find a ready market at home if they will take the pains to get it. A little special effort is required, and a study of the needs and wants of the customers.

CUTTING TAXATION

It has always been understood, that the people at large ultimately pay the taxes. Now it is admitted by the national government. The National Government is maintained by its revenue on imports and exports, its income taxes, its war taxes, its postage, etc. The president has called upon the congress to reduce taxation. That means cutting down the tax on income, and the revenues of the government. It is a frank admission on the part of the national government that these taxes, these revenues are always charged back to the people in less fortunate circumstances. In other words business always lists income tax, direct tax and revenue tax in its costs of operation and adds to the selling price of its goods. In the end all government revenue is charged to the consuming public and as the consuming public is for the most part composed of people who eat their bread in the sweat of their brow, they maintain the government under which business operates and thrives. A law regulating business by prohibiting the including of revenues and income taxes in cost fixing and price setting would put the burden of government financing where it belongs.—Bemidji Weekly Pioneer.

FARM ORGANIZATIONS

More than two billion dollars of business was done by farmer business organizations in 1923, according to estimates made by the United States Department of Agriculture. The estimates are based upon reports from 6,629 organizations, which did a total business of $1,200,000,000. Reports have been received from 5,318 associations and additional reports are yet to come in from approximately 2,000 organizations.

Of the 5,318 organizations reporting, approximately 90 per cent were primarily engaged in selling farm products, and about 10 per cent in the collective purchasing of farm supplies. Grain marketing organizations comprised more than 39 per cent of the associations; dairy products 22 per cent; livestock 14 per cent and fruits and vegetables 11 per cent.

Two thousand six hundred grain organizations did a total business estimated at $450,000,000; 1,841 dairy products organizations a total business of $300,000,000; 1,182 livestock shipping associations a business of $220,000,000 and 956 fruit and vegetable associations a total business of $280,000,000. Seventy-eight cotton co-operatives did $100,000,000 and 11 tobacco organizations $132,000,000.

Views On Various Topics

(By Martin Widsten in the Crookston Daily Times.)

It is my opinion that the only plan now under consideration by Congress that would permanently and definitely put the farming industry in the northwest—and in the country generally—back on its feet is the McNary-Haugen bill. There may be other propositions that will help some, but they are only minor repairs.

This McNary-Haugen bill is largely along the lines of the McGregor plan—often discussed in the Times, which is simply applying the protective tariff to the industries that produce a surplus by extending to them an export bonus in place of the import tariff. The size of the export bonus is to be so regulated as to bring the price up on the same level with 400 other commodities, basing the figures on relative values several years before the war. In short, the proposition is to put the wheat price at a point where a bushel of wheat will buy the same amount of other commodities as it did before the war.

No one should be able to find any fault with that. If it is a fair proposition to raise the price of American manufactured goods in order to give the American laborer a much higher standard of living than the European laborer—and I think that is right and commendable—it is just as important to keep the standard of living of the American farmer above the European level, which can not be done when his products are sold at the world market price.

It will mean a somewhat higher price for flour, and a few other things. The increased price in farm products will have to come out of the American consuming public. But this will be more than offset by the increase in employment that will result from the greater buying power of the farmers.

The funds for paying the export premium is to come out of the crop so protected. As I understand it there will be a 25 cents hold-back on each bushel of wheat—in the case of the wheat crop—which will be represented by scrip that will be furnished by the post offices. If it takes 15 cents a bushel to cover the export premium then the scrip will be cashed in at the end of the year for 10 cents. For instance if the price of wheat is set at $1.75 a bushel the market price will be $1.50 in cash and 25 cents in scrip. Then if fifteen cents a bushel on the entire crop takes care of the loss on the portion exported the scrip will be worth ten cents a bushel, which will leave the net price at $1.60 per bushel—the amount that statisticians figure it should bring at this time in order to have the same buying value measured in 400 commodities that it had in the years previous to the war.

This proposition appears to have a great deal of support in Congress. Its greatest asset—in a political way—is that it does not propose to take any money out of the government treasury, and it follows in the well-blazed trail of the American protective tariff. It applies the idea that is closest to the minds of the people in the industrial centers, to erect a barrier between themselves and the cheaper labor of other less-favored nations.

The McNary-Haugen bill means a great deal to the farmers of the northwest at the present time. Its passage will not make them rich, but it will put them back in the position they were before the war, as far as that is possible to do.

Grand Rapids Herald-Review Says

"Complaint is made that the jails of Minnesota are overcrowded by convicted violators of the Volstead law. In this connection a scientific investigator boldly announces that the imprisonment of persons who consume the filthy and poisonous concoctions, offered through the United Order of International Bootleggers, are not of sound mind and should be dealt with by the probate, not the criminal courts. Bootleggers and moonshiners, if it can be proven they are not consumers, should be treated as criminals and jailed, but the unfortunate addict should be pitied and sent to the crazy house."

The preliminary reports showing a decided increase in the number of automobiles to be used during the coming year make the pedestrians feel that 1924 will surely be leap year.

Several thousand new locomotives have been ordered by the railroads. Another reason to stop, look and listen.

The investigation of the lease of the Teapot Dome naval oil reserve has turned out to be a tempest in the teapot.

Whether the groundhog brings spring or six weeks of winter all depends on whether you are an optimist or a pessimist.

Another coal strike is rumored. When the coal miners quit digging, the consumers begin digging for more money to meet the coal bills.

Pure Seed is Distributed Among R. R. Valley Farmers By Northwest Farm Station

Applications for quantities of pedigreed seed to be distributed by the Northwest Experiment station, Crookston, are now being received by J. J. McCann, Pennington county agent with office in this city. As the supply available is very limited it is urged that those who wish to secure some see Agent McCann at the earliest date possible. In former years the demand has far exceeded the supply allotted to Pennington county.

The 1924 distribution of pure seeds includes:

Variety	Amt.	Price per bu.
Imp. Manchuria (Minn. No. 184) Barley (6-row)	1000	$ .75
Minota (Minn. No. 512) Oats	1200	.60
Imp. Ligowa (Minn. No. 281) Oats	100	.60
Mindum (Minn. No. 470) Wheat (durum)	250	1.50
Marquis wheat	250	1.50
Kota wheat	100	2.50
Wisconsin Black soybeans	25	4.00
Chippewa (Minn No. 181) Wilt Resistant Flax	200	4.00
Northwestern Dent Corn	200	3.50

Because of the limited quantity of Chippewa flax available and the unusual importance of this distribution this variety will be furnished only to growers who will agree to sow on land especially suitable for flax and to handle the crop as registered seed in compliance with the rules of the Minnesota Crop Improvement association.

No person can be furnished with more than five bushels of corn, two bushels of soybeans, or five bushels of flax.

For pure seed grains not available at the Experiment Station or for larger quantities, growers are referred to the annual seed lists of the Red River Valley Crops and Soils association and the Minnesota Crop Improvement association. Their lists give names and addresses of growers who can furnish pure seed of improved varieties. Copies of these lists may be obtained from the Northwest Experiment Station, Crookston, Minn., upon request.

Publicity Drive Opened

National Commander John R. Quinn, Department Commander Ludvig I. Roe, Department Adjutant Stafford King, and congressional district commanders of the Minnesota Legion are advocating a campaign of Legion education to prove to the public that the organization is not primarily an organization designed merely to "get the bonus." While the adjusted compensation bill will be explained during meetings to be addressed by department and district officers in the large towns of the state, to which the general public will be invited, the organization's stand on immigration, community service, justice for the disabled, the "universal draft" proposal, Americanism, good government, and other major planks of the Legion platform will be stressed. Particular emphasis will be given to the part the organization has played and expects to play along the lines of community service.

A number of these meetings have been held and many others are in prospect. In some cases the annual installation of officers is made a public ceremonial in order that guests may become conversant with what is going on in Legion circles. Smokers, dinners, fathers' and sons' banquets and similar affairs also help to cement the friendship which exists between Legionnaires and the public.

Will Re-Engage Co. Agent

Clay county, without a county agent for nearly two years, may have one in the near future, according to press reports. A movement is on foot to raise the $750 necessary, among county people, the rest being furnished by the state.

Special Railroad Rate to Winter Shows at Crookston

A special open rate of fare and one half for the round trip has been granted for the Northwest School Farmers' Week meetings and Red River Valley Winter Shows to be held at Crookston, February 4-8.

These rates apply from points in Minnesota and North Dakota and also from Ashland, Wisconsin or intermediate points. Excursion tickets are to be sold February 2-8, inclusive with final return limit, February 11. No certificate is required.

Many Pennington county people will attend the exhibition.

Polarine
THE PERFECT MOTOR OIL

Made in Five Grades

It is manufactured by the Standard Oil Company (Indiana).

"It is better to lose a sale than to serve a customer with the wrong oil." This is the most emphatic instruction issued to service station attendants by the Standard Oil Company (Indiana).

Standard Oil service station attendants never merely offer Polarine as the best oil—they fill your lubrication system with the correct grade of Polarine, because there is a right grade of Polarine oil for every motor.

A sale of the wrong grade of Polarine would reflect not only upon the reputation of this Company but would do an injustice to the manufacturer of the car as well.

For all grades of Polarine are made to specification. The blue print of the engine lies side by side with the chemical formula in the Standard Oil Company (Indiana) laboratory.

Always remember that it pays to ask, "Who made this oil?"

You cannot see the quality of a lubricating oil—you must take somebody's "say-so."

Polarine is manufactured by the Standard Oil Company (Indiana). The Company recommends Polarine for every type and make of car.

The Company is proud of its reputation and proud of its record of service and of the fact that 60% of the motors running today in the ten Middle Western States are lubricated with Polarine.

Helping Maintain County Nurse

The Polk County Chapter of the Red Cros has voted to offer $1,000 to the county commissioners before their next regular session in February to be used toward the maintenance of a county nurse. There were no strings attached to the resolution other than that the $1,000 would be forthcoming provided the commissioners would appropriate the remainder of the fund sufficient to employ a county nurse for one year.

At the recent annual meeting the commissioners of Marshall county for the appropriation for a county nurse was voted down. Red Lake county is also without a nurse in this capacity at present, the county nurse who has been engaged there for some time past having resigned, and as yet no one has been secured to take her place.

Resolution for Sale of Drainage Bonds.

State of Minnesota,
County of Pennington—ss.

I, T. P. Anderson, County Auditor of Pennington County, Minnesota, do hereby report to the County Board and do hereby certify as follows:

I. That the County of Pennington has paid principal and interest on drainage ditch bonds with moneys in its general ditch fund applicable to a ditch other than the ditch in connection with which such bonds were issued in the sum of Twenty-two Thousand Eight Hundred Thirteen and 53-100 ($22,813.53) Dollars.

II. That the County of Pennington has paid principal and interest on its drainage ditch bonds out of County funds other than the general ditch fund amounting to No Dollars.

III. That the County of Pennington has paid principal and interest on its drainage ditch bonds out of the proceeds of County Warrants issued outstanding in the sum of No Dollars.

That a shortage in respect to the general ditch fund exists by reason thereof, and that the County at this time has outstanding warrants drawn on its ditch fund amounting to Forty Seven Thousand Ninety-seven and 47-100 ($47,097.47) Dollars.

That the amount of money on hand in the ditch funds of said County at the date hereof is Twenty-five Hundred Seventy-seven and 75-100 ($2,577.75) Dollars.

That the amount which will be required to make good the existing shortage in said ditch fund is the sum of Forty-nine Thousand Nine Hundred Eighty-three and 7-100 ($49,983.07) Dollars.

That the probable amount which will be required to pay the principal and interest of the County's outstanding drainage ditch bonds to become due within one year from the date of this certificate is Forty-nine Thousand Nine Hundred Eighty-three and 7-100 ($49,983.07) Dollars.

That the total amount of probable shortage in the general ditch fund at the end of the present year will be Fifty Thousand ($50,000.00) Dollars.

That the amount of such shortage which is applicable to each of the several County Ditches is as follows:

Judicial Ditch No. 15	$ 1,182.59
Judicial Ditch No. 1	4,300.00
Judicial Ditch No. 13	8,402.58
Repair of County Ditch No. 1	3,874.00
Repair of County Ditch No. 39	4,991.36
Judicial Ditch No. 30	21,283.04
Estimated interest and payment on Bonds, over income	2,885.60
	$ 49,983.07

That the amount to be collected from ditch assessments within said County during the year 1924 will not cover said shortage in said general ditch fund.

That the probable income to the County from ditch assessments to be collected during the year 1924 has been taken into consideration in estimating the shortage which will exist in said general ditch fund at the expiration of the year 1924.

Dated at Thief River Falls, Minnesota, this 25th day of January, 1924.

T. P. ANDERSON,
County Auditor,
Pennington County, Minnesota.

Commissioner Olson offered the following resolution and moved its adoption:

WHEREAS, The County Auditor of the County of Pennington, State of Minnesota, has presented to the County Board of said Pennington County, a certificate signed by T. P. Anderson, County Auditor of said County under his Seal, and which certificate has been entered in the records of the County Board, and from which certificate it appears that the County of Pennington has paid the principal and interest of its drainage ditch bonds with money in its general ditch fund applicable to a ditch other than the ditch in connection with which such bonds were issued, and also that said County has paid principal and interest on its drainage bonds out of the proceeds of County Warrants issued and outstanding, and a shortage in respect to the general ditch fund exists by reason thereof, and that the moneys in the County's general ditch fund will not be sufficient to pay in full the principal and interest of its drainage ditch bonds to become due, according to their terms, within one year following the date of said certificate of said County Auditor hereinbefore referred to, and such certificate containing all of the information required by Chapter 72, Session Laws of Minnesota for 1923.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY BOARD OF PENNINGTON COUNTY, MINNESOTA, That said County issue its Drainage Funding Bonds in the sum of Fifty Thousand Dollars ($50,000.00) under the provision of Chapter 72, Session Laws of Minnesota for 1923, for the purpose of its general ditch fund and to reimburse such ditch fund.

That said bonds shall be Fifty (50) in number, numbered consecutively from one (1) to Fifty (50) inclusive, shall be of the denomination of One Thousand Dollars ($1,000.00) each, shall be dated March 1st, 1924, and shall mature as to principal as follows:

Bonds numbered 6 to 10, inclusive, on March 1st, 1930
Bonds numbered 11 to 15, inclusive, on March 1st, 1931
Bonds numbered 16 to 20, inclusive, on March 1st, 1932
Bonds numbered 21 to 25, inclusive, on March 1st, 1933
Bonds numbered 26 to 30, inclusive, on March 1st, 1934
Bonds numbered 31 to 35, inclusive, on March 1st, 1935
Bonds numbered 36 to 40, inclusive, on March 1st, 1936
Bonds numbered 41 to 45, inclusive, on March 1st, 1937
Bonds numbered 46 to 50, inclusive, on March 1st, 1938.

That said bonds shall bear interest at the rate of 5½% per annum, payable semi-annually on March 1st and September 1st in each year, which shall be evidenced by appropriate interest coupons, as evidencing the interest for a six months period, and shall be payable at the First National Bank in the City of St. Paul, Minnesota, and the full faith, credit and resources of said County of Pennington, Minnesota, are irrevocably pledged for the punctual payment of the principal and interest of said bonds at maturity.

That the said bonds shall be in such form as may be determined upon by the County Board of Pennington by Resolution hereinafter adopted, and shall certify and recite that all acts, conditions and things required by the Constitution and Laws of the State of Minnesota, to be and to be done precedent to and in the issuance of said bonds, including the issuing of the certificate of the County Auditor of said County required by Chapter 72, Session Laws of Minnesota for 1923, have been properly done, happened and been performed in regular and due form and time as required by law, and that the full faith, credit and resources of said County of Pennington, Minnesota, are irrevocably pledged for the punctual payment of the principal and interest of said bonds at maturity.

BE IT FURTHER RESOLVED, That bids for the purchase of said bonds hereinbefore specified be opened and considered by the County Board of said County at a meeting thereof, which is hereby fixed to be held at the Court House in the City of Thief River Falls, Minnesota, at two o'clock P. M., on the 15th day of February, 1924.

BE IT FURTHER RESOLVED, That notice of said meeting of this Board to be held at the time and place above specified for the consideration of said bids for the sale of said bonds, to be published in The Times, a newspaper, published at Thief River Falls, Minnesota, once in each week for at least two successive weeks, the first publication of which shall be at least fourteen (14) days prior to said date of meeting, and said newspaper is hereby designated as the newspaper in which said notice shall be published.

BE IT RESOLVED, That the County Auditor is authorized and directed without delay to cause to be published in said newspaper once in each week for at least two successive weeks, a notice in substantially the following form:

Re-trained War Veteran Enters Banking Business

The following article concerning Herman A. Haugen, now of Geneseo, N. D., who was born and raised on a farm in Foldahl township, Marshall county, appeared recently in the Sargent County News, a copy of which has been received by The Times:

In pre-war days Herman A. Haugen was a young farmer. Then the United States entered the war, and he entered the army as a private in Company "H", 110th Infantry, with which he served in France. He received a gunshot wound during the Argonne offensive, and was discharged on May 24, 1919, after about a year of active service.

Not being able to resume his previous heavy work as a farmer, he was awarded vocational training by the U. S. Veterans Bureau with a view of becoming a bank clerk and ultimately engaging in the banking business. The theoretical part of his training was received in a business college in Minneapolis, followed by six months' replacement training in a national bank at Hankinson, N. D.

Upon the completion of this training, Mr. Haugen was given employment in a bank at Geneseo, N. D., at a salary about double his pre-war earnings.

CREAMERIES SOLIDLY BACK MARKET PLAN

State Association to Begin New Year With Nearly 100 Per Cent Support

Co-operative creameries are solidly behind the marketing plan, now being perfected by the Sales Department of the Minnesota Co-operative Creameries' association, according to H. F. Meyer, manager. Up to Dec. 24, 284 creameries had signed the standard agreement, under the terms of which butter selling operations of member creameries will be correlated for the benefit of all. These agreements represent an annual output of more than 70,000,000 pounds. The local creamery entered the marketing plan at the meeting held in the city recently.

The state association will begin its third year of operation as one of the most successful farmer-owned business associations in the country. It started two years ago under a two-year contract. During this period, 470 creameries in the state joined the movement. The number has increased slowly and steadily, as non-member creameries come to appreciate its importance.

It enters its third year with all but four or five of the original agreements in force. Directors of a few creameries have cancelled their agreements, pending presentation of renewal to the patrons at annual meetings to be held early in January. Renewals in every case are expected.

"The finest thing about our new marketing department," said A. J. McGuire, general manager, "is that the agreements already signed include creameries that are making the best butter in the state. The associations greatest accomplishment is the fact that it has provided an avenue thru which the members have learned to co-operate for mutual good. The task before us in 1924 will be to 'make good' in marketing to as great or greater degree as we have in the service field thus far."

POLK COUNTY OVER IN SPUD CAMPAIGN

Leaders There Have Signed More Than 18,000 Acres. Contest Is Announced

Polk, second heaviest potato producing county in the state has obtained its acreage quota. This was announced last week from the state headquarters at St. Paul. Official records give Polk 18,440 acres; 63 more than legally required.

The state membership last week was 7,706 with 112,404 acres under contract.

Success of the work in Polk is due to co-operation between farmers and business men. It was the business men of Crookston who started the campaign last fall when they closed their places of business and spent a day signing memberships. To C. H. Zealand, secretary of the special Red River Valley committee, C. G. Selvig, superintendent of the Northwest Experiment station, L. M. Bond and scores of active farmers goes credit for the success of the campaign.

Signing Polk's quota marks the beginning of the end of the campaign in the Red River Valley. When state committee receives 8,000 more acres from Clay county, every county will have its quota and more. Official records show that Kittson now has 4 per cent more than the total commercial acreage.

The state committee last week announced a special Victory contract signing contest to close Mach 1. This is open to growers who have signed or will sign the marketing contract. Prizes worth more than $1,000 and including a powerful radio set, a potato digger, 3-row sprayer and other potato machinery have been donated by manufacturers. Details of the contest may be obtained by writing Contest Manager, Minnesota Potato Growers' Exchange, 319 Commerce Building, St. Paul, Minn.

VOLUME 14 Thief River Falls, Pennington County, Minnesota, Thursday, February 7, 1924 Number 1

EXPERTS WILL DISCUSS FARM TOPICS FEB. 18

Committees Working Out Details for Sessions of Short Course Feb. 18-19

WOMEN'S SESSION AT ELKS ROOMS TUESDAY

Discussions of Farm and Home Problems Will Feature Instructive Meetings

A series of interesting and helpful meetings in agriculture, horticulture, gardening and home conveniences has been assured for this community it being assured thru the co-operation of the agricultural extension department of the International Harvester company. As announced previously thru the columns of The Times the short course will be held in Thief River Falls for two days, on Feb. 18 and 19.

Committees in charge of making the various arrangements necessary for this event, which is sponsored by interested persons of the city, are busy working out the details and *making out a program for each of the* six sessions. General sessions will be held at the auditorium, which has been secured free of charge, and a women's gathering in the afternoon of the second day will take place at the Elks club rooms secured for the occasion. Geo. Wilson, general chairman of the committees, reports that everything will soon be in readiness for the best event of this kind ever held in the city.

The purpose of the meetings will be to help the people of this community to solve the many problems in agriculture, horticulture and home making.

Experts will Speak

The extension department of the International company has a large force of people engaged in strictly educational work. The party coming to this vicinity will consist of L. A. Hawkins, J. G. Haney, J. L. Wenstadt and Miss Zella Wigent.

Mr. Hawkins comes from Virginia, where he owns a half interest in a 75-acre apple and peach orchard. He was raised on a farm and is a practical farmer; studied horticulture in college in New Hampshire and Oregon; was assistant horticulturist at the Alabama station; was superintendent of an 1,800-acre peach plantation in Georgia, horticulturist for a 75,0000-tree apple orchard in Virginia, and has done considerable extension work in the fruit belts of the East, South and Northwest.

J. G. Haney Coming

Few men are better known to the farmers of the Northwest than is Mr. Haney. For 11 years he has been superintendent of the I. H. C. demonstration farms at Aberdeen, S. D., and Grand Forks, N. D., and the manner in which he has conducted these farms has been of untold value to the farmers of that region, among whom he is an unquestioned authority on all farm problems common to those states. He has done extension work with colleges and county agents in 15 of the central and northwestern states and the western provinces of Canada and his discussions of corn, alfalfa, sweet clover, crop rotation, diversified farming, live stock and other equally important topics are based on first-hand experience and knowledge.

Mr. Wenstadt is a practical farmer who has managed a large dairy herd and has had experience as a tester for a cow testing association and in cheese making. He formerly was a county agricultural agent and has been prominent in boys' and girls club work.

Miss Wigent is without a superior in home and school work. She discusses home and health problems and demonstrates canning methods and the use of the pressure kettle.

Everything Free

The plan is to hold both day and evening sessions, at which admission will be free and everybody — men women and children—will be welcome.

In the talks and lectures large charts and lantern slides will be used and at every session the subjects treated will be thrown open for discussion.

Moving pictures of an educational and instructive nature will be a feature of the meetings.

ALL BANKS IN CITY ARE DEPOSITORIES FOR PUBLIC FUNDS

Two and One Half Percent on Daily Balances Will Be Paid On City's Money

The special meeting of the city council Tuesday night was for the purpose of designating city depositories and accepting the bids of the various banks of the city.

Since the meeting last week the banks raised their bids from two to two and one-half percent on daily balances, based on the average of the previous month. In lieu of this the aldermen waived the surety bond request and decided to accept personal bonds from the various banks in the sum of $25,000 each.

The city funds will be divided as nearly as possible between the three banks, the First and Peoples State bank, the First National bank and the Farmers & Merchants State bank.

Gerlinger to Red Lake Falls

The Rev. Chas. Gerlinger, pastor of the Presbyterian church here, will conduct services at Red Lake Falls Sunday morning and the Rev. W. H. Evans, pastor at that place will occupy the pulpit in his place here.

No Extension Time To Get Auto Licenses

Attorney General Clifford L. Hilton says: "An erroneous impression seems to be prevalent, and one which should be immediately corrected in order to save the payment of penalties by automobile owners. Under the law as it existed prior to July 1, 1923, the secretary of state had power to waive penalties for delayed payment of automobile taxes. The last legislature amended this law and the secretary of state is now powerless to waive penalties or extend time for payment. If the automobile tax for 1924 is not paid by February 15, a penalty of 25c per day for the first twenty days and $2.00 per month thereafter for not to exceed five months attaches.

I am making this statement now in ample time so that there may be no misunderstanding later. Any automobile owner that desires to escape the payment of penalties must pay his automobile tax on or before February 15, 1924."

CHAMPION SPELLERS OF COUNTY CHOSEN IN CONTEST FEB. 2

Chester Wilson and Emma Letness To Represent Pennington in Valley Contest Fri.

Chester Wilson of district 35 and Emma Letness of district 28 will represent Pennington county at the annual spelling contest at the Winter Shows at Crookston tomorrow, as a result of the elimination contest held in Thief River Falls last Saturday. Seventeen youngsters from various sections of the county took part in the event, and displayed a great deal of interest.

The averages attained by the participants of the contest are very gratifying according to Superintendent of Schools O. R. Sande, who was in charge of the county contest. Previous to the semi-finals sectional contests were held in 13 of the 17 sections of the county, these being in charge of the respective teachers.

Chester Wilson, son of Isak Wilson of Wyandotte township, who has the honor of being the champion speller of the county, was accorded an average of 97½, scoring highest in the written, oral and dictation divisions of the contest but did not secure first place in the spell down, Celaine Prestegaard of district 59 winning high honors in that part of the contest. Young Wilson's total percentage is considered exceptionally good. Emma Letness, daughter of Jens Letnes, Silverton, who won second place, had a total percentage of 92 8-13. Master Wilson was presented with the first prize award of $2.00 while Miss Letness received $1.60.

The two Pennington county winners will meet contestants from nine other counties of the Red River Valley at the Crookston show tomorrow, Friday. Their expenses to the Crookston contest is paid by the Winter Shows association and liberal prizes will be awarded the winners who will be judged according to individual standings. The first prize is $7; second $5; third $3 and the next five in line $1. The county having the highest scoring team will be presented with a banner.

The standing of the other contestants from the rural schools of the county who took part in the contest Friday, follows: Manford Stenness, district 35, 88 4-7; Estelle Hanson, district 28, 87 3-5; Geneva Allen, district 127, 80 1-3; Bjorgo Hemmestvedt, district 66, 76 2-7; Celaine Prestegaard, district 59, 75; Esther Zinter, district 54, 46; Lillian Loyland, district 53, 65 6-13; Annie Zinther, district 54, 34 2-3; Evelyn Peterson, district 133, 28; Edna Koop, district 73, 71 3-4; Edith Yonke, district 19, 59 4-7; Arthur Asp, district 26, 66 1-3; Elmer Johnson, district 26, 72 3-13; Emil Martinson, district 147, 54 2-11; Melford Peterson, district 133, 41. Some of the contestants received low grades being unable to complete the contest as they had to leave for home before it closed.

The contest took place at the court house and was judged by Miss Madeline Thill, M. A. Mattison and Geo. Wilson, Supt. Sande being in charge.

Birds From Local Flocks Cackle at Winter Shows; Club Workers Enter Calf

Pennington county poultry is well represented at the Red River Valley Winter Shows at Crookston this week, a number of local fanciers having entered birds in the big show. Up to the time of going to press no definite reports have been received as to awards given the birds entered. Poultry from this county has always fared well in previous contests with exhibitors from all sections of the valley, carrying off a large number of prizes.

Those who sent birds to the Crookston show are: Olaf Neset, Rhode Island Reds; C. D. Gustafson, Barred Rocks; H. L. Schuster, S. C. White Leghorns; Dr. O. F. Mellby, Black Giants; all of Thief River Falls. Others are L. A. Westphal of St. Hilaire, White Wyandottes; James Thompson and F. C. Dols of Rosewood.

Three entries were made in the dairy calf club contest by Pennington youths, they being Nathlie and Bernice Woolson, Guernsey calves, and Goodwin Wilson, Holstein. The calves were shipped Saturday, while the contestants left Tuesday.

It was announced from Crookston yesterday that Goodwin Wilson with his Holstein calf won third place in the boys' and girls' livestock contest. For purebred Guernsey calves Bernice Woolson won first and her sister, Nathalie Woolson, won second place, a splendid showing by these young club workers and speaks well for Pennington youths.

No cattle were entered by local livestock breeders this year, altho Pennington exhibitors have done especially well in showings made in former years.

ENTIRE NATION MOURNS DEATH OF GREAT CHIEF

Flags Lowered to Half Mast in Tribute to Former President Woodrow Wilson

NO OBSERVANCE ON DAY OF FUNERAL HERE

Simple Services Mark Burial at Washington, D. C. of Country's Great Chief

Flags of the city were draped at halfmast yesterday in tribute to Woodrow Wilson, war time president of the United States, who passed away at 11:15 Sunday morning, at his home in Washington. The custodians of the court house, post office and other buildings lowered the stars and stripes to halfmast position Monday morning, the news of the former president's death being received here by many radio owners Sunday evening and spread rapidly. A thirty-days' period of mourning has been proclaimed.

Funeral services were conducted in Washington yesterday, and were private in the sense that there was no great state ceremony. No public observances were held here. The district court now in session adjourned at three o'clock in tribute to the ex-president's memory.

Mr. Wilson's end came peacefully, according to Dr. Grayson, his friend and physician. Ill health began more than four years ago, the immediate cause of death being exhaustion which began in the early part of last week but did not reach an actute stage until the early morning hours of Feb. 11. A message was received in this city over the wires that Mr. Wilson died Friday, local citizens being quite surprised to hear that he was still living the next day. He was 68 years of age at the time of death.

Woodrow Wilson, twenty-eighth president of the United States, was the human phenomenon of the World war, the most momentous of all the wars of history. At fifty-four he was no more than a university professor and political writer. At sixty-three he was in a place of fame and power unsurpassed in history. What place will history give him?

It is impossible now to differentiate between Woodrow Wilson the man and Woodrow Wilson the head of the most powerful nation of earth in wealth, material and fighting men. Certainly he could not have reached the place he held without great ability and extraordinary capacity for leadership. By virtue of his place he became a focus of world attention as soon as the great war began. Before the armistice was signed he had become a great moral leader with the ear of the peoples of the world. Only as such could he have forced upon the allied world the unofficial acceptance of his project of a league of nations, with its fourteen points as set forth to congress January 18, 1918.

TRACTOR SCHOOL TO BE CONDUCTED HERE

Power Farmers Have Opportunity to Learn More About Tractors Mon. and Tues.

A tractor school is to be held in Thief River Falls by C. Gustafson & Son, local McCormick dealers, at the vacant building south of the office on Main avenue, on Feb. 11 and 12, Monday and Tuesday of next week.

This school is held for the purpose of being help to the users of tractors and tractor-drawn tools, and also to all who are interested in power farming whether they own a tractor at present or not. The school is to be practical in every way and there will be something of interest doing all the time. Undoubtedly, many have questions about the internal combustion engine which they would like to ask. These will be answered at this school. The men in charge of the school have valuable data available which may help solve these problems.

This school is also given for the benefit of young men and others who are interested in taking up the study of operating tractors and tractor-drawn equipment. This is the knowledge of modern tractors, their operation and care.

Besides the tractor school there will also be available free service in repairing and overhauling of cream separators by experts from the International company, and on Monday grain or corn will be ground free of charge as a demonstration of the McCormick-Deering feed grinder.

Free lunch will be served at noon each day, according to an announcement which will be found elsewhere in this issue. Readers interested in this event are urged to read this announcement and make arrangements to take advantage of this opportunity to get helpful information regarding tractors and tractor-drawn tools.

Plumbing and Heating Co. Now Occupy New Quarters

The Union Plumbing and Heating company, formerly located one door east of the post office, is now situated in the building formerly occupied by The Tribune, having moved their business and equipment to that building last week. Under this arrangement the company will have larger and better quarters and will be able to give their clientele, which has reached large proportions, a better and more efficient service. The Union Plumbing and Heating company is under the management of Lyman W., Maurice H., and Ernest W. Fossum, and during the past years has enjoyed a large business in a wide field.

SEN. C. L. HANSEN AT CONFERENCE IN WASHINGTON

First National Bank Head Takes Part in Discussions of Agricultural Relief

FINANCE CORPORATION LAUNCHED MONDAY

Business Interests Pledge Aid to Northwest in Forming Organization

Senator C. L. Hansen, president of the First National bank of this city, is in Washington, D. C., this week attending a conference on methods to bring relief to the Northwest. He is one of the group of Northwest agricultural leaders and bankers whom President Coolidge asked to meet with administration representatives to consider emergency measures for agricultural relief in this section.

The conference opened in the Capital City Monday, Senator Hansen leaving this city for Minneapolis last Friday. He is expected to return the latter part of the week. On Thursday evening following Sentor Hansen's receipt of the President's telegram calling him to the Washington conference, a special meeting of the Commercial club was held, at which present conditions and possible methods of relief were discussed. Those present heartily endorsed the McNary-Haugen bill, if nothing better is proposed but did not instruct Hansen as to what definite action or stand he should take in the conference.

Private Finance Corporation

According to press reports from Washington two big developments, one the promised formation of a $10,000,000 corporation subscribed by private capital to assist in the emergency in the agricultural Northwest, and the other an absolute, emphatic and specific indorsement by the President himself of the $50,000,000 livestock loan bill, were the outstanding results of the presidential conference on Northwestern agriculture and finance held Monday.

Many things were discussed, the banking situation in Minnesota, the two Dakotas and Montana, was considered; the question of pending legislation in Congress for farmer relief was taken up. When all was said and done, however, the accomplishments mentioned above remained the clear cut, conspicuous features.

Pledge Aid to Corporation

Commercial, financial and industrial representatives in the conference meeting in a committee of their own, pledged their suport to the privately subscribed corporation. The resolution adopted by this section and afterwards approved by the conference as a whole was as follows:

"Resolved that the project for the creation of a $10,000,000 corporation to assist in the emergency in the agricultural Northwest, is in principle approved, and that Messrs. Ralph Van Vechten, E. W. Decker, John McHugh, Clarence M. Wooley, Alexander Legge, C. T. Jaffray and R. P. Lamont are appointed committee on organization and program, with full power to prepare the charter and bylaws; and with power to add to their membership; and take any other action appropriate in the matter; and that the committee requests the cooperations of the secretaries of the treasury, commerce and agriculture and the managing director of the war finance corporation in the appointment of committees to solicit subscriptions for the capital stock of the corporation."

Significant to Northwest

While the matter was only referred to briefly by Herbert Hoover, Secretary of Commerce and presiding officer of the President's conference, it is significant that this private corporation has backing amounting to perhaps as high as $30,000,000 for use in the Northwest territory. That means that approximately $40,000,000 all told will likely be available for the spring wheat area in aiding to straighten out some of the temporary financial difficulties which have arisen.

The promised formation of this corporation is directly in line with suggestions made by President Coolidge in his special message to the Congress two weeks ago and again in his address before the conference today. It was something which administration officials who have been concerned about the Northwest situation have been particularly anxious to bring about. It was brought about because large business interests realized that something concrete had to be done to aid the Northwest.

The conference did not endorse any definite congressional legislation, this being left to a committee.

It is very likely that the corporation headquarters will be located in Minneapolis, two Minneapolis bankers being slated to head the organization.

ADJUTANT KING TO SPEAK HERE ON BONUS BILL

Prominent Minnesota Legionaire Will Address Mass Meeting Monday Evening

LOCAL POST SPONSORS AUDITORIUM GATHERING

Mellon's Tax Reduction Plan and Adjusted Compensation Will Be Discussed

State Adjutant Stafford King of the American Legion will speak at a public mass meeting under the auspices of the Elmer J. Ecklund Post at the city auditorium Monday evening when the local Legionnaires and others will hear a discussion of the bonus bill which is up before Congress at this session, and other matters relative to ex-service men and the public in general.

Mellon's tax reduction plan, adjusted compensation for the ex-service men and the plans and stand of the Legion will be the topics of Mr. King, a Legionaire who is known nationally *as a man who knows the situation and* who is known as one of the most able and brilliant speakers of the country.

What Mellon proposes, what the Legion wants and how it will effect the general public will be fully discussed at this meeting. The rally is open to the public and no doubt every citizen who can find a seat or standing room will avail himself or herself of an opportunity to learn what the Legion stands for and how it proposes getting it.

Similar meetings will be held at Crookston at a noon luncheon, Feb. 12th, at Fertile the evening of the 12th and at Detroit on the 13th. Many other meetings in other sections of the state are being launched this week. The Legion sees the destruction or the passage of a bonus bill, in whatever form, at this session of congress and leaders are out, not only to tell the public that they want a bonus, but to acquaint it with the facts and intercept the propaganda, much of which it is alleged, is propagated for the one purpose of killing the measure.

Adjutant King arrives on the 2:30 a. m. flyer from Minneapolis Monday and will be met at the station by a large delegation of Legionares at 8 o'clock. He will spend the day in the city and at six o'clock will join the local "Buddies" in mess at the Legion club rooms. All Legion members, and as many ex-service men who are not members as can be "Mustered In" will be present.

Delinquent Real Estate Tax

A list of the names of those whose 1922 real estate tax in Pennington county is delinquent is published in The Times this week and will be found elsewhere in this issue. The number of descriptions included is practically the same as for the previous year, but a small increase from last year being noted.

COMMERCIAL CLUB TO NAME OFFICERS

Large Attendance Expected For Annual Meeting Thursday, February 15

The annual meeting of the Thief River Falls Commercial club will be held on Feb. 14, Thursday of next week, with the usual noon luncheon. Officers for the coming year will be chosen and matters of vital importance to the club will be taken up. Reports of the past year's activities will be made and plans considered for 1924 activities. A number of topics of general interest will be considered.

A nominating committee was named at the meeting last Thursday to prepare a list of candidates from which members will select officials for the ensuing term. It is of the greatest importance that a club of this nature select able and progressive men to administer the affairs of the organization and it is therefor essential that there be a good turnout at the annual meeting. An effort will be made to have an attendance of the majority of the 100 members of the club on the 14th.

Present officers of the local club are: Dr. H. W. Froehlich, president; W. W. Prichard, Jr., vice president; Albert Lonson, treasurer; J. J. McCann, secretary. The past year has shown unusual progress, keen interest in the many and varied interests of the organization being taken by its members. A great deal of attention has been paid to promoting movements in the interest of the surrounding farming and dairying community, the Thief River Falls club being one of the foremost in the state in this respect. Such projects as the sugar beet campaign and county extension work and numerous others have been promoted and boosted by the club. The luncheons during the past year have been especially well attended, important discussions being a part of every session. Much credit is due President Froehlich, who has been untiring in his efforts in behalf of the club during the past two years, and under whose leadership the organization has developed in no small degree.

Attends Convention

Oscar Smith, who attended the recent convention of state oil inspectors at St. Paul, stated on his return that Minnesota has one of the best oil inspection systems in the union. According to reports a bill is about to come up for passage in the state legislature of Wisconsin to adopt the same laws. About 75 state inspectors were present at the convention and school, which was held Jan. 25 and 26, and Mr. Smith stated that it was one of the best held for years. He returned to this city Tuesday of last week.

Eastern Poultry Fancier Buys Barred Rocks Here

That Pennington county poultry is in demand by critical buyers was indicated last week when C. D. Gustafson, local implement dealer and incidentally poultry fancier, shipped a cockerel and two pullets of the Ringlet strain of Barred Rocks to Wm. Hayner, Livingston, N. Y. Upon receipt of the birds Mr. Hayner wrote that he is particularly well pleased with Mr. Gustafson's birds. Mr. Hayner is an exhibitor of high scall poultry, having won prizes at the Madison Square Gardens exhibition in New York City, and his purchase of birds from Mr. Gustafson's flock speaks well for the quality of the latter's poultry specimens. Mr. Gustafson has been awarded numerous prizes for his birds at fairs and shows throughout this section and is this week competing with poultry breeders of the Red River Valley at the Crookston Winter shows.

LOCAL EXHIBITORS TAKE MANY PRIZES AT WINTER SHOWS

Orton Olson Awarded Sweepstakes for Wheat Exhibit. Sumpter has Best Alfalfa

A silver cup and sweepstakes in wheat was awarded Orton Olson of Pennington county in the crops division of the Valley Winter Shows at Crookston this week, Olson exhibiting a sample of Marquis wheat. Prizes for exhibits have been won by Olson at previous shows and fairs.

Samples of grain, potatoes, corn, grass seeds and other products which were given first, second or third places at the Crop Show held in Thief River Falls recently, were sent to the Crookston show and entered into competition with exhibits from all sections of the Red River Valley. Additional entries were also made by other Pennington farmers who did not show here.

Several awards were made to Pennington farmers, according to an announcement of prizes, which appeared in the Crookston Times Tuesday, the following first placings in the open and amature classes being made: Rye, W. J. Janda, Thief River Falls, both classes; alfalfa, T. J. Sumpter, Hazel, both classes; red clover, O. S. Breiland, Hazel, both classes; sweet corn, open class, L. A. Westphal, St. Hilaire.

Other awards are:

Evenson Building Being Remodeled For Penney Store Opening March 1st

Repainting and remodelling of the Evenson building, formerly occupied by Token Brothers department store, which will be taken up by the local branch of the J. C. Penney company March 1, was started last week, a crew of men being busy making the necessary changes. The interior will undergo a complete renovation and the ceiling is now being painted and the walls kalsomined. Carpenters are employed to make a number of alterations and improvements, new backgrounds having been placed in the show windows.

It is expected that the shelves, for which the Northern Woodwork company of this city has the contract, will be installed the first part of next week.

With the larger quarters the management of the local Penney store expects to add a number of departments not at present being handled by the branch.

Chicken Pie Supper

According to those who are in a position to know, every man, woman and child has a place to go Wednesday evening, namely the Peptomist club supper, at the M. E. Church basement. Arrangements have been made to serve a "Chicken Pie" supper at three hours, 5, 6 and 7 o'clock to avoid a rush at one hour and to be able to accommodate all who wish to attend at the hour for which they purchase the ticket. A candy sale will also be conducted by the girls of the Epworth league.

The Peptomist club is a men's and boys' organization intended to emphasize the social side of the church. This is the first of a series of entertainments planned for the coming weeks.

DISTRICT COURT OPENS FEBRUARY SESSION TUESDAY

C. M. Carlson's Suit Against City Was Heard Before Jury Yesterday

ERICKSON VS. BRADLEY CASE IS STARTED TODAY

Danda, DuChamp and Hackett Criminal Charges Dropped. Liquor Cases Lead

A decision in favor of C. M. Carlson in his case against the city was rendered by the court this morning.

The February term of district court, with one of the largest calendars in the history of the county, opened Tuesday with Judge Andrew Grindeland of Warren presiding. A number of court trials and hearings and the arranging of the calendar took up the court's attention on the opening day, while yesterday the petit jury reported for duty to hear the C. M. Carlson suit against the City of Thief River Falls, calling for payment of $1,000 held back on the construction of the filtration plant.

The civil cases, Richard Hall vs. Geo. D. Snyder, etc., and Casper Iverson vs. J. B. Howe and Goodridge State bank, were stricken from the calendar; R. C. Whisett Coal and Mining company vs. Thief River Falls Iron Works, continued; S. M. Erickson vs. W. C. Nichols and William Nichols, continued; Rhoda J. Lamphier vs. George T. Lamphier, trial by court; Farmers State Bank of Goodridge vs. Martin Kotbra, trial by court; J. T. Bowers vs. A. W. Swedenburg, trial by court; W. T. Rawleigh company vs. H. H. Harding, John Graff and Ole Geving, trial by jury; Albert S. Lieberman vs. A. P. Fox, trial by court; Minnie Vad vs. John G. Vad, trial by court; Anton E. Knutson vs. D. C. Tyson and Mrs. D. C. Tyson, defendant withdrew answer and plaintiff was awarded judgment; F. A. Grady vs. John Mostrom, trial by jury; Farmers State Bank of Goodridge vs. Oliver Tommerdahl, etc. trial court; First and Peoples State Bank vs. Henry Hyland, continued; Axel T. Johnson vs. Astrid Johnson, trial by court; P. A. Voldness vs. Sandberg Roe and Company and Martin Williams, Mr. Williams withdrew answer and judgment was rendered for amount claimed against the other defendants; G. W. Connell vs. R. H. Ross and E. S. Sandford, trial by jury; Farmers and Merchants State Bank vs. Emerson Brantingham Implement Co., ordered to be placed at foot of calendar; John Horejsh vs. Soo Railway, defendant filed demurrer claiming there was no ground for action, with no ruling as yet by court; Hoag Security Co. vs. William Parnow and J. P. Jensen, continued; Stephen Singer vs. Farmers State Bank of Goodridge, trial by jury; Luckow W. Bergquist vs. First National Bank, trial by jury; Christopher Vad, etc., vs. Town of Highlanding, trial by court; C. Gotzian & Co. and Rollins Hosiery Mills vs. N. A. Nelson, trial by jury; Marie Johnson vs. Arthur G. Johnson, trial by court.

Divorce was granted Evangeline Viola Jetland and Joseph Jetland, the divorce case of Elizabeth Benson and Clarence H. Benson being heard but no decision rendered yet. There is a total of six suits for divorce.

The case of E. O. Erickson vs. Chas. B. Bradley will be tried at the close of the Carlson suit today, Bradley being brought here from the Warren jail where he is now serving time.

Forty-three civil cases are entered on the calendar, one of these being for motor vehicle tax and ten for personal property tax.

The case against Fred DuChamp charged with selling mortgaged property, was dismissed because of insufficient evidence, as were also those against E. E. Hackett for resisting an officer, and Frank Danda charged with attempted rape.

James Farr pleaded not guilty to a liquor charge when arraigned before the judge. Two charges appear against him on the calendar, both being for having liquor in possession for sale. Sigurd Vik of St. Hilaire also entered a plea of not guilty to a charge of transporting liquor; as did also Ed Aga and J. Jetland, both of whom face liquor charges. The latter is in jail pending trial.

MEIGHAN'S PICTURE 'THE NE'ER-DO-WELL' FILMED IN PANAMA

Rex Beach Story Will Be Shown At Princess Theatre Sunday and Monday

Sparing no expense to provide a proper setting for Thomas Meighan's latest Paramount picture, "The Ne'er-Do-Well," Director Alfred E. Green took his company of players to Panama where the principal scenes of the photoplay, based on Rex Beach's celebrated novel, were filmed. The company spent six weeks in the Canal Zone, the result being a picture of extreme interest and novelty.

Scenes for the picture, which will be shown at the Princess theatre Sunday and Monday, were made in Panama City, Colon, in the Canal Zone and on the island of Toboga. Among the interesting places used were the ruins of Old Panama, which was destroyed in 1625 by Morgan, the pirate; the old Cherokee prison, famous in early Spanish history of the country, and the celebrated Union Club. Scenes of the Panama Canal locks were filmed both from the air by Government planes and from ships passing through the locks.

TO WHOM HONOR IS DUE

The United States observes few holidays compared with European and Latin-American countries.

Yet there are prosaic souls who think we stop too often—that we pause all too frequently to renew our devotion to our national heroes, to whose courage and patriotism we owe our national existence.

February, of all the months in the year, is especially significant, because within this brief space of time fall the birthday anniversaries of two whose memories we most revere.

The nation has honored them unstintingly, for who deserves more than Washington, whose leadership made possible a republic that had a mission to fulfill, and Lincoln, whose stalwart Americanism preserved the same republic for a greater and better day.

As we approach the time when their birthdays are celebrated, let us reconsecrate ourselves to the same ideals as those to which the Father of our country clung when he suffered the privations of Valley Forge and to which the Savior of our country steadfastly held when the sufferings of a people, divided one against the other, weighed heavily upon him.

PARENTS AND TEACHERS

A noted educator says that an active Parent-Teachers association is the sign of a healthy condition and an indication that parents are vitally interested in the schools.

It is even more than that. It discloses that parents are not alone interested in their schools, but also in their children, and in order to better the condition of their offspring, are turning to the schools as the agency that can get results.

Not infrequently it has been charged that the changing social order has resulted in parents neglecting their children, that the increasing demand of people for more leisure time has resulted in more hours per day devoted to pleasure, with consequent neglect of the home life, and hence neglect of the children.

If this charge be true—and in many instances it doubtless is—a virile organization of parents and teachers devoted to improving the schools indicates a change of heart.

Many people are realizing that children have been neglected; that mother has spent too much time with her card clubs and church societies; that father has been devoting too many hours to playing golf or to other pleasures. This has brought added responsibility to the schools.

The natural thing for parents to do, after having overloaded the schools with responsibilities they should have borne, is to turn to the schools and help work out a way to meet the problems that confront the child of the present generation.

A Parent-Teachers association is a good sign and the organization in this city should be supported by everyone who is interested in the welfare of the children and one hundred per cent efficiency in the educational machinery. Help make it an agency of increased strength and influence.

Another farm conference has been called, but most farmers think they can do more good putting in twelve hours a day on the farm.

Success is doing the best with what we have.

SECRETARY MELLON AND SOLDIERS COMPENSATION

The Secretary of the Treasury finally came out with the real cause for this concerted opposition to Adjusted Compensation for the soldiers in his letter to Senator Cousens (Congressional Record Jan. 11, page 865) where he mentions the higher price level generally, which would inevitably follow the credit expansion. It is the boom they are afraid of and all because it would indirectly tax the bond and security holders in such a way that it would be absolutely impossible for them to pass the tax on to some one else.

Now, I am not blaming the several Veterans' Associations for accepting the particular plan passed by the last Congress, because it would not have been policy for them, as such, to tell Congress how to raise the money, but it is a rather rediculous proposition to compell the boys to borrow their own money at "not over 2 per cent more than the going Federal Reserve rates" and no one knows but what this Federal Reserve outfit might take a notion to raise their discount rates to 8 or 9 per cent or even much higher, so the boys could not get their money at all for 3 years. I hope all good people who are interested in a square deal for the boys who so fairly have a claim against us, will write their congressman and senators to put a certain rate in the bill that the Federal Reserve Banks must re-discount these notes of the boys.

Mr. Mellon keeps harping on the rich always passing their taxes on to the "consumer." Now, I ask Mr. Mellon, or any one else for that matter, how the rich—or any one else—could pass the indirect tax on if Congress would authorize Mr. Mellon to print enough full legal tender greenbacks to pay the boys what we owe them? It would not cost the government a nickel, and it would re-inflate the currency to where it was before this monstrosity — the Federal Reserve system—of which Mr. J. E. Pardue, of a certain National Bank in New Mexico, says: "Thus capital was placed above humanity" (by the Federal Reserve Bank). "In all this region homes, the bulwark of the nation, have been rendered desolate without fault and now largely being left in heart-breaking fashion to wander, God knows where!" Congressional Record Jan. 22, page 1292). These are the words of a conservative class of people, so it behooves the common people to keep their eyes on this octopus and write Congress to kill the system before it lays the whole country waste, and to see that the discount rate the soldiers pay is set at a certain figure or they will yet make trouble for the boys in getting their own money after the bill passes.

Now, in regard to this hypocritical plea of the rich that the boys would be insulted to be paid this money, let me tell you that Abraham Lincoln, who fought 40 days in the Black Hawk War, accepted a "bounty" therefor of 40 acres of land under the Act of Sept. 28, 1850; and Robert E. Lee, who served in the Mexican War, accepted a "bounty" of land under the same act. And U. S. Grant did the same! And when these great heroes have accepted what the law called a "bounty," to think that our extreme rich have so completely lost their sense of decency and fair play, that they will try to make the boys feel uneasy about accepting a small adjustment of what we owe them! it is simply stupendous!

Now, lastly, I challenge anyone to show where this country could fail to prosper industrially if they would pay the boys cash in full legal tender greenbacks, and at the same time play more fair with the boys who sacrificed so much for us?

Very truly yours for fair play,
Andrew Trovaton.

J. JETLAND CHARGED WITH SALE OF 'MOON'

Police Nabs Drunk Leading to Arrest of J. Jetland For Selling Liquor

John Jetland is being held in the city jail pending appearance in district court in answer to a charge of selling intoxicating liquors potable as a beverage, following testimony of Alf. Bakke that the latter received the liquor from him.

Grant Gulrud was arrested Saturday night on a charge of drunkeness and placed in the city jail over night. Sunday morning he was taken to the Chief of Police rooms and in the presence of Chief Ralston and County Attorney Quale admitted that he had received the liquor from Alf. Bakke. Gulrud was given his freedom and Alf. Bakke brought in. He stated that he had purchased the liquor, said to be a pint of whiskey, from John Jetland January 19 and had kept the stuff until Saturday evening when on meeting Gulrud the two proceeded to dispose of the contents. They became intoxicated but when police authorities arrived on the scene the only one to be found was Gulrud, who was placed in jail by Patrolman Krogstad. Monday John Jetland was arrested on a charge of selling intoxicating liquor and brought before Judge W. Tarrant in municipal court. A short hearing was hed but Jetland did not admit having sold the liquor. He was placed in jail and arraigned before Judge Grindeland in district court yesterday and entered a plea of not guilty. The matter was deferred for trial in district court and bonds for appearance were fixed at $500. Bonds were not furnished and he was again committed to jail to await trial. Bonds were furnished for Alf. Bakke's appearance in court as a witness against Jetland.

County Attorney Quale stated that in the future efforts will be made to get and convict the parties who furnish the liquor, besides arresting those who are intoxicated. The man who makes and sells the booze is as much or more a detriment to society than the person who drinks the stuff, it is maintained by officials.

Hawley Debaters Win

Hawley high school debaters Friday night won the unanimous decision of five judges over Fergus Falls high school in the district semi-finals of the state high school debating league. The Crookston trio, having defeated the Thief River Falls representatives here last Friday, will clash with the Hawley team to determine the district championship.

NEARLY 80 PATRONS GET MORE THAN $50 DURING DEC. PERIOD

Home Business of Local Creamery Shows Increase Over Same Month in 1922

An increase of approximately $2,000 in the home trade of the co-operative creamery in this city during December, 1923, over the same period the previous year, is noted according to statement by Secretary Thos. H. Bjerke. This is a decidedly healthy increase in the production of cream by farmers in this community. Altho the January report has not been entirely completed it is expected that the increase in production during the first month of this year compared to January, 1923, is about 10,000 pounds.

The local creamery paid to its patrons during December last a total of $17,546.34 compared to $15,697.24 in November. Monthly patrons received $10,846.17 while $6,700.27 was paid to cash patrons and outside stations. Twenty-one of the 77 monthly patrons who received in excess of $50 during the month, had checks of more than $100. Last year the $50 patrons numbered only 47 and but 9 of these were in the $100 class.

Following is the list of the December big check getters as submitted by Secretary Bjerke:

Fur Shipments Must Bear Tag With License Number and Contents is New Rule

Trappers and fur dealers are now cautioned to place their licence number plainly marked on the shipping tags of fur shipments. The contents of each shipment should also be carefully enumerated. Each package is now inspected at railway terminals and furs illegally caught are confiscated. A considerable amount of furs is sent out by Pennington county trappers and fur dealers and it behooves everyone who makes shipments to comply with the new regulations to avoid taking losses by confiscation or delay at terminals.

Northfield Farmer Sends Open Letter to President Regarding Farmers' Plight

W. F. Schilling of Northfield, president of the Minnesota Co-operative Creamery association, made public the following "open letter from Farmer Schilling to President Coolidge," which was sent Thursday:

"My dear President: I, together with several million dirt farmers, am not invited to attend the Farmers' clinic at the Nation's seat of government next Monday. We do not feel badly or slighted in the least because if we had enough to make the trip we would buy a cow, hog and few hens and stay at home and diversify ourselves into prosperity.

Knows Farmers' Feelings

"I don't want you to neglect your regular chores this morning to read a long letter from a dirt farmer as you are preparing to meet a delegation of 100 men from the Central West who know just what is the matter with us birds. Listen—they know because when we got in the red two years ago they began to feel it in town and now they all want to help us.

"I have travelled over 80,000 miles in the past seventeen months and have talked to more farmers than any other man in America and I believe that I know their feelings. Here are some of the things they do not want and don't need:

"They don't need any more credit. They have more of that than they know what to do with. If you can help the bankers, who are holding the bag and were good to us, give them a loan. If we are worthy of more credit these bankers know it better *than any politician.*

Only Wants Square Deal

"They don't want railroad rates reduced if they have to pay more in taxes to build a rubber railroad every ten years alongside of the present best railroad system in the world.

"They don't need any more Pity Pills from any one. They only want a chance and a square deal.

"Now just a word as to what the farmers do want, and if you can get it for them they will be 100 per cent Republicans all over America.

"They want the same standard of living the city fellows have and in order to get that they must have a tariff for their "infant industry," the same as the manufacturers, who are selling to them, enjoy.

Protective Tariff Needed

"They want a tariff on wheat, beef, oils, casein, fats and greases and other farm products, so high that they can compete with other countries and still ride in the same kind of cars that their city neighbors enjoy.

"They want more encouragement from good business men in organizing their industry along sane, co-operative lines—as often expressed by you.

"They want lower taxes, less red tape, fewer commissions, more Norwegians, Swedes, Danes and Germans and less home brew."

"P. S.—I must hurry to the creamery and take six kids to school. You look darn good to us fellows out here up to date. If the 100 can't tell it all to you, send for 100 dirt farmers. Be sure to enclose passes."

Liqnor Prescriptions Fall Off in County During '23

1271 Issued in Past Year

A decrease of 197 in the number of liquor prescriptions issued in Pennington county during 1923 in comparison with the previous year's total, is shown according to druggists' reports filed at the office of the clerk of court, Adolf Eklund. A total of 1271 physicians' prescriptions were issued in this county during the last year, against 1468 for 1922. Three drug stores in this city are licensed to fill these prescriptions, all of which were for amounts of one pint.

Stebbins and Christensen Attend State Auto Meeting

The Pennington County Auto club was represented at the annual meeting of directors of the Minnesota association held in St. Paul Tuesday by F. J. Stebbins, president of the local club, and Nels Christensen. Each club is entitled to a delegate for every one hundred members or any fraction thereof. The membership of the Thief River Falls club totals 104. Mr. Stebbins left Monday night and expected to return today, while Mr. Christensen left on Friday, accompanied by his wife. They expect to return the latter part of the week. While in the cities the delegates also attend the auto show, which according to reports, is the greatest exhibition of its kind ever seen in the West, there being cars of practically every known make. The exhibition buildings are thronged with thousands of visitors viewing the various machines.

Jensen Re-elected by Dairymen

At a recent meeting of the Minnesota Dairymen's association at Albert Lea, L. Jensen, prominent Clearbrook farmer and dairyman, was re-elected to serve as president of the association for the fourth successive year, a distinction which no other president of that organization has ever had. Mr. Jensen is among the leading dairymen of the state and his knowledge of dairying is based upon actual practice. He has one of the best herds of Guernseys in the state and recent additions to the herd promise to number it among the best in the nation.

Free Tractor School
Free Feed Grinding—Free Cream Separator Service Day
Free Lunch at Noon Each Day, Feb. 11 and 12

In addition to the Farmers Short Course School which is to be given by the International Harvester Company Agricultural Department February 18th and 19, C. Gustafson & Son have secured the additional services from the engineering department of the I. H. C. of America to put on a two-day Genuine Tractor and Gas Engine School on Feb. 11th and 12.

This School is held for the purpose of being of help to the users of Tractors and gasoline engines, and Tractor Drawn tools, and also to all who are interested in power farming. There will be nothing offered for sale. But there will be something to learn, and it is given free, and your time will be well spent if interested in any way in the great American Power Farming Program. The first session of the school will open at 1:30 P. M. on Monday, the 11th, and continue with a full day program on the 12th. The school will be held in a vacant building near the office of C. Gustafson & Son.

Besides the Tractor School there will also be on hand at the Gustafson office Cream Seperator Experts for the purpose of giving their free service to repairing and overhauling Primrose Cream Separators, or all makes of International Cream Separators, an dno matter what make of Cream Separator you might have, bring it in and these men are at your service, and nothing to pay unless new parts are required which you pay for. But nothing for the work of overhauling and showing you how to adjust and take care of your Cream Separator.

Further, as a matter of demonstrating the new McCormick-Deering Tractor under load, we will Grind free of charge all day on Monday, February 11th, with the large new McCormick-Deering Feed Grinder. Simply bring in the grain of all kinds, or corn on ears, we will do the grinding free.

In addition to this, in order to make this event just like a good old family gathering, and everybody feel at home, we will serve Free Lunch at noon each day, Feb. 11th and 12th, to all who take in the program.

We want you to feel at home with us these days, and we also feel confident that you will have a good time if you come, besides there is always something new to learn worth while, which is the main reason for this program.

Do not confuse this program with the Short Course School of February 18th and 19th, which is to be given by the Agricultural Extension Department at the city auditorium, which is a real genuine Agricultural School and this one by C. Gustafson & Son is a Power Farming Machinery program on February 11th and 12th. Both are worth your consideration and your time will be well spent taking in both.

Details of the above program is being worked out to make it a satisfactory event, and we hope to have a large crowd with us and hope that we may in this be of service to many. For further particulars enquire at our office.

C. Gustafson & Son

Pennington County Is Ill Abode for Gophers-Crows; '23 Bounties Total $1388

Crow and gopher bounties netted Pennington county residents a total of $1,388.82 during the year of 1923, according to the annual report of Auditor T. P. Anderson, this being the largest amount ever paid out by the county for that purpose. In 1922 bounties totalled only $245.23.

The county pays a bounty of 10 cents for crows, 5 cents for pocket gophers and 3 cents for common gophers, this reward proving a successful means of ridding the community of these destructive animals and birds. To secure the bounty the tail of the gopher and both legs of the crow must be presented.

SOCIETY NOTES

Six-Thirty Dinner

Mr. and Mrs. Ferdie Brown were host and hostess to a number of their friends Sunday evening at six-thirty o'clock dinner when they entertained at their home on Markley avenue north. The dining room was adorned with decorations suggestive of St. Valentine's day, and candles of various colors lent a delightful effect. Those present were the Dr. and Mrs. G. W. Booren, and the Messrs. and Mesdames Lars H. Larson, W. J. Janda, and Fred Herrick.

Eastern Star Party

The members of the Eastern Star will entertain at a St. Valentine dancing party at the Masonic Temple Wednesday evening, Feb. 13, and invitations are being extended to members of the Star lodge and their friends. The committee in charge is leaving nothing undone that will go toward making it one of the best dances of the season. A regular business meeting of the Eastern Star will precede the dance.

For Marjery Ward

Little Margery Ward was the honorary guest Saturday afternoon when her mother, Mrs. John Ward, entertained a few of Marjery's friends at their home of Markley avenue north, in observance of her sixth birthday anniversary. The rooms were decorated in keeping with St. Valentine season. Games were the diversion of the time and at 4:30 o'clock lunch was served by the hostess. Many gifts were presented by the ten children present.

Junior B Sharp Club to Meet

The Junior section of the B Sharp club will meet at the studio of Mrs. Thelma Erickson, *piano instructor, on* Third street, Wednesday evening, Feb. 13, at 7 o'clock. The work will be resumed as before Mrs. Erickson's departure for the cities.

For Bernice McClelland

The home of Mr. and Mrs. J. H. McClelland, Conley avenue south, was the scene of a pretty birthday party Saturday afternoon, Feb. 2nd, when Mrs. McClelland entertained eleven children in honor of her daughter Bernice, who celebrated her ninth birthday anniversary that day. The rooms were tastily decorated in Valentine suggestions. At five o'clock lunch was served by the hostess, featuring a birthday cake, decorated with the number of candles signifying her age. Games were the diversion of the afternoon. She was presented with a gift by each of those present, who were Evelyn Mathewson, Dorothy and Marion Erickson, Eleanor Bottelson, Bernice Rustad, Alice Jones, Helen Wassgren, Vera Randell, Laura Nelson, Harriet Dillon and Ruth Cronkhite.

For Miss Wikel

Mrs. W. H. Wikel entertained a group of young people at her home on Tindolph avenue south Saturday evening in compliment to her daughter, Salone, the occasion being her seventeenth birthday anniversary. The evening was spent at dancing and games. At 11:30 a lunch, a feature of which was a large birthday cake decked with seventeen candles, was served by the hostess. Miss Wikel was presented with several gifts by the guests present, who numbered 14.

Mrs. Erickson Resumes Piano Instruction Monday

Mrs. Clarence Erickson resumed work with her pupils in piano at her studio this week after having spent the past five weeks with relatives in Minneapolis and St. Paul. In St. Paul she was a guest at the homes of her parents, Mr. and Mrs. Mike Holm, and her brother-in-law and sister, Mr. and Mrs. Leslie Provencher, and in Minneapolis at the homes of Clarence Erickson's cousins, Mr. and Mrs. Newton Hansen and Mr. and Mrs. H. Kiehl. While in the cities Mrs. Erickson suffered from serious cases of neuritis and pneumonia and for several weeks was unable to be about. However, she is rapidly regaining her strength and has resumed her work with her pupils here. She will receive her out-of-town pupils this week as previously.

Mrs. Mogensen Entertains

Mrs. E. O. Mogensen entertained a few of her friends at her home on LaBree avenue Saturday evening. The hours were spent at cards played at four tables. At 11:30 o'clock lunch was served by the hostess.

For Miss Chittick

Miss Myrtle Chittick of Duluth, who has been visiting at the home of her brother and sister-in-law, Mr. and Mrs. Thomas H. Chittick, was the guest of honor Thursday evening when Mrs. Chittick entertained a few of her friends at her home on Fifth street east. The hours were spent at cards, played at two tables. At 11:30 o'clock lunch was served. Those present were the Misses Myrtle Chittick, honored guest, Vera Byler, Gladys Anderson, Cora Humpfner, Nettie Ove, Lyda Batten, Esther Gjertson and Edna Larson. Miss Chittick left Saturday afternoon for Duluth to resume duties.

Auxiliary to Give Dance

Among St. Valentine's day affairs will be a dance given by the Legion Auxiliary at the Legion club rooms, Friday, Feb. 15. The committee in charge is making preparations for one of the peppiest "Hops" of the season. Invitations are being sent out to members of the auxiliary and their friends.

White Fawn Patrol Entertains

The White Fawn Patrol of the Girl Scouts entertained a large group of young people at the Legion rooms Saturday evening at an informal dancing party. The chaperons for the evening were the Misses Maude L. Johnson and Monica Bambrick and Captain Francis Wengeler.

"Kathleen" Cast Guests

Those who participated in the play, "Kathleen", sponsored by the Girls' Community club, will be royally *entertained at the Legion club rooms* next Monday evening, Feb. 11, by the club. A novel program, which promises a complete surprise to the guests is planned for the occasion. Dancing will be the chief diversion and refreshments will be served. The club thus expresses its thanks to the many persons who took part in the play and made it a success.

Walker-Brown

Miss Theone Walker, daughter of Mr. and Mrs. Bert G. Walker of this city, for many years a pianist in this city and vicinity, was married to W. J. Brown, formerly a resident of this city as a conductor on the Soo line, at Minneapolis Wednesday, Jan. 23. After the wedding ceremony they left for Chicago, Ill., to spend a few days and from that city to Miami and Jacksonville, Fla., where they are spending their honeymoon. They will return to this city about the first of April, coming by way of Pittsburgh, in which city his parents reside. On their return they may make their home in this city.

Wedding Anniversary Surprise

Mr. and Mrs. Lyman Fossum, LaBree avenue north, were honored guests Saturday evening when a group of about thirty friends gathered at their home and helped them celebrate their second wedding anniversary. The evening hours were spent at whist and Mah Jong. Mr. and Mrs. Fossum were presented with a gift in token of the esteem of their friends. At 11:30 a lunch brought by the self-invited guests was partaken of.

Men Occupy Seats At Side While Women Throng Halls And Engage Bids at Dance

Friday evening was Leap Year in reality when a group of young ladies entertained in the form of a "Leap Year dancing party" at the Sons of Norway hall. The men were obliged to be seated on the side lines while the ladies thronged the halls, engaged the bids for dancing, brot them their supper and performed any task which they ordinarily expected their escorts to perform for them.

And the men, conspicuous as they felt, filled their part very well, using their vanity cases defty enough, considering their inexperience and managed to sit quietly and await the fair ones to do them the honor of asking them for a dance.

A splendid program was arranged, including vocal solos by Henry Halvorson of Warren and a duet by Miss Maude Johnson and Mr. Halvorson.

Miss Johnson was floor manager for the evening and many exciting and "unusual" dances were called, including one "men's choice waltz."

Those present were Mrs. Arthur Auringer and the Misses Carolyn Melby, Maude Johnson, Vera Byler, Elvira Hanson, Myrtle Helgeland, Lulu Cook, Alma Thune, Neta Dalquist, Esther Werner, Julia Herlickson, Myrtle Chittick, Clara Halvorson, Dorothy Holm, Doris Richter, Myrtle Oen, Clara Bauman, Inga Oftedahl, Esther Gjertson, Orro McMahon, Agnes Sands, Jeanette Oftedahl, Monica Bambrick, Sybil McGinn, Maurine Frank, and Myrtle Krohn and the Messrs. Arthur Auringer, Morris Bye, Henry Halvorson of Warren, Oscar C. Paulson, Carl Gulrud, John Brumund, Stanton Dahlen, Philip Larson, Clarence Knudsen, Dreng Bjornaraa, Gregory Werstlien, Milton Larson, Lawrence Mickelson, Bart Wangenstein, Lester Guss, Harold Nelson, Roscoe Bakke, Harold Eide, Arthur Auringer, Ray Kiland, B. H. Dickey, Chas. W. Vorachek, Ray Hanson, Stephen Arneson, Harry Sullivan, George Mostue, and Norbert Holzknecht.

A Life Job

A FEW days ago one of our officials was asked, "How does the Standard Oil Company (Indiana) keep so many of its employes year after year?"

Speaking in a broad sense the answer lies in two words—"Industrial Harmony", gained through the every day practice of the principles of justice, fairness and equity within the organization.

Standard Oil Company (Indiana) employes know that the Company is engaged in a basic industry and that, therefore, continuity of employment is assured.

Every employe who has been in the Company's service for one year, or more, has the privilege of buying stock in the Company, up to 20% of his earnings, on a favorable basis. To every dollar the employe invests in this manner, the Company adds 50c. Thus does the Company provide a plan of assisting employes in accumulating a competence.

A few years ago the Company put into operation an annuity system, providing an income for those employes who have reached old age in the Company's service or who may have been incapacitated while so engaged.

Within the Standard Oil Company (Indiana) there is an internal organization—the Industrial Relations Department—which provides an open channel for men and women to bring their grievances to the attention of the Management for adjustment, and which enables them to have a voice in all matters pertaining to their employment and their working conditions. Since the inauguration of this plan 93.3% of the suggestions submitted to the Management have been made effective.

Therefore, with continuity of employment assured—with assistance in acquiring a competence—with provision for income when active work-days are over—and with an open door for submitting grievances, with ample precedent for anticipating equitable adjustment—is it to be wondered at that employes make Standard Oil Company (Indiana) business their life job?

Is it surprising that every Standard Oil Company (Indiana) employe with whom you come in contact, puts forth an enthusiastic effort to render you a full measure of service? The business of the Company is his business.

It is peace of mind within the individual and harmony prevailing throughout the organization that enables this Company to render such superior service as to have gained the respect, confidence and esteem of the thirty million people of the Middle West.

SEASON'S THRILLER EXPECTED WHEN OLD RIVALS CLASH HERE

Double-Header is Tomorrow's Offering at City Auditorium. Thune's Men Prepared

The biggest game of the basketball season will take place in the Auditorium Friday evening when the Warren five will clash with the Lincoln quint. Warren is an old rival and every year this game is considered the event of the season.

Last year Warren suffered defeat here at the hands of the local team but was victorious on her own floor in the return game. She has practically the same lineup now that defeated Thief River last season and the added experience of several contests. While Lincoln has an entirely new lineup, she has five victories to her credit and has shown her strength in the past few games. Warren has lost only two games this year—to Ada and Argyle, and the Lincolnites have likewise been defeated twice by Fosston and McIntosh. Thus the teams will start out the game with about the same percentage and the same chances for winning.

As an added attraction there will be a preliminary game between the local second team and St. Hilaire high school. The second team played them last Friday in a very close game at the high school so it was decided to give them both another chance on the auditorium floor.

The crowds at the high school games this year have greatly surpassed any in the history of the school and it is hoped that this fine spirit on the part of both the students and the city people will continue for the remainder of the season. The charge for admission at the Warren game will be slightly raised, not because of playing Warren but because the expense of getting two teams here for one night will be greater than if there were only one. Admission for students will be 25 cents and for adults 50 cents.

The preliminary starts at 7:30 sharp so be there on time to give the second team your support.

Dope On Games

Ada Defeats Warren

The Ada five defeated Warren on the latter's floor Friday by a score of 14 to 11. The Warren team outplayed their opponents the first half but were unable to make many baskets and the half ended with Warren leading by a score of 9 to 2. Ada returned with a strong comeback and with the aid of a few long shots managed to break the Warren defense defeating them by three points.

Crookston vs. McIntosh

McIntosh met its Waterloo on Crookston's floor last Friday evening when they were beaten 14 to 7. Crookston's large floor and a few changes in her lineup were largely responsible for the defeat. Likewise one of the best men on the McIntosh team was declared ineligible and his loss was severely felt.

J. S. Garnes Entertains

Monday afternoon a special assembly was called to give the students an opportunity to hear John Seaman Garnes, of the McPhail School of Music and Dramatics in Minneapolis.

Mr. Garnes is a noted reader of dramatic selections and has appeared at several places throughout the country. He first gave a reading entitled "Old Time Long Ago," and was so loudly applauded that he favored the audience with a song, "Little Irish Girl."

Declamation and Oratory Eliminations Feb. 11-14

February 11, 12 and 13, are the dates set for the elimination contest of the girls who are taking part in declamation this year. From the twenty girls who are competing, eight will be chosen, and these eight will take part in the public contest to be held in the Lincoln Auditorium, Feb. 21. The one person selected from the eight will represent Thief River Falls in the sub-district contest Feb. 29.

The boys are also working hard in oratory. Their elimination contest will be held February 14 from which group one will be chosen to represent Lincoln high in oratory.

Those taking part in declamation are: Ruby Aaseby, Mary Alexander, Lylian Arnold, Esther Bennes, Agnes Johnson, Dorothy Swedenburg, Maverette Hilson, Ruth Mellby, Birdie Pearson, Grayce Mostue, Ethel Bickley, Rita Fiterman, Liv Vistaunet, Lucille Roark, Phyllis Dock, Bertha Holthusen, Evaline Thompson, Gladys Kolden, Theresa Fuller.

Those trying out for oratory are: Melvin Engelstad, Leigh Anderson, Robert Erickson, Clem Bottelson, Robert Halvorson.

Lincoln's Second Team Defeats St. Hilaire High

The local high school second team defeated St. Hilaire here last Friday by the close score of 8 to 7. The game was featured by the fast floor work of Zeh, although he was unable to cage more than one field goal. St. Hilaire led most of the game but due to the steady plugging at the basket by the locals the lead was overcome and retained until the end.

Larson and Zeh made all the points for the locals, Larson caging one field basket and three out of four free throws, and Zeh making one free throw and one field basket. Bennes played a good steady game for the locals at center but was unable to tally a point. Mr. Harold C. Hand, a high school instructor, officiated as referee.

The lineup was:

Thief River Falls		St. Hilaire
Larson	F.	Olson
Zeh	F.	Odegaard
Bennes	C.	Cathelinean
Streeter	G.	Johnson
Lendell	G.	Bilden

Free throws: Larson, 3 out of 4; Zeh, 1 out of 3; Bennes, 0 out of 2. Field Goals: Larson, 1; Zeh, 1; Odegaard, 2; Cathelineau, 1.

Jessie Joyce who has been absent for two weeks because of illness in her home, returned Monday morning to resume her studies.

The following new students have enrolled for the second semester: Alfred Dybvik, Kermit Anderson, Harry Lund, and Paul Scanlon of this city; Myrtle Olson of Greenbush, Helen Socknese from Hudson, Wis., and Reuben Stenvick of Erie.

Donald McCrum and Joseph Lundin, who were enrolled here the first semester, visited school Thursday previous to their departure for the Twin Cities where they expect to be employed.

LINCOLN DEBATERS LOSE TO CROOKSTON

Debaters Lose to Crookston in Third Contest of Season by a Two to One Decision

One of the most heated debates of the debating season and probably in the history of Lincoln high school took place in the high school auditorium last Friday evening when the Lincoln team composed of three girls met the onslaught of the Crookston team made up of three boys, Norman Haugen, Kenneth Robins and George Hazelrud.

Thief River Falls upheld the negative of the question: "Resolved, That European Immigration Into the U. S. Should Be Prohibited By Law for a Period of Five Years," and with Crookston defending the affirmative side, the judges gave a 2 to 1 decision in favor of the affirmative.

The judges were Supt. Holmquist of Warren, Supt. Deputy of Bemidji and Supt. Peterson of Argyle.

The constructive speeches of both sides were so well prepared, and so cleverely managed by the speakers that several of those who heard the debate said they were drawn from believing in one side directly back to the former. The rebuttals were strong in tearing down the opponents' arguments, and were so strong, in fact, that those who attended and had heard college debates, declared those presented by the debaters Friday evening were on an equal standing.

Lincoln high school had for this year, the first time in its history, a debating team made up of three girls. The team was composed of Margaret Melgaard, Hazel Krause and May Ballingrud, who certainly deserve praise for the work they did and for the splendid showing the team has made.

Coach Lawrence Mickelson and his team took up the debate work in a way that has left a mark in the debating history of Thief River Falls. Mr. Mickelson deserves much credit and may feel assured that Thief River Falls appreciates his splendid work.

Washington Notes

The following pupils in the fifth grade have been neither tardy nor absent so far this school year: Bessie Carlson, Yvonne Vaudrin, Gloria Rockstad, Betsy Troland, Rose Sheedy and Karen Langseth.

Bessie Carlson is on her third year of perfect attendance.

Betsy Troland is leading the fifth grade in the Studebaker tests.

Lawrence Nicholson of the 11 B grade and Leonard Sauter of the I A grade have neither been tardy nor absent during the school year.

The following beginners enrolled in the Washington at the opening of the second semester: William Barth, Jay Leach, Evelyn Johnson, John Mattson, Robert McFarland, Louise LaBree, Adenne Erickson, Donald Collins, Bernhardt Lanska and Vance Newbury.

Marion Sponheim is the only pupil in first A who has not been absent or tardy this year.

The Washington school basket ball team has been chosen: Bernhard Langevin, fifth grade, captain and right forward, and the following sixth grade boys, Willie Muhy, left forward, Charles Parenteau, right guard, Donald Snyder and Irwin Sponheim, left guards, and Cecil Collins, center.

The following in the sixth grade have had perfect attendance so far this year: Amanda Arneson, Eunice Carlson, David Fallness, Ruth Jacobson, Gladys Moe, Ruth Reminen, and Irene Sanders.

Margaret Arneson spelled down the rest of the sixth grade last Friday. Eunice Carlson, Ruth Jacobson, Edna Miller and Irwin Sponheim were close contestants.

LINCOLNITES WIN A TSTEPHEN 17-15

Penney Drops in Four Baskets in Hard Fought Contest on Small Floor

Last Saturday afternoon the Lincoln five played the second game of their two-day trip with Stephen. Because of their success on the small Argyle floor, they went to Stephen feeling confident of victory.

It was doubtful, however, at the end of the first quarter when the score stood 8 to 2 in favor of Stephen. But by the beginning of the second quarter the boys had become accustomed to the floor and shortly after they dropped in a series of baskets so that at the end of the half Thief River was leading by 10 to 8.

The third quarter started with a rush but no baskets were made for several minutes. Then Stephen succeeded in dropping in two which raised their score above that of the locals. The Lincolnites worked still harder than before and were finally rewarded with a few baskets which gave them the lead. By very hard playing they were able to retain the lead for the remainder of the game which ended 17 to 15.

Both games on this trip were characterized by exceptionally hard fighting and close scores. Penney was the chief point getter as he secured four baskets in each game. Parenteau played his usual steady game and it was largely through his floor work that Penney was able to make his baskets. Sether played consistently throughout the trip and both his floor work and shooting was excellent. It would be hard to find two more efficient guards than Barzen and Sorenson and it was due to their efforts that the opponents scores were kept so low.

The lineup was:

Thief River Falls		Stephen
Parenteau	F.	Hop
Penney	F.	Kroke
Sether	C.	Hood
Sorenson	G.	Stevening
Barzen	G.	McKay

Field Goals—Penney, 4. Sether, 2. Sorenson, 2. Kroke, 5. Hood, 2.

Fouls—Sether, 1; Stevening, 1.

Substitutions—Rasmussen for Hood.

Largest Enrollment Now In History of School

The total enrollment in Lincoln high school is now 429, the highest in the history of the school. The greatest number enrolled before is 420 which was in 1920-1921. Last year the number of students in high school was 418.

The enrollment by classes shows that the Freshmen are far more numerous than any other class, while the Seniors are the smallest in number. The total number of Freshmen is 140; Sophomores, 112; Juniors, 95; Seniors, 64; and Post-graduates, 18.

The number of girls enrolled is more than twice as great as the number of boys, there being 295 girls and 134 boys. The girls are also in the majority in every class. In the Freshmen class there are 89 girls and 51 boys; in the Sophomore, 76 girls and 36 boys; in the Junior, 65 girls and 30 boys; in the Senior, 47 girls and 17 boys, and in the Post-graduates, all are girls.

Protection

"Dear, I have ordered the engagement ring. What would you like engraved in it?"

"Well, 'All rights reserved' would be rather nice."

Sam: "Rustus, was you ever sick?"

Rustus: "Man I had the flu so bad I used to look in the casualty list for ma name."

Senior Class Goes On Sleigh-ride Saturday

Last Saturday evening the senior class assembled at the high school for their annual sleighride party. Two teams were at the door to take them on their way and at 7:30 o'clock, amid much laughing, singing, and shouting, they were off.

After a joyous ride of about an hour the noisy party arrived at Valhalla where they were greeted by several brightly burning kerosene lamps and a good hot stove. The Seniors had the good fortune to secure Al Dybvik and Kermit Anderson as musicians and soon after the arrival at the hall, dancing commenced. Those not caring to dance played cards at several tables. A lunch was served by the refreshment committee shortly before midnight, after which the dancing was resumed.

All too soon the sleighs were at the door again and the happy but tired seniors started for home. Cheers given for the chaperones, Lincoln high, and the Seniors, mingled with songs, rang through the air on the way back.

All agree that this is one of the jolliest parties the Seniors have had and will long remember it as one of the happiest times in their high school days.

The chaperones were: Miss Keyes, Miss Thompson, Miss Herlickson, Mr. Mickelson, and Principal Bye.

Glee Club of N. Dak. U. Entertains at Chapel

On Tuesday afternoon, periods were shortened for the second chapel of the week. The Men's Glee club of the University of North Dakota was passing thru the city enroute to Grafton, N. D., from Red Lake Falls and entertained the high school with several musical numbers.

The students greatly appreciated the entertainment and responded with such prolonged applause that the boys were forced to give many encores.

The program rendered was as follows:

"Jolly Fellows"----------Glee Club

"Heav'n, Heav'n"----------Glee Club

"It Ain't A Gonna Rain"--------

--------La Metre, Allen, Taillon

Reading--------------Arthur Hansen

"Old Man Moses"--------Glee Club

Student Meeting Held Friday to Arouse Pep

A pep meeting was held Friday afternoon in the assembly room for a three-fold reason. That afternoon the second team played a basketball game with St. Hilaire, in the evening a debate was held with Crookston, and the basketball first team played at Argyle.

Agnes Johnson, Melvin Engelstad and Orrin Storholm gave short talks impressing upon the students the fact that school support is as necessary in debate as in athletics. Melvin Engelstad then led some peppy yells, both for the debaters and the basketball teams.

The students feel satisfied that their pep was not in vain as the school has two victories, out of the three attempts, to its credit.

Northrop Notes

Mrs. Frissell and Mrs. Oden visited the fifth grade Wednesday afternoon.

Adeline Votava and Lloyd Lundberg entered school Monday after an absence due to measles.

Elaine Erickson won in the third grade spell down on Friday.

Ardith Akre won in the fourth grade spell down on Tuesday afternoon.

George Lambert returned to school on Friday. During geography period he gave a very interesting little talk about his trip to California.

LOCAL QUINT WINS AT ARGYLE 21-17

Lincolnites Win Second Victory Over Argyle on the Latter's Floor by a Close Score

Last Friday night the Lincoln High basketball quint defeated the Argyle High five on the latter's floor. The locals were always in the lead and they outplayed and outfought Argyle except during the last quarter when Argyle staged a comeback that would have won the game for them had it not been for the large lead the locals had.

The scoring started in the first minute when Penney made a field basket which was quickly followed with another by Sether and one by Argyle. Argyle did no more scoring that quarter but Penney made another basket and Sether a free throw. Parenteau made a basket just before the quarter ended with the score 9 to 2 in the local's favor. Sether made a free throw in the first part of the second quarter and Penney followed this with a field basket. Argyle made a free throw which was the only point they made that quarter. Sether made a basket from a difficult angle and the whistle blew for the half with the locals leading by a score of 4 to 3.

The scoring began in the second half when Penney scored another field basket. Argyle scored a field basket from the center of the floor and Barzen made a free throw. No more scores were made until near the end of the third quarter when Penney made a basket which was followed by a free throw by Argyle, making the score 19 to 6. Argyle started scoring early the fourth quarter when they made two field baskets right after each other. Parenteau who had a bloody nose during the whole game was removed and Langevin was substituted. Parenteau went in again two minutes later. Argyle made one free throw and two baskets in a couple of minutes playing and then the locals became organized again and stopped the scoring. Barzen put in a much needed field basket but Argyle almost immediately made another basket. The Lincolnites then worked a stall game that took some time for Argyle to break up. No more scoring was done and the game ended 21 to 17 with the locals victorious.

The locals changed their offense for Argyle's small floor and it worked very well against their opponents. It is a nearly impossible task to beat Argyle on their home floor and much credit should be given to Coach Thune for the beating that his men gave Argyle.

The lineup:

Thief River		Argyle
Parenteau	F.	Gaulet
Penney	F.	Eftefeld
Sether	C.	N. Nelson
Sorenson	G.	Green
Barzen	G.	A. Nelson

Substitutions—Langevin for Parenteau. Bidard for Gaulet.

Field Baskets—Penney, 4; Sether, 2; Parenteau, 1; Barzen, 1. Argyle: A. Nelson, 3; N. Nelson, 2; Bidard, 1.

Free Throws—Parenteau, 2 of 2; Sether, 2 of 4; Barzen, 1 of 1. Argyle—N. Nelson, 2 of 2; A. Nelson, 1 of 1; Bidard, 2 of 2.

Referee—Roth, Hallock.

St. Valentine's Day

February, the same as other months has its share of days on which to celebrate in some manner. St. Valentine's Day is one of them, although many people (especially dignified high school students) consider it too childish to be observed.

Very few people realize the true reason why the sending of comical or sentimental missives on February 14 has become an established custom in so many parts of the world. The custom has prevailed since 306 A. D. in which year Saint Valentine, a saint of the Roman calendar, was said to have been martyred. The idea of choosing a valentine on his day (Feb. 14) was afterwards accidentally associated with his name.

On the eve of St. Valentine's Day young people used to meet and each of the men would draw from a number of names of the opposite sex. Each gentleman would thus get a lady for his valentine and to this lady he was bound to be faithful for a year. The modern custom has been traced to a similar habit in the Roman festival of Lupercus, a god who is now identified as Pan.

At present the day is celebrated by sending—usually without a name—a droll or sentimental letter, especially prepared for the purpose; but even this is rapidly growing into disuse except among the very small children.

ROSEWOOD

Friday Afternoon Club Entertains

The twenty-nine members of the Ladies' Friday Afternoon club entertained their husbands and children at an evening entertainment at the Rosewood hall last Saturday. About fifty persons were present. The hall and dining tables were prettily decorated with a pink and white color scheme, arranged by the decoration committee of which Mrs. D. N. Peterson was chairman. Mrs. F. G. Dols was chairman of the refreshment committee, and through the united efforts of all the members a very delicious lunch was served. Mrs. O. S. Hellerud, chairman of the entertainment committee was responsible for the following very interesting program:

Song: Ladies' Quartet.

Reading: Mrs. Carl Mellem.

Song: Delma Dols and Gladys Sagmoen.

Recitation: Chester Dols.

Song: "Silver Threads Among The Gold," Mrs. F. G. Dols and Mrs. C. Schnabel.

Song: Ladies' Quartet.

Singing: By Everybody.

Besides the program, many novelties were introduced, including a grand march after the lunch, a name pulling contest, requiring the names pulled to perform some required entertainment, and resulting in many humorous situations. After the program parlor games and amusements were indulged in for the entertainment of all. The next regular meeting of the club will be held at the home of Mrs. F. G. Dols, on Friday afternoon, Feb. 15. New members and visitors are always welcome.

The masquerade dance given at the Rosewood hall last Friday evening was attended by about fifty persons, and several gorgeous costumes made the affair quite unique. Masked dancing continued until 11:30 when lunch was served by the management. First woman's prize for masking was captured by Mrs. F. G. Dols, and first men's prize by Ole Uland, while the most comical display was awarded to Ted Nelson. Two hours of plain clothes dancing was indulged in after midnight. Music was furnished by D. N. Peterson and John Sagmoen, relieved occasionally by other home talent.

Alfred Rafteseth and John Nakken left last Monday for Hibbing where they expect to secure employment.

Mrs. Carl Stromberg from Dakota Junction, spent Saturday at this place visiting at her parental home, Mr. and Mrs. S. Rafteseth.

Thomas Thoreson left last Saturday for Thief River Falls where he spent Sunday visiting with his sisters, Mesdames Olaf Ryan and Barney Peterson.

John Bloom left on Saturday evening for Thief River Falls to attend the Swedish Mission conference at that place.

E. P. Johnson left on Saturday evening for Thief River Falls where he spent Sunday visiting at the home of his daughter, Mrs. V. O. Mosbeck and family.

The New Solum town board met at the home of Clerk John Halvorson on official business last Wednesday.

D. N. Peterson went to Thief River Falls on Wednesday evening to take a cream testers' examination at that place.

Selmer Haugen was at Warren between trains last Tuesday attending to matters of business.

J. S. Sorenson left on Wednesday evening for Thief River Falls where he will remain until Saturday on business matters.

Severt Rafteseth has been sick during the last week, suffering from a blood pressure towards the brain.

Martin Knutson from Radium arrived here the first of the week to be employed as a local section hand.

Edward Schankey left on Thursday evening for a brief business trip to Thief River Falls.

Adolph Haugen trapped a wolf last Tuesday.

Theo. Umhoefer from Moorhead, a representative of the Fairmont Creamery association, was in town between trains last Tuesday calling on D. N. Peterson, local agent for that concern.

Rev. Cleveland, a former citizen of this town, but for several years a traveling missionary of the Norwegian Lutheran church, arrived here on Thursday morning to visit among local friends over Sunday. He also conducted several services in the neighborhood.

Mrs. Maurice Halvorson from Viking visited at the home of her father, J. E. Hellquist one day last week.

Miss Julia Axelson shopped and visited with her sister, Viola, at Thief River Falls on Saturday afternoon.

Mrs. Olaf Ryan and children arrived here on Monday morning to remain over Wednesday as guests of Mrs. Ryan's parents, Mr. and Mrs. A. T. Thoreson. Mrs. Thoreson will entertain the Rindal Ladies' Aid at her home on Wednesday afternoon.

Mr. and Mrs. L. L. Furan pleasantly entertained a few guests at their home last Friday evening.

Miss Ethel Styrlund of Viking will be employed at the home of Mrs. D. N. Peterson after next Monday, Feb. 11.

STOP STOMACH DISTRESS 10c

We want to prove to you how quickly Sto-li-gal puts a stop to stomach suffering. If you are distressed by gassy, sour stomach, indigestion, pains in stomach and back, shortage of breath, stomach ulcers, heartburn, dizziness, torpid liver, yellow jaundice, chronic appendicitis, gall stones and chronic constipation don't fail to invest a little dime in this trial treatment. Just send 10 cents in silver or stamps to Digestive Chemical Co., 800 University ave., St. Paul, Minn. The Sto-li-gal full combination treatments are sold by druggists everywhere. Ask your druggist to supply you. If he is out of it send $1.00 to above address. Sto-li-gal is sold in Thief River Falls by Dr. H. B. Newell and Roy Lambert's Drug Store.

Newfolden Creamery Will Handle Poultry and Eggs

Marketing of eggs and poultry will be a part of the business conducted by the Newfolden Co-operative creamery as a result of the annual meeting held Saturday, Jan. 26, when an amendment to that effect was voted by the stockholders. The session was well attended and was addressed by Inspector Leonard Houske of Halstad and other authorities in the dairy business. Dinner was served to 164 people.

The following officers were elected to serve during the ensuing year: M. L. Ihle, president; B. Svendson, vice president; Otto Hjelle, secretary; H. E. Myhre, treasurer; A. V. Dahlberg and L. P. Brandstrom, directors.

A very successful business for the past year was noted by the annual report. The Newfolden farmers are heavy producers of poultry and eggs and the marketing of this produce by the creamery will increase the business of the institution by a large amount. An average of 140 cases of eggs each week were shipped from Newfolden last summer, according to N. C. Lindberg, creamery field manager.

Ford Snowmobile Proves to be Practical Rig for North

A Roseau resident has converted his Ford into a "snowmobile", according to the following story from the Roseau Times-Region last week:

"Sigurd Brude has been demonstrating his Ford snowmobile this week and it has been making a good record for itself. Ditches and snow drifts are no obstructions, and it travels about twenty miles an hour at its higher speed.

"The traction is of the caterpillar type. The front wheels are placed directly in front of the rear wheels and over these two sets of wheels travels canvas belts, which act as traction and packs the snow. Runners take the place of the front wheels. The fuel consumption is about the same as for a Ford truck. The vehicle has been used in sections having a heavy snowfall and has proved practical."

People who give the world the best they have generally get back the best the world has to offer for them.

WHY SUFFER SO?

Get Back Your Health as Other Thief River Falls Folks Have Done.

Too many people suffer lame, aching backs, distressing kidney disorders and rheumatic aches and pains. Often this is due to faulty kidney action and there's danger of hardened arteries, dropsy, gravel or Bright's disease. Don't let weak kidneys wear you out. Use Doan's Pills before it is too late! Doan's are a stimulant diuretic to the kidneys. Doan's have helped thousands. They should help you. Here is one of many Thief River Falls cases.

Mrs. Knute Swanson, 212 Main Ave., S., says: "My back seemed as though it would break in two. It was so sore and stiff that when I moved suddenly, a sharp pain stabbed me. To do my housework was out of the question and I tired easily. I was annoyed by the way my kidneys were acting. Doan's Pills cured me of the attack."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Swanson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Ford
THE UNIVERSAL CAR

Forecasting A Tremendous Spring Demand

739,626

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

Ford Motor Company
Detroit, Michigan

A small deposit down, with easy payments of the balance arranged, or your enrollment under the Ford Weekly Purchase Plan, will put your order on the preferred list for spring delivery.

—for—

Pennington County, Minnesota

Showing Delinquents On The First Monday in January, 1924.

State of Minnesota,
County of Pennington,—ss.

District Court,
Fourteenth Judicial District

The State of Minnesota, to all persons, companies, or corporations who have or claim any estate, right, title, or interest in, claim to, or lien upon, any of the several parcels of land described in the list hereto attached:

The list of taxes and penalties on real property for the county of Pennington remaining delinquent on the first Monday in January, 1924, has been filed in the office of the clerk of the district court of said county, of which that hereto attached is a copy. Therefore you, and each of you, are hereby required to file in the office of said clerk, on or before the twentieth day after the publication of this notice and list, your answer in writing, setting forth any objection or defence you may have to the taxes, or any part thereof, upon any parcel of land described in said list, in, to, or on which you have or claim any estate, right, title, interest, claim, or lien, and, in default thereof, judgment will be entered against such parcel of land for the taxes on said list appearing against it, and for all penalties, interest, and costs.

ADOLF EKLUND,
Clerk of the District Court,
(Seal) Pennington County, Minnesota

Too Many "Camels"

The following article appeared in the Roseau-Times Region last week: "The Hallock high school basketball team received orders from the superintendent recently to turn in the basketball paraphernalia and to close the season so far as basketball at the high school was concerned. Prof. Roth said the boys had been playing just a few "Camels" behind the other fellows right along and when they refused to stop smoking and remaining up until all hours of the night their physicial condition suffered, causing their constant losses."

CITY COUNCIL PROCEEDINGS

Jan. 29th, 1924.

A special meeting of the city council was called to order by M. V. Evenson, President, at eight o'clock P. M. Tuesday, Jan. 29th, 1924.

Roll Call: Members present—Fossum, Porter, Brumund, Evenson, Paulson. Member absent—Rambeck.

Mr. James Barnett appeared before the council relative to a proposition of standardizing scale weights and a communication was also received from the Prichard Co. regarding city scales. On motion made by Alderman Brumund, seconded by Alderman Fossum, and duly carried, the matter was referred to the Committee on Streets with power to act.

Motion was made by Brumund, seconded by Paulson, and duly carried that bids for city depositories be opened. The following bids were received and read:

First and Peoples State Bank, First National Bank, Farmers and Merchants State Bank—2 per cent on average daily bank balances, to be computed and paid monthly.

Moved by Brumund, seconded by Porter, that bids for city depositories be laid over until meeting of Feb. 5th. Carried.

Moved by Brumund, seconded by Paulson, and carried that bids for city printing be opened. The bid of the Thief River Falls Times, being the only bid received, the same was by resolution duly designated as the official paper of the city for the ensuing year.

Moved by Paulson, seconded by Brumund, that the city attorney be authorized to enter a counter claim against Mr. C. M. Carlson, contractor of Filtration Plant Building. Carried.

Motion was made by Alderman Paulson, seconded by Alderman Fossum, and duly carried that the use of the auditorium be granted free of charge for use during a Farmers Short Course to be held on Feb. 18th and 19th.

On motion made by Brumund, seconded by Paulson, and carried, the council adjourned until Tuesday, Feb. 5th, at 8 o'clock P. M.

M. V. EVENSON,
President of the Council.

Attest:
P. G. PEDERSON,
City Clerk.

Resolution

At a regular adjourned meeting of the City Council held January 29, 1924, Alderman Porter, seconded by Alderman Paulson, introduced the following resolution and moved its adoption:

Be It Resolved, By the City Council of the City of Thief River Falls, Minnesota, that the proposal of Mattson Brothers, publishing a newspaper in said city known as Thief River Falls Times, for the city printing for the year 1924, be, and the same is hereby accepted, and the said newspaper is hereby designated as the official paper of said city during the ensuing year and until its successor is designated, and all ordinances, resolutions and proceedings of the city are hereby ordered published and printed in said newspaper.

The terms and conditions of said bid, and the acceptance thereof are as follows, to-wit: All public notices, resolutions, ordinances, proceedings and all other matters requiring publication or ordered published, shall be so published and printed in said paper at and for the sum of 60 cents for the first insertion and 30 cents for each subsequent insertion, with an additional charge of 25 cents per folio for all tabular matter for the first insertion.

Be It Further Resolved, that said Mattson Brothers be and hereby is required to furnish a bond with sufficient sureties to be approved by the city council, in the penal sum of Five Hundred Dollars, conditioned as required by law, for the faithful and proper performance of their work and services heretofore described:

Roll Call—Aldermen voting Yes: Fossum, Porter, Brumund, Evenson, Paulson. Aldermen voting No: None.

Resolution declared passed.

M. V. EVENSON,
President of the Council.

Presented to the Mayor May 30, 1924.
Approved Feb. 1, 1924.

J. S. ARNESON,
Mayor.

Attest:
P. G. PEDERSON,
City Clerk.

Fosston Defeats Macks

Fosston high school basketball team defeated the McIntosh five on the latter's floor on Wednesday evening of last week, the score being 19 to 5. McIntosh, without the services of Lowe, star center, failed to score a field goal, and scored only 5 out of 20 chances from the free throw line. Fosston played a slashing game and scored frequently in spite of the small floor, further narrowed by four rows of spectators on each side of the floor. Four hundred people saw the game and the management is still wondering how there was room left on the floor for two teams and a ball after the crowd got in, according to report in the Crookston Times. L. Sovick and Vik starred on defense for Fosston.

Gasoline Up Two Cents

NOTICE OF MORTGAGE FORECLOSURE SALE

WHEREAS, default has been made in the conditions of a certain Indenture of Mortgage, made, executed and delivered by Clarence E. Peterson and Amanda Peterson, his wife, of Pennington County, Minnesota, as Mortgagors, to the Goodridge State Bank, Goodridge, Minnesota, a Minnesota corporation, as Mortgagee, upon and covering the following described real property, lying and being in the County of Pennington and State of Minnesota, to-wit:

Lots Numbered One (1) and Two (2), and the East Half (E½) of the Northwest Quarter (NW¼) of Section numbered Eighteen (18), in Township numbered One Hundred Fifty-three (153) North, of Range numbered Forty (40), West of the Fifth Principal Meridian, containing One Hundred Sixty-one and 50-100 (161.50) acres, more or less, according to the U. S. Government Survey thereof, which said mortgage bears date the Twenty-eighth (28th) day of November, A. D., 1919, and was filed for record in the office of the Register of Deeds in and for said County of Pennington, in the State of Minnesota, on the Twenty-ninth (29th) day of November, A. D., 1919, at 10:00 o'clock A. M., and was duly recorded in Book 13 of Mortgages, Page 524, which said mortgage was thereafter duly assigned by said Mortgagee to The Minnesota Mutual Life Insurance Company, a Minnesota corporation, by assignment dated the Thirteenth (13th) day of January, A. D., 1920, and filed for record in said Register of Deeds office on the Twenty-third (23rd) day of January, A. D., 1920, at 1:00 P. M., and was duly recorded in Book 63 of Mortgages, on Page 165.

That said default consists in the failure of said Mortgagor to pay the installments of interest due on November First (1st), in each of the years 1921, 1922 and 1923, and failure also to pay taxes.

WHEREAS, by reason of the default made as aforesaid The Minnesota Mutual Life Insurance Company, as authorized by said Mortgage and the notes thereby secured, has declared and does hereby declare the whole of said principal and accrued interest thereon to be immediately due and payable, and

WHEREAS, there is claimed to be due upon said mortgage and the notes thereby secured at the date of this notice, the sum of Two Thousand Eight Hundred and Ninety-eight and 92-100 ($2898.92) Dollars, being Twenty-three Hundred ($2300.00) Dollars principal, Four Hundred Twenty-four and 98-100 (424.98) Dollars interest thereon, and also taxes paid by the undersigned, and interest thereon amounting to One Hundred Seventy-three and 94-100 ($173.94) Dollars, and no action or proceedings at law or otherwise, has been instituted to recover the same or any part thereof.

NOW, THEREFORE, notice is hereby given that in and pursuant to the power of sale said mortgage contains, and the statute in such cases made and provided, the said mortgage will be foreclosed and the real property therein described will be sold by the Sheriff of said County of Pennington, in the State of Minnesota, or by his Deputy, at public auction to the highest bidder therefor for cash, at the East front door of the Pennington County, Minnesota, Court House, in the City of Thief River Falls, in said County of Pennington, on Saturday, the 23rd day of February, A. D., 1924, at ten o'clock in the forenoon of that day, to pay the amount which will then be due upon said mortgage, including said taxes, and the costs and expense of this foreclosure, including an Attorney's fee of Seventy-five ($75.00) Dollars, as stipulated in said mortgage to be paid in case of foreclosure thereof.

"Drink More Milk" Says School Nurse; Gives Health Hints

Following is the second of a series of health articles prepared by Clara O. Herm, nurse in the Thief River Falls schools:

It is difficult to interest a child in an abstract thing such as health. He is, however, interested in his weight and if we can encourage him to so live that he can gain steadily in weight something at least will be accomplished in the right direction. "Watch us grow" should be the slogan.

The local creamery association has presented to the school one thousand weight tags and these will be sent home with the children in the lower grades. Health rules are given and space is allotted for entering the weights and measurements of the boys and girls; also space for entering normal weight. It is hoped that these tags will be saved so that subsequent weights may be entered upon them, and that the gradual gain in weight will be noticed and commented upon by the parents. Children need to be encouraged in the performance of their health chores. They need to drink more milk, and it is hoped that other children will join the group who are now drinking milk at school. Even though your child may be getting enough milk, without drinking it at school, yet the force of a good example is also worth considering, and just now a great many children need milk since they are convalescing from measles and other illnesses.

The Period of Convalescence

The regulations of the state board of health providing for a period of two weeks before the child who has had measles should return to school, serves not only to protect the other children who have not had measles, but it also protects the child himself. *This is very important for he needs* a period of convalescence. In any disease where there is fever and rapid pulse the whole body suffers even tho some organ may feel the worst effect. For example in scarlet fever the kidneys may be seriously affected, but at the same time no organ is without injury even though not so serious. It is hoped therefor that in all cases, even though not severe, that whenever the child has had one of these communicable diseases that time will be allowed for convalescence. This cannot be done if the rules of the health department are not obeyed.

"They'll have to have them sooner or later" is one of the fallacies which must be explained to prevent the needless exposure of the children. Every child who has a cough ought to be watched for this cough might develop into measles. Perhaps if parents knew that in the year 1920 ten thousand children in the United States died from measles they would be more careful to keep the well children away from the sick ones. Besides these ten thousand who died, many more died from the results of the measles. Pneumonia, tuberculosis, weak eyes, running ears are only some of the possible effects of measles.

CREAMERY PATRONS OF ST. HILAIRE GET $132,000 IN 1923

John Maakrud Chosen President of Association at Annual Session Monday

Patrons of the St. Hilaire Co-operative creamery in Pennington county were paid a total of more than $132,000 during 1923, according to the secretary's report submitted at the annual meeting of stockholders and patrons last Tuesday. The report indicates a splendid business the past year. The meeting was held in the St. Hilaire village hall and was attended by an unusually large crowd, the gathering being considered one of the most successful held by the association.

The following officers were chosen to administer the affairs of the creamery association during the ensuing year: John Maakrud, president; J. V. Patton, vice president; F. S. Erdman, secretary; W. P. Wilson, treasurer and Emil Larson, director.

Stuart McLeod, prominent dairy man from Goodridge, addressed the meeting of St. Hilaire farmers and urged stronger co-operation among the members of co-operative creamery associations in combatting the centralizers in their efforts to break the farmers' own institutions. He also gave a thorough explanation of the five-year contracts between creameries and patrons, stressing the advantages of such agreements. At the close of the meeting contracts were distributed and about fifty patrons signed up.

The St. Hilaire creamery is one of the finest in the state and ranks very high in yearly output, being third in the list of creameries in the 14th district comprising the northwestern counties.

Boy Scouts To Give Feed; Planning Summer Program

Troop No. 2 of the local boy scouts, under the direction of Scout Master O. R. Sande and Assistant Master W. A. Hall, Jr., will hold a special meeting at the Legion club rooms Saturday evening, next week, Feb. 16, when an extensive program and a big feed will be participated in by those present.

The scouts are planning very aggressive activities for the summer months. Several short week end trips to lakes and up rivers are planned rather than an outing of fifteen or twenty consecutive days. Scout Master Sande, who was absent the greater part of last summer and thereby unable to take an active part in the work, is outlining an extensive program for the summer months and judging from the interest of the boys in the work, a very successful summer will be the result.

"Midnight Alarm" Depicts Extraordinary Fire Scenes

"The Midnight Alarm", the David Smith super-feature, which is another super-special released by Vitagraph, will be shown at the Princess Theatre on Friday and Saturday.

Those who have seen "The Midnight Alarm" predict that it will be the "smash" of the season. There is not only a heart-throbbing, human interest story which will win untold sympathy from audiences, but there is one of the greatest and most sensational fire scenes ever filmed.

Packed into the fire episode is a situation remarkable for its suspense. The heroine is imprisoned in a steel time-locked safe. The office building is in flames, and while roofs crash she is rescued by the use of an oxy-acetylene torch which burns a way of egress through the steel walls.

An exciting element which runs through the story are those scenes that deal with crooks of the underworld. One of the leading roles is that of "Chaser," a young crook. It is a sympathetic part played by Cullen Landis, and fans who praised this young actor's work in "Masters of Men" will enjoy him in this.

Alice Calhoun plays the leading role which is a dual character; she plays the mother in the first part and her own daughter after. Percy Marmont is cast as Harry Westmore, a part to which this excellent actor is especially well fitted.

Council Meeting Monday

The next meeting of the city council will be held Monday night of next week, Tuesday being a legal holiday.

Grimm Alfalfa Growers To Form State Organization

To restore Minnesota to its place as chief source of Grimm alfalfa seed, lost since the death of Wendelin Grimm, the Carver county farmer who developed the strain, a state association of Grimm seed growers is to be formed at a meeting at Morris Feb. 17. All the growers of this kind of seed in Minnesota will be called to the meeting by the extension division of the University agricultural department, and is an important step taken in the advance of alfalfa culture.

Altho Minnesota today has a large acreage in alfalfa, the lack of organization of growers gives no central place to which buyers of large quantities of seed can go to.

This movement should be of particular interest to Pennington county farmers who are already growers of Grimm alfalfa or who are making plans to start growing the crop next year, as it will mean much to the future success of the seed market.

Local W.C.T.U. May Offer Prizes in Essay Contest

The W. C. T. U. of this city met at the home of Mrs. A. Craik Tuesday afternoon. One of the main issues was a paper on "World Peace and How to Gain It" by Mrs. W. W. Prichard, followed by discussions by all those present. The local organization may, as in former years, offer the usual prizes for the Peace and Temperance essays but announce that all those who wish to compete in the national and state contests may do so. Announcement will be made at a latter date as to whether the local organization will offer prizes, and any one wishing to assist in offering prizes may do so. By recent legislative action it is obligatory for students to write essays on these subjects and all have the privilege of submitting them for state and national prize awards. The contest closes with the close of the school term.

At the meeting Tuesday, those present fittingly paid tribute to the late War President, Woodrow Wilson.

Last year two Minnesota girls won national prizes in the essay contest. One girl of Crookston and one of Worthington shared in national honors. In competition with 48 states, this is a good showing and authorities believe Minnesota will do as well this year and honors may fall to students of this city.

Jan. 31-Feb. 7

To The Stockholders of the Red Lake Eastern Marshall Farmers Telephone Company.

Greetings:

Your Board of Directors have for some time realized that, because of the company not being large enough and without income enough to enable us to have paid officials to attend to collections and other business and linemen with sufficient experience to keep lines and equipment in reasonable service order, we are in a position where it will in a short time be impossible to continue the business of the company.

As we have a neighbor company on the south of us that is organized on the same ground principles as we are, namely, to give the most possible service to the greatest number possible at the lowest rate possible, and as this neighbor company, the Garden Valley Telephone Company, is large enough and strong enough to keep a regular business manager and the necessary experienced linemen to keep lines and equipment in reasonable working or service repair we have taken the liberty to open negotiations with the management of the above mentioned Garden Valley Telephone Company for consolidation or selling out to them. They have shown willingness to consider this and have had men here to look the situation over. The manager has reported, that from the estimated inventory taken, our property appears to be so very nearly alike in value to that of the Garden Valley Telephone Company, as to dollar for dollar that consolidation can be brought about with little or no trouble.

This is therefore your notice that at the coming annual meeting to be held at Goodridge on the 11th day of February, 1924, you will be asked to vote for or against consolidation with above named Garden Valley Telephone Company.

If a majority of the Stockholders approve of it and the Board of Directors of the Garden Valley Telephone Company also approve, your board will then take the necessary steps to bring about the change as soon as possible.

Dated at Goodridge, Minnesota, this 24th day of January, 1924.

WINTER SHOWS AT CROOKSTON GREATEST EVER

Entire Red River Valley Takes Part in Annual Farm Classic This Week

500 HEAD LIVESTOCK EXHIBITED AT SHOW

Many Valley Organizations Hold Annual Meetings. Instructive Programs

The Red River Valley Winter Shows opened this week with the judging of farm crops and livestock and judging contests in which farmers clubs, students of the Northwest School of Agriculture and high schools of the Red River Valley are taking part. Ten farmers clubs were entered in the livestock judging contest, four from Kittson, five from Polk county and one from Marshall county. Three teams from the Northwest School were entered in the interclass livestock judging contest. Two high schools, Fisher and Warren, competed in livestock judging. Students from the Warren, Fosston and Detroit high schools were entered in the farm crops judging contest. A. J. Kittleson, boys and girls club leader in the northwest district of the state, D. B. Morris, county agent at Grand Forks and Wm. Guy, county agent at Fargo, assisted crops and livestock experts from University Farm, St. Paul, as judges in the judging contests.

Clubs Compete

In the farmers club livestock judging contest, the Joe River Club of Hallock won first, the Bygland Club, Fisher, was second; Happy Corner club, Hallock, third; the Maple Leaf club, Crookston, fourth; and the Hallock Farmers club, Hallock, fifth. George Ash of the Joe River club was highest scoring man.

In the high school livestock judging contest, Warren high school was first and Fisher high school second. Arthur Palmer, Warren, was high judge. The senior team of the Northwest School was first and the junior second in the interclass livestock judging contest. Elmer Anderson, a junior was high man.

In the high school corn and potato judging contest, Fisher high school was first; Detroit, second and Fosston, third. Donald Henderson, Fisher, was high scoring man.

The number of grain, corn and potato exhibits have reached a new total according to E. W. Spring, Crookston, superintendent of the farm crops exhibit. Considerable interest was taken in the new classes open to amateurs only. A splendid exhibit of corn has been arranged under the direction of R. S. Dunham, secretary of the Red River Valley Soils and Crops association, who has secured 40 bushel-lots of field run corn from farmers who raised this corn during the last season.

Large Livestock Exhibit

A large number of livestock exhibitors turned out this year and upwards of 500 head of livestock are on exhibit at the livestock pavilion at Crookston. The Holsteins show up strong in the dairy classes, the Norman County Calf club and breeders of note from all parts of the Valley sending in a good representation of the Blacks and Whites. The classes of Shorthorn cattle were well filled and there were numerous entries of Hereford and Aberdeen Angus cattle. County Agent J. J. McCann of Thief River Falls is superintendent of the livestock division.

In the swine classes, the Poland China led in numbers, nine exhibitors of this breed making entries. The Duroc Jerseys also made a strong showing. There were several herds of Chester Whites shown and a few Yorkshires and Hampshires.

About 40 head of Shropshire sheep from several herds in the Valley were shown. The sheep show improves from year to year and reflects a growing interest in sheep in this section of the state.

Many Poultry Entries

According to John Saugstad, Crookston, secretary of the Northern Minnesota Poultry association, the entries in the poultry show this year will total 500 birds, entries being made from Minnesota, North Dakota and South Dakota. The Single Comb White Leghorns lead in numbers. There are a fine lot of turkeys on exhibit, showing a greatly increased interest in that department of the show.

The women's meetings are also attracting wide attention throughout the entire Valley.

Associations Meet

A feature of the week is the annual meetings of the different Valley associations. The Red River Valley Crops and Soils association held its annual meeting on Tuesday, followed by the annual business meeting of the Red River Valley Livestock association, of which Paul Engelstad is a director from Pennington county and H. C. Woolsen, Thief River Falls, is a member of the advisory board. Yesterday the Northern Minnesota Poultry association, of which Olaf Neset, Rhode Island Red fancier of this city, is a director, held its annual business session. The Minnesota Red River Valley Development association holds its annual business meeting today and will in addition have charge of the Friday program. Stuart McLeod of Goodridge is the Pennington county representative on the board of directors and Olaf Ranstad of this city is director at large. The Red River Valley Guernsey Breeders' association of which Stuart McLeod, Goodridge, is president, and F. B. Conklin, Thief River Falls, is treasurer, also meets today. The association has 20 members in Pennington county. Friday afternoon, the alumni of the Northwest School of Agriculture will hold their annual meeting at the Northwest School. President L. D. Coffman and Dr. C. A. Prosser will be guests of this group at their meeting.

The Dollar Farm, Mentor, won grand champion and senior champion bull award. M. C. Kroneman, Fergus Falls, won the junior bull championship, while C. L. McNelly, Dodge Center, showed the senior champion.

In the Shorthorn class, the El Tovar stock farm, Twin Valley, carried away all the bull honors. They won the bull grand and senior championship and also showed junior champion bull.

Orton Olson Wins

Albert Kopecky, Angus, Minn., won sweepstakes over all varieties of corn, winning this honor over 125 entries with his exhibit of Gehu flint corn which also took the grand championship in its class. Mr. Kopecky is a senior in the Northwest School of Agriculture. Polk county led in the awards in corn, receiving seven firsts and sweepstakes and a championship. C. C. Williams, Detroit, won the grand championship in the dent class. Orton Olson, Thief River Falls, won the wheat sweepstakes; Arthur Norum, Hallock, the sweepstakes on oats, and H. P. Mattson, Frazee, the sweepstakes on barley.

Prichard Scale Is Leased By City for Nine Months; Fee for Weighers 10 Cents

If people wish to have their fuel weighed by the city when purchasing the same after March 1 it will be their privilege but the fuel dealers will not be obliged to have such loads weighed otherwise.

A resolution to this effect was passed Tuesday night by the council, accepting the offer of The Prichard company, whereby they offered the city the use of their scales for such weighing as was demanded at a cost to the city of $40 per month. All fees shall be turned over to the city, and the fee will be only a dime. It may be that the dealer will absorb this cost or they may pass it along to their patrons in the way of added cost per ton.

The period of such use of the scales will be for nine months from March 1, to Dec. 1, which time should give ample demonstration as to the necessity for such operation by the city.

TREASURY SAVINGS SALE HALTED HERE

Sale of Postal Savings Certificates Stopped in 17 States as Relief Measure

Orders to discontinue the sale of United States treasury savings certificates at the local postoffice, were received by Postmaster Daniel Shaw Saturday.

Sales of certificates by postmasters in 17 middle western and western states has been suspended by Postmaster General New until further notice with the approval of Secretary Mellon in order to assist in the present financial stress of the small banks.

Postmasters in North Dakota, South Dakota, Minnesota, Wisconsin, Iowa, Missouri, Kansas, Nebraska, Texas, Arkansas, Colorado, Wyoming, Utah, New Mexico, Idaho, Arizona, and Montana, were ordered to discontinue sale of the certificates.

The order supplements one issued January 19 which ordered discontinuance of advertising and sociliciting of subscriptions.

A considerable amount of money has been taken from this section as a result of the sale of government certificates, and the order stopping their sale is considered necessary that all available local funds might be kept in communities and applied to the relief of the agricultural situation.

LICENSES FOR SOFT DRINK PLACES TAKEN UP BY CITY COUNCIL

Twelve Granted at Session Tuesday, Two Being Laid Over. Discuss Ordinance

Fourteen dealers in soft drinks applied to the city council Tuesday for licenses for the coming year, the old licenses having expired Feb. 1 for all dealers. All were granted with the exception of two, these being Alfred Rasmusson and Jas. Farr, whose applications will be considered at the meeting next week, together with any additional ones that may come in before Monday night. There are quite a number who failed to make application in time for consideration this week.

Those who were granted licenses were O. H. Nelson, the Elks club, Wm. Sheedy, L. J. Cerny, George Christe, C. H. Porter, H. K. Strand, Harry Fry, Margaret Eichhammer, Carl Christofferson, Jas. Cosgrove and W. A. Bishop.

Practically every dealer in soft drinks had signed a petition to the council to cut the license fee from ten dollars a year to only one dollar, the claim being as stated by W. A. Bishop that the dealers are now paying a state license and that they cannot afford to pay two licenses for the privilege.

Some of the aldermen thought it might be as well to cut the license out altogether, repealing the ordinance which was passed a year ago at the suggestion of Mayor John A. Bratrud with the intention of better controlling those places that were inclined to break the liquor laws. One of the aldermen expressed himself as believing that this evil had been sufficiently curbed and that the city *would not again be bothered by these* violators, while other aldermen thot it best to amend the ordinance and still others wished to leave it as it is. Action could not be taken last Tuesday night as the meeting was a special one called to consider other matters.

Undoubtedly the aldermen will sound out the people in the meantime and act in the best interests of all the people. Informally, a discussion was had of the apparently wide-open situation that prevailed last Saturday night when a large number of young hoodlums made the night hideous with their yells till nearly daybreak. Some of the aldermen thought a special additional policeman was needed.

IS YOUR SPINE IN LINE?

Perfect alignment of the spine means perfect health. Imperfect alignment means that one or more of the bones of the spine are out of the natural position. This produces pressure on the delicate nerves at the point where they leave the spine. Because the nerve is pinched the brain cannot get the full amount of life force over it.

Whatever part of the body this pinched nerve supplies is bound to be weak and diseased, whether it is the heart, stomach, lungs, kidneys, etc., because every cell in the body receives its life force over the nervous system, and if the nerve is pinched this life force is decreased.

Chiropractic Adjustment
will put your spine in line and health follows.

CUPID WON'T LEAP IN LEAP YEAR

Cupid won't leap in Leap Year or at least that is what one would be led to believe after viewing the Clerk of Court's records. Only three licenses for marriage have been issued during the past portion of 1924, and those during the first two weeks of January, before Cupid was able to check in on his pace from 1923. Last year to this date 13 licenses were issued, while only three were issued this year for the same period. But there is that ominous 13. Perhaps Little Dan is superstitious.

McCann Takes Active Part In Crookston Winter Show

J. J. McCann, local county agent, left Saturday for Crookston where he is spending the week during the Winter Shows exhibitions. Mr. McCann is superintendent of the livestock division of the show, a distinct recognition of his thorough knowledge of this most important department of the Valley exposition. The livestock exhibition this year was greater than ever before, there being about 500 animals displayed.

While in Crookston Mr. McCann, who is secretary of the local fair association, also meets with representatives of other county fair organizations in the Valley to make arrangements for securing entertainment features for the fairs this year. Mr. McCann is expected to return tomorrow or Saturday.

Helping Maintain County Nurse

The Polk County Chapter of the Red Cros has voted to offer $1,000 to the county commissioners before their next regular session in February to be used toward the maintenance of a county nurse. There were no strings attached to the resolution other than that the $1,000 would be forthcoming provided the commissioners would appropriate the remainder of the fund sufficient to employ a county nurse for one year.

At the recent annual meeting the commissioners of Marshall county for the appropriation for a county nurse was voted down. Red Lake county is also without a nurse in this capacity at present, the county nurse who has been engaged there for some time past having resigned, and as yet no one has been secured to take her place.

Impressive Statue of Lincoln

This splendid bronze statue of Abraham Lincoln stands in front of the Court House in Newark, N. J., and is regarded as *one of best in the country*, although many cities have wonderful Lincoln memorials.

Lincoln Was Not So Mild and Meek

Great Liberator Could Bare Teeth and Fight When Necessary

By PROF. B. J. CIGRAND, in Chicago Evening American.

There is a tendency in recent writings to picture Lincoln so mild and meek that his red-bloodedness and his emphatic methods of rebuke are lost and the real value of the giant among men is destroyed.

Several recent biographies and many orations and magazine articles of late years have given the impression that Lincoln was not master of his cabinet. It is said he often laughed and told stories when his serious opinion was needed.

If any president endured intrigue at the cabinet board, Lincoln did. Not a single other man who ever sat in the presidential chair would have permitted the bold, personal campaigning of his personal associates.

But Lincoln seemed to let these men go on, gradually disclosing not only to himself but the public their selfish personal ambitions and then at the right time and in an inimitable way he would grab the official by the coat collar and bring him back to the straight and narrow path of Lincoln ideas.

Lincoln's manner of dealing with men was entirely different from that of any other president.

He even "ran after" General McClellan and permitted offensive correspondence and no end of "slights" to come to light. But Lincoln, like an indulgent father, could, when the proper moment came, call a halt and take some of the officials "in the woodshed and dust their trousers."

Ultimatum to Plotters.

To show he was not intimidated, I give a copy of a letter which he read at a cabinet meeting during the time when Stanton, Chase and Seward were secretly condemning one another and suggesting removals so that they might all the better conduct their campaign to prevent Lincoln's re-election and seat themselves.

The letter reads:

"I must be the judge how long to retain in, and when to remove any of you from his position. It would greatly pain me to discover any of you endeavoring to procure another's removal, or, in any way, to prejudice him before the public. Such endeavor would be a wrong to me; and much worse a wrong to the country. My wish is that on this subject no remark be made, nor question asked by any of you, here or elsewhere, now or hereafter."

One day early in Lincoln's administration, Mrs. Lincoln said to him:

"It is common rumor about the capital that Seward and not you will be the president—that he will rule you."

He replied:

"I may not rule myself, but certainly Seward shall not. The only ruler I have is my conscience, following God in it, and these men will have to learn that yet."

At another time Lincoln was visited by a congressional committee headed by Thad Stevens, who burst in on Lincoln with the accusation:

"The way you are running this country is causing it to be approaching hell, and very fast."

Lincoln asked: "About how far from that place are we now?"

Stevens sharply replied: "I would say about a mile."

Lincoln smiled and replied: "About a mile—why that's about from here to the capitol." And everyone save Stevens roared.

Stepped Out of Beaten Path.

Seward, who had for years toiled to subordinate Lincoln, finally wrote to his wife: "Executive skill and vigor are rare qualities. The President is the best of us."

On July 30, 1863, Lincoln issued a public letter, designed especially for the soldiers and sympathizers of the Confederacy:

"It is the duty of every government to give protection to its citizens and especially those who are organized as soldiers in the public service. It is, therefore, ordered that for every soldier of the United States killed in violation of the laws of war, a rebel soldier shall be executed; and for every one enslaved or sold into slavery, a rebel soldier shall be placed at hard labor on the public works."

Promised Glory for All Officials.

I look upon this order as the least representative sentence in Lincoln's entire life story and doubtless it was inspired by the usages of war and came as a cabinet measure.

Another message to his cabinet shows how he guided them and constantly reminded them of broad patriotism. It reads:

"It will require the utmost skill, influence and sagacity of all of us to save the republic. Let us forget ourselves and join hands like brothers to save the republic. If we succeed there will be glory enough for all."

And Stanton, who, in the early days of the Civil war, said, "Lincoln is a fool, a low, cunning clown. The original gorilla Du Chaillu, the naturalist, wandered all the way to Africa in search of when he might have found it in Springfield, Ill.," later said when Lincoln was assassinated: "Lincoln is the most perfect ruler of men the world has ever seen."

The One Who Needs It

"I don't own a car."

"Well, you cross the street several times a day, don't you?"

AUTO OWNERS MUST GET LICENSE TAGS BEFORE FEB. 15TH

No Extension of Time In Which To Secure Auto License to Avoid Penalty

Registration of automobiles is now in progress throughout the state and all licenses for 1924 must be taken out before February 15 to avoid the penalty of 25 cents a day. A large number of the 1500 Thief River Falls and Pennington county automobile and truck owners have not yet applied for their licenses this year. Applications for licenses and assistance in making them out may be secured at the banks, notaries public and various other places. All car and auto licenses expired Dec. 31, 1923, and owners have only a month and a half in which to renew. There will be no extension of time, according to the state department.

A car must be licensed whether it is used or not. In case a car is dismantled and stored away, it is still taxable, and if the owner intends to use it again he will find that he will have to pay for the back years. Under the law this is a tax on the car. In other words, when this law went into effect the motor vehicles were taken off the personal property tax list.

A person purchasing a new car, whether he uses it or not, must, within two days, secure a license to avoid a penalty. In other words, whenever a title of a machine passes from one person to another, the application must be made within two days, either for a transfer or a license, as the case may be.

The new plates have a blue background with white figures and are quite conspicuous. People are urged to get in their application as early as possible and avoid the customary rush as the time period expires.

A rigid program of enforcement will be put into practice by highway patrolmen and sheriffs in the collection of all motor taxes. Delinquents will be dealt with to the fullest extent of the law, says Sheriff Ihle. Anyone caught without the necessary two plates will be promptly taken in hand by the authorities.

Wilt-Resistant Flax Is Good Crop To Sow in '24

Money is to be made in growing registered wilt-resistant flax in 1924, in the judgment of A. C. Arny, who is in charge of the farm crops section at University Farm.

Mr. Arny finds that nine states had 2,061,000 acres of flax in 1923, which was an increase of nearly a million acres over the acreage of 1922. It will still require about a million acres more with average yields of 8.2 to 9 bushels an acre, says Mr. Arny, to meet the demands for crushing purposes in 1924. While an increase is therefore desirable, he warns that the acreage should not be enlarged to the extent that flax would be put on an export basis.

"Minnesota produced 527,000 acres of flax in 1923," says Mr. Arny. "In southern and central Minnesota three-fourths of a bushel of seed should be sown to the acre. This would be a decided advantage to every flax grower in the state if every acre planted in 1924 and succeeding years could be sown with seed of a high yielding wilt-resistant variety. Dependable seed of this quality is not available in sufficient quantity to carry out such a program, but flax growers with registered or certified wilt-resistant seed flax as far as it is available so that much more will be available in 1925. There should be good money for growers who follow this practice. Secure seed of Winona, Chippewa, or North Dakota wilt-resistant No. 114 if possible."

Farmers of Pennington county had approximately 800 acres seeded into flax in 1923, according to the county agent's office. A considerably greater acreage is predicted for this coming year, however, and an effort will be made by many farmers to secure the best seed possible. The Crookston farm station is distributing a limited amount of wilt resistant flax seed thru the local county agent's office in this city and those wishing to secure a quantity of this allotment should see J. J. McCann at an early date.

Far Down in the Depths

Two tramps met at the local tavern at the end of a long and unsuccessful day's begging. Both were tired and hungry, and gazed with longing eyes at their empty glasses.

"Didn't you make anything, Bill?" inquired one. "What about that house I saw you looking at—the big one with the open window?"

"Didn't trouble to ask," was the reply. "I looked in the window and saw two girls playing on one piano, so I guessed they was too poor for me to worry."

Everything is Ready for Agricultural Short Course

LARGE CROWDS ARE EXPECTED AT BIG EVENT

Interesting Program Prepared For Two-Day Sessions in T. R. F. Feb. 18-19

SPEAKERS WILL DISCUSS FARM AND HOME TOPICS

Women's Session Will be Held Tuesday Afternoon. Everything Free of Charge

Everything is now in readiness for the agricultural short course to be given in Thief River Falls next Monday and Tuesday, Feb. 18 and 19, and indications point towards an event of unusual interest. Committees have been hard at work the past two weeks making preparations for the event and if the weather man plays fair a record attendance is assured.

A program of more than usual scope has been prepared by the program committee and something decidedly worth while is offered at each one of the sessions during the two days. The course opens on Monday afternoon at 1:30, followed by an evening session at 7:30. Four meetings have been scheduled for the second day, Tuesday, one in the forenoon at 9:30, one in the afternoon at 1:30, with another in the evening at 7:30. A special session for the women will be held at 2:30, this to take place either at the Commercial club rooms or the Presbyterian church. Announcements regarding this gathering will be made at the general sessions, which will all be held at the auditorium, which has been secured for the occasion.

A group of speakers, who will discuss the various problems of home and farm life, will be here during the two days and a perusal of the program as printed above should be sufficient to convince everyone that there will be something of interest and value going on all the time. Illustrated lecture charts, scores of lantern slides and ten reels of moving pictures will be used for the demonstrations. A prominent part in the programs will be taken by the schools of the city and county. Mrs. H. W. Froehlich, in charge of the women's departments, gives assurance that it will be time well spent for housewives to attend this course.

Everything is free of charge and a general invitation is extended to everyone who is able to get to Thief River Falls. Large delegations are expected from St. Hilaire, Goodridge and other points in the community. So far this winter cars have been used as freely as in the summertime and if the roads continue to remain open a large number of farmers residing at distances from this city will come here by car.

THIEF RIVER FALLS IS CONVENTION CITY FOR 9TH DIST G. O. P.

Delegates to National Convention to be Named at Session Here March 7

The ninth district republican convention for the purpose of electing two delegates and two alternates to the national G. O. P. convention at Cleveland, June 10, has been called by the state central committee to meet at Thief River Falls, the morning of March 7th. The representation will be based upon the vote cast for Governor J. A. O. Preus, the republican gubernatorial candidate in the 1920 general election. Each county shall be entitled to elect to the convention three delegates at large and one delegate for each 500 votes or major fraction cast for Governor Preus in 1920.

The call is made by District Chairman Charles S. Marden, of Moorhead.

Following is the total number of delegates, including the three delegates at large each county will be permitted to send to the meeting:

Lake Mills Pastor To Speak at Zion Church

Revival meetings will be held at the Zion Lutheran church, Rev. George Larson, pastor, beginning Friday of this week and continuing over Sunday. Rev. J. Hanson of Lake Mills, Ia., who is a splendid speaker, will conduct the meetings which are open to everyone.

The series will open Friday morning with a session at 10:30, followed by an afternoon session at 2:30 and an evening meeting at 7:45. On Saturday there will be only afternoon and evening sessions, but on Sunday three meetings have been scheduled. Rev. Larson extends a welcome to everyone interested to attend.

ERICKSON WINS CLAIM AGAINST CHAS. BRADLEY

Former Police Chief Given Verdict of $100 in Damage Suit Tried Last Week

FARR AND AGA GIVEN FINE AND JAIL TERM

Jury Acquits Jetland on Liquor Charge. Carlson and Amundson Cases Dropped

A verdict of $100 for the plaintiff was returned by the jury in district court here last week in the case of E. O. Erickson vs. C. B. Bradley. Mr. Erickson, formerly police chief in this city, sued for damages in the amount of $10,000 from Bradley, a former local barber who is now serving time in the Warren jail, on the ground of libel, Bradley having sworn out an affidavit alleging that Erickson had accepted hush money while serving as police chief. The verdict was not sought for the amount but rather for the purpose of clearing the plaintiff in the matter which had caused him considerable inconvenience. G. Halvorson represented Erickson while Bradley acted as his own attorney. The defendant made no denials as to the falsity of the affidavit, according to the court.

Ed. Aga of this city was convicted of a charge of having liquor in his possession for sale and was given a sentence of 50 days in jail and the payment of a $150 fine, in default of which three months additional must be served. The jury recommended leniency in the case. Aga was taken to Warren Tuesday to begin serving his sentence.

James F. Farr, proprietor of a refreshment place on LaBree avenue, was also found guilty of violating the prohibition laws, the jury deliberating about an hour. A sentence of 90 days in jail and a fine of $300 was imposed by Judge Andrew Grindeland, who presided at the session which closed yesterday. Farr will be taken to Warren Monday, the judge granting him a stay of seven days to close up his business affairs.

Sigurd Vik of St. Hilaire, who last week pleaded not guilty to a liquor charge, changed his plea to guilty but was ordered by the court to appear at the next session of court to receive his sentence.

John Jetland, charged with selling moonshine, was acquitted by a jury Tuesday, after deliberating over the matter all night. He was alleged to have sold a pint of liquor to Alf. Backe, the account of his arrest appearing in last week's issue of The Times.

Frank McGinty failed to appear to answer to a charge of violating the liquor laws when the case was called and the court declared his bonds forfeited. The liquor charges against O. W. Carlson and Adolph Amundson were dropped on motion of the county attorney, the authorities being unable to locate witnesses in the case. The case against Ernest J. Gillmet for grand larceny was also stricken from the calendar, on account of inability to locate defendant. The James Farr case continued from the June term of court was again continued until the next session.

Action in the civil suits taken up at this session will be published in next week's issue.

F. F. Haynes is expected to return this week end from Sioux Falls and Pierre, S. D., where he is attending to various business matters. He attended the auto show in the cities on the way to the South Dakota towns.

T. R. F. HIGH QUINT TO MEET M'INTOSH HERE FRI. FEB. 15

Local Boys Expect to Turn Tables on Macks. Basketball Fans Turn Out En Masse

The next to the last basket ball game of the season to be played here by the local quint prior to the district tournament in March, will be played at the city auditorium tomorrow, Friday evening, when McIntosh comes here to meet the Thief River Falls boys for the second time this season.

In the first clash on the McIntosh floor recently the locals were defeated in a hard fought contest with a final score of 14 to 10. Thief River Falls was in the lead thruout the game and the score was 10 to 10 with about a minute to play when the opposition dropped in two baskets. The defeat was largely attributed to the fact that the locals made but four out of 12 fouls. It is predicted, however, that with the Lincoln quint on its home floor defeat for the Macks is practically certain.

The Thief River Falls team under the expert tutelege of Coach Leonard Thune as enjoyed an exceptionally successful season. Out of the eight games played six have been won, defeats having been received only at Fosston and McIntosh, when the boys seemed unable to make connections with the basket in their foul shooting. They are displaying a keen knowledge in every department of the game, their teamwork tactics being especially noteworthy. The games played here on the large auditorium floor have created unusual interest among local fans, and current opinion is that they are just as exciting and interesting as the Legion games played here two years ago.

Patronage at the games this season has been very encouraging, the Warren game last Friday, in which the locals were victorious by a score of 11 to 16, being witnessed by approximately 500 persons and judging from the uproarious yelling by everyone, old as well as young, interest was at its heighth from the time the ball was tossed until the last whistle blew.

That Thief River Falls citizens have the proper athletic spirit is indicated by this splendid support, as well as the action taken by the local Commercial club in agreeing to make a guarantee of $500 for the expences connected with the district tournament for which this city has made a bid. The city council has also voted that the auditorium may be used free of charge for the games during the two days of the tournament.

That the local boys are strong contenders for the championship of the Ninth district is no longer only a prediction and stiff training is being gone thru in preparation for the fight this week.

Details of last Friday's game may be found in The Progress, the official high school organ, elsewhere in this issue.

Visit Guernsey Herds Here

Harvey and Elmer Rosendahl, progressive young farmers from near Warren, were visitors in this city yesterday and their return from Goodridge where they visited the Guernsey herds of Stuart McLeod and H. F. Woolson, with a view of purchasing some purebred Guernsey animals for the improvement of their dairy herds.

Plummer Store Re-opens

The Rovainen-Johnson general merchandise store of Plummer re-opened last week, having suspended business since the firm suffered a severe loss by fire Jan. 2. A part of the E. T. Skogen building is being used.

Income Tax Payers Will Be Aided by Deputy Collector Coming Here February 28

For the purpose of assisting taxpayers in the preparation of their 1923 income tax returns, Deputy Collector E. J. Masterson will be in Thief River Falls from Feb. 28 to March 1, inclusive, according to information received by The Times from the internal revenue service of the treasury department, St. Paul, this week.

It is urgently requested that anyone wishing to secure help in this matter see Mr. Masterson during his stay in this city.

Income tax facts in a nutsell are: Single persons who had a net income of $1,000 or more or a gross income of $5000 or more, and married couples who had a net income of $2,000 or more or gross income of $5,000 or more, must file returns.

The filing period is from January 1 to March 15 and must be made with the collector of internal revenue for the district in which the person lives or has his principal place of business. Returns must be filed according to instructions on blanks according to law and regulations.

The income tax to be paid is four per cent normal tax on the first $4000 of net income in excess of the personal exemption and credits for dependents. There is an eight per cent normal tax on the balance of net income and a surtax from 1 per cent to 50 per cent on net incomes exceeding $6000 for the year 1923.

L. M. Willicuts, St. Paul, is the revenue collector for the Minnesota district, H. P. Gardner chief field deputy.

STATE ADJUTANT ATTACKS MELLON IN BONUS FIGHT

Government Can Pay Bonus Without Burden on Taxpayers Says Stafford King

MASS MEETING AT CITY AUDITORIUM DRAWS 600

"Slight Error of Billion Dollars Resulted Veto of Bill By Harding"

Addressing a large audience at the city auditorium Monday evening, Stafford King, state adjutant of the American Legion, made strong and convincing pleas for the passage of the adjusted compensation bill now before congress.

Mr. King boldly attacked Andrew Mellon, secretary of the treasury, stating that but for his "rubber statistics" President Harding would never have vetoed the bill when it was up last time. Mr. Mellon's prediction of a $660,000,000 deficit at the end of the fiscal year of 1923 when the end of the year found a balance of $309,000,000, plainly showed Mr. Mellon's wish to kill the bonus at any cost. He cited the reason for Mr. Mellon's strenuous efforts to resist the issue as his fear that should the Legion get this one request, the result would be the acquisition of a prestige that would enable the Legion to more successfully carry out some of the other principles for which the organization stands, and of which "Andy" highly disapproves.

"The Government can not only stand the payment of the bonus", said Mr. King, "but the taxpayer need never feel the burden." He cited the large amounts which the government paid to various corporations at the close of the war in settlement of long time contracts, among them the five billion dollars paid to the shipbuilding companies; the one hundred and twenty-six millions paid to the railroad companies and the forty millons paid to mine owners for experiment purposes, all of which were paid without a whimper from the "conscientious Mellon."

The compensation plan now before the house, he stated, calls for the payment to each ex-service man $1 a day for the time spent in American training camps and $1.25 for each day of over-seas service. The aggregate amount cannot total more than $500. These amounts would not be received in cash unless the sum was less than $50. If more than that amount it would have to be drawn thru loans in building or paying for a farm or home or taken in a paid up insurance policy with a 20 year maturity date. From each bonus would be deducted the $60 which the soldier received when he left the army.

The mass meeting was opened by a number of old time songs by the audience, led by Miss Maude L. Johnson. Kern Olson sang two vocal solos. At the close District Commander Yngve of Middle River, who presided, requested all those who would write to their congressmen that night and petition for the bonus to stand and a very small proportion remained seated.

Takes Over Shoe Stock

Announcement is made this week that A. Erickson, who conducts the second-hand store at 305 Bridge street, on the East Side, has taken over the Wear-U-Well shoe stock formerly handled by A. A. Thorson and will act as representative of that line in this city. The stock was moved from Mr. Thorson's quarters on Second street to the second-hand store Monday. Mr. Thorson will devote his entire time as representative of the Singer Sewing machine.

W. L. Hall Entertains For U. C. T.

W. L. Hall was the host to a large group of U. C. T. members at his home at 716 Main avenue north a week ago Saturday evening. The hours were spent at progressive whist and at 11 o'clock refreshments were served. Thirty-two members were present. The event was one of the most enjoyable of the season.

BEET GROWERS TO GET NEARLY $9.00 PER TON

Bonus of About $4.00 Will Be Sent Out by Sugar Corporation This Week

CROP TOTALS $120,000 FOR T. R. F. TERRITORY

Correll With Yield of 11 Tons Per Acre Leads in Yields on Large Acreage

The Northern Sugar Corporation with which beet growers in this territory contracted their sugar beet crop last year for shipment to Mason City, Iowa, is now sending out checks for the "bonus" to growers, this sum amounting to between $3.75 and $4.00 per ton. This amount, together with the guaranteed price of $5.00 per ton received in December, makes a total of about $9.00 per ton for beats raised in 1923. The bonus is determined by the price of sugar during October, November, December and January. Checks will be received by local growers the latter part of this week, according to County Agent McCann.

Price Higher in 1923

The total proceeds for sugar beets raised in this territory and shipped to the Mason City factory from Thief River Falls will total approximately $120,000, according to figures compiled by the county agent, who was in charge of the sugar beet crop last year and who will also supervise the work this coming season. In 1922 the total receipts for beets raised here was only about $8,000, only a small acreage being planted that year. Only $6.41 per ton was paid to growers in 1922, the increase in price being about $2.50 per ton.

Chaska to Get 1924 Crop

Contracts will be taken after March 25th for the 1924 sugar beet crop. This year the Minnesota Sugar Company with factory at Chaska will handle all the northern acreage and from the number of applications for a beet acreage here already received by Agent McCann, the 1924 season looks very promising. Approximately 3,000 acres have already been applied for in the vicinity of Thief River Falls. The sugar company has not yet informed each town how much they will be allotted but there will be many more applications received than can be handled by the sugar company, according to reports. The Iowa company being unable to handle the beet crop of this section this year arrangements were made with the Chaska concern to take over the 1924 crop. This will make no difference to the growers as the two companies operate practically under the same management, altho each is a separate unit. L. E. Flink, general manager of the Chaska factory, is expected to visit this community the latter part of this week to look over the possible acreage and prospects for the coming season.

Correll Wins Prize

Charles Correll won the $50.00 in premium money awarded by Dr. H. W. Froehlich, president of the Commercial Club, for the largest yield of beets on a large acreage, Correll's beets running approximately eleven tons per acre on a field of 25 acres. Several larger yields were secured on smaller acreages, some receiving as high as seventeen tons. A number of growers realized about $100 per acre on their beet fields. These returns indicate that the raising of sugar beets in this community is becoming an important phase of farming operations.

STORY OF 'COVERED WAGONS' IS COMING

Passing of Early West is Noted in Making Big Film "Pioneer Trails"

The passing of the old West into oblivion was made evident when David Smith, the noted Vitagraph director, began seeking sites for the action in his new production, "Pioneer Trails," which will be shown at the Princess Theatre on Sunday and Monday.

As "Pioneer Trails" is a dramatic story of the days following the gold rush of 1849, Director Smith required locations typical of those existent during that period. Scouts were sent out throughout the Western States to find sites in keeping with the time of the story. This meant that the old plains untarnished by wire fences, macadam roads and telegraph poles and mountains untrammeled by winding roads and telegraph lines be found.

For more than a month a dozen men scoured Utah, Wyoming, Nevada, Colorado, Oregon, New Mexico and North and South Dakota in vain. Civilization had pushed its way thru all this territory and left its imprint upon it.

Just when Director Smith was beginning to despair of finding a locale suitable for the production, one of his scouts reported that the recesses of Chatsworth Mountains, seventy miles from a railroad, were suitable. It was only by accident that this location was found.

An entire town was constructed on this site to reproduce accurately one of the more historic towns that boomed during the gold rush. The town of Burnt Boot was set up with cottages, general store, saloon, sheriff's office, all constructed of logs and rough hewn pine boards.

Alice Calhoun and Cullen Landis, two of the most popular stars, will be seen in the leading roles in this unusual photodrama of the early West.

Golden opportunities generally are found in clouds with golden linings.

2 NEW MAIL ROUTES TO SERVE EASTERN SECTION OF COUNTY

Improved Mail Service by New Routes Out From Goodridge Starting April 1

For years in the past mail has been carried by auto or horses from Thief River Falls to Kratka and thence by stage to Highlanding and Erie. From the latter place a rural route supplied the eastern end of Pennington county.

This plan of delivery was slow and expensive, when it is remembered that Goodridge with two mails daily is only about ten miles from Erie. Petitions to have the service changed so that the mail comes to Goodridge instead of by the slow round-about way, as described above, were circulated and after some delay a post office inspector laid out a very complete plan making it possible to bring the mail to nearly everyone's door. It is said that the delay in improving certain roads as agreed was the cause of nothing being done last season before winter set in.

People along the proposed routes were extremely anxious for improved service and thru the assistance of Ex-congressman Halvor Steenerson, for many years representative of this district and who served creditably on the postal service committee for some time, the request was readily granted, with the result that on April 1 next two new routes out of Goodridge will be established. This will make three rural routes going out from that village. The route out of Erie will not be disturbed except that it will be served from Goodridge, it is indicated.

The change is welcomed by the many patrons of the routes affected and means that the Goodridge territory and all of the eastern section of the county will be as well served as any part of the state.

MAKING OF WEEDER IS NEW INDUSTRY IN THIEF R. FALLS

Local Men Enter Project and Lease Iron Foundry; Twin City Capital Interested

The Gardner Railway Weeder company, in which H. W. Protzeller and J. J. Richter of this city are interested, has leased the Iron Works building situated on Arnold avenue at Second street for the manufacture of a mechanical weed destroyer to be used by railroads on their right-of-ways. Present indications are favorable for the future success of the industry, which will employ a considerable crew of men when in full operation.

The new weeder is originated by Mr. Protzeller, who has been working together with Mr. Richter in the perfection of the device, which has been tried out on the Luce Line running out of Minneapolis with much success. The success of the weeder has made it possible for Mr. Protzeller to interest capital to the extent that the Iron Works was leased and a machine begun which will be a standardizer from which quantity production will be made. Mr. Protzeller has a thoro knowledge of machinery and has worked on a number of mechanical devices during his stay here.

It is expected that the standardizer will be completed so that production of the weeder may be begun about April 1. Additions and improvements of the building to facilitate enlarged operating of the industry will be made if the indicated success is met with by the company.

Pastors Attend Conference

Among those who attended the Swedish Mission pastors conference in this city were the Reverends Adolph Anderson and G. T. Nelson of Roseau; V. Drotts of Viking; C. V. Olson of Telen; Theo. Clemens of Warren, K. Pearson of Crookston; O. J. Bjornberg of Jupiter; C. S. Lundquist and O. J. Lundell of this city; the Rev. C. V. Bowman of Chicago, field secretary of the covenant.

Creamery Business Increases

The Red Lake Falls Creamery company paid to its patrons during 1923 a total of $75,582 for butterfat, compared to $59,430 during the previous year, an increase of $16,152. These figures indicate a healthy growth in the creamery's business. An average price of $.3905 was received for butterfat in 1922 while the average for the past year was $.4583.

Private Finance Corporation is Formed to Give Assistance in the Northwest

C. L. Hansen, president of the First National bank of this city and senator from this district, returned Monday morning from Washington, D. C., where he went a week previously in response to a call from President Coolidge for a conference of a group of prominent agricultural leaders and bankers of the Northwest to discuss general conditions of this section, particularly as regarding the agricultural situation. Methods to bring relief to the Northwest and stabilize conditions, were taken up, the various measures such as the Coulter bill, the McNary-Haugen bill and the proposed $10,000,000 private finance corporation being considered.

Conference With President

The conference opened Monday of last week, the delegation of which Senator Hansen was a member meeting with President Coolidge at the White House. The President, being convinced by the Northwest representatives that relief is necessary, pledged the support of the administration to secure helpful legislation. He expressed himself in favor of the passage of the Coulter bill, but stated that he had not as yet given the McNary-Haugen measure sufficient consideration to give an opinion upon it. The McNary-Haugen bill provides for a finance corporation to purchase the surplus wheat so as to stabilize prices and is being endorsed generally in the Northwest.

Present Relief Plan

During his stay in the Capital City, Mr. Hansen appeared in person together with Senator Magnus Johnson and Congressman Knud Wefald before the War Finance corporation and in an interview with a Times representative stated that he suggested changes in the corporation's methods of business. The main suggestion made by the local senator is one to the effect that the War Finance corporation hereafter take the notes of the various banks of the Northwest at their face value, at a low rate of interest and a period of 3 years in which to retire the obligation if necessary, similar to the manner in which the Federal Reserve bank now rediscounts notes for member banks except a longer time. At the present time the banks are required to put up security at the rate of about two to one for all funds advanced. The proposed change would prevent any further closing of country banks, and would exert a great force in bringing conditions back to normal.

Confers with Johnson and Wefald

Accompanied by Senator Johnson and Congressman Wefald, Mr. Hansen made tours thru many of the departments at Washington and says the Minnesota representatives are anxious and willing to be of assistance in every possible way. He also met with Senator Henrik Shipstead while on his trip. Secretary Herbert Hoover is unusually well posted regarding conditions in this section, according to Mr. Hansen. It is the opinon of government officials, according to the senator, that the reorganization of the U. S. Grain corporation would be of greater benefit than any other agency that can be suggested for the advancement of grain prices. Numerous measures and plans are being proposed for the financial and agricultural rehabilitation of this section.

The $10,000,000 banking corporation launched at the conference, which is being formed to aid the Northwest, is now practically a reality, Mr. Hansen stating that he is convinced that the plan will materalize. C. T. Jaffray, Minneapolis banker and president of the Soo line, was chosen to head the corporation, the details for which are now being worked out.

22,000 LBS. ALFALFA SEED SHIPPED HERE; ARRIVED YESTERDAY

Carload of Certified Grimm Seed To Be Distributed Among Farmers of Community

That the alfalfa acreage in Pennington county will be materially increased the coming season is a certainty, an entire carload of certified Grimm alfalfa seed arriving in Thief River Falls yesterday for distribution among the farmers of the community. The purchase of the carload, which contains about 22,000 pounds, is being financed by the Pennington County Bankers' association, according to a program outlined by that organization at a series of meetings last fall and winter. The Commercial club and the office of the county agent have also been active in sponsoring the movement.

The seed arriving here this week has already been allotted to farmers in the county who will grow more alfalfa, present indications being that at least 4,000 new acres of alfalfa will be planted in Pennington county this year. Pennington has at present the distinction of having the largest acreage of any county in the state.

The seed will be distributed Saturday on the Soo tracks near the Oen warehouse.

The road hog never sees his shadow.

FJELD HOME NEAR ERIE BURNS SUN

Aged Mother of Mrs. Fjeld Badly Burned About Face and Arms in Fighting Flames

The home of Mr. and Mrs. Hans Fjeld, one and a half miles northeast of Erie, was completely destroyed by fire Sunday afternoon between the hours of two and three. The fire started at a point where a stove pipe passed thru a floor. Mr. and Mrs. Fjeld were away from home and Mrs. Fjeld's mother, who was at home with the three children did not discover the fire until it had gained considerable headway.

The aged woman began carrying water on the fire when suddenly the entire room burst into flames, causing severe burns to her face and arms. The children had left the house and run to a neighbor's unnoticed by Mrs. Fjeld's mother and when Mr. and Mrs. Fjeld arrived home they found her badly burned and worrying over the safety of the children, whom she thought had burned to death in the house. When Mr. and Mrs. Fjeld arrived the house was nearly consumed and nothing was saved. When the fire started Mr. and Mrs. Fjeld were attending a surprise on Mr. and Mrs. Emil Grams, who leave this week for Duluth to make their future home.

Dr. H. W. Froehlich was called yesterday to give medical aid to the aged woman, who is suffering from the burns.

St John's Church Partakes In German Relief Campaign

The 3400 congregations of the Evangelical Lutheran Synod of Missouri, Ohio and other states, located in every section of this country and Canada, are being approached this month with the urgent request to take up a special collection for German relief purposes. St John's Lutheran church, E. H. Kreidt, pastor, of this community, has decided to take part in this charitable endeavor and will urge its members to contribute generously.

At the Sunday service members of St. John's church will contribute to this relief work with a special envelope collection. Knowing the urgent need, it is expected that the gifts of charity will be given liberally.

Should others than members of St. Johns congregation feel moved to take a hand in this work of charity, Rev. E. H. Kreidt, 407 St. Paul Ave. S., Thief River Falls, will be glad to forward their donation—cash or cast-off clothing—to the American Lutheran Board for Relief. Acknowledgement of gifts will be made through the columns of this paper.

Four Cow Hides for Pair of Shoes

Some time ago I brought in a hide which netted me $1.30. At this rate it would take four cow hides to get a pair of satisfactory shoes and it would take the hides of a large herd of cattle to supply a family with shoes. This is one of the many things which cause hard times for the farmer. Something is rotten in Denmark.

Pickle Concern Inquires As To Possible Acreage Available in Community

That the M. A. Gedney company of Minneapolis, manufacturers of pickles are interested in establishing a salting station in Thief River Falls is indicated by a communication received last week from that concern by H. W. Froehlich, president of the Commercial club.

The suggestion is made that farmers and others interested in the growing of cucumbers for pickling purposes be interviewed so as to ascertain the possible acreage that might be secured here. A total acreage of 200 acres is considered necessary, this being the acreage supplying the Detroit station. Those who sign up must have not less than one-half acre but no more than two acres as it is considered a garden proposition, and should be considered not only by farmers but by residents of this city who have sufficient ground, as well. Cucumbers are grown very successfully in this section.

Anyone wishing further information regarding the matter should see County Agent J. J. McCann.

APPEAL ORDERED BY CITY IN DECISION OF CARLSON CLAIM

Carlson Given District Court Verdict But Council Wants Supreme Court Decision

A resolution was passed by the aldermen in session Monday night authorizing City Attorney H. O. Chommie to proceed to take an appeal from the decision of the district court in the case of C. M. Carlson against the city of Thief River Falls. The first step in the appeal will be a motion to the district court for another hearing which if denied, will be followed by an appeal to the state supreme court.

The case, in which Carlson demands the payment of $1000, the amount which the city is holding back on his contract for the construction of the city filtration plant, claiming that Carlson as the contractor for the job was responsible for the crack which has developed in the wall and which quite seriously damages the building, was tried before a jury in district court here last week, a decision in favor of Carlson being rendered Thursday morning. The claim of the city was that Carlson had not fulfilled his contract and should be held responsible for the damages as a result of the crack, while Carlson was upheld by the court in his contentions that he had performed the work in the construction of the building according to the specifications of the engineer in charge. The city council, however, desires a decision from the supreme court in the matter before making the final payment, the object being to determine the party to be held responsible in the case.

The developments of the case have been watched with much interest by Thief River Falls citizens, the matter having been given much attention by the council men and others interested the past several months.

Shipping Association Handles 13 Cars in '23, Says Manager

The following report of the business of the Thief River Falls Livestock Shipping association during 1923 has been submitted by Emil Griebstein, manager, showing very satisfactory results for the year:

Cash on hand Jan. 1, 1923	$ 351.32
Number of cars shipped	13
Number of cattle	280
Number of hogs	109
Number of sheep	367
Total animals shipped	762
Total received	$11,687.37
Paid to shippers	10,040.48
St. Paul expense, including freight	1,328.23
Manager's commission	290.61
Home expense	28.05
Paid out of sinking fund	53.77
Balance in sinking fund Jan. 1, 1924; including interest which was $11.09	289.55

The 1922 report shows total receipts of nearly $20,000 with nearly $17,000 paid to patrons for shipments of 21 cars.

The annual meeting of the association, which is usually held in January, has not been held as yet, but it is expected that a meeting will be called by the officers in the near future. The officers of the organization are: Hans Anton, president; Fred Copp, vice president; Harry Woolson, secretary-treasurer; Sam Torgerson and Henry Koop, directors.

LARGE ATTENDANCE AT TRACTOR SCHOOL HELD HERE 2 DAYS

Experts Address 100 Persons During Sessions Sponsored By Implement Dealers

Between 75 and 100 farmers and others interested in tractors and tractor-drawn tools were in attendance at the two-day tractor school conducted here Monday and Tuesday by C. Gustafson & Son, local implement dealers, in co-operation with the engineering department of the International Harvester company. All were unanimous in their expressions that it was one of the most interesting and instructive events of its kind that has ever been held in this city, and the enthusiasm shown by everyone in attendance was very gratifying to those who were in charge. The school was entirely practical and much valuable information was derived from the various sessions of instructive talks and demonstrations.

The school was called to order Monday by C. D. Gustafson who introduced E. M. Stevens of Grand Forks, assistant branch manager of the International Harvester company. Mr. Stevens gave a short talk outlining the work to be taken up and giving the purpose of the school as that of gaining information regarding internal combustion engines and tractors in general.

O. A. Lyngholm, motor truck salesman for the I. H. C., had charge of the chart work and gave his listeners much information about the handling of various kinds of engines. Mr. Lyngholm is a splendid speaker and was well received by all who heard him.

Relative prices of farm equipment were discussed by Mr. Gustafson in a very interesting and timely talk during the second day of the course. *Present conditions and the importance* of properly directed efforts in the management of farming operations were ably treated by the local dealer. Speaking of comparative prices he cited figures showing that the price of oak lumber has trebled since 1914, pole stock has increased two and one-half times, soft steel has doubled, cotton duck has gone up two and one-half times, pig iron is one and three-quarter higher, and labor cost has doubled, during the past ten-year period. Statistics were also given showing the decreased output of farm machinery from 1914 to 1922. Plows reduced from 1,385,101 to 481,409; mowers from 274,521 to 80,484; drills from 89,370 to 17,606; and binders from 215,386 to 41,468.

Mr. Gustafson maintained that farm machinery prices are not unreasonable compared with other products. He gave an illustration by stating that the consumer who buys a kitchen range weighing 646 pounds for the sum of $135 pays 21 cents per pound would, according to that price, pay $350 for a binder, but which sells at the present time for $225 or $250. Compared to the price per pound paid for a lawn mower, a regular mower with a five-foot cut would cost about $175.

An interesting fact was revealed by Mr. Gustafson when he listed practically a complete set of farm machinery which can be procured for the price of a medium priced car. For instance for the price of a Chevrolet touring car at $685 the following new implements can be purchased, according to Mr. Gustafson's figures: McCormick or Deering cultivator, Primrose cream separator, Kentucky grain drill, I. H. C. corn planter, 1½ horse power McCormick-Deering gas engine, 102 tooth Boss harrow, spring tooth harrow, 5-foot drag, McCormick mower, hay rake, bob sled, wide-tired farm wagon with triple box.

Mr. Fields, general branch manager of the I. H. C. spoke on the importance of getting acquainted and the relationship between the implement dealer and the farmer-purchaser.

In connection with the school Mr. Stevens demonstrated cream separators and feed mills, feed grinding demonstrations being given free of charge with Wm. Arnold of Crookston blockman for I. H. C. and John Bundy of this city, local I. H. C. man, in charge. Cream separator service was given by Ole Landro and Ben Wask, also with the company, assisted in the engine instruction. The sessions were conducted in the former Jefferson cafe building. Lunch was served by Gustafson & Son each day.

Injures Hand

Edward Christensen, son of Mr. and Mrs. Carsten Christensen, returned to his home here Monday night from White Earth, where he was employed, following a severe injury to his right hand incurred when he met with an accident in a saw mill that afternoon. His hand was caught in the circular saw at the mill and badly cut, necessitating several stitches. He is now obliged to carry the injured member in a sling and will be confined to his home for some time.

A. S. Wilson, Businessman of St. Hilaire Passes Feb. 6th

A. S. Wilson, for 20 years a resident and businessman of St. Hilaire, passed away at the Warren hospital Wednesday of last week, according to The Spectator. Taken ill nine weeks previous to his death, he went to Warren to seek medical attention but the nature of his malady was such that surgical aid was of no avail. He underwent an operation about a week before death occurred and seemed to rally until his condition suddenly became critical on Tuesday.

Mr. Wilson, who was 52 years of age, came to St. Hilaire with his family from Thompson, N. D., 20 years ago, to engage in the meat market business of which he was head until his death.

In 1902 Mr. Wilson started a meat market business on the East side, in the building no woccupied by Bottelson's drug store. He did not reside in Thief River Falls, however, the business being conducted by a Mr. Hendrickson for two years after which time Axel Rod, now in Rolland's meat market, was in charge. In 1908 he sold out to John Fuller.

By painstaking efforts and close application to business, he made a success of his affairs. At all times during his residence in the county Mr. Wilson was identified with public affairs. He was a member of the village council at different times, president of the village and chairman of the board of education, which office he held at the time of his death. He always took an active part in all affairs for the good of the community and his services were constantly in demand.

Mr. Wilson was a member of the local Masonic order and also of the St. Hilaire lodges of the I. O. O. F. and the Rebekah orders.

Besides his widow, Mr. Wilson is survived by one daughter, Mrs. J. Sleff of Red Lake Falls, and four sons, Lawrence, Earl and Wallace, all of St. Hilaire, and George, who makes his home in Minneapolis. His aged mother and other relatives live in Denmark, and a sister, Mrs. O. Stearns, resides at Langdon, N. D.

Funeral services were conducted on Saturday afternoon from the Norwegian Lutheran church at St. Hilaire, Rev. C. M. Grimsrud, officiating. Following the services at the church a group of local Masons conducted Masonic rites at the grave, interment being made in the St. Hilaire cemetery.

Young Pennington Farmer Dies Suddenly in Bemidji

Friends of Oliver Anderson, son of Ole Anderson of Sanders township, were shocked last week to learn of his death which occurred in Bemidji Wednesday, following an operation of an infection in the arm, according to the St. Hilaire Spectator of last week.

Mr. Anderson left a short time ago to assist his brother with some timber work on the line northeast of Bemidji. A few days previous to the young man's death, his father was called to Bemidji by a message stating that he was lodged in the hospital there suffering from an infection in the arm and that an operation was about to be performed. No disquieting report was received until Wednesday when a message came saying that complications had set in, causing death.

Deceased was raised to manhood in this community and was a highly respected citizen, well liked by a large circle of friends. During the World war he served his country with distinction as a member of the expedition sent from the United States to Siberia. After returning from army service, he came back to the farm in Sanders township, where he has lived since, with the exception of short intervals when he has been employed elsewhere.

Besides his father, he leaves to mourn his departure, a sister at Langdon, N. D., and four brothers, Arthur, who is residing in Montana, John, in North Dakota, and Alec and George, at home here.

The remains of the deceased arrived in St. Hilaire Thursday, funeral services being conducted Thursday afternoon from the Norwegian Lutheran church, Rev. C. M. Grinstad officiating at the obsequies. St. Hilaire Legionaires acted as pall bearers. A group of eight members of the Elmer J. Eklund post of this city took part in the services as honorary escort, Mr. Anderson being a member of this post. Interment was made in the cemetery east of the village, beside the remains of his mother and a brother who passed before him. The heartfelt sympathy of a large circle of friends is extended to the bereaved family.

Parsonages Exempt from Tax By Supreme Court Decision

A development of the case of the State of Minnesota against the church of Incarnation at Minneapolis, is that no building owned by a church organization and used by its pastor as a residence free of rent shall be taxed but shall be treated as church property.

According to local authorities the local church organizations will not have to pay taxes on their parsonages in the future and there is a possibility that no tax will have to be paid for 1923.

Local Doctors Will Examine Men for 1924 Training Camp

Communications have been received by a number of local physicians from the office of the Seventh Reserve corps area at Omaha, Nebraska, asking for volunteers to examine and inoculate applicants for the 1924 Citizens Military Training Camps. The government provides the serum for the innoculations but to avoid undue expenses ask that physicians donate their time, which after all is not a small item. However, the letters were favorably received and Dr. J. T. Bowers, Dr. O. F. Mellby and Dr. H. W. Froehlich have answered the department, stating they would be glad to comply with this measure.

The object of these camps is to stimulate and promote citizenship, patriotism and Americanism, and thru expert physical direction, athletic coaching and military training to benefit the young men individually and bring them to realize their obligation to their country. The camps are held for 30 days each year. Four degrees of work are taken up at these camps and each person may take one degree each year. This district comprises North and South Dakota and Minnesota. It is open to all men between the ages of 17 and 24 years whose applications are accepted by the government.

Snow Adds to the Problem Of Providing Telephone Service

After a deep snow, telephone service is often taxed to the utmost. At such times, people have difficulty in getting about town and more than ever rely upon the telephone.

Furthermore, when transportation is more or less tied up after a snow, it is difficult for the telephone operators to get to work promptly.

And heavy snow, if accompanied by wind, frequently tears down poles and wires, shutting off both local and long distance telephone service.

Uniformly satisfactory telephone service is our constant aim, but occasionally conditions arise which are temporarily beyond all human control. At such a time we especially appreciate the patience of our patrons until the situation can be met.

Our constant endeavor is to furnish reliable telephone service at the lowest possible charges.

The War on Waste

Waste is the result of misdirected energy. It is like dirt—matter out of place.

The history of Standard Oil Company (Indiana) success may be summed up in two words "Industrial Husbandry" which is another way of saying "Eliminating Waste."

In a big organization such as the Standard Oil Company (Indiana) there are innumerable opportunities to waste time, effort and material.

By intensified organization, by providing proper facilities, abundant raw materials, pleasant working conditions, and by encouraging initiative—the Company makes it possible for every man in its employ to develop the best there is in him and to conclusively prove his worth by his achievements.

Through intensive study and extensive research and experiments, the Standard Oil Company (Indiana) has found ways to recover more than a score of useful products from waste — products that fill a definite place in the commercial or domestic affairs of mankind.

Time was when gasoline was waste in the petroleum industry. Today, it is the major product.

Perhaps the outstanding example of Standard Oil Company (Indiana) achievements, in eliminating waste, is in the increased yield of gasoline per barrel of crude made possible by processes discovered and developed in its laboratories.

This achievement is the greater because of the imperative urge for more gasoline.

In 1918 there were 6,146,617 cars and trucks registered in the United States. In 1922 there were 12,239,114—or an increase of nearly 100%.

In 1918 the industry produced 326 million barrels of crude, as against 501 million barrels in 1922—an increase of only 53% plus.

Statistics show that while less than 10 gallons of gasoline were recovered per barrel of crude in 1918 that the industry increased the yield to more than 12 gallons per barrel in 1922.

This increased yield was due largely to the process as developed by this Company, and without such an increased yield the price of gasoline unquestionably would be higher.

Thus does the war on waste, waged so intensively by the Standard Oil Company (Indiana), redound to the lasting benefit of mankind and also enable the Management of this Company to give a satisfactory accounting of its stewardship to the stockholders now numbering 45,286, more than 11,000 of whom are employes.

SOCIETY NOTES

Community Girls Entertain For "Kathleen" Cast Mon.

The Legion club rooms was the scene of a prettily appointed party last Monday evening when the members of the Girl's Community club entertained for those who took part in the presentation of the play: "Kathleen." All but the children in the "Childhood Dreams" chorus were included in the event, which was one of the most enjoyable of the season. M. Helen Montgomery was chairman of the committees in charge and everything had been tastily arranged for the occasion. The rooms were attractively decorated in Valentine suggestions which added much to the event. The diversion of the evening was dancing, music being furnished by a four-piece orchestra. A feature of the evening's entertainment were two vocal solos by Elra Porter, accompanied by Miss Dorothy Holm at the piano. Delicious refreshments were served by a committee.

Joins Chautaugua Circuit

Miss Alice Bourque left this city last week to join the chautauqua circuit of the Redpath-Vauter company. She will travel with the circuit thru Kentucky, Tennessee and other southern states as a solo whistler. Miss Bourque visited with her sister, Mrs. W. B. Fuller in this city.

Officers of W. B. A.

In addition to the officers of the Woman's Benefit association of the Lady Maccabees, announced in a recent issue of The Times, the following officers were installed at the lodge installation Jan. 14th: Mrs. Mary Lane, finance keeper and Mrs. Selma Carlson, lady at arms. The installation ceremonies were conducted by Mrs. Lane, installing officer and Mrs. Anna Holmes and Mrs. Carolyn Simonson, ladies of ceremony.

For Miss Dorothy Traver

Little Miss Dorothy Traver was the guest of honor a week ago Saturday afternoon when her mother, Mrs. E. D. Traver entertained a group of little folks in recognition of Dorothy's sixth birthday anniversary. The rooms were decorated in St. Valentine's suggestions. Games were the diversion of the time and at five o'clock lunch was served, a feature of which was a birthday cake bedecked with candles signifying her age, and matching the color scheme of the room. Eleven children were present.

For Trinity S. S. Teachers

The Misses Mildred Thompson and Julia Herlickson and Dreng Bjornaraa were hostesses and host Tuesday evening of last week when they entertained the teachers of the Trinity Sunday school at the home of Mr. and Mrs. Bernhard Knudsen. The evening was spent at games and music. At 10:30 lunch was served.

For Mrs. Holzknecht

Mrs. F. Holzknecht was the guest of honor at her home, 519 Riverside avenue, Saturday evening when Mr. Holzknecht, assisted by the Misses Elva Elfinger and Verna Becker, staged a birthday surprise. The evening hours were spent at cards, whist being played at three tables. At eleven o'clock lunch was served by the host and assistants. Those present were: Mr. and Mrs. M. C. Burns, Mr. and Mrs. Frank Protz, Mr. and Mrs. Hubert Holzknecht, Mr. and Mrs. P. Roark, Miss Sophie Schusser, W. H. Mulry and Joe Becker.

Woman's Club to Review '23 Events at Session Feb. 20th

On account of the Agricultural short course which will be held in this city Monday and Tuesday, the Woman's club has postponed its regular meeting from Monday to Wednesday, Feb. 20, when it will be held in the Commercial club rooms at 3 o'clock. The social hour will be in charge of Mrs. C. M. Carlson. A music memory contest will be carried out by Mrs. G. Halvorson. A review of important events of the world will be made at this session. A committee including the Mesdames J. H. Hermanson, F. J. Stebbins, C. M. Carlson, W. J. LaBree, J. Cronkhite and J. Fulton will have charge of the discussions.

The Woman's club is taking a very active part in the agricultural short course and giving every assistance in their power in sponsoring the Woman's sessions.

Garnes Well Received By Large Audience Mon. Eve.

"Ireland In Story and Song," by John Seaman Garnes, instructor at McPhail's School of Music, given at the high school auditorium Monday evening, Feb. 4, under the auspices of the Woman's club was well received by a large audience.

The program of readings, songs and combinations of both was picturesque as only a talented and able reader can make it. The little oddities of thought and philosophy that go to make up the personality of a nation were so plainly brought out by Garnes as to make them seem a part of the listeners themselves. In the various numbers he brought out the humor which the Irish find, or rather realize, in even the tragic; the beauty of the gaelic lyrics which are so great a part of the early Irish literature; the simple, yet meaningful strains of the old melodies, and the intrinsic beauty of the simplicity of Irish life.

Sketches and folk tales and a number of songs comprised the evening's entertainment.

P. O. Staff Entertain

Members of the post office staff and their wives and invited guests enjoyed the third of a series of parties at the Legion hall Tuesday evening. The time was spent at music, games, cards and dancing. At 11:30 o'clock refreshments were served. Those present were Postmaster and Mrs. Daniel Shaw, the Messrs. and Mesdames T. S. Brokke, H. R. Pope, Frank Protz, T. H. Chittick, William Spoonheim, John Cronkhite, Herbert Fuller, and the Mesdames Nels Nelson and Gaston Ward, the Misses Christine Giefer, Vera Byler and Barbara Votava and the Messrs. Ed. Swanson, Albert Swanson, Ed. Stebbins, Gunder Legvold, Ray Klien and Clarence Knudsen.

Miss Exner Leaves.

Miss Hermina Exner left Tuesday evening of last week for St. Paul, where she has accepted a position as instructor in the St. Agatha conservatory of music. Miss Exner, who came to this country a few months ago from Austria has been a guest at the John Cronkhite home. Miss Exner was instructor in music and languages in Austria and speaks and teaches seven languages. While in this city Miss Exner has made many friends who will miss her greatly.

Miss Gertrude Carey Weds Chris Halvorson Monday

Miss Gertrude Carey, sister of Mrs. B. E. Gage of this city, who has been a resident of this city the past six months, and Chris Halvorson, proprietor of the Halvorson jewelry store, were married at the Presbyterian parsonage at six o'clock Monday evening, in the presence of Mrs. Charles Gerlinger and Miss Cornelia Berg.

Miss Carey, whose parental home was in Lawrence, Mass., has been in this city the past six months visiting at the home of her sister, Mrs. B. E. Gage and for the past two and a half months has been employed at the Halvorson jewelry store on LaBree avenue.

Mr. Halvorson has been a resident of this city for the past ten years. He was employed at the Neset jewelry store for eight years and last August purchased the O. K. Jewelry store from M. G. Stageberg, who left at that time for the Pacific coast where he now resides. He came to this city from Minneapolis, where he was employed as watchmaker for many years. Mr. Halvorson is the Noble grand of the Young Pine lodge of the I. O. O. F., of which lodge he has been a member for 32 years.

Mr. and Mrs. Halvorson will make their home in their apartments on LaBree avenue for the near future.

Present Latin Play

The Sioux City (Iowa) Journal in a recent issue carried an announcement of the opening of the new auditorium of the high school there and among other numbers of the program for the occasion is the presentation of a Latin play by Miss Goldie Stebbins. Miss Stebbins, daughter of Mr. and Mrs. F. J. Stebbins of this city, has been engaged as Latin instructor at the high school at Sioux City the past two terms and the presentation of this play at the opening of the auditorium is a recognition of Miss Stebbins' ability. The program takes place this evening. Miss Stebbins was instructor in the local high school two years ago, before taking up duties in Sioux City.

Bobbed Hair

From time to time a line or two has appeared in our High School "Progress" concerning the bobbed hair craze in our school and those who have succumbed to it.

About two-thirds of the girls of Lincoln High have shorn their tresses for the sake of fashion.

The bobbed haired girls will pay the penalty for nature has its way of punishing. A distinguished doctor, once told me that the longer one's hair the more freely it circulates. Therefore I contend that the bobbed-haired women of today will be the bald-headed women of tomorrow. Doesn't this seem logical?

Take for example our men, having their hair cut in time ordinary manner soon became bald. The men who live in Salt Lake City, the Mormons, let their hair grow long and they do not become bald. Neither did the Indians who inhabited this country when Columbus landed, have bald heads.

So let us wait and see. The flappers of today will be the vamp-wearers of tomorrow.

Special Chapel Held To Commemorate Lincoln Day

A special assembly was called Tuesday afternoon in observance of Abraham Lincoln's birthday.

The program was opened by the singing of the "Star Spangled Banner" under the leadership of Maude L. Johnson. Following this Supt. Simley gave a talk on the commemoration of the day and introduced the main speaker on the program. Judge Grindeland of Warren had been secured and he gave a most interesting talk. He first spoke of Lincoln's desire that reverence for the law should be taught in the schools, the homes, the church, and should be emphasized at all times. In connection with this he spoke very forcibly on the present crime wave and the high rate of criminality among the children of high school age showing the result of lack of respect for law. The Judge was well qualified to speak on this subject because of his many years of practical experience.

The day's program was concluded by the singing of "America" by the student body.

Lawrence Mulry and Edna Alexander are the latest ones to enter the ranks of bobbed hair. Long hair is beginning to be a real novelty in Lincoln High.

Donald McCrum and Joseph Lundin, former Lincoln students, left for the cities several days ago but have returned.

"Peachy" Ohm is the newest recruit in the "Sheik" class, having recently visited one of the local barbers.

Mr. Mickelson: "Why was Milton's last marriage the most successful?"
Harriet M. "Because his last wife out lived him."

LINCOLN ENTERED IN BIG NATIONAL ORATOR CONTEST

Cash Prizes to be Given for Best Essay on the Constitution and Delivery of Same

Lincoln high school has been entered in a big national oratorical contest, sponsored by the "Dispatch and Pioneer Press" of St. Paul; an oratorical contest based on the Constitution of the United States, to be held in Washington, D. C., in June of this year.

As this contest is planned, the best essay and oration on the Constitution and George Washington, Alexander Hamilton, James Madison, or Abraham Lincoln, from Lincoln High School, would entitle the student responsible for it to a trip to the nearest central point for the district finals. Winning there, he would go on to the semi-state finals and then to the state finals. The expenses will be paid all the way through, both to and from the point of contest, and also while there. The winner in the state finals, will be eligible for the Northwest finals to be held at St. Paul under the auspices of "Dispatch and Pioneer Press."

The participants at St. Paul will be entitled to cash prizes as follows: first, $1000; second, $400; third, $200; fourth, $100; fifth, $50; sixth, $25; seventh, $25, and on top of this, all the winner's expenses from his home to Kansas City will be paid to enable him to compete in the semi-grand final. The excellence of his essay and the fullness of his delivery, giving him first place at Kansas City, he will represent the Middle-west at the grand final to be held at Washington, D. C., in competition with seven other representatives from various sections of the country. The three best participants will receive $3500, $1500, and $1000 respectively. This will probably be changed later on so that everyone of the contestants at Washington will receive a cash prize. At the Washington contest, President Coolidge will preside and the members of the Supreme Court will act as judges. Herbert Hoover is to preside at the Kansas City contest.

The rules governing the contest are as follows:

(1) Any bonafide high school student will be allowed to participate.

(2) The participant must be under nineteen years of age.

(3) The participant must have been attending high school previous to the announcement of this contest, and must signify his intention of continuing high school after close of contest, with the exception of those who are graduating in the spring of 1924.

(4) The orations must be on any one of the following subjects: The Constitution, Washington and the Constitution, Hamilton and the Constitution, Marshall and the Constitution, Webster and the Constitution and Lincoln and the Constitution. The only restriction as to their development is that the orations must be of such a character as to increase respect and for the Constitution.

(5) Orations shall not require more than 12 minutes for delivery.

(6) The best essay in each high school be credited 50% and the best oration delivered from an essay the other 50%.

(7) All essays must obviously be of the student's own composition; although help may be obtained, the body of the essay must be in the student's own words.

(8) The elimination contest in each district and in each state final, the Northwest final and the grand final shall be held on the dates stipulated by the Dispatch and Pioneer Press.

(9) The Dispatch and Pioneer Press withholds the right to bar any high school that sends in its entry blank too late to be entered in any one of the districts.

(10) Any student in any high school not entered in this contest will have the privilege of signifying his intentions of participating providing the contest manager shall be notified, and can make all the necessary arrangements.

SENIORS DEDICATE THEIR CLASS MOTTO

Rev. Bernard Weakland Delivers Address in Presentation of Senior Banner Friday

Last Friday's assembly period was one of the most interesting ones Lincoln High has had during this year. There were two important reasons for the calling of this chapel, one, the dedication of the Senior class motto and banner to the school, and the other, for the purpose of arousing enthusiasm for the game with Warren.

Melvin Englestad, president of the Senior class, was chairman of the first part of the assembly period and introduced the speakers. The principal speaker was Rev. Bernard Weakland of the St. Bernard church. In his interesting and clever speech he spoke of the appropriateness of the Senior class motto: "Not at the Top But Climbing," for high school students and his words were especially well suited to the occasion. He brot out the point that no one is ever at the top though many think that they are and that the best one can do is to keep on trying to get as close to the top as possible. Rev. Weakland's talk was enjoyed very much by the faculty and the students and it is hoped that he may appear here again in the near future.

Morris Bye, the Senior class advisor, also gave an interesting discourse on the motto of the class of '24 and extended to all members of the class the sincere wish that every one of them would remember their motto all through life and do their best to live up to it.

The nature of the assembly was then changed and Mr. Bye took charge of the remainder of the program. He called on a number of the basketball boys, both first and second team men, to say a few words in regard to the coming games with Warren and St. Hilaire. None of the boys had been warned but as Mr. Bye stated, "he did not want them to have anything to worry about before the time came." Mr. Hand, one of the Lincoln instructors, gave a snappy talk about school support in behalf of the faculty.

Melvin Engelstad then led the students in a number of rousing cheers which closed the afternoon assembly.

Juniors Give Dance For Senior Class Saturday

Last Saturday evening the Juniors entertained the Seniors and the faculty at a dancing party in the Legion club rooms. The Seniors were victorious in the race for "Prowler" subscriptions and the defeated Juniors gave them a party as a forfeit for losing.

Excellent music was furnished for the dancers by Mildred Engen, Kermit Anderson and Al. Dybvik, and those who did not care to dance amused themselves by playing cards. A light lunch was served after eleven o'clock and a little later the party broke up.

Both Juniors and Seniors report a very good time and the Seniors feel that they were well repaid for their hard work during the "Prowler" campaign.

Well, as sonny remarked about the slipper, "that beats me!"

LINCOLN FIVE WINS OVER WARREN 16-11

Local Second Team Defeated the St. Hilaire Quint in Preliminary Game by 6 to 3

The Lincoln High basketball quint added another victory to its credit when it defeated the Warren High team here last Friday by a score of 16 to 11. The game was one of the fastest ever seen on this floor and neither team ever had a decided advantage over the other as far as the scoring was concerned.

Warren started the scoring early in the first quarter with a free throw, but this was soon evened up when Penney made a field basket. Another basket was made by Parenteau after a series of short passes that worked the ball from one end of the floor to the other. This was the best specimen of team work shown during the whole game by either side. No more scoring was done that quarter and it ended 4 to 1 in the locals' favor.

Warren again started the scoring the second quarter when Larson put in a long one from the center of the floor. They scored no more that half but a free throw by Sether and a free throw and a field basket by Penney made the score 8 to 3 at the end of the half.

The Lincolnites slowed up the third quarter, but Warren came back stronger than ever and two very long shots from the center by Larson and Tullar made the score 8 to 7. The locals tightened up again then but did not succeed in making any points for the rest of the quarter although they held Warren to no more scoring.

The fourth quarter began with the Lincoln quint fully aware that they would have to fight harder than ever before if they were going to win the game. Penney made a basket on a follow-up shot and Parenteau made another short one immediately afterward, raising the score 12 to 7. A field basket by Anderson from near the center of the floor made the score 12 to 9. Penney made a shot from long range but Peterson of Warren also made a long one, so the score was 14 to 11. With a minute to go Penney cinched the game for the locals when he sunk another long distance shot. The game ended with the score 16 to 11 in favor of Thief River.

In this game the Lincolnites showed a decided improvement over the last game at home, both in team work and shooting. Although the ball was in the locals' possession nearly three-fourths of the time, the outcome of the game was never sure because of Warren's ability to make long shots. Every basket that Warren made was from the center of the floor. This speaks very well for the defensive game the locals played and although Warren succeeded in breaking through their defense several times, they were unable to make the basket, while the locals missed but few within the scoring zone.

The second team defeated the St. Hilaire high school five in a preliminary game by a score of 6 to 3. Larson was the main point-getter with four points to his credit.

The lineup follows:

Thief River Falls.		Warren
Parenteau	F.	Tullar
Penney	F.	Anderson
Sether	C.	Halvorson
Barzen	G.	Petersen
Sorensen	G.	Larson

Substitutes: Amundson for Peterson, Peterson for Halvorson.

Field Goals: T. R. F.—Penney, 5; Parenteau, 2. Warren—Larson, 2; Tullar, 1; Anderson, 1; Peterson, 1.

Free Throws: T. R. F.—Penney 1 out of 1; Sether, 1 out of 1; Barzen, none out of 1. Warren—Larson, 1 out of 1.

Referee: Swenson, Crookston High School.

Not at the Top, But Climbing

Not at the top, but climbing:
We, Seniors, know what we're at;
We've got the pep and the spirit,
We're sure you all realize that.

Not at the top, but climbing
Up with our heavy load,
Pondering on as far as we can,
Though long be the weary road.

Not at the top, but climbing
To gain the successful end,
Take our advice, fellow-classes,
"Strive on! Do not stop at the bend."

Not at the top, but climbing,
Leave not behind you the pack,
Which holds the knowledge that's needed,
But add, every step, to your sack.

Warren!

The shades of night were falling fast
As to the Auditorium there passed
Some youths who bore 'mid snow and ice
A banner with this strange device:
"Warren."

Their hopes were high; their ambitions, too,
And they all wore suits of navy blue.
They came here with a purpose grim,
A game of basket ball to win
For Warren!

From happy homes, there issued many
To see Thief River down the enemy,
While cheer on cheer rose in the air
In favor of our boys so fair—
Poor Warren!

The school was singing long and loud,
The seats were filled with a mighty crowd,
Each team impatient for the sign
That heralds the magic hour of nine.
Fair Warren!

Promptly on time the game began,
The High School rooters cheered and sang,
The referee's whistle sounded sharp and shrill,
The struggle was on with much good will.
Oh Warren!

"Do make a basket," Warren's coach said,
"And by my counsel please be led,
The opposing team is strong and fast,
We must save ourselves or we will not last."
Wise Warren!

"Beware of Penney's mighty arm;
Look out for Mike, he'll do you harm;
Of Sorenson, too, you must beware,
And Sether and Barzen are a terrible pair."
Anxious Warren!

At last the game is over, the battle's fought and won,
Lincoln is victorius, and Warren's feeling bum,
And before the crowd starts leaving the "gym"
Our team is cheered with vigor and vim.
16-11—Beaten Warren!

LEGIONAIRE SPEAKS TO STUDENTS MON.

Stafford King Favors Lincoln High with Enthusiastic Talk On the American Legion

One of the finest speakers that it has been the privilege of Lincoln high students to hear spoke at a special assembly Monday. Stafford King, adjutant of the American Legion in the department of Minnesota, talked at the high school in the afternoon previous to his evening appearance at the auditorium. Oscar Smith, local commander of the Legion post, introduced him.

Mr. King spoke first of the object of such a body as the American Legion and told how they are doing their utmost to help the Boy Scout organizations in order that they may be fitted to carry on the Legion work after that body becomes as small as the G. A. R. and eventually passes away. He especially emphasized the need for physical perfection and the importance of mental development for the children of today who will be the nation's leaders tomorrow. In speaking of the need for appreciating the American flag, he said that Lincoln High was the only school, out of six which he had passed within the past day, that had a flag flying on the school grounds.

Mr. King is an exceptionally fine speaker and the students greatly regretted that he could not talk longer. He spoke with such enthusiasm that he could not have failed to influence the students toward more patriotism to their country.

"It's too deep for me," grumbled absent minded college Prof. as he fell into the open man-hole.

"Oh, well," sighed the old oaken bucket.

"What yo' doing child?"
"Nothin' mammy."
"My but you is getting like yo' father."

Mothers!

Give the children WRIGLEY'S after every meal

A prominent physician says:

"It is surprising how free from decay the teeth can be kept by using gum after each meal."

You know how hard it is to get the children to clean their teeth. By giving them WRIGLEY'S you not only reward them for cleaning their teeth, but *the reward is actually the means of performing this important service!*

WRIGLEY'S aids digestion too, and acts as an antiseptic wash for the mouth and throat. Several flavors—all of WRIGLEY quality.

DEER PARK

A Chicken Surprise

We believe ladies in the vicinity of Deer Park have established a precedent in chicken surprises. Mr. and Mrs. Gunder Hofstad lost their flock of chickens last week when ashes, put in the coop, and containing some live coals, started a fire and the dense smoke thereby formed suffocated the chickens and the following morning they were found dead. The ladies of the community gathered at the home of Mr. and Mrs. Hofstad Friday, each bringing a few chickens to help start another flock. The resulting flock totaled about 30 birds. Lunch was served by the self-invited guests. Those who took part in the event were Mrs. Mandt, Mrs. Lundin, Mrs. Pete Gustafson, Mrs. Rodnicki, Mrs. Osmund Lundin, Mrs. Gunderson and Mrs. Rome and the Misses Annie and Tillie Gunderson and Evelyn Peterson.

Mr. and Mrs. Theodore Tollefson of Highlanding visited at the home of Mr. and Mrs. Edwin Syversrud Sunday.

Mr. and Mrs. Bernt Stolaas were guests at the Osmund Lundin home Friday evening.

The Singer family were pleasantly surprised Saturday evening when a group of young people gathered at their home and spent the evening. The time was spent in a social way.

Misses Mabel and Myrtle Mandt visited at the Asbjor Anderson home Sunday.

Word was received here Monday that a son was born to Mr. and Mrs. Ned Syversrud at their home at Chisholm, Friday, Feb. 8. Mrs. Syversrud was formerly Miss Ingeborg Kveste.

ROCKSBURY

Adolph Engelbart, who has missed six weeks of school, returned to school Monday morning. He has well recovered from the severe attack of rheumatic fever of which he suffered.

Patriotism was shown in the community on Wilson's burial day by the raising of the school flags at half mast.

Mr. and Mrs. Pat Hall of St. Hilaire spent Sunday afternoon at E. Jensen's home.

Mrs. E. Jensen and son, Guy, visited with Mrs. Ed Aubol Wednesday afternoon.

Mrs. Ed Aubol has been taken down with a relapse of the rheumatic fever. Her weakened condition will make it impossible for her to be around for some time.

Gustav Witken and Theo. Garnandt called on C. Garnandt Sunday.

Lucille Blaska spent the week-end at her home and returned Sunday evening to resume teaching duties at Holt Monday morning.

Lawrence Harder was visited by the Blaska brothers Sunday.

Mr. and Mrs. C. Zinter spent Sunday afternoon as callers on Mr. and Mrs. J. Engelbart.

Mrs. H. Rondorf, daughter, Mae, and son, Roy, called at the J. Engelbart home Sunday evening.

Lenning Aubol and Augusta Beiswinger transacted business at St. Hilaire Saturday afternoon.

Ed. Rosette made a trip to Thief River Falls by train Saturday to have dental work done.

Louise Rosette returned to her home Monday after assisting at the Aubol home for several weeks.

Mr. and Mrs. G. Geske and family enjoyed a Sunday dinner at the home of H. Koop.

Mrs. J. Engelbart visited Mrs. Ed. Aubol Monday afternoon.

H. Koop left for Crookston last Wednesday where he attended the Farm Crop Shows held at that place.

Miss Hattie Zinter spent several days at the C. Garnandt home visiting with Rosina Garnandt.

GOODRIDGE

Mrs. B. Baker of Grygla shopped in Goodridge Monday.

Mrs. N. Bundhund and daughter, Leona, were passengers on the electric car Saturday.

The home of Hans Fjeld near Erie burned Sunday afternoon and nothing was saved.

Ray Jensen entertained some of his friends at a whist party Saturday evening.

A telephone meeting was held Monday and many attended.

Miss Angeline Svobodny was absent from school Friday.

Miss Alice Cean was in Thief River Falls Saturday having dental work done.

Betsy and Henry Fjeld were absent from school Monday.

Galen Adkins spent the weekend at his home in Grygla.

Vivian Thoreson and her sister were in Thief River Falls Saturday.

Oscar Wiseth and Joseph Poppenhagen left for Hibbing on Monday where they will be employed.

Marshall County Farmer-Labor Caucusses Called

The members of the Farmer-Labor party, its friends and supporters generally in Marshall county, are called to meet in every precinct of the county on Friday, February 22 to perfect their organization for the coming campaign, according to an announcement by H. O. Berve of Germantown, county chairman of the Farmer-Labor party. The outcome for the coming campaign depends upon thorough organization, and it is now up to every member of the party to see that this is secured in each precinct, says Mr. Berve.

"It is suggested," continues Mr. Berve, "that you meet in your town or precinct on February 22, at two o'clock. If some other day is more convenient you can of course meet then. Members in each precinct may simply agree among themselves as to the hour, date and place when they wish to have their caucus, if the date set is not suitable.

"Elect a campaign committee of not less than three, nor more than five members, for your precinct. Select good men who will work hard for the party and its candidates. The duty of this committee will be to look after the interests of the party and its candidates in the precinct, and to assist with meetings, etc.

"Also elect one delegate to the county convention.

"The county convention will be held at Thief River Falls on Wednesday evening, March 5. We are calling it at Thief River Falls as the most convenient place for all, and so as to save time and expense for the delegates in unnecessary travel. Likely we can get through in the evening so that we can all go home the next morning. Inquire for the meeting place at the Ogahmah hotel.

Rag Ball Social

A rag ball social will be given at the Northfield school Friday evening, Feb. 22. Ladies are asked to bring "rag balls" containing their names and lunch for two. The rag balls will be auctioned off to the highest bidder.

School Girl Breaks Leg While "Catching a Ride"

That it is unsafe for children to catch rides on passing sleighs was evidenced by an accident which occurred at Grygla recently. Miss Arda Adkins, daughter of Dr. C. M. Adkins, formerly of Thief River Falls, while catching on to a bobsleigh together with a number of other school children during recess, was run down by a team close behind the sleigh which she jumped from in the rush when the school bell rang. In some manner one of her legs was broken just below the hip, the fracture being of such a nature that it will be some time before the girl will regain the use of the limb, according to reports in the Grygla Eagle. Immediately after the accident occurred young Arda was picked up by one of the teamsters and hurried to the hospital, which is conducted by her father, Dr. Adkins. Miss Adkins has many many young friends in this city who sympathize with her in her unfortunate mishap.

Thief River Falls People Must Believe Such Convincing Testimony as Mr. Krogstad's.

No one in Thief River Falls who suffers backache, headaches, dizziness, rheumatic pains or distressing urinary ills can afford to ignore this twice-told story of a Thief River Falls resident. It is confirmed testimony, telling of lasting benefit from Doan's Pills—a stimulant diuretic to the kidneys. It's evidence that no man or woman in Thief River Falls can doubt.

E. L. Krogstad, railroad brakeman, 523 State Ave., N. says: "Every morning I woke up with a terrible pain through my kidneys and my back became weak and lame. It hurt me to stoop or bend and my kidneys acted irregularly. Doan's Pills fixed me up in good shape."

THREE YEARS LATER, Mr. Krogstad added: "The cure I received by using Doan's Pills has been permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills — the same that Mr. Krogstad had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ROSEWOOD

Farm Club Meeting

The bi-monthly meeting of the Rosewood Farmers club was held at the Rosewood hall last Friday evening with an attendance of about 150 persons. There was no program this time owing to the fact that Percy Hanson, who was to have charge of it, was stalled on the road from Crookston where he had been in attendance of the Farm and Crops show and was unable to reach here in time. There will be no program next time but the club will put on an old-fashioned hard-time dance. The usual lunch tickets at 25 cents each will be sold and also an extra charge of 50 cents for all men dancers. F. G. Dols will act as caterer for this meeting, which will be held on the evening of Washington's birthday.

Thom Holten, accompanied by his daughter, Inga, spent Thursday at Warren, where the latter took part in the county spelling contest.

Miss Bertha Johnson from Warren arrived on Wednesday evening and will visit for some time at the B. Sevaldson home.

Miss Evelyn Saugen, teacher of Busy Bee school, accompanied by one of her pupils went to Warren on Thursday morning to attend the spelling contest.

Steiner Johnson left on Monday evening for Fosston following a message that his sister was dead at that place. He will remain over the week-end.

Bernhard Ranum, J. E. Thompson and F. G. Dols exhibited some of their poultry at the Crookston shows this week and were fortunate in capturing some prizes.

Dr. Kirby from Thief River Falls was a professional caller at the S. Rafteseth home on Friday. Mr. Rafteseth was improving nicely the beginning of the week.

Among visitors to the Crookston Farm and Crops shows this week were: O. S. Hellerud, Bernhard Ranum, Emil Anderson, Emil Blomberg and Percy Hanson.

The monthly meeting of the Rindal Ladies' Aid was entertained by Mrs. A. T. Thoreson at her home last Tuesday afternoon, and was attended by both Rev. Geo. Larsen and Rev. Cleveland of Thief River Falls. The next meeting will be entertained by Mesdames Anderson and Paulson at their home on the first Wednesday in March.

Mrs. John Sagmoen and daughter, Verna, and Miss Ethel Styrlund left on Tuesday evening for a few days' visit at the Ostrom and Mosbeck homes at Thief River Falls.

Mrs. Clara Ranum and children of Viking are spending a few days this week as guests at the John Ranum home.

Mrs. J. E. Thompson entertained a few friends at her home last Saturday afternoon in compliment of her birthday. The afternoon was spent in a social way and terminated with a light lunch. The following were the guests: Mesdames L. L. Furan, John Sagmoen, John Ranum, Bernhard Ranum, Peter Mellem and Miss Edith Patten.

A community wolf hunt was staged last Sunday and partaken in by about one dozen men, but the hunters were unfortunate in not either seeing or getting any of the ~~gray~~ goats.

Mr. and Mrs. John Blada have spent a few days at Thief River Falls this week to attend the Mission conference at the Swedish Mission church and also visiting with their daughter, Mrs. Lloyd Crown and family.

Miss Ethel Styrlund left on Saturday morning for Viking where she will remain until Monday evening, when she will return to assume her house duties at the home of Mr. and Mrs. D. N. Peterson.

Alex Hellquist and John Sorenson spent the weekend visiting among friends at Thief River Falls.

Harold Peterson, student at North Star college at Warren, arrived here on Saturday evening to spend Sunday at his parental home.

Miss Pearl Mellem from Thief River Falls spent a few days the latter part of the week visiting with her parents Mr. and Mrs. Peter Mellem.

D. N. Peterson motored to Warren on Thursday afternoon to attend to matters of business.

Alfred Rafteseth came home Wednesday morning from Hibbing where he has been employed for one week, but was called home owing to the illness of his father, Severt Rafteseth.

Mrs. Ingrid Nordhaven left on Sunday evening for Thief River Falls where she was a guest at the home of Mr. and Mrs. A. C. Vorseth until Tuesday.

Carl and John Ranum motored to Thief River Falls on Friday to do some shopping.

A movement is under way, headed by D. N. Peterson, to form a dairy milk testing association at this place. All milk received will be weighed and tested for a certain period, and under varying conditions, and with different amounts and kind of feed and fodder, and experiments made for increasing both the quantity and quality of milk.

Swedish services at the Rosewood church next Sunday at 10:30 a. m., and at 7:30 p. m. Rev. Werner Drotts of Viking, will speak.

REINER

Friday evening, Feb. 15, the third of a series of community debates will be held at the Dist. No. 48 school house. The question for debate is: "Resolved, that foreign immigration into the United States should be prohibited for a period of five years." The previous debates have been very well attended, and the interest shown has been very gratifying to those who have the community interest at heart. Vocal and instrumental music and games add variety to the evening's entertainment. Chas. O. Asp, teacher in Dist. 48, is the directing genius behind the movement and has the whole-hearted support of the entire community.

The only Reiner resident who is disappointed in the winter weather is the man who built a nice, comfortable inclosed sleigh last fall and doesn't get a chance to use it.

Morris and Leonard Miller visited with the Helle boys Sunday afternoon.

A representative of the oil interests is rumored to have visited Reiner township last week. No, oil is not known to have been discovered; but the firm, smooth roads indicate that the motor vehicle will be the popular conveyance for some time to come. Consequently a boost in the price of "high test" may shortly be expected to be ordered at the crossroads service station.

The sheaf of grain or a pole for the birds in Severt Johnson's yard is mute testimony that this old custom of remembering man's feathered friends is not entirely dead. "Tweet! Tweet!" will continue to be a musical favorite with the Johnson family next spring and summer.

J. S. Miller returned last Friday from Crookston, where he attended the Farm Crops show, and also visited with his son, Elmer, who is a student at the Northwest School of Agriculture. Mr. Miller says he will now make his hens lay two eggs each per day where only one was laid before.

Elmer Vran made a business trip to Thief River Falls last Friday.

NOTICE OF MORTGAGE FORECLOSURE SALE

WHEREAS, default has been made in the conditions of a certain Indenture of Mortgage, made, executed and delivered by Clarence E. Peterson and Amanda Peterson, his wife, of Pennington County, Minnesota, as Mortgagors, to the Goodridge State Bank, Goodridge, Minnesota, a Minnesota corporation, as Mortgagee, upon and covering the following described real property, lying and being in the County of Pennington and State of Minnesota, to-wit:

Lots Numbered One (1) and Two (2), and the East Half (E½) of the Northwest Quarter (NW¼) of Section numbered Eighteen (18), in Township numbered One Hundred Fifty-three (153) North, of Range numbered Forty (40), West of the Fifth Principal Meridian, containing One Hundred Sixty-one and 50-100 (161.50) acres, more or less, according to the U. S. Government Survey thereof, which said mortgage bears date the Twenty-eighth (28th) day of November, A. D., 1919, and was filed for record in the office of the Register of Deeds in and for said County of Pennington, in the State of Minnesota, on the Twenty-ninth (29th) day of November, A. D., 1919, at 10:00 o'clock A. M., and was duly recorded in Book 13 of Mortgages, Page 524, which said mortgage was thereafter duly assigned by said Mortgagee to The Minnesota Mutual Life Insurance Company, a Minnesota corporation, by assignment dated the Thirteenth (13th) day of January, A. D., 1920, and filed for record in said Register of Deeds office on the Twenty-third (23rd) day of January, A. D., 1920, at 1:00 P. M., and was duly recorded in Book 63 of Mortgages, on Page 165.

That said default consists in the failure of said Mortgagor to pay the installments of interest due on November First (1st), in each of the years 1921, 1922 and 1923, and failure also to pay taxes.

WHEREAS, by reason of the default made as aforesaid The Minnesota Mutual Life Insurance Company, as authorized by said Mortgage and the notes thereby secured, has declared and does hereby declare the whole of said principal and accrued interest thereon to be immediately due and payable, and

WHEREAS, there is claimed to be due upon said mortgage and the notes thereby secured at the date of this notice, the sum of Two Thousand Eight Hundred and Ninety-eight and 92-100 ($2898.92) Dollars, being Twenty-three Hundred ($2300.00) Dollars principal, Four Hundred Twenty-four and 98-100 ($424.98) Dollars interest thereon, and also taxes paid by the undersigned, and interest thereon amounting to One Hundred Seventy-three and 94-100 ($173.94) Dollars, and no action or proceedings at law or otherwise, has been instituted to recover the same or any part thereof.

NOW, THEREFORE, notice is hereby given that in and pursuant to the power of sale said mortgage contains, and the statute in such cases made and provided, the said mortgage will be foreclosed and the real property therein described will be sold by the Sheriff of said County of Pennington, in the State of Minnesota, or by his Deputy, at public auction, to the highest bidder therefor for cash, at the East front door of the Pennington County, Minnesota, Court House, in the City of Thief River Falls, and in said County of Pennington, on Saturday, the 23rd day of February, A. D., 1924, at ten o'clock in the forenoon of that day, to pay the amount which will then be due upon said mortgage, including said taxes, and the costs and expense of this foreclosure, including an Attorney's fee of Seventy-five ($75.00) Dollars, as stipulated in said mortgage to be paid in case of foreclosure thereof.

TWO ARE REFUSED REFRESHMENT LICENSE BY COUNCIL

Applications of Rasmusson and Farr Rejected at Meeting Monday Night

A brief session of the city council was held Monday night with all members present except O. A. Rambeck. Adjournment was made so that those present might attend the mass meeting addressed by Adjutant Stafford King of the American Legion, the business to come before the session being taken up afterwards and continuing until a late hour.

Refreshment licenses were granted to Anton Dahl of the City Bakery and O. L. Monson, proprietor of the place formerly occupied by the late Chas. Brink.

Applications for similar licenses from J. F. Farr and A. C. Rasmusson were rejected, a motion to that effect being passed by a unanimous vote of the aldermen. Farr was convicted in this term of district court on a charge of having liquor in his possession at his place of business on the corner of LaBree avenue and First street and given a sentence of 90 days in jail and the payment of a $200 fine, while the final decision in a liquor charge against Rasmusson is now pending in the state supreme court, an appeal having been taken from the district court in which he was found guilty.

The application of W. A. Bishop, James Cosgrove and others, for a reduction in the license fee governing the sale of soft drinks, was ordered laid on the table indefinitely.

The appointment of Dr. H. W. Froehlich as city health officer by Mayor Arneson was approved by the aldermen. The usual grist of bills were ordered paid and the monthly reports filed, although not approved, the other matters taking up the time of the city dads until a late hour.

The next meeting of the council will be held Tuesday, Feb. 26, next week being the first week since the opening of 1924 that a session, either regular or special, is not to take place. The large amount of business to come before the city's governing body has made it necessary to hold several extra sessions for the consideration of important matters.

Esplee Girl Is Champion Speller in Valley Contest Pennington Ranks Fourth

Chester Wilson of district No. 35 and Emma Letness of district No 28, Pennington county representatives in the Red River Valley spelling contest held at the Crookston Winter Shows last Friday, were both awarded fourth place and made a splendid showing for their home county.

Gladys Siverson of Esplee, Marshall county, was declared the best speller in the Red River Valley, winning high honors in competiton with two pupils from each of nine counties in the valley, winners in the county elimination contests. Marshall county was awarded the banner for having the highest scoring team.

Sylvia Voeke of McIntosh, Polk county, was given second place and George Flemming of Kittson county, third place, while the Pennington boy and girl were among the five spellers awarded fourth place in the final contest.

The long line of children eventually was reduced to Gladys Siverson and George Flemming, a little boy who chewed gum and stammered. The words had to be pronounced as well as spelled. The crowd cheered George as he patiently attacked each word, trying the syllables over and over again, until he had pronounced them correctly. But the word "caramels" was strange to him. He didn't know it. So he put an "i" where the second "a" grows.

The Misses Esther Thyrer and Minnie Norman of Red Lake Falls spent Friday in this city, visiting with friends and shopping.

REV. SWEGER ENTERS NEW FIELD OF WORK

Trinity Pastor Active in Work For Budget in Rocky Mountain District

Rev. T. E. Sweger, pastor of the Trinity Lutheran church here, returned Friday from the Rocky Mountain circuit meeting of pastors held at Helena, Mont., Tuesday. The Reverend had not expected to return so soon but was called by the secretary of the work at Minneapolis for a report on the meeting. He left again Saturday for points in the West to resume work for the budget in the Rocky Mountain district.

At the meeting at Helena the work of the Rocky Mountain area was outlined and Rev. Sweger began his activities there. He has charge of the work of raising the budget in that district which includes the states of Montana, Idaho and Washington and also of the Pacific coast district, including California and Oregon. However, the Pacific district has not held its meeting and work will be started there at some future date.

The Rev. Sweger held services at Havre, Mont., Sunday. Monday he spoke at Kallispel and Tuesday attended the Spokane circuit meeting at Spokane, Wash. Sunday he will preach at Wilbur and Elmyra, Wash.

From the previous Friday afternoon to last Friday morning Rev. Sweger traversed a distance of 3,020 miles. The weather in Montana and North Dakota was much the same as here he stated, although Montana seemed warmer. What little snow had accumulated there was melting. There had been less snow in Montana than here and about the same in North Dakota, with a little more in some places.

The pulpit in the Trinity church here next Sunday will be occupied by Rev. A. G. Quammen of Cyrus, a pastor to serve the congregation regularly not having been secured as yet.

T. G. Helle and son, Ole, motored to this city from Erie last Saturday to attend to business matters. On their return they were accompanied by J. S. Miller, who had spent the week at the Winter Shows in Crookston. The roads to the eastern end of the county are in excellent condition, and cars have been used extensively throughout the winter.

Miss M. E. Wing of Middle River, school instructor, spent some time in this city on her way to her home after having attended the Marshall county spelling contest at Warren. She was accompanied by two of her pupils, Miss Mary Wing, her sister and Miss Ruby Anderson, who took part in the contest.

Mrs. O. Hanson of Roseau arrived Monday from Holt, where she spent a few days as a guest at the home of her brother, Pete Hanson. Mrs. Hanson will be a guest at the home of Mrs. Axel Risberg of this city until tomorrow when she leaves for Middle River to visit for a few days at the S. Kezar home.

Observe Quarantine, Advices School Nurse

Attendance the past week has been a decided improvement and we hope that with the co-operation of the parents in the prompt reporting of new cases that this coming week will show still less absence due to communicable disease.

Following is the attendance report for Friday, Feb. 8:

	Knox.	Cen.	Nor.	Wash.
Chicken Pox	4	0	0	0
Measles	23	1	55	1
Scarlet Fever	0	2	2	10
Miscellaneous	9	5	14	13
Total absentees	36	8	71	24

Contrast this with the total absence of 181 for the previous week, Friday, Feb. 1.

One child was excluded from school because of a rash. This is indeed unfortunate since we cannot expect but that new cases may result from the exposure of all the children who came in contact with this child.

The Northwestern Health Journal for November, 1923 gives the following rules:

Keep this child at home. It must not go to school "Next Monday" nor at any other time.

The child with a cold; the child with the child with a fever; the child with a cough; the child with a sore throat; the child with a swelling on its face; the child that fails to eat its breakfast because of illness; the child that is nauseated, dizzy or faint; the child with weeping eyes; the child with any marked change in appearance of conduct; the child with red eyes; the child from the quarantined home.

Some of the children who entered school for the first time this semester have been among those who have "caught" measles at school. If these twelve rules are adhered to, the school can be made the safest place for the children to be in.

Each community can determine for itself just what number of communicable diseases it is willing to have. Let the children from quarantined homes go hunting, break quarantine to go hunting "or shopping" and cases will continue to multiply. Enforce the golden rule of quarantine and any epidemic can in a shorter or longer time be stamped out completely. No case of typhoid comes except from another case of typhoid, no case of measles except from some one else who has the measles. Carriers are of course included.

"It ain't the guns nor armament
Nor funds that they can pay,
But the close co-operation
That makes them win the day.
It ain't the individual,
Nor the army as a whole,
But the everlasting team work
Of every blooming soul."

F. J. Stebbins and Nels Christensen, delegates from the Pennington County Auto Club of this city attended the annual meeting of the State Automobile association in Minneapolis Tuesday of last week. In the evening delegates from the state were guests of the Minneapolis club at a banquet at the Curtis hotel. They also visited the auto show.

There are tricks in every trade, but it isn't the tricks that win out in the long run.

To You!

Indisputable proof is a natural demand. Establish it beyond questionable doubt, and people become satisfied.

That's why people all over the land are accepting Chiropractic as the Modern Science of Health. The testimonials of hundreds of thousands of patients who have regained their health through spinal adjustments alone, is convincing proof.

Many of your neighbors—some of them your personal friends—people you trust and honor, have been convinced of the wonderful results obtainable from Chiropractic. These folks have been made sound and healthy after having given up hope of ever again knowing what real health and happiness meant.

If YOU do not understand what Chiropractic means, or what it can do for you, we will be glad to explain it fully. We will be glad to make an analysis of your spine without cost, and give you an honest opinion as to what benefits you may expect.

60% of the Middle West Motorists Use Polarine
THE PERFECT MOTOR OIL

To appreciate the full significance of that statement, take 60% of 4,855,739 motor vehicles registered in the ten Middle Western states and you get 2,913,443.

That enormous number of motorists have proved to their complete satisfaction that

Polarine
THE PERFECT MOTOR OIL
Made in Five Grades

is the best lubricant for them to use.

In addition there are tens of thousands of unregistered power driven machines—such as tractors, gasoline engines, etc., that use enormous quantities of Polarine.

You cannot see the quality of oil—you must take someone's else recommendation.

The Standard Oil Company (Indiana) offers you the recommendation of its board of lubricating engineers displayed in the chart on the left, and also the unspoken endorsement of two and a half million motorists who use Polarine regularly.

Use Polarine. Change your motor oil every 500 miles and refill with the correct grade of fresh Polarine. You will add power and life to your motor.

Helping Maintain County Nurse

The Polk County Chapter of the Red Cross has voted to offer $1,000 to the county commissioners before their next regular session in February to be used toward the maintenance of a county nurse. There were no strings attached to the resolution other than that the $1,000 would be forthcoming provided the commissioners would appropriate the remainder of the fund sufficient to employ a county nurse for one year.

At the recent annual meeting the commissioners of Marshall county for the appropriation for a county nurse was voted down. Red Lake county is also without a nurse in this capacity at present, the county nurse who has been engaged there for some time past having resigned, and as yet no one has been secured to take her place.

A Valentine

O HEART of me! Dear heart of me!
Though flamed with love your shrine-fires glow,
How can you breathe your ecstasy?
How can you fond devotion show?
The day is here for tender song—
The music of a lover's vow.
To cupid all the hours belong,
'Tis time to whisper secrets now!
—LURANA SHELDON

"Good Morrow To You, My Valentine!"

MANY curious old charms are said to be potent on St. Valentine's eve—all, like most charms ever invented, connected with the procuring of husbands. Even before surplus woman dawned on the scene, this seems to have been a subject of much anxiety.

Five bay leaves, pinned respectively to the four corners and the center of the pillow, are said to bring certain dreams of the future partner, if the sleeper has gone to bed without eating or speaking.

Another infallible spell was to write the names of admirers on separate pieces of paper, enclose them in clay balls and throw them into water. The one which came to the surface first contained the name of the fated spouse.

It is a sign of great good luck if the swain you favor should be the first man seen on February 14. The modern girl who does not pin her faith entirely to signs and omens, can always practice the ruse of a shrewd maiden of long ago, who, knowing where her heart had gone, "lay a-bed and shut my eyes all the morning till 'he' came, for I would not have seen another man before him for all the world."

She was far-seeing and lucky. But if she had set eyes first on the wrong man, she would have wedded him, so a poet tells us:—

"Last Valentine, the day when birds of kind
Their paramours with mutual chirpings find,
Afield I went, amid the morning dew,
To milk my kine (for so should housewives do),
Thee first I spied, and the first swain we see,
In spite of fortune, shall our true love be."

Some of us wish that a quaint old custom practiced in the time of Pepys was still prevalent—the rule that a man must give a present to the first woman he saw on February 14. Pepys, gay old rascal that he was, much bewailed himself that his own tribute had to be offered to his wife—a proceeding he considered very dull, when there were plenty of pretty young girls at the light-hearted court of Charles II.

Old people still remember the time when valentines were as popular as Christmas cards, and the postman groaned under his load on the morning of the 14th. This is still the case in the United States, but the idea of courtship is no longer much connected with these bright cards.

Nowadays Shakespeare's greeting:—

"Good morrow, 'tis St. Valentine's day,
All the morning betime,
And I a maid at your window,
To be your valentine,"

simply reminds us of the passing of a delightful old custom.

Christianity brought the custom of placing each feast day under the patronage of a saint, and so St. Valentine, who never married himself, became the patron saint of lovers.—The Lady's Companion.

For Your Valentine Party

"GRACIOUS goodness," said Cupid, looking at the calendar, "here I am sitting around and dawdling hours away when it's my busiest time in the whole year." "James," he cried, "bring me that quiver of arrows and the polish. I've got to get ready for St. Valentine's day!"

And while Cupid is busy getting ready for his annual archery program, there are plenty of others who are preparing to receive him, fortifying themselves against his invasion or preparing a fitting welcome, as the case may be.

Naturally, nobody wants to take a chance with this skillful archer without plenty of others present to help deflect his flying arrows, so there will be parties, parties, and then more parties.

First, a Valentine party calls for a clever form of invitation. A verse—original if possible—could set forth the wish of the hostess in an appropriate jingle, running something like this:

I beg to indite that a gay little sprite,
Will stop at my home on St. Valentine's night;
Can you meet him at eight, on this special date,
I'm expecting you over so please don't be late.

Another invitation might read:

On Saint Valentine's Day
Will you come to my party?
I'll see that you have
A welcome right hearty.

The verse can be written on dainty Valentine postcards, or correspondence cards ornamented with Cupids and arrows or with red heart seals.

Another verse may invite the guest in this wise:

The Sign-of-the-Heart is pleased to invite
Your presence at eight on Saint Valentine's Night;
Hearts that are brave and loving and true
Will be ready and waiting to welcome you.
The password is Love, which alone has the power
To gain you admittance to Cupid's bower.

Note paper decorated with Valentine seals could be used for this form of invitation. For a decoration to conform to the first line of the verse, an immense red heart, hung against the glass of the front door, would be appropriate.

Old-fashioned valentines, with lace paper and sentimental verses, make appropriate invitations. So do the old comics.

The valentine party rarely takes the form of a masquerade, but the hostess usually plans caps and favors for the guests, to give a festive air to the event.

Almost any crude cap of crepe paper can be made highly decorative by adding long tassels or fringe at either side. Heavy necklaces of cardboard with a ruffle of red crepe paper hung about the neck on a ribbon are effective and easily made.

The jazz bracelet is a novelty consisting of a ribbon to be worn about the wrist, with long red and white crepe paper streamers.

Of Course Not

Evelyn—Harold, the diamond in my engagement ring has a flew in it.

Harold—Don't bother about it, dear. Love should be blind.

Evelyn—I know, Harold, but not stone blind.

The Higher the Fewer

Conversation between husbands when wages for wives take effect:

"What do you pay your wife?"

"A hundred dollars a month, but you've no idea how hard it is to keep a good one."

The Lightning Conductor

The omnibus stops. It is raining hard.

Old Lady—Any sitting room?

Conductor—No, ma'am; but there's a bathroom upstairs.

The One Who Needs It

"Can I sell you some automobile insurance?"

"I don't own a car."

"Well, you cross the street several times a day, don't you?"

New Corn For North Minnesota Approved By University Farm

Agronomists of the university, representing the central and outlying stations, met at University Farm recently and officially added a new strain of corn for northern sections of the state. Prof. Andrew Boss, vice director of the Minnesota Experiment Station, presided at the conference.

The agronomists voted to accept the selection of Minnesota No. 13, which has been made at the Grand Rapids station, and approved the name "Moccasin" for the selection. This is a corn which has been distributed from the North Central Experiment Station at Grand Rapids for the last ten years. It was developed from a lot of Minnesota No. 13 corn through selection and isolation over a period of about 20 years. Otto I. Bergh, superintendent of the Grand Rapids station, furnishes the following story of the new variety:

"In 1903 a supply of Minnesota No. 13 was received from University Farm, St. Paul, by my father, J. J. Bergh of Hendrum. Up to that time he had been growing as fodder many varieties of corn for beef cattle feeding, including some of the varieties put out by the agricultural college at Fargo, N. D. Many of these were of the flint varieties, among which we considered the Mercer as the best for our purpose. In a trial test against these varieties, the Minnesota No. 13 impressed us very favorably on account of its leafiness and the large tonnage it produced. Though the variety matured relatively early it did not fully meet our demand in this respect, so during the period from 1905 to 1910 we made it a point to select the earliest ears for ear-to-row planting in a special seed plot. The seed from the most promising row would be saved and used for a seed plot the following year, and so on. In these selections some stress was laid on type; however, the main aim was to develop an earlier maturing strain.

"In 1912 I purchased a supply of this corn from my brother at Hendrum to be used in the work with corn at the Northwest School and Station, Crookston. Out of this lot an ear was selected in 1913 that showed great promise not only for its earliness, but on account of having only 14 rows of deep well shaped kernels as against from 16 to 24 rows which is found in the commercial Minnesota 13 corn.

"This particular ear was given to Clifford Melin, a boy about 12 years old and son of the station foreman. I requested Clifford to plant the kernels from this ear in the middle of his father's potato field, and at least forty rods from the nearest corn field for the purpose of isolation, at the same time offering him $5 a bushel on ear for whatever corn he could grow from the one ear. In the fall of 1914 this plot of corn from the single ear produced three bushels of well ripened corn.

"In the meantime I had been transferred to the station at Grand Rapids and took the corn with me. Since then further selections have been made through ear to row plantings until we now have a corn that is quite distinct in its characteristics from the original Minnesota No. 13 variety, and especially in its earliness. We have named it the Golden Moccasin Dent Corn.

"This corn is a rich golden yellow dent, 14 rows of kernels to the ear on a small cob. The kernels are deep and well shaped, shelling out as high as 87 per cent of corn. The stalks are leafy, free from suckers, and usually grows to a height of seven to nine feet, and as high as 12 feet on very rich land in favorable seasons. It germinated quickly and is a vigorous grower, maturing a week or two earlier than the Minnesota No. 13 from central Minnesota."

Some Job

Being shy and self-conscious, he was lacking in histrionic ability. However, at an amateur theatrical he was persuaded to play understudy the first night, taking the part of a hungry tramp who had only a few words to speak.

It was late in the dead of winter. He knocked at the door of a lonely cabin in the woods. A woman's head protruded from the window.

She—What do you want?

He (trembling more with fright than the cold)—Work, kind lady.

She—Go away, I have nothing for you.

He (pointing to the ground)—At least—at least—let me shovel the snow!

At the End of the Line

"Courting a movie actress, eh?"

"Yes, I am."

"You don't seem any too happy. What is the state of her affections?"

"I can draw you a chart," responded the other.

He was busy with pencil and paper for a few moments and then handed over his diagram, which read as follows:

"She loves first—Herself. Then in the order named—Money, publicity, her poodle, her parrot, her art, then me."

MANY FARMERS GET CERTIFIED ALFALFA SEED

Carload of Grimm Alfalfa 22,000 Pounds, Distributed in Pennington County

LARGE ACREAGE IS ASSURED FOR 1924

Supply of Seed Not Sufficient to Meet Demand; 10,000 Lbs. More Called For

A carload of certified Grimm alfalfa seed containing 22,000 pounds, sufficient to plant 2200 acres of alfalfa, was distributed among Pennington farmers last Saturday. About 200 farmers gathered at the Soo tracks where the unloading took place Saturday afternoon, representatives of each bank being present to distribute the various allotments, which ranged from 20 pounds to nearly 500.

The shipment was purchased from Lyman and comes from Bingham county, Idaho, of the very best quality. It was secured thru the efforts of the Pennington County Bankers' association, the various banks of the county and the county agent's office distributing the seed in allotments applied for by the farmers of the community. The seed is purchased at the price of 45 cents per pound, reports being that Lyman is now asking 60 cents per pound.

An allotment of 2100 pounds was sent to St. Hilaire to be distributed among farmers in that vicinity by the two banks there, and the two banks of Goodridge were shipped an allotment of 1200 pounds.

More than 10,000 pounds in addition to the carload already disposed of here could be distributed in this county, according to County Agent McCann and others promoting the alfalfa campaign. A considerable amount of seed has also been secured by farmers from alfalfa growers in the county, the present acreage in the county being approximately between 5,000 and 6,000 acres. This is practically entirely devoted to the Grimm variety and with the distribution of 22,000 pounds of genuine certified seed, Pennington can truthfully boast as the "home of alfalfa."

MINNEAPOLIS FIRMS ARE EAGER TO BUY PENNINGTON BONDS

Bonds Totalling $50,000 Sold To Ballard & Co. at Very Satisfactory Figures

The board of commissioners of Pennington county met at Auditor Anderson's office last Friday afternoon, at which time refunding drainage bonds to the amount of $50,000 were sold to Ballard and Company of Minneapolis, whose bid was five per cent interest and $215 for printing and expenses. Five concerns entered bids, four being represented in person, and a lively session ensued when the bids were opened. They were all eager to secure the bonds, being assured that Pennington county has always met its bond obligations promptly in the past, the sale of the $50,000 now being necessary to meet outstanding warrants. The concerns bidding for the bonds last Friday, besides the Ballard company, were Minnesota Loan and Trust, Drake, Jones & company, Payne-Webber & company and Wells, Dickey & company, all of Minneapolis.

It was the best bond sale that has ever been recorded in Pennington county, according to statement by Auditor Anderson.

The county board also appropriated $300 to Hickory township for repair on the bridge across Clearwater river, on the road to Trail.

Routine business, such as the approval of the regular grist of bills, took up the remainder of the session.

Local Creamery To Install Automatic Bottling Device

A meeting of officers and directors of the Thief River Falls Co-operative Creamery association was held at Secretary Bjerke's office last Saturday. Among the matters taken up was that of more extensive advertising in local newspapers regarding the value of the home co-operative creamery and what an institution of this kind means to the community, and a program along this line was endorsed.

It was also decided to purchase an automatic filler and capper for milk bottles, which has already been ordered and will arrive shortly. The new device makes it possible to bottle all milk without handling by hand of any utensils from the time it leaves the farmer's can until the bottle is capped and ready for the consumer. The milk, according to the new arrangement, will be emptied from the producers' cans into the clarifier which removes all foreign material, and from there it passes on into the pasteurizer where it is again purified and made absolutely safe for consumption. From the pasteurizing tank the milk is pumped into a filler from whence the bottles are filled and capped automatically by the new machine. The new machine will add greatly to the efficient equipment of the local creamery, which has the greatest butter-production of any creamery in the Red River Valley comprising the 14th district.

Dr. R. Arnold on Trip

Dr. R. Arnold who left last week for Minneapolis to attend the annual state dentists' convention which was held the 12th to the 15th, is spending a week at Montevideo attending to business matters and visiting. Dr. Arnold formerly practised at Montevideo.

DISTRICT TOURNAMENT TO BE PLAYED HERE IN MARCH

It has finally been decided that the basketball tournament of this district, in which eight high school teams will vie for honors, will be held in Thief River Falls on March 6 and 7. The decision was reached Monday by the district committee. It is the first time in history that the district tournament takes place in this city, the spirit and co-operation shown by the citizens being largely responsible for making this event possible. The final games are awaited with much interest and that the large auditorium will be filled to capacity goes without saying. The local team has made a good showing so far and will without a doubt be a strong contender for the championship.

Further details regarding the tournament and other basketball news may be found on The Progress page.

YOUNG MEN MEET TONIGHT TO FORM PERMANENT CLUB

Steps Taken to Organize Following Meeting of Interested Group Last Week

A number of boys interested in the formation of a Young Men's organization in this city met at the Legion club rooms last Thursday evening. A splendid supper was served by a group of ladies and following the repast the meeting was opened by C. D. Gustafson, chairman of the Y. M. C. A. board. The regular Y started here last year and which has been in operation until recently has suspended activity for the present and the board is making an effort to get the young men of the city, the employed and the upper classmen in high school, to organize and offer the use of the Y quarters in the library basement for gatherings.

Rev. Chas. Gerlinger, Supt. O. R. Sande, Supt. I. T. Simley, C. D. Gustafson and Dr. O. F. Mellby of the Y. M. C. A. board spoke on the advisability of such an organization and the splendid possibilities for activity for mutual betterment of its members along the various lines to be followed.

All the boys present were called upon and everyone showed a marked interest in the movement and a desire to organize. Various views as to the nature of the club were expressed. Milton Larson was chosen president of the meeting and was instructed to appoint a committee to formulate tentative plans for the proposed organization or club. The committee appointed met with members of the Y. M. C. A. board on Monday and a tentative constitution was formed.

A meeting for the purpose of perfecting the organization and electing a set of officers will be held at the Commercial club rooms this evening at 7 o'clock, every young man in the city being called upon to attend. Present indications give promise of an active organization, a great deal of enthusiasm being displayed by those who took part in the meeting last week.

Women From all Sections of County Attend Short Course

The Woman's session of the I. H. C. Short Course held at the Commercial club rooms Tuesday afternoon was one of the most attractive and inspiring as well as instructive sessions of the event.

A demonstration of a pressure cooker was probably the feature of the session. With the pressure cooker, in one kettle pork chops, carrots, potatoes and prunes were cooked in thirty-five minutes. After the process the food was sampled by many of those present and was found to be thoroly cooked. Miss Wigent also gave a lecture on food preparation and canning that was of material value to all present.

The program also included community singing led by Miss Maude L. Johnson, two songs by the Woman's club chorus, a piano solo by Miss Marie Grimsrud of St. Hilaire and at the close V. C. Noper came in and favored them with two solos.

The session was attended by a record crowd. The Commercial club room, in which it was held, was filled to capacity and between forty and fifty women were turned away for lack of seating capacity. Delegations from Goodridge, St. Hilaire and all parts of the county were present. Mrs. Dan Shaw presided at the meeting.

Dr. Aasgard Will Conduct Services At Trinity Sun.

Dr. J. A. Aasgard, president of the Concordia College at Moorhead, will hold divine services Sunday forenoon at the Trinity Lutheran church. In the evening at 8 o'clock under the auspices of the Young Peoples society, he will give an address, "Hymns That have Helped", in the church auditorium. Musical numbers are also being arranged for the evening.

Installs Wrapping Machine

Jung's Bakery now boasts a bread wrapping machine, capable of wrapping and sealing, automatically, 1800 loaves an hour. The machine is electrically operated and the paper for wrapping is placed in the machine in the form of a roll. The loaf is automatically wrapped, the wrapper cut off and sealed and the loaf delivered to a table. This machine is just one of the many strictly modern devices used by this company for the sanitary manufacture and handling of its products. It is being installed at a gross cost of over $1200. The machine will be put into operation in a few days.

Gulrud Leaves

Carl Gulrud, formerly employed at the Citizens State bank in this city, left Sunday evening for Minneapolis where he is attending to business matters in connection with a position which he may accept.

CLUB RE-ELECTS DR. FROEHLICH FOR PRESIDENT

Set of Officers and Directors Promises Active Year For Commercial Organization

MANY PROJECTS PROMOTED DURING PAST YEAR

Farming Interests of Community are Given Most Attention by Club

Dr. H. W. Froehlich, the past two years president of the Thief River Falls Commercial club, was again chosen to head the organization at the annual meeting of the club held last Thursday. To other names, Daniel Shaw and Math Barzen, Sr., were presented by the nominating committee but they withdrew in favor of Dr. Froehlich who was then elected unanimously. The doctor stated that he would like to retire after two years of strenuous service but the sentiment of the club members simply would not permit such withdrawal. The local club has enjoyed a tremendous growth in activity under his leadership and has become one of the leading civic organizations in the state, especially in regard to promotion of farm interests.

F. J. Stebbins, formerly a director, was chosen vice president to succeed W. W. Prichard, Jr., and T. M. Thronson succeeds Albert Lonson as treasurer. Five directors were elected as follows: Math Barzen, Sr., Nels Christianson, Dr. O. F. Mellby, W. A. Barnard and J. S. Arneson, Barzen being the only old member retained on the board.

The matter of changing the club to an incorporate body with a new set of articles of incorporation instead of the present organization governed by a constitution which is said to be cumbersome and out of date, was taken up and a brief discussion followed. President Froehlich was instructed to make an explanation of the new form at the meeting today.

One of the most active years in the history of the club was noted in the annual report submitted by Secretary J. J. McCann. The total membership consists of 73 paid up members and 28 life members, the latter being local young men who served in the World War. There are twelve standing committees, all of which have been more or less active thruout the year.

The railroad committee working with the officials of the Soo line, city council and others, was instrumental in securing a reduction of rates in shipping sugar beets from Thief River Falls to Mason City, Iowa, from $7.50 to $2.25 per ton, making it possible to get an acreage of 2,200 instead of 150 in this community. The Good Roads committee has been in close touch with the highway department and, a number of projects having been promoted during the year.

Sugar Beet Acreage Secured

Conventions, programs and banquets have been assisted by the Convention committee in a number of instances. A great deal of favorable publicity in the press thruout the state has been secured largely thru the efforts of the committee in charge of publicity.

Among the bills brought before the club by the Legislative committee and endorsed were the Coulter bill, the supplementary School Aid bill and the bill for the distribution of appropriation for agricultural societies. The most notable accomplishment of the Agricultural committee's activities was that of securing 2,200 acres of beets which brought $120,000 into this section, this being handled largely by a special Sugar Beet committee.

Boosting Alfalfa

The drive to sign up the Pennington county quota in the Co-operative Potato exchange was sponsored by the club with splendid results. Assistance is being given the Bankers' association in the campaign to increase the alfalfa acreage of the county, which, it is expected, will reach the 10,000 mark at the close of the coming season. One of the largest crops and poultry shows in the state was sponsored this winter. Boys' and girls' club work was encouraged and premium money donated.

Ten of the most successful dairymen of the county were sent to the state fair last summer, expenses paid by the club and a substantial sum left for a similar step in 1924. The Industrial committee has on three different occasions saved its members from the promotion of wildcat schemes while an effort is being made to secure and promote industries in the city.

Ninety-eight meetings were held under the club's auspices during the year, noon luncheons being held every Thursday.

A spirited membership campaign to increase the number of active members in the club to at least 100 paid up members, is recommended, and a continuation of activities along the lines of those in the past year. With the able set of men at the head of the club and the active spirit of its members, a successful year is assured.

1924 SUGAR BEET ALLOTMENT ONLY 650 ACRES IN CO.

Chaska Factory Able to Handle Only 750 Acres in Thief River Falls Territory.

APPLICATIONS CALL FOR MORE THAN 3,000

Contracts Will Arrive Next Week. Prospects for Total of 15,000 Acres in 1925

Pennington county farmers have been allotted 650 acres sugar beets for the 1924 season by the Chaska factory, according to County Agent J. J. McCann, who met with L. E. Flink, manager of the Minnesota Sugar company of Chaska, last Friday at Crookston. The total acreage allotted the Thief River Falls district is only 750 acres, 100 of which is in the immediate vicinity of Red Lake Falls, while the total acreage applied for amounts to more than 3,000 acres, 1,000 of which is from the McIntosh district.

Last year the acreage handled thru Thief River Falls was 2,200 about 800 acres being near this city, the beets being shipped to the factory of the Northern Sugar corporation at Mason City, Iowa. This year, however, the Chaska factory will receive the Northern acreage, that being nearer to this section, but is able to handle the beets from only 750 acres in this territory. It is very fortunate that practically all of this allotment is given Pennington county farmers, indicating the company's satisfaction with the results obtained by local farmers who have been engaged in beet growing in the past. Record showing of yields have been made by a number of growers and the sugar contents of beets raised here ranges from 16 to 20 per cent.

No acreage will be allotted by the Chaska factory north of Thief River Falls nor in the vicinity of Plummer, Oklee, Brooks and Dorothy this year, and as yet no arrangements have been made for taking care of this territory.

Contracts for 1924 beet growers here will be received at the county agent's office in this city next week, the individual allotments to be determined by the Sugar Beet committee of the Commercial club.

With the completion of the sugar beet factory at East Grand Forks next year, it will be possible to devote a total of 15,000 acres to beets in this territory for the 1925 crop, according to statements made by Mr. Flink at the conference with County Agent McCann last week. This is encouraging news for the many farmers of this community who are desirous of growing this profitable crop. That sugar beets have come to this section to stay is strongly evidenced by the number of applications for acreage this year, and it is to be regretted that all can not be taken care of by the Chaska factory.

DISTRICT MEET OF CREAMERIES HERE FEB. 27TH

Delegates from 54 Creameries in Ten Counties of Valley to Discuss Problems

NEARLY ALL CO-OPERATIVES BELONG TO ASS'N

Seven and One-Half Million Lbs. Butter Shipped in 1923, States Report

The annual meeting of district No. 14 of the Minnesota Co-operative Creameries association will be held in Thief River Falls Wednesday of next week, Feb. 27. It is expected that about sixty delegates from the 57 creameries thruout the Red River valley which are members of the association will be in attendance at this gathering, at which time many matters of vital importance to the welfare of the co-operative institutions will be taken up. According to reports there will be representatives from every town in the district, which includes the ten counties commonly known as the Red River Valley.

At the time when the annual report of N. C. Lindberg of this city, field manager in this district, was made out, two of the 58 creameries in the district were not members of the association, but since the first of the year one has joined and the proposition was taken up at a meeting of the Shelly association, the only one remaining, Tuesday. The outcome has not been reported as yet but it is expected the membership is now 100 per cent.

Engelstad Secretary.

The meeting will be presided over by E. O. Melsness of Erskine, president of the association. Peter Engelstad, prominent Pennington county dairyman and for some time secretary of the Thief River Falls Co-operative Creamery association, is secretary of the district association, the other officers being: J. P. Nygaard of Halstad, first vice president; C. M. Berg of McIntosh, second vice president; Edward Rydeen of Clearbrook, treasurer.

The annual gathering will be held at the Commercial club rooms beginning at 11 a. m. and will continue thru the afternoon, the election of officers and many other important matters of business being scheduled to take place.

Field Manager's Report

The annual report of Field Manager Lindberg for the year ending Dec. 31, 1923, shows an increase from 182 carloads in 1922 to 269 carloads in 1923 in the amount of butter shipped by the association. This increase, which is doubling the output the past year to some extent is due to the signing up of 14 creameries in the district association during the twelve-month period.

The approximate total of pounds of butter shipped is given as 7,500,000, which is practically twice the amount for the previous year. A total of 118,902 tubs butter were shipped in 1923 compared to 70,186. Thirty-one creameries had signed the butter marketing agreement at the close of the year.

Eggs are also being handled by a large number of co-operative creameries, 5,067 cases being shipped thru the district association in 1923, and 80 boxes of cheese, making the total gross weights of all shipments 9,092,229 pounds or an average of 33,566 pounds per carload. The total freight to New York markets on shipments in the 269 cars, if shipped by local institutions as previous to 1922, would have amounted to $203,032.51, while the actual amount of freight paid was $169,011.19, making a saving of $34,021.32 by shipping in carload lots thru the association.

The amount of business done by the district with the machinery and supply department of the association for eight months was $49,754.41, the amount of profit refunded to creameries being $4,174.08.

According to the report 29 creameries in the district grade and pay for quality cream and 41 pasteurize regularly.

The report shows a tremendous growth in the business of the association and the co-operative creameries. With all the co-operative creameries in the district signed up as members of the state association, the 14th district makes a record unequalled in the entire state.

Legion Meeting Tonight

A special meeting of the Elmer J. Eklund post of the American Legion will be held this evening at the club rooms, according to notices sent to members by Adjutant O. R. Sande. A number of important matters will be taken up and it is urged that all local Legionaires be present, says Commander Oscar Smith.

Movement Started Among Farmer-Laborites Boosting Naplin For State Job

A move is being sponsored by members of the Farmer-Labor party in this section to endorse O. A. Naplin of Thief River Falls, former senator from this district, as a candidate for the office of lieutenant governor of the state on the Farmer-Labor ticket. A meeting of a group of local members of the party was held recently at which plans were considered as to the official launching of a campaign in favor of Mr. Naplin's candidacy which is now being pushed by his friends in various sections of the state. Mr. Naplin served in the 1919 and 1921 session of the Minnesota legislature.

The regular county convention of the Farmer-Labor party is scheduled to be held in this city Saturday, March 1, according to a call from Chairman Andrew Trovaton, appearing elsewhere in this issue.

MANY FARMERS HEAR INSTRUCTIVE TALKS AT FARM INSTITUTES

Timely Topics are Discussed by Prominent Men Under Auspices of G. N.

A series of farmers' institutes have been held in this section under the auspices of the public relations department of the Great Northern railway the last few weeks. The meetings thruout have been well attended and much inspiration and instruction has been derived from the lectures and discussions by experts in their respective fields. Much interest has been shown everywhere, altho in this county the main interest the past two weeks has been focused on the Farmers Short Course Monday and Tuesday, consequently the attendance at the institute held in Thief River Falls last Thursday following the regular Commercial club luncheon, was not as great as would otherwise have been the case.

J. E. Eastgate, livestock farmer at Larimore, N. D., was among the speakers who addressed a group of farmers and business men here Thursday, his topic being the raising of sheep. He maintained that every farmer should have a flock of sheep and that the present price of wool and lambs makes it a profitable part of farming operations in this section.

Daniel E. Willard, institute conductor and one of the leaders in the Bureau of Public Relations of the G. N. railway, spoke on diversified farming, advising the farmers not to stay only by one line of farming, such as grain farming, for instance. Keeping of dairy cows, sheep, poultry and hogs and the raising of alfalfa and corn are progressive steps in farming, he declared, and will do much towards improving conditions.

The procedure by which crop estimates are made, was discussed by Paul Kirk, crop reporter of the U. S. Department of Agriculture, also an institute speaker. A number of farmers from each county of the state, the number depending upon the population of the county, are secured to give reports to the state department at certain intervals, the estimates being derived from the averages of the various reports sent in by these farmer reporters. Crop reports are not reported by the county agent as is the opinion of many, but directly by actual farmers. The average for the county, however, is reported to the county agent's office each month.

A very successful meeting was held at Holt on Monday of last week attended by a large number of farmers. On Wednesday a similar gathering took place at Goodridge, J. S. Arneson of Thief River Falls, also being one of the speakers there. About 150 persons were in attendance and much interest was shown in the various subjects considered, such as dairying, diversified farming, livestock, marketing, feed crops, weeds, sugar beets, potatoes, freight rates and other farm topics of importance.

On Monday meetings were conducted at Middle River, Tuesday at Red Lake Falls, yesterday at Plummer, today at Oklee and tomorrow, the last of the series, at Brooks. Among the speakers at these institutes besides those mentioned previously are Hans Anton, prominent dairyman and farmer of Pennington county; C. P. Bull, department of agriculture, St. Paul; A. J. McGuire, manager of Minnesota Co-operative Creameries association, St. Paul; W. P. Kirkwood, journalist at the University Farm; and A. L. Janes, assistant general counsel, freight rates, St. Paul.

County Republican Convention March 5 in this City; Precinct Caucuses March 3

As was announced last week the Ninth district Republican convention will be held in Thief River Falls on March 7, according to a call issued by District Chairman Chas. B. Marden of Moorhead. There are 110 delegates to the convention, Pennington county to be represented by six.

The six delegates to the district convention will be selected at a county convention to be held at the court house in Thief River Falls on March 5 at 2 p. m., according to a call by F. F. Haynes of this city, chairman of the Republican committee of this county, appearing in this issue of The Times. Caucuses in the various precincts will take place March 3 to select 62 delegates to the county convention, there being two from each township and village and 16 from the city of Thief River Falls.

The county convention will have for its purpose the election of 10 delegates to the state convention and 10 delegates to the district convention, and the adoption of a platform or statement of political principles. Everyone interested should make it a point to read the call issued this week by Chairman Haynes.

Prytz Returns

Roy Prytz returned Wednesday of last week from Minneapolis and St. Paul where he spent a week visiting and attending to business matters.

LARGE CROWDS ATTEND I. H. C. SHORT COURSE

Farmers' Short Course This Week Is Most Successful Event Held Here

UNUSUAL INTEREST SHOWN BY HUNDREDS

Able Speakers Discuss Problems of Farm and Home. Community Spirit Stressed

The Farmers' Short Course held in Thief River Falls Monday and Tuesday, sponsored by the Agricultural Extension Division of the International Harvester company, co-operating with the Commercial club and other local civic organizations, was the most successful event of its kind ever staged in this city or community. Every session from the opening on Monday afternoon until the closing on Tuesday evening was attended by a capacity house, the meetings being held at the auditorium. At three different sessions there were fully 1000 persons in attendance, farmers and business men, men and women, young and old being in the crowds. It is estimated that a total of about 4500 persons attended the course.

"The short course in Thief River Falls is one of the best and is next to the largest conducted by the company this season," said J. G. Haney, one of the speakers.

The Monday afternoon session was attended by the high school students and a number of the grade pupils. The program was opened by community singing under the able leadership of Miss Maude L. Johnson, music instructor in the city schools, who was untiring in assisting in the many programs. A series of old familiar songs were sung at each of the meetings to create the proper community spirit. An illustrated talk on "Birds" by Miss Zella Wigent of the extension division and an interesting and instructive discussion of boys' and girls' club work by J. L. Wenstadt, also of the extension division, were the features of the afternoon's program. Two reels of agricultural motion pictures were also shown.

The large audience was favored with a reading by Mrs. Chas. Gerlinger,

J. C. PENNEY CO. WILL OCCUPY NEW QUARTERS MONDAY

Customers Will be Served in Building on Maine Ave. and Third Street Next Week

J. C. PENNEY CO —6— 24

H. E. Nelson, manager of the local branch of the J. C. Penney company announces this week that Monday morning the company will be ready for business in its new location, the Evenson building on Main avenue and Third street, formerly occupied by the Loken department store.

The building into which the local branch of the Penney chain of stores, is moving, has undergone considerable alteration and redecoration. A system of shelving has been installed that will accommodate a larger stock and eventually new lines, not carried by the company in their present quarters. The Evenson building is particularly adapted for their use and will give them a far greater floor space, which is their motive in making the change. The greater show window space is another advantage which the company well appreciates.

During the company's three years of business in this city, the past two years under the management of Mr. Nelson, it has grown to proportions that were unlooked for and now ranks among the foremost in business volume. Their old quarters have been completely outgrown and with more room for display and space for additional and more complete lines, the company will begin serving its customers in its new quarters Monday.

"Eagle's Feather" Western Picture That is Different

A thrilling Metro picture full of delightful incident and fine action comes to the Prinzess Theatre Friday and Saturday, this week. It is called "The Eagle's Feather" and is a picturization of Katharine Newlin Burt's famous story of the same name which appeared in Cosmopolitan's magazine some time ago. The story was read by millions of people and its picturization will undoubtedly be enjoyed by as many more for it deviates in no essentials from the great charm and sentiment of the original story.

"The Eagle's Feather" tells the story of a hard, unsentimental woman who scorns men and love and is known as "the biggest man in Bear Valley." But there comes a time when a newcomer on the ranch, just returned from the war, strikes her fancy and Delila, the scorner of men, finds that Fate has played her a cruel trick. When she craves for love it is to her niece, a frail, beautiful girl, wholly feminine, that the man turns to with love, and Delila must acknowledge her only defeat and that at the hands of the sex she has despised all her life.

"The Eagle's Feather" contains many scenes of tremendous action and excitement. James Kirkwood, fresh from his great acting in "The Fool," the sensational Broadway success, and Mary Alden, who was the mother in "The Old Nest," head a cast of able players. One great scene in which nearly the entire cast participate is that of a tremendous stampede in which more than four thousand cattle rush across the screen in vivid realistic flight. Director Edward Sloman has done some of the best work of his career in "The Eagle's Feather."

SOCIETY NOTES

For Mr. Webskowski

Mrs. John Wobskowski entertained a large number of friends at her home a week ago Saturday evening in compliment to her husband who celebrated his birthday anniversary that day. Matt Moore Turns Into A Buccaneer in Film Story

Matt Moore, who has the leading role in Fred Niblo's latest production, "Strangers of the Night," coming to the Princess theatre Sunday and Monday, has finaly had his chance to be a full-fledged pirate.

When a youngster Mr. Moore hankered to lead the life of a pirate chief. He would picture himself having all of his enemies walk the plank to be thrown to the sharks for breakfast. He has realized this pet ambition of his in the role of Captain Applejack—Buccaneer.

"But the beauty of my own profession is that I can play at being every sort of character under the sun—and sometimes at a few characters that were never seen on land or sea but only on the screen. In playing 'Captain Applejack,' in 'Strangers of the Night,' I feel almost as if I were myself, in some other incarnation."

With Mr. Moore in "Strangers of the Night" are Enid Bennett and Barbara La Marr. The picture is an adaptation by Bess Meredyth of the stage play by Walter Hackett that ran a year in New York and a year in London.

Women use less powder in the winter, but their aim at the male heart is just as true.

Father Noeson Undergoes Operation; Resting Better

Word has been received that Rev. M. J. Noeson of St. Bernard's Catholic church underwent an operation at a Crookston hospital last week, and altho his condition has been critical for some time he withstood the operation fairly well and is now reported to be resting easily. Rev. Noeson has been confined in the Crookston hospital for the past month and is not expected to return to this city for some time. His place here is being taken by Rev. B. M. Wenkland.

King gave a twenty minute address there and at the evening held a general mass meeting at Fertile, similar to that held in this city. After the mass meeting a banquet was held at the Legion club rooms and State Adjutant Stafford King, R. A. Rossberg of Crookston, legislative committeeman of the Legion, and Oscar Smith, local commander, gave short addresses.

Return From Alabama

Mr. and Mrs. Carl Carlson returned Wednesday of last week from Perdido, Alabama, where they were called by the illness of the former's father, John A. Carlson, who passed away Jan. 30, an account of his death appearing elsewhere in this issue. Mr. and Mrs. Carlson had been gone since Jan. 17, and were surprised to find such springlike weather in this section upon their return. Conditions in that section of Alabama which they visited are unfavorable, according to statements by Mr. and Mrs. Carlson, and altho the thermometer occasionally does drop below the zero mark in Pennington county, they declare it is preferable to the hot sun of the south. The past winter has been one of the coldest ever recorded in that section, heavy frosts destroying considerably. There was even ice of considerable thickness during their stay, but only for a short time. A pair of overshoes, a part of Mrs. Carlson's baggage, aroused a great deal of curibabbage aroused a great deal of curiosity among the colored inhabitants of Ferdido, and a fur coat was unheard of.

Dr. Vistaunet Leaves For Chicago For Week's Trip

Dr. P. L. Vistaunet left this city Saturday evening for Chicago, Ill., where he is taking one week's advanced work in Abraham electronic treatments, which he practices here. He stated, on leaving, that he would perhaps go to Kirksville, Mo., also, to take up various phases of the work. Dr. Vistaunet has practiced the Abraham treatments here for about a year and the methods have met with very much success. The phases of the work which he is now taking up are late and new developments in the practice.

Only 101 Absentees In Schools Friday

Following is the weekly report submitted by Clara Henderson Herm, nurse in the local city schools:

Attendance last Friday, Feb. 15, has shown an improvement. There were only one hundred and one pupils who were absent from the Northrop, Central, Knox and Washington schools, while on Friday, Feb. 8th, we had one hundred and thirty-nine absentees. Compared with one hundred and eighty-one pupils absent on the first of February the improvement is still more marked. We are hoping that this week will find still better attendance.

Do you ever let the telephone ring twice before you answer?

A Prompt Answer Improves Everybody's Service

Sometimes when you make a telephone call you do not get the number promptly.

When you tell the operator she says, "I will ring them again."

Finally when you get your party, do you feel that the operator has not given you prompt service, or do you realize that the person you called may not have answered his telephone at once?

It will help greatly to provide prompt service for all, if every subscriber will answer the telephone as soon as the bell rings.

NORTHWESTERN BELL TELEPHONE COMPANY

A Tribute to Service

In the February 3 issue of the Chicago Herald-Examiner, Mr. Arthur Brisbane says:

"Henry Ford said to this writer a couple of years ago — 'Standard Oil is the most ably managed concern in the United States'."

Naturally such sweeping commendation is gratifying but if, as we suspect, and want to believe, Mr. Ford's remark was prompted by his knowledge that this Company is succeeding in rendering a superior service to the public, then it is doubly pleasing.

For service in its biggest, broadest interpretation is the principle governing all the activities of the Standard Oil Company (Indiana).

The Management of this Company construes the perfunctory manufacture and delivery of products as something less than service.

It is the whole-souled, enthusiastic performance of these functions that constitutes real service.

To gain a new and useful product from a single base — crude petroleum — without in any way affecting the quality of other useful products—that is service.

To maintain, unfailingly, a superior standard of quality—that is service.

To make it possible for the man in the remote places to get Standard Oil products with dependable regularity—that is service.

To produce an oil that will increase the revolutions per minute of machinery in other essential industries and thereby increase their output—that is service.

To manufacture petroleum products of a quality that will prolong the life and add to the power of the modern internal combustion engine—that is service.

To maintain a fair and equitable price for its products—that is service.

Skill in management of any business is mirrored in the service rendered. An organization which puts profits ahead of service cannot endure.

Firm in its conviction that the greater the service, the greater the profit, the Standard Oil Company (Indiana) looks to service as its chief concern.

Gerda Grolid

Word was received by The Times this week from Sigurd O. Grolid, formerly of this city in the employ of the Winton-Nichols Lumber company, that his eight-year old daughter, Gerda, passed to the great beyond at her home in Tacoma, Wash., on Feb. 13. Death occurred after but three days of illness, the cause being an attack of scarlet fever. The other two Grolid children, Julia and Inger, are at a hospital also suffering from an attack of the disease but are recovering, according to the communication.

She was born in Thief River Falls Oct. 18, 1915. While in this city she attended the kindergarten and Knox public schools and the Trinity Lutheran Sunday school. Last September she accompanied her father to Tacoma, where the Grolid family is now residing. To mourn her passing she leaves her father, two sisters, Julia and Ingrid, and a grandmother, Mrs. C. H. Pederson of Fergus Falls.

Her mother and little brother died five years ago during the flu epidemic. A large circle of friends extend their sympathy to the family in their bereavement. Mr. Grolid resides at 1004½ South N. Street, Tacoma, Wash.

Daniel Anderson

WASHINGTON AND LINCOLN ON UNIVERSAL EDUCATION

Knowledge is in every country the surest basis of public happiness.—George Washington.

I believe that public education is not only important, but the most important concern of the American people.—Abraham Lincoln.

Washington realized that if the republic which he and his colleagues had founded was to endure its people must be enlightened. Nearly a century later Lincoln was convinced that public education was the most important business of the republic that he and his colleagues had preserved. Schools, churches, civic and patriotic societies celebrate, this month, the birthday anniversaries of these two great presidents. Once again thousands of children and adults in all parts of our country will pause to revere their lives, their deeds, and their public utterances. Would it not be well at this time to stress the fact that both of these patriots declared that universal education is necessary for the highest efficiency of a democracy? Would it not be well to select as slogans for the occasions their utterances regarding education?

SCOUT LEADERSHIP

The Boy Scouts of America celebrated their fourteenth anniversary February 8 to 14.

To many that means nothing. To others it means much, because those who have seen the influence of Scouting upon boys realize the uplifting effect that it has.

Scouting inculcates patriotism, courage, self-reliance and kindred virtues. What higher ideals could we ask for those who will be in charge of affairs in America in a brief span of years?

The Boy Scouts organization has had an uphill fight against overwhelming odds. It was first held up to ridicule, but surviving that stage of its career, it has come to be regarded as one organization for boys that is above reproach.

To perpetuate it and place it within the grasp of some eight million boys of Scout age in the United States, self sacrifice is needed on the part of men who are willing to devote some time to building for the citizenship of the future.

Something over 142,000 men now give their time voluntarily, without any compensation, or the present organization would not be possible. But there are only a half million Scouts in America. The other seven and a half million are waiting for leadership.

At the present time about 70 boys in this city are engaged in scout work, one troop being functioning officially under the leadership of County Superintendent of Schools Ole R. Sande, who is deserving of much commendation for his efforts along this activity. A movement is also on foot to form scout units within the various church congregations. A great deal of difficulty has been experienced by the Scout organization here in the past but it is hoped that the future may see a steady growth with the help of the "older boys",—the men.

The Scouts need intelligent and enthusiastic co-operation. Lacking the time or ability to act as a leader, you can boost for them and be the means of carrying the message to somebody that will make him a better citizen when he grows into manhood.

BASKETBALL

Basketball is a great sport and it is not difficult to understand why it has gripped the interest of the people as it has.

Basketball has all of the elements of uncertainty, which is the principal reason for its popularity. Take the great American game of base ball, it is a sport wherein "dark horses" are liable to upset strong contenders at any time.

Basketball is typically a high school sport and one that is not likely to become tainted by professionalism.

It appeals to the love of good sportsmanship inherent in the true American boy. It is a game of games for red-blooded youth where courage, stamina, a strong body and the correct mental attitude count.

Basketball upholds the highest ideals of American sportsmanship. It teaches boys who play never to take unfair advantage.

There are what the rules define as fouls, but the vast majority of them are unintentional. Players assist their opponents when they happen to be knocked to the floor and are with few exceptions solicitous for their welfare.

In fact, they set an example that might be well followed by some overenthusiastic supporters of some of the teams.

The team representing the Thief River Falls high school this season is one that the city may well be proud of, and the patronage and enthusiasm shown at the games the past winter has proven that the citizens are interested and willing to support their representatives. This city is fortunate in being supplied with one of the finest floors in the state, or anywhere for that matter, the boys having been granted the use of the auditorium with its large floor space and comfortable room for several hundred spectators for all its basketball contests.

Indications are at present favorable towards having the district conference games played here, the city council having offered the free use of the auditorium and the Commercial club giving assurance of a $500 expense guarantee, which speaks well for the athletic spirit of that organization.

PROTECTIVE PRINCIPLE APPLIED TO AGRICULTURE

Just now there is a great deal of discussion about federal legislation to help the farmer. All admit that the farming industry is at present facing a crisis because the great food staples of the country do not sell on a parity with the commodities of other industries.

Of the several bills now before Congress designed to remedy this situation the outstanding measure that would seem to give immediate and permanent relief is the McNary-Haugen bill.

This measure is not designed to help one class at the expense of all other classes. It does not ask government aid nor the arbitrary fixing of prices which someone else besides the producers of the commodities benefited must pay. It does nothing more than apply the established American principle of "protection to home industries" to the farming industry.

This is done by establishing an Export Corporation, which buys the surplus on such farm commodities as are affected by world market prices, to their detriment in the home market and by removing them from competition thereby establishes a fair exchange price compared with other commodities on the domestic market. The loss incurred by the Export Corporation in buying the surplus at the sustained price and selling at the world market price is borne entirely by the commodity in each case intrinsically benefited. This latter feature acts as a governor which will effectively control production within reasonable limits.

In this country there are three recognized ideals in the matter of compensation for effort. First, there is the subsidy or tariff, which has materially assisted our manufacturers. Recently, labor has set up the idea that a man is entitled to sufficient compensation to sustain himself on what has come to be founded on necessity, rather than production or efficiency.

The farmer alone is operating under the law of supply and demand.

"The McNary-Haugen bill," says a noted farm authority who visited Washington urging the passage of the measure, "is simple justice for American agriculture because it places the producer in a position where the American standard will have a relationship to the law of supply and demand in this country. It will put the farming business on a basis of equality with other industries, with which the American producer must, of necessity, do business."

It is, in short, a sound economical measure that is intended to give the farmer a square deal and nothing more.

Congress will pass the McNary-Haugen bill if the demand for it is insistent enough. Every reader of this paper should write the members of Congress from this state and other states asking for the early passage of this bill. Farmer clubs and other organizations should pass resolutions favoring the measure and send same to Congressman G. N. Haugen, House of Representatives, Washington, D. C. Prompt action is necessary. Do it now.

Strong endorsement for the bill was given Saturday by the Minnesota Editorial association when two resolutions were adopted proclaiming the faith of Minnesota editors in the measure.

Alfalfa
What makes the landscape look so fair;
What blossoms bright perfume the air,
What plant repays the farmer's toil,
And will enrich the worn-out soil?
Alfalfa
What is the crop that always pays,
And will mature in forty days,
Resisting drouth, the frost and heat;
Whose roots reach down a hundred feet?
Alfalfa
What grows in loam, clay and sand;
What lifts the mortgage off the land;
What crop is cut six times a year,
And no foul weeds in it appear?
Alfalfa
What makes the swine so healthy feel
And never raise a hungry squeal;
The wholesome food that never fails
To put three curls into their tails?
Alfalfa
What makes all other stock look nice,
And bring the highest market price;
What fills the milk pails, feeds the calf,
And makes the old cow almost laugh?

Public Forum

Rhoda, Minn., Feb. 13, 1924.

EDITOR TIMES:—For some reason or other there seem to be some people in this old world of ours who take pride is taking a "rap" now and then at the Seventeenth Constitutional amendment, or rather the "idea" that women be granted a voting right. They tell us that this was one of the worst things that this country ever did, and in support of their argument they point to the present day "moonshine" doings both as to the drinking and the making thereof as a proof.

In answer to this we wish to say that there is something more to the Seventeenth amendment than that. The fact is that it is the missing link to civilization itself and the key to the moral side of life. If this had been made a part of our constitution at the time of the Declaration of Independence and had been in force as a fundamental law from that day to this, there would never have existed any such thing as "moonshine" today, nor would the curse of liquor have been known to humanity in the form that it has existed and is existing still, say nothing of the other kindred evils which exist and flourish like a cancer upon the breast of civilization with the consent of a civilized people, as far as our seat of government is concerned. There would have been a different world today if right and justice had prevailed and "mother rights" had existed all thru these years. Our homes would have been protected, our laws would have been enforced and respected and the old time teachings of a Christian parentage would have been handed on down from father to son uninterrupted, and we would have had a people with high ideals, a people with a heart and a feeling for humanity and human rights.

What have we now as a result? Multitudes upon multitudes of lawless, heartless, shipwrecked human beings drifting aimlessly thru the world as a detriment to society and a curse to themselves.

There will come a day of reckoning. The men who have stood at the helm thru all these years will have to account for their stewardship.

A day is coming and coming fast when the mother hands of this nation will and must be felt thru every nook and corner thruout this broad land of ours. That motherly love and feeling must go into the world as it has existed in the home, and that feeling will go when we awaken to the fact that it is a part of our duty to mankind. Mother love is the only weapon that can conquer a wicked world, with law enforcement as the last resort. When that day comes you and I will be able to realize and understand what the Seventeenth Constitutional amendment will mean to God and home and our native land.

Salvation Army is Active In Fighting Delinquency

In letters addressed to the sheriffs of every county in Minnesota, North Dakota and South Dakota, Colonel William S. Barker, divisional commander of The Salvation Army, has urged that "most drastic steps" be taken to curb automobile joy-riding, parking without lights, and petting parties, with the view of halting the spread of delinquency in girls. Col. Barker was a visitor in this city last week, making an inspection of the Thief River Falls corps.

"A deplorable annual increase in illegitimacy and in the number of insane, feeble-minded, diseased and criminally inclined persons" was cited by Colonel Barker. He declared one result was increased tax rates to provide institutional maintenance funds.

"So great has been the increase in illegitimacy cases during the last several years that The Salvation Army has found it necessary to build an addition to its Women's Home and Maternity hospital to aid in providing proper physical, mental and moral care for unfortunate girls," Colonel Barker said, calling attention to a 60% increase in illegitimacy in Minnesota in five years.

State and municipal officials, prominent business men and social workers of Minneapolis and St. Paul will attend the hospital addition opening February 22nd, at which Colonel Barker and Colonel Alex M. Damon, chief secretary of the Central territory of The Salvation Army, will speak.

Newspapers Given First Class Status In Mails

Beginning February 8 newspapers were accorded the same treatment in the mails as letters and other first class matter by an order made public last week by Postmaster New.

"The order", he said "means much to the American public. It is one of the most important and far reaching steps in postoffice history. It is for the benefit of those who desire to have their newspapers placed before them at as early a moment as possible. This should keep both the city and rural population in closer and quicker touch with their several fields of activity."

Under the new system newspapers will be made up in separate sacks plainly labeled with the word "newspapers." If there are only a few copies of newspapers at the point of dispatch they will be placed in pouches with first class mail or in separate sacks even though partly filled. The orders stipulate that newspapers shall not be mixed with parcel post.

Postmasters are required by the orders to notify the publishers in each instance when deliveries do not catch the dispatch which they are advertised to catch. They are also to notify publishers when they are sending their publications to the wrong addresses and to addresses of deceased persons. The publishers will be notified by the postmasters when they are putting up their mail in an incorrect manner.

Peptomists Draw Big Crowd

The Peptomist club, a group of young men of the Methodist church organized to emphasize the social side of life, was the very successful host to a group of 240 people at the Methodist church basement Wednesday evening last week, at a chicken pie dinner. This is the first of a series of events to take place under the auspices of the Peptomists.

The battle to reduce taxes will surely have the support of everyone who can read and figure.

RAILWAY BROTHERHOODS PAY TRIBUTE TO WILSON

The officers and members, General Joint Committee, B. of L. E. and B. of L. F. & E of the Soo Line railway offer the following tribute to the late ex-president, Woodrow Wilson:

Woodrow Wilson has gone to his last reward and in his passing we realize that the world has suffered a loss that is incalculable.

His great works and high aspirations in behalf of democracy and humanity will be recorded as bright pages in the history of the world. His sturdiness of character, his steadfastness of purpose, his indomitable willpower, exercised in behalf of human rights, made him truly comparable to the immortal founders of our republic. As an intellectual, it may be said of Woodrow Wilson that the world has seldom looked upon his like. He like Washington, Jefferson, Franklin and Lincoln was characterised by earnestness of purpose, fidelity to principle, intensity to effort and clear vision.

His conscience was his only master and his dictates of that conscience governed in all of his life's works.

As a body of men directly benefited by the application of his high ideals to the workaday life, to him we feel under an everlasting debt of gratitude. The credit for much of the success and comfort we have and are enjoying, properly belongs to him. We know his name and deeds will be carved deeply upon the imperishable walls of time.

We may never know more. But the real estimate of him will be summed up by those that follow as long after we too have passed away.

Humanity Hopes. And posterity will eventually come into a new freedom. Those that follow us will look back and seeing this memorial, will know that we, in our time, appreciated his great work and held him in loving remembrance.

John A. Carlson, former Resident, Passes at Age of 76 at Alabama Home On Jan. 30

John August Carlson, father of Carl Carlson of this city and himself a former resident of Thief River Falls, passed to his final reward on Jan. 29 at Perdido, Alabama, where he had made his home the past two years. Mr. Carlson who was well known in this section, particularly among the employees of the Soo line with which he was connected for 26 years, was 76 years of age at the time of his death, which was caused by ailments resulting from the water in the section where he was located. He had been ill since a short time before Christmas, but previous to that time he had been in excellent health, and was as spry as many a young man at the advanced age when he visited in this city in August last year.

Mr. Carlson was born in Sweden and came to the United States at the age of 22, first locating at Willmar, this state, and later moved to Ortonville where he married Anetta Ambuell. From there he moved with his family to Franconia and thence to Minneapolis where he resided from 1896 until 1912, when he came to Thief River Falls to make his home with his son, Carl, fireman on the Soo line, at 819 Arnold avenue. Mrs. Carlson died about 25 years ago while in Minneapolis.

For 26 years Mr. Carlson was connected with the Soo Line largely in the capacity of bridge foreman on the Winnipeg division, and was known by practically all the employees along this division. His passing will be regretted by a large number of friends.

He retired from railroad work in 1917, when he went to Dyas, Ala., where he was postmaster for a period of two years. He then moved to Perdido where he made his home the greater part of the time until his death.

Mr. Carlson, who was a Shriner in the Masonic order, was past master of the local A. F. & A. M. and past High Priest of the R. A. M. unit here. He became a Shriner at the great Masonic convention in Washington last July following which he visited here for five weeks. He was also a member of the Knights of Pythias lodge and shortly before his demise helped organize an Eastern Star chapter at Perdido, of which he was made Worthy Patron. Masonic funeral rites were held at Perdido Jan. 30.

To mourn his departure are two daughters, Mrs. Robert Myers, Seattle, Wash., and Mrs. C. E. Simmons, East Aurora, N. Y., and three sons, Carl of this city, Cyrus L. of New York City and John A. Jr., of Sacremento, Cal. Mr. and Mrs. Carlson of this city and Mrs. Myers were at his bedside when death occurred, Mr. and Mrs. Carlson leaving here Jan. 17, and returning Wednesday of last week. He is also survived by a brother, A. V. Carlson, at Ortonville, this state.

Mr. Carlson was known to all his associates as a hard worker and of a cheerful disposition and ranked high in the esteem of his fellow workers.

Farmer-Labor Party To Hold County Convention In This City March 1st

The Pennington county convention of the Farmer-Labor party will be held at the court room in the court house in the city of Thief River Falls, on Saturday, March 1, 1924, at 3 o'clock in the afternoon, for the purpose of electing delegates to the congressional and state conventions of the Party.

Red Lake Will Vote On County Agent Question

Red Lake county voters will be called upon at the annual town election March 11 to decide as to whether or not they want the county board to appropriate $2,000 for the maintenance of a county agent. It costs more than that sum to keep up the county agent's office but the additional amount is appropriated by the state and federal government, the state appropriation being about $1700 to counties maintaining an extension agent. Letters are sent out by the county commissioners to all their constituents informing them exactly what it will cost each one to make the county appropriation, the rate being only about one-half mill on the assessed valuation of $3,978,488. Red Lake county is at present being served by Henry Werner, former agricultural instructor in the Thief River Falls high school.

ALFALFA GAINS IN PENNINGTON GIVEN BOOSTING

Article In Minneapolis Journal Calls Attention to Extensive Plans for 1924

PENNINGTON COUNTY FARMERS SET PACE

Most Profitable Crop in Minnesota Last Year. Engelstad and Sumpter Praised

A great deal of favorable publicity is given Pennington county farmers and bankers who are co-operating in a campaign to increase the alfalfa acreage of the community, the following from a recent issue of the Minneapolis Journal being of special interest:

The year 1924 promises to be a milestone in the second great change in Minnesota agriculture.

For, says Professor Andrew Boss, director of the University of Minnesota experiment station, 1924, will mark a long leap in the rapid advance alfalfa is certain to make as a Minnesota forage and money making crop.

Its advance, he said today, will end only when alfalfa stands at the top of all forage crops, outacreaging grass and timothy hay, historic forage feed for cattle.

The other great change in Minnesota agriculture, the first one, was the shift from wheat to corn, the *change from one crop pioneer farming* to balanced farming, a transposition that has been going on actively for 40 years.

Pennington County Sets Pace

In this present shift, Pennington couty farmers are setting a pace, for they propose with the aid of their bankers to add 10,000 acres to their total acreage of alfalfa in 1924. This will be more alfalfa than any county boasts at present.

Alfalfa is making rapid strides because of its great feeding value, because it requires little work, because it is an incomparable soil builder, because it was the most profitable crop that farmers grew last year in the state, and because alfalfa seed, particularly Grimm alfalfa seed, is commanding high prices.

In 1920 there were 41,000 acres of alfalfa in Minnesota, according to the records of Paul H. Kirk, federal crop statistician for Minnesota. In 1922 there were 80,000 acres and in 1923, 115,000.

1923 Figures Year Late

The 1923 figures, Mr. Kirk explained, really are a year late, as the great gains in acreage made after the survey in May are not recorded. Professor Boss said that this rapid rise of the alfalfa acreage figure points to the day when alfalfa will supplant the time honored grass hay on the average Minnesota farm.

A ton of alfalfa, he said is equal to a ton of bran as feed. And bran is selling at more than $35 a ton. Alfalfa seed of some varieties is selling for from 18 to 20 cents a pound and Grimm alfalfa seed is selling for from 30 to 50 cents a pound.

The farmer who grows alfalfa not only provides a most excellent feed for his livestock and reduces his need for grain and concentrates in the feed ration, but also builds up his soil. The majority of all other crops take nitrogen from the soil. Alfalfa when inoculated with bacteria from old alfalfa soils or through various commercial cultures takes nitrogen from the air, and may put back more in the soil than it takes out. Properly conducted an alfalfa field will enrich the soil.

Alfalfa, therefore, is finding particular favor in the regions where long cropping of grain has depleted the fertility of the soil.

Bankers Back Movement

The bankers of Pennington county have organized to get farmers to put a total of 40,000 acres into alfalfa in the county or 40 acres a farm. The present acreage is 6,000, and the bankers association has set 10,000 as the 1924 increase. They are financing seed purchases. They have enlisted the services of the Northwest Farmstead in the campaign, and Charles R. Hutcheson of that paper, is devoting all of his time to it. He has extended his efforts to other counties as well.

Peter Engelstad of Pennington county has been growing alfalfa for 19 years. He has 100 acres in alfalfa. One field has been in alfalfa from 1904. All the fields of the farm yielded four tons of alfalfa to an acre this year, a dry season. He markets the alfalfa by feeding it on the farm to a herd of 100 Guernsey cattle. His cream check runs over $500 a month. Despite the steady cropping of alfalfa, his soils are not run down.

P. T. Sumpter of Pennington county said that he nearly lost his farm through failure of grain crop after grain crop, and that his banker was persuaded to extend his loan by sight of a small alfalfa field which he had planted as an experiment. This was several years ago. Since then, his alfalfa acreage has been increased steadily, and this year he harvested 500 in Grimm alfalfa seed. In addition, he had a large mow filled with alfalfa hay for his livestock.

Kills Off Sow Thistle

A final virtue of alfalfa in the northwestern part of Minnesota is that the frequent cuttings kill off the sow thistle, a widespread weed in the region.

The extension division of the agricultural department of the University of Minnesota has urged more alfalfa growing in Minnesota from the day of organization of the division. But at first the schoolmen thought that alfalfa could not be grown in all parts of the state. They have discovered since that the northern developed strains with bacteria inoculation will grow throughout the state. The agricultural agents in the counties have been particularly active in promoting the growth of the forage crop. In Wadena county, through the efforts of the agent, an acre was added to each farm last year.

The University dairy train which made a trip across the state urging better feeding of livestock as its chief mission, stressed alfalfa more than all other crops. It pointed out that a farmer should first increase his feed production and then buy additional livestock. Buying the livestock first is putting the cart before the horse, speakers declared.

Alfalfa Acreage Increasing

Alfalfa acreage in Roseau county will be boosted practically 100 percent this coming year, it is indicated by the returns of questionaires sent to farmers by County Agent J. W. Taylor. According to information secured thru fifty questionaires, these fifty farmers have at present a total acreage of 265 seeded to alfalfa. During the coming season they intend to plant an additional acreage of 290, thus more than doubling the area devoted to this crop.

GRIMM SEED URGED FOR ALFALFA CROPS

University Farm Expert Advises Minnesota Growers to Reject Other Varieties

Growers of alfalfa in Minnesota are advised by A. C. Arny, in charge of farm crops at University farm, to plant only the best obtainable Grimm seed, and to reject seed of other varieties even though it may seem to be practically as good as Grimm.

Several varieties of alfalfa developed outside this state are under careful trial at University farm and outlying stations. True seed stocks of Ontario variegated from eastern Canada, Hardigan from Michigan, Cossack from South Dakota, northern grown common and southern common have been sown annually in statewide tests, but to date not one of them, says Mr. Arny, has proved consistently superior to Grimm in Minnesota either for hay or seed production.

"Grimm alfalfa was orginiated in Minnesota and has made itself and the state famous," said Mr. Arny. "Large quantities of Grimm seed are being produced in west central and northwestern parts of Minnesota. Alfalfa is a cross fertilized plant. Bees carry pollen from the plant to another miles away. Seed produced on fields of Grimm alfalfa growing near fields of other varieties cannot produce pure Grimm alfalfa seed. Therefore, pure Grimm only should be grown, particularly in the sections where seed production is practical, so that the seed produced may be registered and certified. Only in this way can Minnesota growers produce reliable Grimm seed and obtain the additional income made possible by growing it.

"It is to be hoped that before it is too late Minnesota farmers will learn to appreciate the value of Minnesota Grimm alfalfa, whether it is to be used for hay or for seed production, and that home grown registered and certified seed of the pure Grimm variety will be produced in this state in quantity and purchased every time in preference to outside varieties which are probably of much less value.

"Circulars making extravagant claims for some of these outside varieties are being broadcast over the state. Some of them carry misleading statements. We should grow the Grimm variety because it has stood the test of all sorts of conditions in Minnesota. It is our variety and we should strive to keep it pure by closing the door on other varieties that are no better and in most cases by no means as good."

An effort is being made in Pennington county to grow nothing but Grimm alfalfa and thus make it strictly the home of Grimm seed. It has been found by those who have grown alfalfa in this section for some time that the Grimm variety is the best obtainable for this area and has in practically all instances proven more successful than other kinds. The purchase of a carload, 22,000 pounds, of certified Grimm seed by the Pennington County Bankers association which is now being distributed among farmers of the county, is a long step towards that end. Unloading of the car was begun last Saturday.

Jefferson Cafe Moves

The restaurant on Main avenue north, operated by A. C. Rasmusson, commonly known as the Jefferson Highway cafe, has been moved one door north and now occupies the portion of the Northwestern garage formerly used as a showroom. The new quarters are a decided improvement over the old building and the proprietor states that under the new arrangements it will be possible to provide a greater service and will add materially to the business.

Ole Granum Takes Road Job

Ole Granum, for 15 years a clerk in the clothing department at the Oen Mercantile company's store, began duties Monday as traveling salesman for the Hood Rubber company. He left for Minneapolis two weeks ago and spent a week at work at the Minneapolis house. Mr. Granum will have the territory between Minneapolis and the northern part of the state and will make his headquarters in this city.

PENNINGTON CO. HAS MOST GRAIN ENTRIES AT CROOKSTON SHOW

Many Local Exhibitors are Given Awards for High Grade Grain Samples

Pennington county led all other counties of the Red River Valley in the number of exhibits in the grain department at the Valley Winter Shows held in Crookston recently. Nearly 60 samples of various grains were entered by farmers of this county, who won a large number of awards. Nearly all the samples were taken from the Crops Show held in Thief River Falls this winter and speak well for that event.

That Pennington farms produce grain of the highest quality can easily be seen by the following list of awards given local exhibitors: Orton Olson Thief River Falls, silver cup and sweepstakes for wheat; corn, Minnesota No. 13, L. A. Westphal, St. Hilaire, third in professional class and second in ameteur class; Northwestern Dent, Fred Dols of Rosewood, third in ametuer class; sweet corn, L. A. Wesphal, third in professional and second in ametuer class; Northwestern oats, Orton Olson, third in professional and second in ameteur class; rye, W. J. Janda of Thief River Falls, first in both classes; alfalfa, T. J. Sumpter, of Hazel, first in both classes; red clover, Medium or Mammoth, O. S. Breiland of Hazel, first in both classes; and other clovers, F. B. Conklin of Thief River Falls, second, and O. S. Breiland, third, in both classes.

County awards were given as follows: Wheat, Orton Olson, Alfred Flattum and C. M. Hoverstad, Thief River Falls; ten ears corn, Fred Dols, Rosewood, L. A. Westphal, St. Hilaire and H. Halverson, Thief River Falls; oats, Orton Olson, T. J. Sumpter and Hugh Best, Thief River Falls; clovers, O. S. Breiland, Hazel, T. J. Sumpter, and Hugh Best, Thief River Falls; barley, Alfred Flattum, Hugh Best and C. Heinz, Thief River Falls; rye, W. J. Janda, Thief River Falls; flax, Orton Olson, William Anderson, Thief River Falls, and Christ Wad, Erie.

PATRONS OF HAZEL CREAMERY RECEIVED $45,014 IN 1923

Anton Peterson Reelected President and I. A. Rolstad Secretary of Association

Another indication of the magnitude of the dairy industry in Pennington is noted in the annual report of the Hazel Co-operative Creamery association. During 1923 the Hazel creamery paid to its patrons a total of $45,014.08, according to the annual report of I. A. Rolstad, secretary of the association, submitted at the annual meeting held at Hazel, Feb. 4.

A total of 369,192 pounds cream or 98,703.41 pounds butterfat was received by the creamery during the past year. From this 122,915 pounds butter was manufactured, there being an overrun of 24.48 per cent. The receipts for the butter shipped amounted to $52,914.28, sold locally $86.72, sold to patrons, $1,377.72, and butter sold on account $130.44. Together with other receipts and the cash on hand at the beginning of the year, which was $505.04, the total amount received in 1923 was $55,978.63. The sinking fund amounts to $876.21.

Besides the sum of $42,592.28 paid to patrons for butterfat, other disbursements included $2,636.93 for freight on butter, $6,845.45 for running expenses and supplies of all kinds, and $125 for improvements, making the total disbursements $54,621.46. The association opened the year with a balance of $1,228.67. An average price of 47 cents per pound was paid for butterfat during the year. The cost per pound for manufacturing butter was 5.1 per cent.

At the annual election of officers Feb. 8, Anton Peterson was re-elected president of the association. The other officers chosen are: Anton Anderson, vice president; I. A. Rolstad, secretary; J. R. Larson, treasurer, and Peter Kolseth, director. The organization has enjoyed a successful year and increased efforts in the dairy industry in the Hazel community holds in store even greater proportions of the creamery's business this coming season.

Prosperity once was determined by the number of new homes being built, but now a community's prosperity is judged by the number of new automobiles it boasts.

Many Awards Won by Local Poultry Fanciers Showing At Crookston Exhibition

Pennington county poultry again "brought home the ribbons," several prizes being won by local fanciers who entered birds in the Valley Winter Shows at Crookston. Only a few birds were entered into competiton by each of the Pennington county poultry breeders and the results are considered highly complimentary and gratifying to those who took part.

Following is a list of the Pennington county winners:

Barred Plymouth Rocks: W. J. Janda, 1st cock; C. D. Gustafson, 2nd and 5th cock, 1st and 3rd cockerel; Fred G. Dols, 3rd cock.

White Wyandottes: L. A. Westphal, 3rd and 4th hen, 2nd pullet.

Single Comb Rhode Island Reds: Olaf Neset, 1st and 3rd cock, 1st and 4th hen, 2nd and 4th cockerel.

Single Comb White Leghorns: H. L. Schuster, 6th cock and 5th hen.

Jersey Black Giants: Dr. O. F. Mellby, 3rd and 5th cockerel, 5th pullet.

LOCAL CALF CLUB EXHIBITORS WIN HONORS AT SHOW

3,000 Boys and Girls in Northwestern Minnesota are Active in Club Work

J. J. McCann, county agent and director of boys' and girls' club work in Pennington county, was in attendance at a conference of club leaders in Crookston during the Farm Crop Winter shows, the gathering being in charge of T. A. Erickson, state club leader. Plans for the coming year in club work were discussed and arrangements made for the junior short course to be held at the Northwest School the week of March 31-April 4.

The future of club work in this section of the state is assured judging by the interest displayed by members during the past year. This year's exhibit at the Winter Shows was the largest ever shown and included 22 dairy calves and over 50 exhibits in corn and potatoes. According to A. J. Kittleson, Northwest School district club leader, there are more than 3000 boys and girls in Northwestern Minnesota enrolled in club work. The Pennington county dairy calf club will have about 30 members this year.

The feature of club exhibits at the Crookston show was quality, according to Mr. McCann, this being shown by the fact that whenever they were in competition in open classes, they were among the chief winners. As mentioned in last week's issue of The Times, Bernice and Nathalie Woolson of Pennington county won highest club awards with their purebred Guernsey calves and also won high honors in the open class. Goodwin Wilson of Plummer, also a member of the Pennington club, was given third club award in the purebred Holstein class in the club division and in the open class. No livestock besides the dairy calves were entered by Pennington farmers this year. Livestock exhibits were under the supervision of County Agent McCann of this city. About 400 head were entered, the exhibit being the best that has ever been displayed.

Arrangements are being made to hold a meeting of the Commercial club to be devoted to a discussion of club work among the youths of the community. A. J. Kittleson will be secured to address the meeting, announcement of which will be made in a later issue.

When men begin to think that they know it all, they know the least.

ADVERSE PUBLICITY TAKEN UP BY CLUB

Resolution Passed by Club Urges Reaction Against Pessimistic Propaganda

In view of the fact that considerable adverse publicity of an exaggerated or untrue nature is broadcasted thruout the country regarding the conditions existing in the agricultural communities of the state, the following resolution was introduced by John Bratrud, former mayor of Thief River Falls, at a recent Commercial club luncheon at which it was adopted by that organization:

Whereas, much publicity of a damaging character to the best interests of many agricultural communities in the State, is being published, printed and otherwise broadcasted, and

Whereas, such publicity is generally of our own creation, born of wilful or ignorant disregard of the actual facts or of distorted vision or purposeful, pessimistic propaganda, and

Whereas, this damaging publicity is often unthinkingly carried by word of mouth by persons of standing and character in the community, without consideration as to the future effects on the agricultural district in which we reside, and

Whereas, this adverse publicity has a tendency to restrict credit, retard immigration and otherwise hinder the development of our territory, and

Whereas, diversified farming in a businesslike manner and with rotation of crops is not on an unsound basis, but, rather is one of the most, if not the most successful, of industries in which one may engage, and

Whereas, our agricultural section is not suffering on account of inflated land values but rather the land values are too low in comparison with other districts, therefore, be it

Resolved, that the Commercial Club of Thief River Falls, Minnesota, use it's efforts in combatting all adverse publicity given to the district represented by said club and the surrounding district generally, and be it

Resolved, that said Club, realizing the beneficial effect to the community of the dissemination of news pertaining to the true and actual conditions of diversified farming, use it's efforts in bringing to the attention of the public, more especially the newspapers of the state, such information of farming conditions as they are, and be it

Resolved, that the members of this Club use their efforts in bringing to the attention of the Secretary, information of publicity which is adverse to our district, so that such publicity, if untrue may be corrected or denied, and be it

Resolved, that the members of this Club further use their efforts in bringing to the attention of the Secretary, information or publicity which may be creditable to the district, so that such information or publicity may be properly disseminated, and be it

Resolved, that the Secretary make a report to the Club at the last meeting in each month, of newspaper publicity received during the month, either as being of a creditable or a damaging nature to our city and territory.

Further Resolved, that copy of this resolution be transmitted to other commercial organizations in our section of Minnesota, with the request that they use their efforts towards obtaining publicity of their respective communities and our district generally, of a kind and nature, such as our portion of Minnesota rightly deserves.

Everyone believes debts should be paid promptly, especially if they are coming their way.

Tact

Tact is one of the most important requisites of a person who wishes to associate with other people. When it is a question of retaining friends, tact is more important than talent. Tact does not come natural to some of us, but, by considering the wishes and pleasures of others we can become tactful. Many students in the high school probably wonder why they do not have more friends. It is very likely because they lack tact. If your views oppose those of a friend do not express them forcibly and in a manner that gives the idea that you know that you are right, because you may be wrong. If you express them in such a manner that you convey the idea that you are doubtful and in a manner that does not bristle with, "I know," they will be received in a much better spirit and will be more effective.

Civility, one of the chief ways to win the heart of others, is not as common among the students of our high school as we wish. The more common requirements of civility are recognized and practiced by all, but the little things are overlooked. These seeming little things are in reality the big things, because visitors and others observing us expect us to know the big things and watch to see whether we observe the small rules of civility or not. Therefore those who are civil under all circumstances will be the ones who forge ahead.

Many people use force to accomplish their ends, but this very often fails. If they would substitute tact for force, success would more likely be theirs. This is illustrated well by the old fable, "The Sun and the Wind." The wind tried to blow the cloak off the gentleman by blustering and by blasts, but failed. The gentleman only wrapped the cloak closer about him. Then the sun came out and by warming him forced him to remove his cloak.

Another requirement of tact is pleasantness. We can all make ourselves pleasant if we wish, because the desire of pleasing is half the act of doing it. If we do not get the habit of pleasing others while we are in school it will be very difficult to acquire the habit as we grow older. Many people have held good positions because they were tactful and pleasant, not because they had the ability that was required for that position.

A tactful person does not make a practice of arguing because many times an argument won means a friend lost.

If we sum up the requirements of tact, we find that they can easily be acquired by any young person. They are civility, pleasantness, refraining from argument and abstaining from use of force.

Since the requirements are so few let us all try to learn them and practice them. If we would all do this a better feeling would be established throughout our high school.

—R. C. '24.

DIST. TOURNAMENT WILL BE HELD AT T. R. FALLS MAR. 6-7

The Proposition Submitted by Thief River Decided to be the Best by Dist. Committee

Announcement was made Tuesday morning that the basketball tournament for the first district of the Minnesota State High School Athletic League will be held at Thief River Falls on March 6 and 7. This decision was reached at a meeting on Monday of the district committee, consisting of Supt. M. C. Hayes of East Grand Forks as chairman, Supt. G. Holmquist of Warren, and Supt. A. C. Pederson of Argyle. The Thief River Falls proposition as submitted to the district committee was that the Commercial club would guarantee all expenses up to $500 and that the city council would grant free use of the auditorium for both of the tournament days.

The eight teams having the highest percentages will participate in the tournament. Which ones these will be cannot be said with certainty until after the end of next week when all the teams will finish their regular schedule. That the Lincoln team will be one of the eight is fairly certain.

The preliminary games in the tournament will be played on Thursday, March 6, two in the afternoon and two in the evening. On Friday forenoon the semi-finals will be played, and on Friday evening, the final game. For the preliminary games the teams will be paired by drawing. As soon as it is known which are the first eight teams, Supt. Hayes, the district chairman, will send eight sealed envelopes containing their names to Supt. Simley who shall, in the presence of three representative business men of the city, make the drawings. The first two drawn will be paired for the first preliminary, the next two for the second, etc.

Supt. Simley, Principal Bye, and the board of education are working upon a plan which will make it possible for the high school students and the teachers to attend all the games without seriously impairing the work of the school.

The arrangements for the tournament will be in charge of a representative committee which will in all likelihood consist of a member of the board of education, one or two members of the Commercial club, Supt. Simley, Coach Thune and Principal Bye.

Lincoln Students Attend Session of Short Course

Monday afternoon, instead of following the regular routine of school, the students were given the opportunity of attending the afternoon session of the Agricultural Short Course held in this city. The program was opened by community singing under the leadership of Miss Maude Johnson. Slides and a lecture on "Birds" by Miss Wigent was the next number which was followed with singing by the High School Girls' Glee club. Mr. Wonstadt then spoke on Boys' and Girls' club work, and led the audience in a club yell, which concluded the session. The afternoon proved to be interesting and educational to all who attended.

M'INTOSH DEFEATS LINCOLNITES 14-4

Locals Make Poorest Showing of the Season in First Defeat On Home Floor

The Lincoln High basketball quint lost its first game played on the home floor when it was defeated by McIntosh 14 to 4 last Friday. The playing of the local team was not up to the standard that has been shown in the other games this season and McIntosh had an exceptionally good team, so together these two things combined to bring about defeat for the locals.

The scoring started early in the first quarter when the visitors made a short shot and followed it with two successful free throws. No more baskets were made until near the of the quarter when Parenteau put in a neat one from back of the foul line. McIntosh again started the scoring in the second period when they made two field baskets. Sorenson succeeded in putting in a long shot from the center of the floor and the half ended with the score 8 to 4 in favor of the visiting team.

The locals were not able to make any more points during the remainder of the game and though they fought very hard, especially the third quarter, McIntosh kept running up the score and out-playing them so that the game ended 14 to 4 in their favor. The score for the Lincolnites would have been considerably higher had they succeeded in making a fair percentage of their free throws. As it was, they did not get a point from five attempts from the foul line.

Although Thief River is among the leading teams in the district, they have not yet hit their stride, but it is hoped by the many basketball fans that they will in the next week and that it will carry them through the tournament victorious.

The lineup follows:

Thief River Falls		McIntosh
Penney	F.	Stardig
Parenteau	F.	Torginson
Sether	C.	Lowe
Barzen	G.	Enivold
Sorenson	G.	Hill

Substitutes: None.

Field Goals: T. R. F.—Parenteau, 1. Sorenson, 1. McIntosh—Stardig, 3. Torginson, 1. Lowe, 1. Hill, 1.

Free Throws: T. R. F.—Parenteau, 0 out of 2. Penney, 0 out of 1. Barzen, 0 out of 1. Sether, 0 out of 1. McIntosh—Lowe, 2 out of 2.

Referee: Chapman, Principal of Crookston high school.

In modern history Miss Thompson asked why some of the French people went to Switzerland during the Franco-Prussian War. A bright student answered: "For cheese!"

The following sentence was written by an English III student: "Every man that is perfect has his faults."

LOCALS WILL PLAY AT ROSEAU FRIDAY

A Slightly Changed Lineup Will Uphold Honor of Lincoln in Return Game with Roseau

The Lincolnites will again play away from their own floor when they meet Roseau in a return game this Friday.

Roseau was defeated here in one of the first games of the season by a score of 24 to 5 and was out-played in every trick of the game though she had a decided advantage as to the size of the men. The admirable defense of the locals kept her from getting but a very few close-in shots and thus the Lincoln quint was able to gain a big lead which they easily held. The Roseau team had many possibilities and since that first game they seem to have developed most of them for their percentage has gradually increased until now they have the same standing as Thief River Falls.

The local five realizes that they have a 100 per cent better team to fight now than before and as a result they have been working hard to overcome many of the weaknesses which were pointed out in the game with McIntosh. Though the exact lineup is not yet certain for the coming encounter, it will probably be slightly different from the one that has defended the honor of Lincoln in the past games.

Operetta Postponed

The operetta, "The Gypsy Rover", which is to be given by the Boys' and Girls' Glee club, has been postponed to a later date. As previously announced, it was to be given the latter part of February or the first of March, but due to the fact that the glee clubs have had to get ready for their appearance at the Short Course, they have not been able to devote much time during the past two weeks to the operetta. An announcement will be made in a later issue of this paper concerning the definite date.

Washington Notes.

The Washington school basket ball five have their new suits and are practicing hard for the grade school tournament, which will be held after the regular games are played.

Two more pupils in the sixth grade, Willie Mulry and Irene Sanders, have finished the first group of Studebaker tests, making a total of six.

The Little Citizens League gave a Valentine party Thursday afternoon. Refreshments were served and valentines distributed. Every one went home feeling happy as they all received a great many valentines.

Betsy Troland of the fifth grade finished card fifty in the Studebaker tests last week.

All the rooms showed the influence of Valentine's Day last week with their boxes and decorations. Hundreds of valentines were distributed to the children and parties enjoyed in most of the rooms.

A Valentine party was very much enjoyed by the pupils in the third grade. The pupils and the teacher wish to thank the parents for the food donations for the purpose. Among the guests at the party were: Mrs. Williams and Mrs. Baker.

You never hear the bee complain,
  Nor hear it weep and wail;
But if it wish it can unfold
  A very painful tail.

Frosh English Classes Debate Several Topics

While the English IV students were receiving instruction in library work last week from Miss Minnie S. Leavitt, L. T. Mickelson taught debate to the Freshmen English classes.

The "Freshies" entered into the spirit of the work with great enthusiasm and showed the result of much hard study when the actual debates were held. The topics debated covered a wide field of interest. The first one, "Resolved, that Latin should be taught to all high school students," was won by the affirmative side. The negative was victorious in the debate on, "Resolved, that gasoline is superior to steam for automobiles." In discussing the merits of hot water, air, and steam for heating purposes, the arguments advanced for hot water were the strongest. The last debate and the most heated one, "Resolved, that capital punishment should be established in Minnesota," was won by the negative side.

Assembly Held Friday To Arouse Student Pep

Principal Bye opened chapel period last Friday by explaining the general details of the essay and oratorical contest which is being sponsored by the St. Paul Dispatch and Pioneer Press. The contest is based principally on the Constitution of the United States and the prizes offered for the best essay and delivery of the same are by no means trivial. The details of the contest were published in last week's "Progress" and will be taken up in the various English classes.

The assembly was then changed into a pep meeting and "Mike" Parenteau, Allan Sorenson and Miss Leavitt were called upon to say a few words in regard to the game that evening with McIntosh. Miss Leavitt's talk was especially well received and her offer to lead the faculty in yelling at the games will not be forgotten. Katherine Barzen and Emmet Shanahan closed the period by leading the students in some new and very peppy yells.

University Authorities May Adopt Semester Plan

The University of Minnesota may go back to the semester system if a proposal that has been referred to the committee on education meets its approval.

Difficulty in arranging entrance dates under the present "quarter" system so that they coincide with midwinter high school graduations and allow Freshmen to enter at that time of year is the principal reason for seeking the change.

Most high schools in Minnesota are on the semester system of two principal school "terms" in the course of the year. The university's fall quarter ends before the midwinter end of the first high school semester, and students who finish high school at that time are forced to wait several months before they can become university Freshmen.

It is believed, also, that the change would make it easier to set the summer school periods at a time when they would not overlap with public terms either in early June or early September. President Coffman has gone on record as favoring the return to the semester.

DECLAM. TRYOUTS HELD FEB 12, 13 14

Eight Girls Chosen for Declamation and Melvin Engelstad for Oratory in Preliminaries

The elimination contests in declamation and oratory were held Tuesday, Wednesday and Thursday of last week.

Those taking part in the declamation contest were: Ruby Aaseby, Theresa Fuller, Liv Vistaunet, Birdie Pierson, Agnes Johnson, Lucille Roark, Hylda Peterson, Gladys Kolden, Evaline Thompson, Bertha Holthusen, Rita Fiterman, Lylian Arnold, Dorothy Swedenburg, Esther Bennes, Mary Alexander, Grayce Mostue and Maverette Hilson.

Those in the oratorical contest were Leigh Anderson, Melvin Engelstad, Robert Erickson, Cleon Bottelson and Robert Halvorson.

From the group of girls competing, eight were chosen to take part in the final elimination contest to be held Thursday evening of this week. They are as follows: Ruby Aaseby, Agnes Johnson, Lylian Arnold, Birdie Pierson, Hylda Peterson, Lucille Roark, Dorothy Swedenburg and Liv Vistaunet.

The contest in oratory was final because of the few competing. Melvin Engelstad was chosen to represent Lincoln high school in the district contest and Robert Erickson was selected as alternate.

The judges were Mrs. J. M. Bishop, Harold C. Hand, Morris Bye and Miss Doreen Finnigan, who substituted for Mr. Bye in the oratory contest.

Seniors Celebrate "Loud Sock, Tie and Ribbon"

The poor unspecting lower classmen of Lincoln High suffered a severe shock when they reached school last Thursday morning. The Seniors seemed to be trying to recall their Freshmen days and as a result there was a highly harmonious conglomeration of brilliant colors. To the lower classmen's dismay they were forced to look upon flesh, pink, rose, cerise, American Beauty, henna, orange, red, green, and every other sort and color of stocking that is known to woman—and a few that had never been known before.

It was soon made known to the school that Valentine's Day was loud sock, tie, and ribbon day for the Seniors and they surely made the most of their opportunity. The girls took advantage of wearing colored stockings and big bows in their hair while the boys wore ties of all descriptions, ranging from baby ribbon to bathrobe cords. Bertha Holthusen had by far the most unique hair dressing, with her head covered with dainty ringlets and each one tied individually with vari-colored baby ribbon. Harriet Morgan was a symphony of harmonious colors, wearing red, old rose, orange, pink, cerise, and coral agreeably mixed. The few girls who still have long tresses wore long curls while the bobbed-haired ones wore huge bows on the side of their hair.

Never before this year has there been such colorful scenery as that displayed by the Seniors last Thursday and the lower classmen are now anxiously awaiting their turn to show how they can compete with the previous classes.

Mankato High Students Sign Own Death Petition

In the "Otakaum", the Mankato high school paper, there is an article of such interest that The Progress takes the liberty to repeat it on this page.

An instructor in the high school made the statement that anyone will sign any kind of petition, even if it is a petition to be beheaded. A certain Senior wishing to prove the truth of the statement, made out a petition and passed it around to the students. When told it was for the abolition of the twenty-minute period, not one asked to read the petition itself, but signed it regardless. As a result, sixty-two of the most prominent students signed their own death pact, for the petition read as follows:

"We, the undersigned, do hereby signify that the twenty minute period should be abolished except when there is an assembly and orderly held by the lawfully constituted authorities. Whereas, this means that when there is no assembly held, classes should be run through without intermission, and that school on those days should end twenty minutes earlier in the morning. We, the signers, do hereby prove by the presence of our signatures, that we desire the aforesaid action. The signers are also willing, for the above action, to be shot at midnight, June 1st. We are willing to be shot as we consider this course the only one compatable with our principles."

Ethel Bickley has returned to school after a period of three weeks absence on account of illness.

NEIGHBORHOOD NEWS

ROSEWOOD

Surprise Party Tendered

A pleasant community surprise party was tendered Mr. and Mrs. Chas. Sagmoen at the Rosewood hall last Saturday evening by about one hundred friends and neighbors. Mr. and Mrs. Sagmoen were escorted to the hall, unaware of the intention of their friends, for a social evening and were requested to partake in the old time game, "The Farmer in the Dell," wherein Mr. and Mrs. Sagmoen were chosen as the farmer and his wife, and immediately in the ring a roaring surprise shout was given and they were informed to their surprise of the social's significance. Mr. Schnabel later representing those present, presented the honor guests with a purse containing over $45, as a remembrance from their friends. As will be remembered Charley recently underwent an operation for appendicitis, with the attendant bills and inconvenience, and also recently evolved expenses owing to stock losses, all of which tended as a motive for his friends to show him their sympathy and friendship. The evening was merrily spent at dancing, and terminated with a delicious midnight luncheon brought by the partakers. The success of the evening is chiefly attributed to those in charge, Mr. and Mrs. L. L. Furan and Mr. and Mrs. P. Mellem.

Mrs. Hellerud Guest of Honor

Thirteen woman friends of Mrs. O. S. Hellerud, president of the Ladies' Friday Afternoon club, met at her home last Tuesday afternoon to tender her a birthday surprise party. A variety of aluminum and kitchen utensils were left as tokens of their friendship, and the afternoon was very pleasantly passed in a social way, terminating with a fine luncheon.

Leap Year Party

Under supervision of the Busy Bee District teacher, Miss Evelyn Saugen, "The Daughters of Eve" last Friday evening had arranged a very novel leap year party to which were invited "The Sons of Adam," and in which the "Daughters" taking advantage of the liberties extended to their sex on leap year, endeavored to show the "Sons" the various ways in which members of their kind shall proceed on the slippery highways of courtship. The party was given at the Busy Bee school building and about 25 young people partook. It was a very humorous evening, and full of pep and frolic.

The members of the Friday Afternoon club were pleasantly entertained at the home of Mrs. F. G. Dols last Friday and a very enjoyable afternoon spent.

Mr. and Mrs. Peter Mellem were delightful hosts to 27 guests at their home on Sunday evening, Feb. 10. The evening was delightfully spent at social diversions. Among the guests were noted: Mrs. Thea Nelson and daughter, Myrtle and son, Ted from Aneta; Mr. and Mrs. Ole Lappegaard and several children from Norden; Mr. and Mrs. James Thompson, Mr. and Mrs. Carl Mellem and Mr. and Mrs. John Ranum.

A Valentine social for pupils, parents and friends was staged at the Willowdale school on Thursday evening, under the direction of the teacher, Miss Laura Kron, and numerous Valentines were distributed among those present.

Mr. and Mrs. John Sagmoen were pleasantly entertained at Norwegian whist with supplementary refreshments at the home of Mr. and Mrs. L. L. Furan last Tuesday evening.

Mr. and Mrs. Peter Mellem were pleasantly entertained for supper and a social evening at the home of Mr. and Mrs. John Sagmoen last Sunday.

Walter Wendt from Warren has been a guest the last week at the home of Mr. and Mrs. Rudolph Sagmoen. Mr. Wendt is a musician of more than usual merit, especially with his violin, and with the able piano accompaniment of Mrs. Rudolph Sagmoen has been effective in furnishing some splendid music at several entertainments in this locality during the week.

A new radio capable of receiving messages on the 1500 mile radius basis, has been installed at the home of Mr. and Mrs. John Bloom this week.

The Rosewood Farmers club meets as usual at the Rosewood hall next Friday evening, Feb. 22nd. There will be no program this time, the evening being devoted entirely to the old-fashioned hard time dancing. Prizes will be given to the best costumes, and fines imposed on holiday attire. Lunch will be on sale.

It has been announced that the Swedish Mission church will give a fancy article sale in the church on Saturday evening, March 15, to raise money for the home mission. Families wishing to contribute in this work are heartily invited, and any articles for the sale will be received with gratitude. Lunch will be sold in the church after the sale.

Mr. Gudheim from McVille, N. D., is spending a few days this week as a guest with Swen Swenson, after returning from a visit with his son, Albert Gudheim at Newfolden. Both Mr. Swenson and Mr. Gudheim left on Friday evening for Thief River Falls to spend Sunday among relatives and friends.

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal.

The following quotations from a recent work on teeth and health are worth remembering:

"Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth."

"The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay."

The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and

WRIGLEY'S after every meal

will do it. Also it will aid digestion and furnish welcome refreshment to mouth and throat.

Believes This Section Can Supply Dozen Sugar Plants

Prof. T. M. McCall of the Northwest School of Agriculture, speaking at the Valley Winter Crop shows two weeks ago, left no doubt as to the advisability of raising sugar beets in this section, stating that this is one of the surest crops, with fewer hazards and profitable returns. He said that in the ten years that sugar beets have been raised at the Experimental Station, there have been no failures, and that the average yield has been over ten tons per acre.

"The sugar beet crop is frost hardy," said Mr. McCall. "Under good care profitable yields of sugar beets may be produced, even in dry years. At a minimum contract price of $5 per ton, the farmer who will give good care to his beet crop is assured of good wages and a fair return on his land. The soil in the Red River valley is especially well adapted to the raising of this crop. It is capable of supporting ten or twelve sugar factories."

LaSalle Registrar Enrolls Many Students in This City

W. D. Wolford, of Grand Forks, registrar of the LaSalle Extension University, Chicago, spent several days in this city the last week enrolling students in the executive training branches of the university. As this is Mr. Wolford's second trip to this city and already twelve students are enrolled in the courses, it can be readily seen that local men are well aware of the fact that only in the application of the correct business principles lies the means of greater accomplishment. From present indications a large number of local business men will be enrolled in the executive branches of the school this fall. There are, however, already many men here who have enrolled in other extension courses in various institutions thruout the country, which shows that a demand for university education exists in no small degree.

LEGAL NOTICES

(Feb. 21-28 Mar 6-13-20-27)

Notice of Mortgage Foreclosure Sale

WHEREAS, default has been made in the conditions of a certain Indenture of Mortgage, made, executed and delivered by Edon Davis, an unmarried man, of Pennington County, Minnesota, as mortgagor, to the The Minnesota Mutual Life Insurance Company, of St. Paul, a Minnesota corporation, as mortgagee, upon and covering the following described real property, lying and being in the County of Pennington, and State of Minnesota, to-wit:

The Southeast Quarter (SE¼) of Section Twenty-one (21), in Township One Hundred Fifty-three (153) North, of Range Forty (40) West, containing One Hundred Sixty (160) acres, more or less, according to the United States Government survey thereof, which said mortgage bears date the Thirtieth (30th) day of March, A. D. 1922, and was filed for record in the office of the Register of Deeds in and for said County of Pennington, in the State of Minnesota, on the Fourth (4th) day of April, A. D. 1922, at 8:00 o'clock A. M., and was duly recorded in Book 70 of Mortgages, on Page 335,

WHEREAS, said default consists in the failure of said Mortgagor to pay an installment of interest due March Thirtieth (30th), 1923, and

WHEREAS, by reason of the default made as aforesaid The Minnesota Mutual Life Insurance Company, as authorized by said mortgage and the notes thereby secured, has declared and does hereby declare the whole of the principal sum secured by said mortgage together with accrued interest thereon to be immediately due and payable, and

WHEREAS, there is claimed to be due upon said Mortgage and the notes thereby secured at the date of this notice the sum of Four Thousand Five Hundred Twenty and 73-100 ($4,520.73) Dollars, being Four Thousand ($4,000.00) Dollars principal, Five Hundred Twenty and 73-100 ($520.73) Dollars interest, and no action or proceeding at law or otherwise, has been instituted to recover the same or any part thereof,

NOW, THEREFORE, notice is hereby given that in and pursuant to the power of sale said mortgage contains, and the statute in such cases made and provided, the said mortgage will be foreclosed and the real property therein described will be sold, by the Sheriff of said County of Pennington, in the State of Minnesota, or by his Deputy, at public auction to the highest bidder therefor for cash, at the East front door of the Pennington County, Minnesota, Court House, in the City of Thief River Falls, and in said County of Pennington, on Saturday, the Fifth (5th) day of April, A. D. 1924, at 10:00 o'clock in the forenoon of that day, to pay the amount which will then be due upon said mortgage and the costs and expenses of this foreclosure, including an Attorney's fee of Seventy-five ($75.00) Dollars, as stipulated in said mortgage to be paid in case of foreclosure thereof.

Dated February 11, 1924.

THE MINNESOTA MUTUAL LIFE INSURANCE COMPANY,
Mortgagee.

Judgment Sale on Foreclosure of Mechanic's Lien.

By virtue of a judgment duly entered and docketed in District Court in and for the County of Pennington, and State of Minnesota, on the 14th day February, 1924, in an action to foreclose a mechanic's lien wherein Carl M. Carlson was plaintiff and Margaret C. Meehan, Bridget Martha Connoly, Margaret Connoly, May Sweeney and Norah I. Meehan were defendants and wherein it was adjudged and decreed:

That the amount due the plaintiff Carl M. Carlson from the defendants Margaret C. Meehan, Bridget Martha Connoly, Margaret Connoly and May Sweeney is the sum of Two Thousand Four Hundred Thirty-four and 3-100 Dollars, ($2434.03) with interest thereon at the rate of six (6) per cent per annum from August 28, 1923, amounting to $87.70, and $75.00 attorney's fees, together with plaintiff's costs and disbursements taxed at $21.25, making a total of $2597.98.

That all of said sum is due for labor performed and material furnished in and about the repair of the two story Concrete Block Building located on Lots Thirteen (13), Fourteen (14) and Fifteen (15) in Block Fifty-eight (58) of the Original Townsite of the City of Thief River Falls, County of Pennington and State of Minnesota, and adjudging and decreeing said premises and the interest of the defendants therein to be subject to the lien of Carl M. Carlson, subject to the mortgage lien of Norah I. Meehan in the sum of $2700.00 against the interest of Margaret C. Meehan, in said above described premises.

And wherein it was further adjudged and decreed that said premises be sold in one parcel to satisfy said judgment, including attorney's fees, costs and disbursements.

NOW, THEREFORE, Notice is hereby given that I, as Sheriff of Pennington County, Minnesota, will sell at Public Auction in one parcel to the highest bidder for cash, at the front door of the Court House in the City of Thief River Falls, in said Pennington County, State of Minnesota, on Saturday, the 5th day of April, 1924, at ten o'clock in the forenoon of said day, the hereinbefore described premises, viz:

Lots Thirteen (13), Fourteen (14) and Fifteen (15) in Block Fifty-eight (58) of the Original Townsite of the City of Thief River Falls, Pennington County, Minnesota, according to the plat thereof on file and of record in the office of the Register of Deeds for said County, to satisfy said judgment, attorney's fees, costs and disbursements, subject to redemption as provided by law.

Dated this 15th day of February, 1924.

O. L. HILLE,
Sheriff of Pennington County, Minnesota.
O. A. NAPLIN,
Attorney for Plaintiff,
CARL M. CARLSON.

ONLY TEN INCHES SNOW HAS FALLEN HERE PAST WINTER

Snow Nearly Disappears and "Kids" Play Marbles in Feb. Roads Are Good

The winter which is now nearing its close is one of the most remarkable in the history of this section. The weatherman has baffled even the best prognosticators the past few months, someone expressing it thusly, "Off Again, On Again, Gone Again." Last year at this time this entire section was in the midst of one of the worst blizzards ever experienced here with a complete tieup of traffic.

Wednesday, the 13th, the highmark in February temperature was reached when the thermometer registered 47 degrees above zero, the sun shining brightly and the weather being so mild that heavier winter wraps were almost unnecessary. Feb. 21 in 1918, a highmark of 44 degrees was recorded.

Only seven inches of snow had fallen here this winter until Monday, three inches falling since then. Before the last snowfall which was the heaviest this season, the ground was practically free from snow as a result of the frequent mid-winter thaws. Last year at this time there was about 25 inches of snow.

As a result of the snowfall this week the layer on the ice-covered ground and walks caused many people to suffer the indignity if not the injuries attendant with falls on the treacherous footing, and the children made the best of sliding places made doubly smooth by the coating of snow.

During the first two weeks of February groups of boys crowded the streets in places playing the sure-sign of-spring game, marbles.

Automobile traffic has continued unabated all winter, the only apparent decrease being in the number of cars out for pleasure purposes. Road conditions have been ideal for autos but sleighing has not been "up to standard." The busses serving this territory from the south are holding well to their schedule and with a few exceptions have had no difficulty in making the trips. A number of traveling men with headquarters in this city have traveled by cars all winter and the streets in Thief River Falls have been lined with farmers' autos at several occasions. Last Saturday a large number were in the city due to the distribution of 22,000 pounds of alfalfa.

A lazy man is never so tired but that he can dig up an alibi.

Ramstad Member of Body to Arrange Norwegian Festival In St. Paul During June '25

O. A. Ramstad of this city was selected among men in this section of the country as a member of the executive board of the 1925 centennial festival of Norwegian Immigration and met with them at the West Hotel in Minneapolis Friday, Feb. 8. The festival is planned for June 6, 7 and 8, 1925, and will take place at the state fair grounds at St. Paul, the occasion being the one hundredth anniversary of Norwegian immigration into the United States. O. D. Ostby of this city was nominated to serve on the committee at large.

Fifteen men from various sections of the country form the five executive committees, the arrangement, publicity and finance committees, the latter of which Mr. Ramstad is a member. Plans for the festival are still in the making but the work is progressing rapidly. One of the features of the event will be the possible presence of the King of Norway, and the Norwegian Crown Prince and the President of the United States, besides other men who rank high in civic and social life. A book, which is not yet titled, will be written, which will consist of the history of Norwegian immigration into the United States, of the influence of Norwegian life in America and careers of Norse men who have become prominent Americans.

FAIR ASSOCIATION PLANS 1924 EVENT

Secretary J. J. McCann Meets With Exposition Representatives at Crookston

The officers and directors of the Pennington County Agricultural Society are busy preparing the program for the 1924 fair, to be held during the first week in August.

This promises to be one of the most outstanding fairs ever held in Thief River Falls. Several of the best free act managers have been interviewed and the largest exposition shows on the road have already placed their contracts in the hands of the directors for approval. The secretary, J. J. McCann met with a number of these at Crookston February 5th, and a number of good entertaining acts have been submitted to the directors of the Pennington county association for their consideration. It will only be a short time until matters are well under way for one of the largest fairs in the Northwest.

S. A. COMMANDER IS PLEASED WITH WORK OF STAFF IN CITY

Col. Barkar, Div. Commander, Who was in Charge Overseas, Visits Local Corps

Colonel Wm. S. Barker of Minneapolis, divisional commander of the Salvation Army in the Northwest district comprising the states of Minnesota, North and South Dakota, spent Tuesday of last week here conducting the regular corps inspection of the local post and attending to various matters in the interest of Army work.

Col. Barkar is one of the foremost men in the ranks of the Salvation Army of this country. During the World War he had charge of all Army activities in France, and in an interview with a Times representative recounted many experiences of his work aomg the doughboys across the pond. He gave as the reason for the Salvation Army's success in their activities over seas, the fact that its workers interested themselves in the soldier himself, helping each individual according to his wants. Previous to his work over seas Col. Barkar was in the service of the Army in New York city for 15 years as one of the national secretaries, and after the close of the war he was sent to the Northwest to have charge of activities in this area, with headquarters in Minneapolis. He has more than 100 officers under his supervision.

Salvation Army work is having a revival thruout the country, and people are showing more interest in religion than for some years back, according to the Colonel.

On his inspection tour here Col. Barkar was accompanied by Adjutant Chesham, also of Minneapolis, divisional secretary, and both stated that they found the work here to be progressing at an encouraging rate. "With such men as Captain Youngdahl and Lieutenant Bollinger at the head we are looking for the Thief River Falls corps to come to the front ranks in Army activities," said Col. Barkar. "Much has been accomplished in the past and the future bids for more."

A special meeting was held at the Army hall Tuesday evening, which was well attended. The visiting executies returned to Minneapolis that evening, having also held meetings in Fargo Saturday and Sunday and in Crookston on Monday.

LARGE CROWDS ATTEND I. H. C. SHORT COURSE

(Continued from page 1)

which was heartily applauded as was also the splendid numbers given by the high school girls' glee club.

Music by the high school orchestra opened the Monday evening program. The orchestra is under the leadership of Miss Johnson and the young musicians brought uproarious applause from the large audience for their splendid performance. They are indeed deserving of much credit for the showing and the enjoyment furnished the crowd. A very instructive talk, "Keep Vigorously Alive," by Miss Wigent followed a series of community songs. "The success of any individual depends upon how healthy he keeps his body," declared the speaker. A delightful piano solo was rendered by Mrs. Doris Halvorson Pope, an encore being responded to by the able pianist.

Among the most enjoyable features of Monday evening's program was the drill put on by a number of girls from the Goodridge consolidated school. Twenty-five young ladies took part, robed in white, and executed the parts of the performance to perfection. A most pleasing effect was created by the special lighting. Large delegations from Goodridge attended all the sessions of the course.

The principal talk of the evening was given by J. G. Haney, prominent member of the extension division of the company, who had as his subject, "Diversified Farming." Much valuable information was derived from Mr. Haney's talk who has had ten years' experience as head of the company's farm near Grand Forks. The importance of dairy cows, alfalfa, clovers, corn and other allied phases of diversified farming were stressed, Mr. Haney expressing high praise of the Pennington county farmers who are marching ahead along this line rapidly. He urged getting away from one-line farming.

Tuesday morning's session was particularly adapted for children, community singing and songs by a group of about 200 grade children opening the program. Miss Wigent repeated her talk on birds and discussed the dangers of flies as related to the transmission of disease.

"Dairying" was the subject of the main talk by Mr. Wenstadt Tuesday afternoon, this being one of the most instructive and practical discussion on that topic ever given here. Every phase of the industry was considered and ably and clearly presented to the audience, 75 percent of which consisted of farmers. In harmony with the lecture V. C. Noper, one of the foremost Pennington county dairymen, sang a song entitled, "Eggs for Your Breakfast Every Morning," which made such a hit that he was called on for two more numbers. Preceding the lecture the junior high school boys' glee club delighted the assemblage with a group of songs, the evening closing with the showing of two reels of agricultural motion pictures.

As usual the Tuesday evening program was opened with some rousing community songs led by Miss Johnson. An inspirational talk on "Community Development," by Mr. Wenstadt was the feature of the evening. Good citizenship and fellowship and the working together of town and country was emphasized by the speaker. A group of lively songs, including the famous Pennington county "Alfalfa Song," were heartily applauded by the assemblage of more than 1000, the program closing with an interesting talk on "Beautifying Our Home Grounds," by L. A. Hawkins.

Thief River Falls and community was decidedly fortunate in securing this course and such an excellent group of speakers, and the Commercial club and other organizations and individuals connected with the promotion of the event feel that the results are highly gratifying. All the programs were both entertaining and instructive in every detail.

BOX FACTORY MAKES 800 CRATES DAILY

Market For Entire Output Assured; May Operate on Night and Day Basis

A box factory in Thief River Falls is now a reality and a crew of 12 men are daily turning out 800, 30 dozen egg grates, which adds another industry to the city.

The plant, located in the Rasmusseen garage building on Main avenue and Fourth street, is at present being operated on the eight-hour day basis. The equipment is complete, from ripping the boards on the circle saw to the dry kiln, and nailing department. Even at the present schedule the proprietors, William and Karl Korstad, state that the business is a paying proposition but it is the intention of the management to operate on a night and day basis, which will double and treble production without a proportionate increase in operating expenses and overhead.

Markets for the entire output of the plant is assured. Already a small shipment has been made to Grand Forks but the chief market will be Minneapolis and other large cities. The crates are shipped in knockdown form, ends and sides nailed in sections and bundled.

Material for the manufacture of the boxes will have to be shipped in according to the Messrs. Korstad. Many farmers in the near vicinity have available timber for the purpose but road conditions do not always permit delivery at the proper time and consequently does not provide a dependable source. However, all timber, which meets the requirements of the work, brought in by farmers will be purchased at the regular rates, which at the present is seven dollars a cord.

Farr Taken to Warren

J. F. Farr, who was recently found guilty in district court, of having intoxicating liquor in his place of business on LaBree avenue, was taken to Warren yesterday by Sheriff Ole L. Ihle to serve a 90 day jail sentence. A fine of $300 was also a part of the sentence. His soft drink establishment is now in the charge of William Lacy.

DeParcq at Home

William DeParcq, son of Mr. and Mrs. H. W. DeParcq, who was injured in an automobile accident last summer and has been confined to the Physicians hospital since that time with paralyzed legs, was taken to his home Friday. The paralysis has not yet left him but he is in good spirits and otherwise enjoying good health.

SUPREME COURT AFFIRMS DECISION IN RASMUSSON CASE

Must Serve Jail Term on Liquor Charge. Brendecke is Granted New Trial

A. C. Rasmusson, proprietor of the Jefferson cafe on Main avenue, who was convicted by a jury in district court last June on a charge of having liquor in his possession illegally, must serve the jail term handed him by Judge Andrew Grindeland and pay a fine of $300, the district court decision being affirmed by the state supreme court. Rasmusson appealed the case to the supreme court and after serving 10 days of a 90-day sentence, was granted a stay until the case was decided by the higher tribunal. The decision was given Wednesday of last week. Rasmusson will be taken to Warren to serve the remainder of his jail term as soon as the commitment papers are received by Sheriff O. L. Ihle.

A new trial was granted Fred Brendecke upon his appeal to the state supreme court from a decision rendered against him on a charge of selling liquor, the case being tried before a jury at the June term of district court and Brendecke convicted. Judge Grindeland assessed him a fine of $400 and four months in jail, but upon appeal to the supreme court a stay was granted.

The supreme court holds that when a person is charged with a second offense the second charge must be identically the same as the first. Brendecke was first convicted in 1921 on a charge of having liquor in his possession unlawfully, while the second charge last summer was for selling liquor, this being the ground given for granting a new trial of his case. It will most likely be brought up at the next term of district court, according to County Attorney Theo. Quale.

Ringerikings Invited To Hold 1924 Festival Here

An invitation to the Ringerikingslag to hold its annual convention in Thief River Falls this summer has been extended to Hans Heen of Adams, N. D., president of the organization, by a committee of the Sons of Norway lodge in this city.

The invitation was extended following a meeting of the lodge recently when the matter was brought before its members, several of whom are Ringerikings. Mr. Heen was in the city recently and stated that Thief River Falls is being considered as a favorable pace for the 1924 convention.

Several hundred delegates from sections thruout the Northwest, recent residents and descendents of residents of the district of Ringerike in Norway, are expected to attend the meeting should it be held here.

Court Upholds Conviction of Gummer, Slayer of Wick Girl, Now Serving Sentence

The North Dakota supreme court Saturday affirmed the conviction of William Gummer, alleged murderer of Marie Wick, of Grygla, whose slain body was found on the morning of June 8, 1921. The verdict was a composite opinion with Associate Justice W. L. Nussle dissenting. The decision, attorneys for the state assert, shuts off the last possible chance for Gummer's escape from the sentence of life imprisonment which he is now serving at the North Dakota state penitentiary.

The slaying of Marie Wick at a Fargo hotel on the night before the murder was discovered and for which Gummer, then the hotel clerk, was held, convicted and sentenced, created a sensation in the Northwest, particularly in this community, and city and county officials characterized the crime as one of the most brutal ever committed.

The body of Miss Wick, who was 18 years old, was found in the hotel about seven a. m. on June 7, after she had registered at the hotel the previous night. She was on her way to Pettibone, N. D., from her home in Grygla to spend a vacation with her relatives and had stopped at Fargo to make train connections.

Gagged with parts of the bed clothing and trussed to the bed with blood-soaked pillows, an investigation showed the girl had been attacked before being beaten to death with the nozzle of a firehose.

After eight days of investigating Gummer was arrested on a charge of murder. He stoutly denied any connection with the crime. After a preliminary hearing, however, he was ordered bound over to the Cass county district court for trial and was later convicted.

Many Hear Lake Mills Pastor

The revival meetings held at the Zion Lutheran church, Rev. Geo. Larson, pastor, last Friday, Saturday and Sunday were well attended, the church being filled to capacity at nearly every session. Rev. John Hanson of Lake Mills, Iowa, spoke at all the meetings and gave his many listeners much inspiration by his sermons. Rev. Hanson left Monday for Battle Lake to conduct similar gatherings.

Nerve fibers begin in the brain, pass through the spinal cord, and end in the various organs and tissue which they feed.

Cut a nerve trunk, and the part served becomes dead. This is proof that some kind of power passes over that nerve and is necessary for the part fed to work properly. Chiropractors call that power NERVE FORCE.

When this nerve force is transmitted over the nerve unhindered there is perfect health in the organ supplied. Any obstruction to the passage of this nerve force results in disease in the organ supplied.

If you are sick, you may be sure there is an obstruction to the flow of the life giving nerve force. And you may feel equally sure that your return to health will depend on just one thing, namely, removal of the obstruction, permitting a restoration of the normal flow of nerve force.

Let us explain to you how the misalignment of small bones of the spine may cause a mechanical obstruction to the flow of nerve current, and how we, as Chiropractors, remove this obstruction, allowing the natural life forces within you to restore you to health. You will then understand why Chiropractic is acknowledged to be the better way to health.

VOLUME 14 Thief River Falls, Pennington County, Minnesota, Thursday, Feb. 28, 1924 Number 4

DISTRICT NO. 14 CREAMERY MEN MEET HERE WED.

Over Forty Delegates From Ten Counties in This Section Discuss Problems

56 ARE MEMBERS OF STATE ASSOCIATION

Field Manager N. C. Lindberg Gives Good Report. P. Engelstad Re-elected Sec'y

More than 40 delegates from all parts of the Red River Valley attended the second annual meeting of the 14th district, Minnesota Co-operative Creameries association held in Thief River Falls yesterday. The district, which is one of the largest in the state and can now boast of a 1000 per cent membership, is made up of the following counties: Pennington, Red Lake, Polk, Kittson, Roseau, Marshall, Clearwater, Mahnomen, Norman and Clay. All of the 56 creameries in the district have joined the state association, 16 having entered the past year.

That the co-operative organizations of this section are active and keenly interested was clearly evidenced by the number of representatives taking part in the annual sessions.

The following efficient set of officers were re-elected to serve the district for the coming year: E. O. Melsness of Erskine, president; H. P. Nygaard of Halstad, first vice president; C. M. Berg of McIntosh, second vice president; Peter Engelstad of Thief River Falls, secretary; Edward D. Ryden of Clearbrook, treasurer.

The report of the secretary and treasurer were heard and approved as was also the annual report of N. C. Lindberg, field manager, who showed a tremendous growth in the association's business and production, as was noted in the summary published in The Times last week.

A resolution in answer to one passed by the Minnesota Dairy-men's association discouraged the creameries in joining the state co-operative marketing agency, was unanimously passed by the creamery delegates, denouncing the attitude taken by the Dairymen's association. The resolution will be published in full in The Times next week.

The butter sales agency was thoroughly explained by A. J. McGuire, general manager of the state association, who stated that the outlook for the future is very encouraging. He urged the making of a high grade butter. All creameries in this district have signed up with the butter sales agency.

A number of those present spoke in regard to the patron-creamery contracts, this movement to be given a strong boost in the future with a view of signing up all patrons of co-operative creameries.

It was also voted that the district association pay a portion, $15, of the expense for a delegate from each local association to attend the annual meeting of the state organization in St. Paul March 4, it being expected that every creamery in this section will be represented.

GROWERS OF GRIMM ALFALFA ORGANIZE AT MORRIS MEETING

T. J. Sumpter Represents Pennington Growers at Gathering to Form Association

T. J. Sumpter, one of the leading alfalfa growers of Pennington county, residing near Hazel, left Monday evening for Morris to attend a meeting of Grimm growers of the state yesterday, with a view of organizing a state Grimm Alfalfa Growers' association. Mr. Sumpter was authorized by the county alfalfa committee to act in behalf of Pennington county growers. Definite information as to the proposed organization has not been received as yet but will be announced upon the return of Mr. Sumpter.

R. C. Grimm and A. C. Arny of the University Farm and P. E. Miller and R. O. Bridgefort of the Morris Agricultural college were among the principal speakers at the gathering.

The organization with its object to restore Minnesota to its place as the chief source of Grimm alfalfa seed, lost since the death of Wendelin Grimm, the Carver county farmer who developed the strain, is an important step taken in the advance of alfalfa culture. Altho Minnesota today has a large acreage in this crop, the lack of organization of growers gives no central place to which buyers of large quantities can go to.

The movement means a great deal to Pennington county growers, it is pointed out by growers and County Agent McCann. Many already have established fields of Grimm alfalfa and about 200 farmers thruout the county made purchases from the carload of 22,000 pounds certified Grimm seed shipped here from Idaho by the Pennington County Bankers' association, thus assuring practically exclusive growth of this variety in the community. After the distribution of the carload in addition to a considerable amount of seed purchased from local growers, it is claimed that there is still a demand for about 10,000 pounds more.

A large amount of certified seed has been sold by Mr. Sumpter, who harvested a considerable crop last year, and has realized a neat sum from this source.

Communication was received here this morning that Judge Hallam will speak in favor of the McNary-Haugen bill over WLAG tomorrow evening at 7:30.

Ten Carloads Sw[illegible] Clover Seed in District This Year

Sweet Clover is commonly known to be a valuable and profitable hay and forage crop but few realize the tremendous growth of this plant in this section of the state. A five pound bag of this seed was received by Tessum & Co. May 14, 1923, followed by three hundred pounds at a later date that year. This was the first to enter this territory. This past season the same company has handled ten carloads, nearly 500,000 pounds, of sweet clover seed, all raised in this part of the state. Sweet clover is recognized as one of the best pasture crops and as a hay crop has many good qualities.

BEST GROWERS WILL BE ALLOTTED SUGAR BEET ACREAGE HERE

Club Committee To Distribute Acreage Among Pennington County Farmers

Contracts for the 1924 sugar beet acreage of 750 acres in this community will be sent here by the Minnesota Sugar company at Chaska this week, according to announcement by County Agent J. J. McCann, who is in charge of sugar beet raising in the Thief River Falls territory. Pennington county farmers have been allotted 650 acres this coming season.

The total acreage allotted to the entire Thief River Falls territory by the Chaska company meets only one-fourth of the demand, applications calling for a total of 3,000 acres.

Upon arrival here the contracts will be gone over by the sugar beet committee of the Commercial club, which will determine the allottments to individual applicants. The growers who were most successful last year, who have well prepared land and are located close to a railroad station will be given preference in the distribution of the 1924 acreage, says Agent McCann. This distribution will not take place until the new club committees for the coming year are appointed, which it is expected will take place within the next two weeks. The matter of changing the constitution of the present commercial organization necessitating a few other changes such as the appointment of committees, will be taken up before appointments for the year are made.

A higher guarantee price may be secured this year, according to indications, last year's guarantee being $5.00. Growers of approximately 2,200 acres in this territory were paid $5.00 per ton for beets last fall and last week checks for $3.74 per ton paid up the difference between the amount received in the fall and the price the beets sold for, the latter amount being commonly called the "bonus." This brings the price received for the 1923 crop to $8.74 per ton.

A number of growers had yields from which they realized returns of $100 or more per acre, the labor and seed furnished by the company amounting to about $23 per acre. The prize for the highest yield on a large field was won by Charles Correll, who had an average yield of 11 tons to the acre on 25 acres, or gross returns of approximately $96 per acre.

School House in District No. 227 Destroyed by Fire

The school house in joint district No. 227, known as the N. A. Nelson school, located four miles south of St. Hilaire, was completely destroyed by fire of unknown origin Friday evening, Feb. 15. Nothing unusual was noted about the heating system when school closed on Friday, and the fire did not start until a few hours after that time. The building was small and quite old. The district is divided by the Red Lake River with approximately the same amount of territory on each side. It is likely that the pupils will be taken care of by the adjoining districts until arrangements are made for accommodations. John Mortenson is the clerk of district 227 and Miss Rose Lehmkul is instructor.

MUCH INTEREST IN GROWING OF CUCUMBERS HERE

Pickling Concern Will Establish Salting Station if 200 Acres Are Secured

APPLICATIONS ALREADY TOTAL NEARLY 75 ACRES

Proposition Will Be Taken Up With School Children in City and Vicinity

Thief River Falls is likely to secure a salting station for cucumber pickles in the near future, according to present indications. As announced previously thru The Times the M. A. Gedney company of Minneapolis, largest manufacturers of pickle and food products in the Northwest, has made a number of inquiries as to the possibile acreage which could be secured in the vicinity of Thief River Falls, with a view of establishing a salting station here, and a campaign to secure the required acreage of about 200 acres is now being sponsored by the Commercial club.

Application for approximately 75 acres have been received at the county agent's office, J. J. McCann stated to a Times representative yesterday, 50 acres being spoken for immediately after the announcement of the proposition by Dr. H. W. Froehlich, president of the Commercial club, during the short course held in this city last week. A great deal of interest and enthusiasm has been shown in this project during the past two weeks and if this is continued it will be only a short time until the desired acreage is secured, stated Mr. McCann.

An effort wil be made to interest the school children in the city and nearby country to grow cucumbers for pickle purposes, a committee composed of Olaf Neset, chairman, H. A. Pratt and Alf Borry being appointed from the commercial club last Thursday to have charge of this movement. In this way it is expected that quota will be reached next week. The applications received are from residents of the city and farmers residing a short distance away, altho farmers ten miles from the station can engage in cucumbe rproduction for pickles, according to information from the company. They must be picked every other day, beginning the latter of July and continuing until a killing frost in September, the harvest coming during the summer vacation when the children are home from school and can help with the work.

Contracts call for fields from one-half acre to two acres. It is pointed out that the crop can be grown successfully in this locality, as has been shown by Detroit farmers who realized from $50 to $500 per acre last year, a communication from the company states. The seed is furnished by the Gedney company at 60 cents per pound.

Everyone interested in the raising of this crop, residents of both city and country, should see County Agent McCann for further particulars. As soon as the necessary acreage is signed up a representative of the company will come here to sign up contracts and complete arrangements.

Reliable Tire and Battery Shop Moves to Main Avenue

The Reliable Tire and Battery shop now located on Bridge street west, will be ready for business at their new headquarters at 313 Main Avenue in the Alness building March 1. In their new quarters they will have a larger floor space and room for more complete equipment which will be a great asset in serving the many customers which they now have and hope to make. They have been in business on Bridge street the past year and have established a good trade. The proprietors, Tommerdal and Rude, announce a full line of Fisk tires and Exide batteries.

OUR REPRESENTATIVES "BACKED" BY U. S. TREASURY

The above picture shows State Senator C. L. Hansen (center), president of the First National bank of Thief River Falls, together with Senator Magnus Johnson (right) and Congressman Knud Wefald (left) in front of the U. S. Treasury building in Washington, D. C., and was taken while Mr. Hansen attended the special conference of prominent agricultural leaders and bankers of the Northwest, called by President Coolidge during the first part of February to consider relief plans for this section. Mr. Hansen appeared in person before the Finance Corporation together with the two Minnesota representatives in the national legislative body.

BASKETBALL TOURNAMENT

Citizens of Thief River Falls and surrounding community, as well as others interested in high school basketball, await with much interest the coming of the district tournament to be held in this city March 6 and 7, at which time eight teams will compete for high honors in the First athletic district.

The committee in charge of making the necessary arrangments for this event have met and the "stage is all set" for the first tournament to be held in Thief River Falls. Details of the tournament and other basketball "dope" wil be found on the Progress page.

Following is the standing of the teams of the district as announced yesterday:

Team	Won	Lost	Pct.

LOCAL EXHIBITORS AGAIN WIN PRIZES AT OWATONNA SHOW

Grain Exhibits From Pennington Rank High Among Entries From Entire State

High honors are again accorded Pennington county grain growers, this time in competition with exhibitors from all parts of the state. A large number of local exhibitors who had previously received prizes for entries in the Crops and Poultry show here and at the Winter Shows at Crookston were given prizes in the various classes at the annual meeting of the Minnesota Crop Improvement association held at Owatonna last week, the sessions closing Friday.

The following prizes were awarded to exhibitors from this community: Orton Olson of Thief River Falls, second, and Hjelle Bros., of Newfolden, sixth, Marquis wheat; T. J. Sumpter of Thief River Falls, first, and Hjelle Bros., of Newfolden, third, alfalfa. Hjelle Bros. first, Mammoth clover; fourth, timothy; fifth, white sweet clover. L. A. Westphal of St. Hilaire, first, Minnesota No. 13 corn; fifth, Minnesota No. 23; second, White Rustler. Orton Olson, fourth, White Rustler corn.

Marshall, Roseau and Kittson county exhibitors also captured a number of prizes and proved that first class grain can be grown successfully in this section. A splendid showing was made by Pennington farmers considering that entries were made by growers from all sections of Minnesota.

WINNERS IN JUNIOR CLUB WORK AWARDED CERTIFICATES

Commercial Club Honors Many Youths of Pennington Co. At Special Luncheon

Winners in Pennington county junior club work are today honored guests of the Commercial club at the regular noon luncheon when a group of boys and girls are presented with the certificates of award made specially by the club of this city.

Those who were given free trips to the Minnesota state fair last fall for having won high honors in club work in this county and who are feted by the Commercial club today are: Dairy calf, Randall Noper and Gordon Hunt, the latter also being awarded a free trip to Chicago; bread club—Myrtle Helgeland, awarded a free trip to Chicago also, and Ansof Dahlen; sheep club—Helen Satre, William Froehlich and Wallace Benson; Pig club—Julia Malmquist. Lawrence Letnes of the poultry club and Virgil Denhart of the sheep club were given free trips to the state Boys' Camp during the Minnesota fair, as a recognition for having done the best club work in Pennington county.

A. J. Kittleson of Crookston, district club leader, is in the city today to make plans for 1924 activities in this community, which are under the supervision of County Agent J. J. McCann. He also speaks at the noon club luncheon regarding junior club work and announcing the awards and free trips for the coming year. A number of interested boys and girls in attendance at the special luncheon will enroll today, according to Mr. McCann.

Besides being a Junior Club day, the meeting today will also pay tribute to the Sugar Beet. Chas. Correll, winner of the $50 prize for the greatest yield on a large field, is today presented with the award by the donor, Dr. H. W. Froehlich, president of the Commercial club. A feature of the luncheon is sugar sent here specially for the occasion from the Northern Sugar corporation at Mason City, where Pennington county beets were shipped last fall.

Drill By Community Club

The "Venetian Flower Drill" given during the Farmers Short Course in Thief River Falls last week, was presented by a group of young ladies of the Goodridge Community club instead of by the Goodridge school, as was announced at the meetings and thru the programs. The drill was put on under the direction of Mrs. A. B. Josephson and was the hit of the Monday evening program. The group is deserving of much praise for the enjoyable performance and local people who saw it are anxious for another opportunity to see the Goodridge young folks on the stage.

CEMENT PIERS PLACED UNDER FILTER PLANT

Seven Supports Constructed To Prevent Further Settling of Portion of Building

STRUCTURE NOW RESTS ON SOLID FOUNDATION

Condition of Building Improved by Filling of Cracks in East and West Walls

In an effort to prevent further damages to the filtration plant in this city caused by a crack which has practically split the building thru the center, a crew of workmen has been employed by the city council, under the supervision of Martin V. Evenson, president of the council, to construct seven piers under the southern section of the building supporting the part of the structure which had sunk so as to bring about the crack, which is now about three inches wide at the top.

The piers are of concrete construction 32 inches in diameter and rest on a footing 18 inches thick and five feet in diameter. They extend from 11 to 15 feet below the present footing of the building, which is about six feet below the surface, and rest on heavy clay and gravel. A support is placed under each of the two corners on the south side, one in the center under the south wall, one under each of the two corners of the building proper and one on each side, the east and west, near the crack. It is believed that with these supports on solid foundation ground further settling of the southern portion of the plant will be prevented. The ground giving support to the footing of the building as constructed according to specifications of the engineers employed, is found to consist partly of dirt filled in and a layer of loose surface ground and peat averaging three feet, making it necessary to dig down several feet below the foot of the foundation before solid ground was reached.

Work on the supports was begun Monday of last week, four men being engaged in the project, and it is expected that the last pier will be completed today, according to Mr. Evenson. The work is being done at a very small expense, states the council president.

Besides the construction of the piers the building is also improved by filling the cracks in the west and east walls with oakum and cement to prevent further leaks. With these repairs it is thought that the plant will be safe from further damages as a result of the settling, which developed a year ago shortly before it was put into operation.

L. J. Erickson is in charge of the filtration plant and reports show that during January a total of 4,971,300 gallons of water was filtered for consumation in the city. The operating expense, including interest, depreciation and other items, is about 15 cents per 1000 gallons, according to Ole Legvold, superintendent of the city water and light department.

In addition to the water from the filtration plant some is also pumped from the well so as to keep the standpipe into the elevated reservoir from freezing, the water from the river having a temperature of 30 degrees while the well water is up to 50.

The question of who is responsible for the crack which developed in the building is the source of considerable litigation, the suit of C. M. Carlson, contractor, for the payment of $1000 held back on his contract, being appealed by the city to the state supreme court after the case had been tried in district court and the decision rendered in favor of Mr. Carlson.

POWER HOUSE INSURANCE IS CANCELLED

Fire Protection of $52,000 on Fire Proof Building Deemed Unnecessary Expense

Thief River Falls has a fire proof water works and power station, yet $52,000 fire insurance has been carried thereon in the past at an annual premium rate of $346.98—a needless expenditure in the opinion of the newly elected aldermen. Thirteen policies were ordered cancelled at the session of the council Tuesday night.

This information came to light when the aldermen were checking over the bils presented to the council for allowance at the regular meeting Tuesday night. Several policies had just expired and renewals were in while others were about to expire within a day or so. The rates charged for this insurance ran all the way from 22 cents to $1.80 per thousand dollars. Hereafter scrutiny of all policies will be the order of the day as the council is determined on holding down expenditures to the minimum.

It is the desire of the aldermen to fully protect the present cash balance in the banks and to build it up so as to be ready to meet any extraordinary expense which may be incurred on account of improving the present electric light system.

According to the monthly report of the city clerk, P. G. Pederson, there was $36,097.39 on hand Feb. 1, of which $9,000 is in the Citizens State Bank, fully protected by personal bonds. The light department according to the same statement, showed earnings during January of $6,178.69 while the water department for the last three months showed earnings of $2,319.88, this being a quarterly collection instead of a monthly one. The police report showed three arrests for the month of January while the report of the judge of the municipal court, N. W. Tarrant, showed receipts of $71.30.

Penalty on Personal Property Tax Takes Effect Mar. 1

All personal property taxes must be paid before March 1, and there will be no extension of time after that date, according to County Treasurer John Gullingsrud, who calls the attention of tax payers to that fact. The penalty of ten per cent goes into effect unless the personal property taxes are paid on or before the last day of this month, Friday of this week.

There is some misapprehension on the part of the taxpayers, many of whom believe that the extension of one month made last year will be continued. The legislature made no such provision for this year.

RIGHT-OF-WAY HAS BEEN SECURED FOR ST. HILAIRE ROAD

Road Building in County Will be Less in 1924 Than During Previous Year

Work on trunk highway No. 32, commonly known as the Jefferson Highway, between Thief River Falls and St. Hilaire, is practically assured to commence this spring, according to information from the office of Bert F. Umland, county highway engineer. All the right-of-way which can be secured without legal procedure has been obtained by the state department and present indications point towards an early start.

The contract for the construction of the seven and one-half miles was let to A. T. Crown of this city, and work would have been started last fall had all the right of way been secured. The department, realizing the necessity of building this piece of road, decided to award the contract as an emergency project, after it had been found that owing to the omission of the word "not" in the law Pennington county could not sell reimbursement bonds. The contract calls for completion of the work by Sept. 10, this year.

County Engineer Umland, in attendance at the annual meeting of highway engineers in Minneapolis last week, presented the 1924 road building program for Pennington county, which was approved. Retrenchment in expenditures for roads in this county is necessary this year, according to the board of commissioners. Road appropriations for 1924 call for $30,000, in addition to which about $20,000 will be received as aid from the state, making a total of $50,000. Last year road construction and maintenance in the county called for an expenditure of nearly $80,000.

The 1924 program includes the construction and graveling of four miles between Kratka and Mayfield townships and the reshaping and graveling of four additional miles on the Highlanding-Oklee road, state aid No. 1 which will link up the present highway system in Pennington. The range line between Black River and Polk Centre townships has been designated as a state aid road and will connect Wylie with state aid road No. 4, west of St. Hilaire, thus making one of the main thoroughfares of Pennington and Red Lake counties, it being connected with the gravel road from Red Lake Falls. This road will be constructed as a 20-foot highway as soon as funds are available.

Closer co-operation between county and townships in road building, is urged in order to get roads properly engineered at but a small expense to the townships.

Twenty-foot crown roads will be constructed on the less traveled thoroughfares, instead of 24-foot as on the county trunk roads, to reduce cost these roads will be widened later as the traffic demands. The reshaping can then be done with little additional expense.

The roads in this section have been in first class condition during the past winter with practically no snow to bother the autoist.

J C. PENNEY CO. IN NEW QUARTERS

Larger Floor Space in Third Street Building Permits Increased Stock

Open for business at their old location on Main and second street until the closing hour at 9 o'clock Saturday evening and open for business in their new location of Main and Third street at opening time, 8 o'clock Monday morning is the feat accomplished by the J. C. Penney company here this week.

With the additional floor and shelving space the company are already carrying more than double the stock formerly carried in the old location. The ready to wear department has been increased by 200 percent, and many of the other lines doubled in volume. With the advantage of more space and better facilities the company plans many new lines, as well as a more complete stock in the staple lines already handled.

At the present time twelve clerks are employed, which number will be increased by one or two next week.

HAVE YOU ANY OLD CLOTHING?

Members of the Ladies' Aid of the St. John's Lutheran church are making preparations to send a box of clothing to needy people of Germany and ask everyone interested in giving articles of clothing or shoes to do so before March 5. Donations may be left at the St. John's church basement or at the parsonage, according to the request. There is at the present time an urgent need for aid in Germany, especially among the children, and in view of this the local Ladies' Aid is making an effort to help by sending as much wearing apparel as can be secured from people of the city.

RURAL CREDITS LOANS HERE NOW REACH $877,700

Total of 158 Loans To Pennington County Farmers Have Been Recorded To Feb. 23

LARGEST LOAN IS FOR $15,000 ON 300 ACRES

Marshall County Has Received More Than Million Dollars Under New Act

The amount of money loaned to Pennington county farmers under the new rural credits act passed by the last legislature is nearing the million mark, according to figures obtained from Fred Lorentson, register of deeds, and new farm mortgages are still coming in to the office to be recorded. Up to last Saturday rural credit loans in this county aggregated $877,700, a total of 158 mortgages having been filed in the register of deeds' office since the rural credits bureau began operations, the first mortgage under the new act being entered during the latter part of August.

During the two weeks from Feb. 2 to Feb. 16 fourteen mortgages for state loans were recorded, according to Mr. Lorentson, representing a total of $72,400. On Nov. 17 a total of 79 loans aggregating $460,300 had been made in this county, the amount having nearly doubled since then.

The loans granted range in amount from $1,500 on a 120-acre farm to $15,000 on a 300-acre farm near St. Hilaire, one of the finest in the county. Only one $15,000 loan, which is the maximum allowed, is recorded so far, the average being about $5,500. Most of the loans are on a quarter section of land. There is one loan for $13,500, two for $13,000, two for $12,000, one for $11,500, two for $11,000, eight for $10,000, sixty-two between $5,000 and $10,000, and the remaining eighty for sums ranging from $1500 to $5,000.

The rural credit loans in Minnesota now total about $10,000,000, the maximum being $40,000,000. In Marshall county 208 farmers have received $1,001,100, according to an article appearing in the Warren Sheaf last week.

Under provisions of the law loans may be made only to actual farmers, 35 years being allowed for re-payment by amortization. The borrower must pay 6½ per cent interest in semi-annual payments. Most of the loans are being made to retire previous debts and the money coming into the community thru the channels of the rural credits act is doing much to relieve the strained financial situation.

Canned Goods Week

March 1 marks the opening of another "week," namely National Canned Foods Week, which continues until the 8th. It is urged that all housewives read the special article concerning the event appearing elsewhere in this issue.

PARENT-TEACHERS TO HOLD MEETING MONDAY EVE MAR.3

One of Most Interesting Programs of Season Prepared For Gathering

A very interesting program has been arranged for the next meeting of the Parent-Teachers association which will be held at the high school auditorium Monday evening, March 3.

"What the Parents expect of the Schools" is the general topic for the evening's program, there also being opportunity to discuss any other topics of interest to teachers and school patrons of the city.

The question of joining the Minnesota Parent-Teachers association will be taken up. The National Congress of Mothers and Parent-Teachers associations will be held in St. Paul this spring and it is likely that the local organization will join the state and national bodies and send delegates to the St. Paul meeting.

Two instructive talks are included in the program prepared for Monday evening, one on "How the Schools can co-operate in Child Welfare Work," by Mrs. J. M. Bishop, regional chairman of welfare boards. Rev. J. B. Smith has chosen as his subject, "The Teacher's Influence Upon the Child's Ideals." Musical numbers will be rendered by the Woman's club chorus and the Central School Glee club.

Among the features of entertaining nature will be the playlet: "Mrs. Smith Learns the Truth," in which the following students take part: Evelyn Thompson, Esther Lunsetter, Eulaine Korstad, Evelyn Carlson, Oliver Dahl, Lawrence Bjorkman, Robert Halvorson and Orrin Storholm.

Everyone should make it a point to attend this meeting as the program is especially attractive and is certain to be highy instructive.

Kohn and Fiterman to Re-Open For Business Mar. 1

A. R. Kohn of the Kohn and Fiterman company of this city returned from Minneapolis Wednesday morning to resume business in the Chevrolet dealership, which he and Edward Fiterman conducted the past year. Mr. Kohn has attended the Dunwoody institute the past three months, studying motors and ignition. The company here wil be open for business by the first of March.

A carload of Chevrolet cars was shipped from the factory to the company here, Feb. 25th, and will arrive here shortly.

For Alice Larson

Miss Alice Larsen, daughter of Mr. and Mrs. L. G. Larsen, was the honorary guest Monday evening when her mother entertained a group of her friends at her home in observance of her 11th birthday anniversary. The decorations bore out a pink color scheme. Seven of her school friends were present, including the Misses Loraine Zellmer, Millicent Arnold, Marian Gray, Gladys Bowers, Rosine Dahlen, Orpha Gabrielson and Elva Tharaldson.

For Mrs. Alfred Sollom

Mrs. Alfred Sollom was pleasantly surprised at her home on Arnold avenue Friday when a large number of her friends gathered at her home in commemoration of her birthday anniversary. Her birthday is the 23 of February but as she left that day for Bemidji for a week end visit her friends celebrated the occasion a day earlier. The evening was spent in a social way. At 10:30 a lunch, brot by the self-invited guests, was partaken of. As a token of esteem a small sum of money was presented to Mrs. Sollom. The self-appointed guests included the Mesdames Marie Fossum, Ed. Peterson, J. Hermanson, T. Rierson, A. E. Lufkin, P. P. Rierson, L. P. Popperhagen, H. A. Mee, V. Johnson, Nyberg, T. A. Fossum, W. Fossum, Louise Fossum, Frank Carlson and Bertha Fossum, and the Misses Myrtle Sollom, Tillie Nyberg, Emily Fossum and Anna Hjork, and L. W. Fossum.

First Birthday Anniversary

Little Donald Fahey, son of Mr. and Mrs. L. J. Fahey, was the guest of honor Saturday evening when his parents entertained a group of relatives at their home in observance of his birthday. Dinner was served at six o'clock. Little Donald apparently appreciated seeing the many faces at dinner, but he has yet, no doubt, to learn the significance of the occasion. Those present were Mr. and Mrs. Fahey and family, Mr. and Mrs. J. B. Connor and son Clifton and Mrs. C. T. Christenson and daughters Thelma and Gladys of Minneapolis.

Six-Thirty Dinner

Mr. and Mrs. L. G. Larsen were host and hostess to a group of their friends Saturday evening. Dinner was served at six-thirty, covers being laid for 14. Decorations carried out the seasons favors in patriotic colors.

Royal Neighbors Entertain

The Yeomen Lodge sponsored a dancing party at the I. O. O. F. hall Thursday evening, when they entertained for members and invited guests. Refreshments were served at a late hour.

Mr. and Mrs. Stitt Entertain

Mr. and Mrs. J. L. Stitt entertained a few of their friends at their home Saturday evening. The hours were pleasantly spent at whist. At midnight refreshments were served by the hostess. Those present were the Messrs. and Mesdames F. P. Green, A. H. Heggan, J. F. Steen and J. Skog, and Mrs. J. H. Kuecks.

Mrs. Johnson Entertains

Mrs. R. L. Johnson was hostess to a group of her friends Saturday evening. The evening was spent at cards. Refreshments were served at 12 o'clock. Those present were Mr. and Mrs. Arthur Auringer, Mr. and Mrs. Henry Dostal, Misses Inga and Jeanette Oftedahl and the Messrs. Harold Eide and Albert Simons.

The Legion Auxiliary will hold a regular business meeting at the club rooms Tuesday evening at 8 o'clock.

William Herrick Weds

Miss Ann Froehlich of Minneapolis and William Herrick, son of Mr. and Mrs. Fred Herrick of this city, were married in St. Paul, February 21st. At present William Herrick is serving in the army at Fort Snelling, the term expiring in 11 months. They will make their home in St. Paul according to reports received this week. He attended the local high school until his junior year and two years ago joined the army, since then having trained at Fort Snelling.

Loyalty Meeting

The next Loyalty meeting of the W. C. T. U. will be held at the home of Mrs. T. B. Sweger, 214 Horace Ave., Tuesday afternoon, March 4th, at 2:30 o'clock. After the business meeting a citizenship program will be carried out by several students of the science class of the high school under the direction of Mrs. Theo. Quale. Mrs. W. W. Prichard, Jr., will give a vocal solo number, "America, the Beautiful." Lunch will be served by the hostess. All women interested in these programs are welcomed by the W. C. T. U. to attend these meetings.

For Douglas Booren

Mrs. G. W. Booren entertained a group of boys at her home Saturday in compliment to her son Douglas, who celebrated his 13th birthday anniversary. They attended the theatre in the afternoon and at six o'clock dinner was served at the Douglas home by Mrs. Douglas. The rooms were decorated in Washington favors. Twelve guests were present, making thirteen at the table, significant of Douglas' age.

Legionaires Stage Hop

Members of the Elmer J. Eklund post of the Legion will be hosts to a large group of their friends at the Legion hall this evening. The best of music has been secured and with the reputation for being good entertainers they will undoubtedly show their guests to a good time.

Miss Effinger Entertains

Miss Elva Effinger entertained a group of her friends Friday evening at the home of Mr. and Mrs. Fred Holzknecht, where she makes her home, in the form of a George Washington party. The rooms were decorated in red, white and blue with Washington favors. The time was spent at games. Miss Frances Shannahan won first place in a hatchet puzzle, the Misses Verna Becker and Harriet Fuller took first and consolation prizes, respectively, at progressive whist. Refreshments were served by the hostess at a late hour. Eight friends were present.

Domestic Life Portrayed In 'Dangerous Age' Coming To Princess March 2 and 3

In the selection of the cast for his latest production, "The Dangerous Age," a First National attraction which is coming to the Princess Theatre on Sunday and Monday, John M. Stah, the noted producer, has more than fulfilled the promise by the term "All-Star." Lewis Stone heads the list as the personification of the title, and among the other members of the cast are such celebrities as Edith Roberts, Ruth Clifford, Helen Lynch, James Morrison, Cleo Madison, Myrtle Stedman, Edward Burns, "Bellorice" Lincoln Stedman and Richard Tucker.

The story is an original from the pen of French Irene Reels, and treats interestingly of the domestic problems and affairs of an average American family. It contains a near-tragedy, several melodramatic thrills and plenty of suspense and humor.

The picture takes its name from the theme, a subject that has long been a matter of popular discussion. As a rule, parents point to the "flapper" period as the dangerous age, while the rising generation insists that the so-called "settled" age really rests on the brink of domestic disaster and infidelity.

In this production Mr. Stahl handles the question in a most effective manner, keeping it free from preachment and getting the most out of every situation.

"The Dangerous Age" is a novel photoplay in a number of respects. The producer demonstrates that it is possible to film a story of real life, containing incidents that could happen to all of us, and yet impregnate it with a dramatic intensity that is overpowering.

E. G. Forks Wins Over Argyle

East Grand Forks high school made it two straight over Argyle high on the latter's floor Friday night in a 13 to 10 victory. Argyle defeated Warren the previous week.

Return From Duluth

Mr. and Mrs. Charles Lieberman and children returned Monday evening from Duluth where they attended the wedding of Mr. Lieberman's brother, Milton, formerly employed by Mr. Lieberman in this city, who married Miss Betty Altman. The wedding took place Sunday evening. They will make their home at Coleraine where he is in partnership with a Mr. Lieberman of that city, operating a clothing store.

Taxes $120.08, Not $12.08

Attention has been called to an error in the personal property tax list appearing in The Times recently, Sever Anderson of Goodridge being assessed only $12.08 according to the published list, while it should have been $120.08. Mr. Anderson states that he has been receiving some unfavorable "compliments" for being a tax dodger as a result of the misleading figures and wishes it understood that such is not the case.

GOLF CLUB HOLDS ANNUAL ELECTION

Last "Winter" Social Event of Season Held Thursday. Membership Reaches 70

The annual election of officers and board of directors of the local golf club took place at the Sons of Norway hall Thursday evening. The election places Nels Christianson as president, succeeding W. A. Barnard; H. O. Chommie as vice president, succeeding Dr. O. F. Mellby; L. M. Rayson as secretary, re-elected; Ernest Barzen as treasurer, succeeding Nels Christianson and Dr. O. F. Mellby, J. W. Hendry and W. A. Barnard as directors succeeding Dr. M. George Milan, P. W. Mabey and J. S. Arneson.

The club made no arrangements for the coming season and the meeting adjourned. However the club is considering a nine hole course in place of the present six. This matter is to be taken up at the next meeting.

After the business meeting the club participated in a special dancing and card party. About 30 couples were present. The event was in the form of a basket social. Miss Maude Johnson was manager of the evening's activities.

Another business meeting will be called in the near future to take up matters for the coming season's activities. The club starts off this year's golfing program with 70 members in good standing. With the continuance of present weather conditions local fans expect to display their expertness on the greens within a short time, according to optimistic enthusiasts.

Schools Close Friday

Washington's birthday, Friday, Feb. 22, the one-hundred-ninety-second anniversary of the birth of the first president of the United States passed without any special observances in this city. The court house, post office, banks and the schools of the city were closed in tribute to his memory. A number of the teachers spent the week end at their respective homes. Special programs of a patriotic nature were held in the schools during the week.

Jordan Penny Improving

Jordan Penney, son of Dr. and Mrs. G. A. Peaney of this city, who is attending the University of Minnesota, is recovering from a bad case of scarlet fever and complications. He left the hospital in Minneapolis Saturday after a ten day stay.

Pictures of Hoag's in Journal

A picture of three generations of the Hoag family, formerly residents of this city, taken in Florida, appeared in the Minneapolis Journal Friday. W. R. Hoag, formerly civil engineer here, William Hoag, graduate from the local high with the class of 1915, and Mrs. Helen Carmichael, domestic science instructor in the local high school in 1915, were those most popularly known to local people.

This Age of Oil

Speaking editorially, the Chicago Tribune, in its issue of February 3, says:

"Virtually every one in the nation is a user of oil and consumption grows at a rapid pace. We have a problem, therefore, not merely of conservation but of supply, and its solution is vital to the material prosperity and progress of the United States."

This able statement seems to us to justify further comment.

"Virtually every one in the nation is a user of oil"—oil in some form enters into the manufacture of every article of commerce. Without it the commodities you use could not be manufactured and sold for the price you pay now.

"Consumption grows at a rapid pace"—to illuminate this statement it is only necessary to show that in the ten states served by the Standard Oil Company (Indiana) there were, on January 1, 1924, 4,855,739 automotive vehicles registered. This is 807,367 more than were registered on January 1, 1923.

"Conservation"—it is a well-known fact that the Standard Oil Company (Indiana) by means of processes discovered and developed in its own laboratories has contributed more to increasing the yield of gasoline from a given quantity of crude than any other refiner. This increased yield was secured without in any way affecting the quality of the gasoline and without touching that portion of the crude which goes into the manufacture of lubricating oils.

"Vital to the material prosperity and progress of the United States"—comment here seems unnecessary as all must recognize the part played by petroleum in "This Age of Oil."

The Standard Oil Company (Indiana) has achieved its signal success in "This Age of Oil" by practicing the principles of fairness, equity and justice.

The Standard Oil Company (Indiana) is proud of its position as a leader in the petroleum industry—it is proud of its success—it is proud that the service it has rendered has gained the respect, confidence and esteem of the thirty million people of the Middle West.

THE CO-OPERATIVES

The showing made by the Minnesota Co-operative Creameries association in the Red River Valley district, according to the annual report is remarkable. It proves what can be done when local organizations get together and work for their interests in a collective way. One of the big things which this association does is to help the member creameries to hold their own in competition with the so-called centralizers. It is the co-operative creameries which keep up the price of butterfat, it being proven that where the co-operatives have been driven out farmers receive ten and fifteen cents below what their own institutions would pay. It is a significant fact that the Thief River Falls creamery ranks highest in the production of butter in the ten Red River valley counties, with an output of about 600,000 pounds with the St. Hilaire institution coming in third.

It is also interesting to note that patrons of the Pennington county creameries, Thief River Falls, St. Hilaire and Hazel, and the Goodridge institution which operates during the summer months, received during 1923 a total of approximately $140,000.

With an alfalfa acreage of 10,000 acres the future of dairying in this community is assured. The farmers here are showing a splendid progressive spirit in their farming operations and are among the leaders in the state to adopt the methods of diversification.

POLITICS WARMING UP

Thief River Falls will be a regular political mecca during the coming week. Beginning Saturday, March 1, the Farmer-Laborites of the county will convene here to select their district and state convention delegates and discuss political issues, on Monday the Republican precinct caucuses will take place to select delegates to the county convention, Wednesday, the 5th is the day set for the county convention of Republicans, and on the 7th G. O. P. delegates from all sections of the 9th congressional district are scheduled to meet in this city. Considerable political talk is already mixed in with the spring air and interest will undoubtedly increase from now until election day. Several prospects for the various state jobs are being considered and a number are willing to throw their hat in the ring.

THE YOUNG MEN'S CLUB

The Young men's club recently launched by a group of interested Thief River Falls boys and men should receive the consideration of every young man in the city. Attend the meeting at the Y quarters this evening and make up your mind to do what you can to make it a success. Support and boosting from the "older boys," the men, will also strengthen and further the movement. The young men are the leaders of tomorrow—help them to be prepared and fitted.

HONORS TO PENNINGTON

That Pennington county can grow corn was clearly evidenced last week when a number of prizes were awarded local growers who exhibited at the annual show of the Minnesota Crop Improvement association at Owatonna. That alfalfa grown here is generally known now, but it is significant that T. J. Sumpter carried off first honors in the state. Orton Olson again had wheat that ranks among the very best in the state.

Radio owners and operators in Slayton, Minn., have organized a club called "The Sleep Dodgers". Thief River Falls radio bugs who have sat up night after night "tuning in" on programs from stations throughout the country can fully appreciate the significance of the name.

It should be remembered that women are entitled to representation at the various political caucuses and conventions as well as the men, and owe it to themselves and the nation to take an interest in these meetings.

Notice to the Public

You are hereby notified that the scales of the Prichard Company have been leased by the City and, that on and after March 1st, for a period of nine months, the same are declared to be the official scales for all public weighing in the city, for the use of the public.

All loads, at the request of owners, may be weighed on said scales and certificates of weight will be furnished at a charge of $.10 for each net weighing.

Dated February 26th, 1924.

Notes From Short Course

"Community spirit is doing a little for the other fellow at a human and material expense to yourself," said J. L. Wenstadt, of the International Harvester Company, Agricultural Extension Department, at the short course given here last week. "A community, being the town and surrounding country, occupies the most strategic position in our civilization. As a remedy for class difference, co-operation solves the problem and should be interpreted to mean 'working together' and not 'working to gather.'"

"Carefully selected, home grown seed corn has extended corn growing to the western provinces of Canada," said J. G. Haney, of the Agricultural Extension Department of the International Harvester Company last week when giving his corn talk at the agricultural short course. "The best seed corn for this county is the seed grown in the county. Corn after changes its character very much when moved only a few miles. If you want to try out new varieties try them in a small way—never risk a large acreage on imported seed."

"If we don't grow our own fruit we won't have it," said L. A. Hawkins, of the Agricultural Extension Department, of the International Harvester Company, at the agricultural and community short course. "There should be a home orchard, a small fruit patch and vegetable garden on every farm.

"Don't kill the trees in planting but give them a fair chance. Good care and attention will pay."

Hazel Creamery Makes 6673 Pounds Butter in January

A total of 19,994 pounds of cream was received at the Hazel Co-operative creamery during the month of January, according to the monthly report submitted to The Times by Secretary I. A. Rolstad. This represents *5,357 pounds butterfat from which* was made a total of 6,673 pounds of butter. The average price paid to patrons for butterfat during the month is reported as 54 cents.

Holt Creamery Has Gain of 22 percent During Past Year

A total of $73,007.91 was paid patrons of the Holt Co-operative Creamery for 589,834 pounds cream which had an average test of 28.07 per cent in 1923, according to the annual statement of the creamery, compiled by J. A. Sorum, secretary and treasurer, which appeared in the Warren Sheaf last week. Total disbursements of the creamery for the year were $88,388.28 of which the chief items outside of payments to patrons were New York freight, $4,415.28; expense buttermaker and helper, $2,731.30; butter tubs, $2,951.27 and payment to sinking fund $1,296.06.

During the year the creamery had receipts totaling $89,415.13 of which $85,721.44 were for butter shipped, $3,308.28 from local butter sales, $1,345.80 from sale of butter tubs, $203.21 from the sale of cream locally, $136.42 from sale of buttermilk, and the rest from various sources.

Expenses for running the creamery for one year totaled $6,891.33 of which purchase of butter tubs, $1,605.47 was the largest single item. Fuel, butter color, salt, taxes, drying and repairs were among the other expenses listed.

The creamery had an increase over 1922 of 47 per cent of money paid out and 22 per cent over butter made, according to the report.

Officers of the association are Louis Wegge, president; J. A. Sorum, secretary-treasurer and P. L. Anderson, buttermaker. Mr. Wegge, John Engstrom and T. B. Felden are directors.

Bennes Attends Convention

E. M. Bennes, local representative of the Lincoln Life Insurance company, returned Friday from Minneapolis where he spent the week attending the annual district convention of Minnesota, North and South Dakota and Wisconsin representatives of the company. The convention consisted of a series of instructive meetings and social gatherings.

Returns from California

H. H. Arhart returned Friday from Los Angeles, Cal., where he was called two weeks previously on account of the serious illness of his mother, Mrs. Catherine Arhart, who is known to a number of local people, having visited in the city twice. At the time of Mr. Arhart's leaving her condition was considerably improved.

Prof. Broen to Speak Here

Prof. E. M. Broen of the Bible School of Grand Forks is scheduled to speak at a series of meetings at the local Scandinavian Evangelical church of which Rev. J. Jacobsen is pastor, beginning Monday, March 3, and continuing thru the week until the 9th. Everyone is cordially invited to attend the sessions.

Mrs. Hannah Clark

Mrs. Hannah Clark, wife of James A. Clark, died at Plummer Feb. 20th after a lingering illness. She was born at Galena, Ill., Dec. 6th, 1850. For many years she was a resident of Plummer. To mourn her passing she leaves four children, William S. Clark of Plummer, John R. Clark of Fulda, Mrs. George Malosh of Sanborn, N. D., and Mrs. George Beard of Mason City, Iowa, and a brother Samuel Kennedy of Plummer and 17 grandchildren.

The funeral services were conducted at Plummer by Rev. J. B. Smith of this city. Mrs. W. W. Prichard, Jr., Mrs. Nat Harris and Mrs. Charles Nason sang several songs at the funeral services. The remains were shipped to Fergus Falls for interment beside the remains of her husband who died five years ago.

The fellow who never has a good word for prosperous citizens is generally envious of their success.

Letter From Visitor at Boy Scout Supper Gives Praise to Local Troop

The following communication was received by The Times from someone at Karlstad, signing himself "A Scout Admirer" and is a splendid tribute to the Boy Scout movement and the supper sponsored by the Thief River Falls troop on Feb. 16:

"Thief River Falls can justly be proud to claim the boys and their mothers, that served supper last Saturday evening, in the Legion club rooms, for the benefit of the Boy Scouts.

There can be no compliments too great, or praises too loud, for such as they.

The supper was of the best, and served by the Scouts and their mothers, in a manner deserving praise and applause.

The Boy Scouts as a rule are as true as steel, and this troop is an exceptionally fine bunch. And they, with mothers, like those who made this supper a success, and with the type of men that have charge of the Boy Scout movement in Thief River Falls, are sure to grow up to be real men, and an honor to any community. There were quite a few business and professional men at this supper, and I am sure they will not miss the opportunity of telling the boys, thru the press, the pleasure and delight they received during this supper hour. There were many there that are so capable of giving these boys a boost, and kind words are never forgotten.

In this land of ours we need many more boys like these.

I sincerely thank the boys for their kind and courteous treatment, and I fully believe they will always be true to their pledge and colors."

INSURANCE SCANDAL NOT AS BAD AS IT LOOKS

The city has been carrying fire insurance in the amount of $10,000 costing $22.60 per year on the fire hall and power plant building, and $32,000 on machinery at a cost of $137.60 per year. Can the city afford to own property valued at $75,000 without proper insurance?

I am paying more insurance on the Princess Theatre than the city is paying for the entire above mentioned property.

H. A. Drumund.

Miss Jelle Leaves Sanatorium

Miss Ragna Jelle, for the past two years engaged as secretary to the superintendent of the Oakland Park Sanatorium, discontinued her services there Wednesday of last week. Mrs. B. C. Bernard, wife of the Dr. Bernard, now superintendent and medical director of the sanatorium, assumed the duties of secretary in Miss Jelle's place.

New Mail Service Announced

A proposed change in mail service is the center of interest in this community at present. Under the new orders of the Postal Department, Goodridge will have three rural routes instead of one at present, and Erie will receive its mail by carrier from Goodridge instead of from Thief River Falls by way of Kratka. The Erie post office is circulating a petition against the change, and is supported by a number of patrons who at present receive their mail on Erie Route No. 1, but will be transferred to Goodridge route No. 2 under the new plan. Routes two and three from Goodridge will be served triweekly, by one carrier, while route one from Erie will continue for a while at least, to give daily service. The new routes will be started from Goodridge April 1, provided the Goodridge post office can sign up the required number of box-holders on last route.

"Resolved, that the manufacture and sale of tobacco should be prohibited by Constitutional Amendment" is the topic for discussion at the District No. 48 school house Friday evening, Feb. 29. The speakers upholding the affirmative are Ole Helle, Richard Aakre, Olaf Vraa, Chas. Asp; negative, Oleander Uglem, Tom Bellard, Johnnie Coar and Oscar Stenvik. No admission charges, no reserved seats. The public is cordially invited to attend.

Herman Aakre, who teaches school near Grygla, visited over the week end at the home of his parents, Mr. and Mrs. E. Aakre.

Chas. O. Asp, teacher in district No. 48, visited with his family near Thief River Falls, Saturday and Sunday.

A number of Reiner people attended a debate at the Dist. No. 14 school house in Southern Star, last Thursday evening. The visitors were much impressed with the way the speakers handled a rather difficult topic, "Resolved, that American culture is superior to the Scandinavian culture."

The decision of the Thief River Falls Creamery association to carry on a more intensive advertising campaign meets with the hearty approval of Reiner dairymen. A lot of propaganda is being circulated in this community by the large centralized creameries, and inestimable harm will result unless this is counteracted by publicity from the local creameries.

Another Thief River Falls Case!

Time-tested by a Thief River Falls Resident.

Just another report of sickness and suffering relieved by Doan's Pills. Another Thief River Falls case that tells of lasting benefit. What can be more convincing? Thousands recommend Doan's for backache, rheumatic pains, headaches, dizziness and distressing urinary disorders. Doan's are a stimulant diuretic to the kidneys. They have helped thousands and should help you. A Thief River Falls case:

Mrs. J. H. McClelland, 314 Conley Ave., says: "I had an attack of kidney trouble and my back ached. My kidneys acted unnaturally and I felt tired at times. Doan's Pills, from Lambert's Drug Store, soon had me feeling all right."

THREE YEARS LATER, Mrs. McClelland, said: "The cure I received from Doan's Pills has been permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills — the same that Mrs. McClelland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

How the Average Man and Woman May Help Nominate President Coolidge

One of the most remarkable political delevopments of the times is the popularity of President Coolidge among those who, ordinarily, are little interested in politics.

This comes about because it is very apparent that this quiet, modest man, whose endowment with worldly goods is less than that of any man who ever occupied the presidential chair, has during his public career steadfastly used conscience as his guide without considering the effect on his political fortunes. He has confounded many politicians, men who "play the game," because, by doing what he thought was right without compromise or endeavor to placate "both sides" he has won more favor among men and women than those who are prone to straddle and evade.

In the fact that President Coolidge has convictions and the courage of his convictions, and in the further fact that the American people are intelligent and recognize this, lies the almost unanimous desire on the part of the ordinary citizen, who dislikes ordinary political methods, to see him nominated and elected. The average man and woman owes it to himself and herself, and to this country of ours which we ourselves rule, to make it manifest that Coolidge is the real choice of the real people and to allow no possible doubt of this to exist in the minds of the delegates to the conventions.

MAKE YOUR INFLUENCE FELT

The Republican caucuses to select delegates to the County conventions will be held March 3. Be sure you attend the caucus in your voting district and vote for the delegates to the County Convention who are uncompromisingly for Coolidge.

For these delegates in turn will select the delegates to the national convention which meets in Cleveland June 10. The beginnings of the huge Coolidge ratification is in the district caucus.

The County Conventions are to be held March 5, the Congressional Conventions March 7, and the State Convention March 8.

SAVE MARCH 3 AS THE DAY ON WHICH YOU WILL DO SOMETHING FOR YOUR COUNTRY AND YOUR PARTY.

Sportsmanship

With the coming of the district tournament to Thief River Falls arises an opportunity for the students and the city people to show the kind of sports they are. During the past few years the teams representing Lincoln High have been repeatedly complimented on their sportsmanlike conduct at all times. This year the attitude of the team has been exceptionally fine and that of the students equally good.

The coming tournament will give us an unusual chance to prove our sportsmanship so let us make use of it to our best advantage. We will be expected to give the Lincoln team our support when they are playing, but there are seven other teams besides ours which we must not forget. Each of these teams is on a comparatively strange floor with few or no supporters to encourage it and so, even tho we are not as interested in them as in our own team, let us cheer them as if we were. This is supposed to be a neutral floor and to prove that it is, we must give all teams a fair chance. But whatever else you do, do not question the decisions of the referee for he alone is privileged to make them and is not responsible to any member of the audience. Likewise, if you do not care to cheer a team, keep quiet rather than ridiculing any of its players because there is nothing so unsportsmanlike and so liable to create a bad impression of the city.

A great deal of the attitude of the visiting teams will depend upon the treatment they receive at our hands; if our treatment is of the best, then their attitude will be of the best. Since this is the first time Thief River Falls has been able to secure the tournament, let us show such fine sportsmanship that all the teams will be anxious to have it here again.

Library Classes Held

Miss Minnie S. Leavitt gave instructions in library work last week to each of the eighteen English classes in high school. The Freshmen, Sophomores and Juniors were given two days' instruction in the school library, while in addition to this the Seniors received a lesson in the public library. The use of the catalog, the reference books and the arrangement of the books on the shelves were fully explained, and every student was required to answer a questionnaire containing practical library problems. These lessons were very beneficial to the students as it enables them to make use of the library more efficiently.

Among those who spent the week-end vacation at their homes out of the city are: Anna Wedul, Ethel Erickson, Helen Rupprecht, Alida Johnson, Gladys Engen, Gladys Russel, Doris Sandberg, Erma Gauderson, Reuben Stenvik, Alice Brorby, Leona Buckeis, Fern Denhart, Virgil Denhart, Thordys Svensgaard, Mae Ballingrud and Mildred Peterson.

COMMITTEE MAKES ELABORATE PLANS FOR DIST TOURNEY

Admision Fees, Ticket Sale, and Seating Facilities Were Decided Upon at Meeting

A committee consisting of I. T. Simley, superintendent of the city schools, E. O. Mogensen, president of the board of education, Roy Lambert, representative of the commercial club, Oscar Paulson, member of the city council, L. A. Thune, basketball coach and Morris Bye, high school principal, met at luncheon at the Brumond hotel on Tuesday to lay plans for the basketball tournament for district No. 1 to be held in Thief River Falls on March 6 and 7.

It was decided to charge 50c for single admission for adults to each set of games and $1.75 for a season ticket entitling the holder to be admitted at any time to all the games to be played during the tournament. Students and children will be charged 35c for single admission and $1 for season tickets. There will be seven in all, played in such a way that there will be four different sets. The two first preliminary games will be played on the afternoon of March 6 and the last two in the evening of that day. The two semi-final games will be played on the forenoon of March 7, and the final game in the evening.

The committee decided to put on a campaign to sell season tickets and selected Supt. Simley and Roy Lambert to take charge of it. Some of the business men and some students will no doubt be called upon to help in this campaign. Seating facilities for the big crowds that are expected at the games were discussed and it was decided to erect bleachers on both sides and in one end of the auditorium. E. O. Mogensen and L. A. Thune were placed in charge of the erection of bleachers.

The plans for the accommodation of the visiting teams were left to Oscar Paulson and Morris Bye. Arrangements will be made to extend a welcoming hand to the visitors as soon as they come to Thief River Falls and to show them the hospitality of the city while they are here. The co-operation of different organizations of the city will be sought for this purpose.

This is the first time that the tournament in the first district has been held in Thief River Falls and every effort is being made to make it a success. The offer of the Commercial club to guarantee all expenses up to $500 and the decision of the city council to grant free use of the auditorium made it possible for this city to get the tournament this year.

It is still uncertain in a few cases as to which will be the teams to participate in the tournament. The eight teams having the highest percentages will get a chance to play for the championship of the district in the tournament, but the final percentage will not be known until the games scheduled for this week have been played.

Miss Mildred Thompson and Miss Julia Herlickson visited at Mahnomen during the holidays.

Lawrence Mickelson returned to this city Sunday, having spent vacation at Crookston.

Miss Florence Hovde, home economics instructor at Mahnomen, visited school Monday afternoon.

Progress Staff Plans To Edit Tournament Special

The "Progress" staff is planning to publish an extra edition of the high school paper under the title of "The Tournament Special," the week of the tournament.

This paper will contain a complete summary of each participating team for the past basketball season and give side-lights on the individual players. It will be of special value at this time because many of the contesting teams will be unknown to most of the crowd and with the paper as a guide, everyone will be able to follow the games, and learn something of each team and what to expect of it from its past record. The whole paper will be devoted to basketball and should be of the greatest interest to all the followers of this sport. Every student will want a copy of the four-page "Tournament Special" to paste in his memory book or to keep as a souvenir of the first tournament held in Thief River Falls.

Watch for "The Tournament Special" next Tuesday. Price, only five cents.

SUB-DIST. CONTEST TO BE HELD FRIDAY

Greenbush, Lancaster, Roseau and Thief River to Compete for Declamation Title

The sub-district declamation and oratory contest will be held in the high school auditorium at 8:00 o'clock Friday evening. Lucille Roark and Melvin Engelstad will represent Lincoln High.

The schools taking part in this contest are Greenbush, Lancaster, Roseau and Thief River Falls. Similar elimination contests are being held this week in Bagley, Crookston and Warren, and the two winners from each meet will compete at one of these four places for the district championship at an early date. The district champions will then take part in the state contest.

Last year at the sub-district contest held here, Greenbush won first place in declamation and Roseau in oratory, while Liv Vistaunet and Melvin Engelstad each received second place.

The probable judges are Mrs. Leora Cassidy of Warren, Supt. John Nystul of Middle River, and Supt. McNeal of Red Lake Falls.

An admission fee of 15c for students and 25c for adults will be charged.

Student Pep Meeting Held Before Game Mon.

A special assembly was called Monday afternoon to arouse the "spirit of old Lincoln High" and to create interest in the game with Mahnomen that evening.

Principal Bye first called on "Pinks" Penney to say a few words in regard to the coming game. Then "Club" Langevin spoke on the trip to Roseau, "Benny" Bennes told the students about the game, and Coach Thune added a few remarks about the fine showing the boys made and how they were handicapped by the Roseau floor.

The program was concluded with the students singing the school songs under the leadership of Lawrence Mickelson and several snappy yells led by Melvin Engelstad.

LOCAL QUINT WINS FROM MAHNOMEN

Lincolnites Seem to Regain their Old Standard of Play After Being Defeated Twice

The Lincoln High five again hit their stride last Monday evening when they defeated Mahnomen 30 to 15 here. The locals out-played their opponents by far the first half but slackened somewhat the last half for the visitors made 13 points to their 12. However, the lead gained at the start was sufficient to keep the score from ever getting very close.

The first quarter began with the ball in the Lincolnites' possession and after a series of short passes, Sether made a basket. This was followed with several fast plays and three baskets, made by Sether, Penney and Parenteau. The second quarter started with excellent team-work which resulted in more goals, Penney making two field baskets and two fouls, Parenteau and Sether each making one basket. Mahnomen up to this time had been unsuccessful in getting a single point but just before the half ended she made a field goal from close range which left the score 18 to 2.

The second half began more slowly than the first. Parenteau shot a medium long basket and was followed by Penney. The remainder of the game each team scored several times alternately and lowered their defense. Mahnomen's continual threats at scoring the first half were more successful now and she made thirteen points in the last period. Their individual star was Roohr, around whom the whole team was centered. His fast floor-work and accurate eye broke through Thief River's defense many times during the last half. Parenteau played a fine game for the locals at forward and his clever foot-work and well-delivered passes did much towards winning the game. Penney was the chief point-getter, making six field baskets and two free throws. Sether and Mulry both out-played their opponents at center and the guards, Sorenson and Barzen, were especially strong the first half.

The lineup:

T. R. F.	Position	Mahnomen
Parenteau	F.	Priske
Penney	F.	Rumrech
Sether	C.	Folstron
Sorenson	G.	Sanders
Barzen	G.	Roohr

Substitutions: T. R. F.—Mulry for Sether; Sether for Mulry; Langevin for Parenteau; Bennes for Sether and Parenteau for Langevin. Mahnomen—Dewoody for Priske.

Field goals: T. R. F.—Penney, 6; Parenteau, 5; Sether, 3. Mahnomen—Roohr, 5; Folstron, 2.

Free Throws: T. R. F.—Penney, 2. Mahnomen—Priske, 1.

Referee: Tandberg, Middle River.

Mrs. Harold C. Hand, a teacher at Big Lake, visited her husband, one of the high school instructors, over the week-end.

Another Candidate

Husband: "I forgot my umbrella this morning, dear."

Wife (sarcastically): "However did you come to remember you had forgotten it?"

Husband: "Well, I shouldn't have missed it, dear, only I raised my hand to shut it when the rain ceased."

"My good man, you had better take the trolley car home."

"Sh' no ushe! My wife wouldn't let me—hic—keep it in th' houshe."

Final Elimination Of Declaimers Held Thurs.

The final high school elimination contest in declamation took place last Thursday evening in the high school assembly. Lucille Roark won first place, Dorothy Swedenburg second, and Lylian Arnold third.

The eight contestants and the selections rendered by each were as follows:

Ruby Anseby—"The Music Master."
Liv Vistaunet—"The Swan Song."
Lylian Arnold—"Connor."
Birdie Pierson—"An Afternoon in a Hotel."
Agnes Johnson—"Judith of 1861."
Dorothy Swedenburg—"La Cigarette."
Hylda Peterson—"The Other Wise Man."
Lucille Roark—"Judith of 1861."

The three judges were Mrs. Chas. Gerlinger, Miss Agnes Sands and Supt. I. T. Simley.

Lucille Roark will represent Lincoln high in declamation, and Melvin Engelstad in oratory in the sub-district contest next Friday evening.

LINCOLN DEFEATED AT ROSEAU 15 TO 8

Locals Maintain Lead First Half But Inability to Make Baskets Loses Game for Them

The Lincoln high basketeers suffered defeat at the hands of Roseau in the return game played there last Friday. The locals led the entire first half but were unable to make baskets in the last period and so were defeated by a score of 15 to 8.

Parenteau started the scoring in the first few seconds of play with a field basket. This was soon followed with another by Penney and one by Roseau. Parenteau made a free throw, Penney a field basket, and Roseau a free throw before the first quarter ended with the Lincolnites leading 7 to 3. Thus far the locals had seemed able to score with ease but the tide turned and neither side made a basket until near the end of the half when Roseau caged another field goal.

Thief River Falls played hard the rest of the game and had many tries at the basket but failed to secure a single point with the exception of a free throw by Penney. Roseau raised her score to 10 at the end of the third quarter and made several more the last period so the game ended 15 to 8 in her favor.

The locals out-played Roseau in both team-work and floor-work thruout the whole game but because of their inability to make baskets they were defeated. The floor was small and the room so low that most of their shots hit the ceiling rather than the basket. An encouraging feature of the game was the fact that the Lincoln quint seemed to have recovered their lost pep and played up to the standard they set for themselves at the start of the season.

The lineup:

T. R. F.	Position	Roseau
Penney	F.	Larson
Parenteau	F.	Bell
Mulry	C.	Benson
Sorenson	G.	Wenner
Barzen	G.	Olufson

Substitutions: Langevin for Penney; Penney for Mulry.

Field goals: T. R. F.—Penney, 2; Parenteau, 1. Roseau—Larson, 2; Bell, 1; Benson, 4.

Free Throws: T. R. F.—Penney, 1; Parenteau, 1. Roseau—Bell, 1.

HARD GAME TO BE FOUGHT AT WARREN

Last Game to be Played Before the Tournament Will Determine Standing in District.

The Lincolnites will meet their old rival, Warren, next Friday evening on the latter's floor in the second game with them this season. Warren was defeated on the local floor in a very fast game ending 17 to 12 a few weeks ago.

The Warren team is very anxious to revenge this defeat and has been keeping in the best of trim so as to be able to do its utmost. The Lincoln five are determined to do as well at Warren as they did here so the game is certain to be a bitter contest. For a week or two it seemed as if Thief River was losing its pep and going "stale" but the game with Mahnomen proved decisively that this was not the case. The team-work, floor-play and shooting was equal to any that has been shown this season and with a complete rest for a few days, the quint will be in shape to put up the best fight of the year.

Due to the victory last Monday evening, Thief River Falls will be eligible for the tournament even tho defeated in the Warren game. However, the locals are eager to maintain as high a percentage as possible for the '23-'24 season and will try just as hard to win.

A large crowd of Thief Riverites is planning to accompany the team and give them strong support next Friday.

Basketball Boys Compose Poems on Trip to Roseau

The basket ball boys were evidently in very high spirits on their trip to Roseau for they spent the greater part of the journey composing poetry. The following verses are a few of the results and are to be sung to the tune of "It Ain't A Gonna Rain No More":

Oh, Jim Hill's got a tea kettle,
It runs from town to town.
It carried us to Roseau,
Where we turned things upside down.
Chorus:
Oh, it ain't a gonna rain no more, no more
It ain't a gonna rain no more,
But how in the world can the old folks tell
It ain't a gonna rain no more.
Oh, "Club" he is a goofey goof,
The goofiest goof is he,
And of all the goofey goofey goofs,
The goofiest goof is he.
Chorus:
Oh, Mike he is a handsome lad.
He knocks the girls quite dead,
But the pleasantest hours he ever spent
Were those he spent in bed.
Chorus:
Oh, Math he is a radio fan,
A radio fan is he,
He gets so very excited
When he gets station XYZ.
Chorus:
Oh, Lloyd is a funny guy,
He has a funny neck,
For every time he cries real hard
The tears run down his back.
Chorus:
Oh, coach is a very big man,
A great big man is he,
And if you ever look at him
You'll never look at me.
Chorus:
Oh, yes, we are at home once more
We've lost another game,
But even if we did do that
We'll win two just the same.

ROSEWOOD

Dr. L. R. Twete, the Thief River Falls veterinarian, will be at Viking Friday, March 7.

George Kleanert and Gilbert Haugen and Mrs. Christine Bergene drove up from Crookston last Sunday with a load of furniture and remained until Tuesday as guests with the Tom Holten family. Mr. Kleanert has leased Mr. Haugen's farm west of this place for the coming year and will arrive to commence farming operations in the spring. We also understand that Mr. Haugen intends to build a new residence on this farm the coming summer where both he and the Klennerts will take up their residence, and rumors have it that the Thompson boys, northwest of town, have accepted contract to as well build this residence as well as to do considerable logging for Mr. Haugen. Much material will be home sawed from logs from Mr. Haugen's farm.

Miss Lilly Holson arrived on Thursday evening from Oslo where she teaches school and remained over Sunday as guest with her sister, Mrs. C. Mellem.

Mrs. S. S. Nordgaard and son, Alton, from Viking, arrived here Thursday evening to visit at the Mellem and Nelson homes and among other relatives over Sunday.

Gust Nakken left on Friday evening for Hibbing with the intention of leasing a building for commencing a rooming and boarding business in that city. Mr. Nakken has leased his farm here with all equipment to Mr. and Mrs. Melvin Pederson who will operate it commencing this spring. Mr. Nakken expects to leave with his family for Hibbing as soon as suitable quarters can be secured at that place.

Walter Wendt left [illegible] Monday evening for Roseau where he will spend a week visiting among friends. He expects to spend a few more days here before returning in time for the spring operation on the Hall farm [illegible].

Carl Nelson has been laid up with [illegible] the past two weeks [illegible] hay into his dairy barn.

Mrs. Tina Nelson returned last Thursday from Viking where she has been a guest for a few days with her sister, Mrs. S. S. Nordgaard.

John Batten returned on Wednesday morning from a business trip at Thief River Falls.

Swen Swenson left last Sunday for a visit and business trip to Holt and Newfolden.

Mrs. Carl Stromberg from Dakota Junction spent Friday here visiting with her parents, Mr. and Mrs. S. Rafteseth.

Miss Agnes Halvorson is home on a visit from Grand Forks where she is in the employ of the Bertheau-Wright Lumber company as stenographer.

John and Arthur Thompson returned last week from Ontario, Can., where they have been employed in lumber camps this winter.

Mr. and Mrs. Rudolph Sagmoen of Anita, were Sunday visitors at the J. Sagmoen home.

Shelley Creamery is Last In District To Join State Co-operative Association

N. C. Lindberg, field manager of the Minnesota Co-operative Creameries association, returned to this city Saturday evening after having spent the week visiting various creameries in the Red River valley section. On Tuesday he attended the annual meeting of the Shelley creamery, at which time that institution entered the state association, making the membership in district No. 14 one hundred per cent, the first district to make this record. All of the 58 creameries in the district are now members of the association, which held its annual meeting in this city yesterday. Mr. Lindberg has made a thorough canvass of the territory the past year and is in a great degree responsible for this splendid showing.

A meeting of farmers in the vicinity of Warren to consider the possibilities of establishing a co-operative creamery at Warren, was held Saturday, the gathering being attended by Mr. Lindberg. No definite action regarding the proposition was taken, another meeting being held Tuesday. Warren at present has no creamery, the cream being sold to stations maintained by various concerns including the Thief River Falls creamery, a great deal of cream being shipped to this institution.

Rev. Geo. Larson to Bisbee

Notice of Mortgage Foreclosure Sale

WHEREAS, default has been made in the conditions of a certain Indenture of Mortgage, made, executed and delivered by Edon Davis, an unmarried man, of Pennington County, Minnesota, as mortgagor, to the The Minnesota Mutual Life Insurance Company, of St. Paul, a Minnesota corporation, as mortgagee, upon and covering the following described real property, lying and being in the County of Pennington, and State of Minnesota, to-wit:

The Southeast Quarter (SE¼) of Section Twenty-one (21), in Township One Hundred Fifty-three (153) North, of Range Forty (40) West, containing One Hundred Sixty (160) acres, more or less, according to the United States Government survey thereof, which said mortgage bears date the Thirtieth (30th) day of March, A. D. 1922, and was filed for record in the office of the Register of Deeds in and for said County of Pennington, in the State of Minnesota, on the Fourth (4th) day of April, A. D. 1922, at 8:00 o'clock A. M., and was duly recorded in Book 70 of Mortgages, on Page 335.

WHEREAS, said default consists in the failure of said Mortgagor to pay an installment of interest due March Thirtieth (30th), 1923, and

WHEREAS, by reason of the default made as aforesaid The Minnesota Mutual Life Insurance Company, as authorized by said mortgage and the notes thereby secured, has declared and does hereby declare the whole of the principal sum secured by said mortgage together with accrued interest thereon to be immediately due and payable, and

WHEREAS, there is claimed to be due upon said Mortgage and the notes thereby secured at the date of this notice the sum of Four Thousand Five Hundred Twenty and 73-100 ($4,520.73) Dollars, being Four Thousand ($4,000.00) Dollars principal, Five Hundred Twenty and 73-100 ($520.73) Dollars interest, and no action or proceeding at law or otherwise, has been instituted to recover the same or any part thereof.

NOW, THEREFORE, notice is hereby given that in and pursuant to the power of sale said mortgage contains, and the statute in such cases made and provided, the said mortgage will be foreclosed and the real property therein described will be sold by the Sheriff of said County of Pennington, in the State of Minnesota, or by his Deputy, at public auction to the highest bidder therefor for cash, at the East front door of the Pennington County, Minnesota, Court House, in the City of Thief River Falls, and in said County of Pennington, on Saturday, the Fifth (5th) day of April, A. D. 1924, at 10:00 o'clock in the forenoon of that day, to pay the amount which will then be due upon said mortgage and the costs and expenses of this foreclosure, including an Attorney's fee of Seventy-five ($75.00) Dollars, as stipulated in said mortgage to be paid in case of foreclosure thereof.

Judgment Sale on Foreclosure of Mechanic's Lien.

By virtue of a judgment duly entered and docketed in District Court in and for the County of Pennington, and State of Minnesota, on the 11th day February, 1924, in an action to foreclose a mechanic's lien wherein Carl M. Carlson was plaintiff and Margaret C. Meehan, Bridget Martha Connoly, Margaret Connoly, May Sweeney and Norah I. Meehan were defendants and wherein it was adjudged and decreed:

That the amount due the plaintiff Carl M. Carlson from the defendants Margaret C. Meehan, Bridget Martha Connoly, Margaret Connoly and May Sweeney is the sum of Two Thousand Four Hundred Thirty-four and 3-100 Dollars, $2434.03) with interest thereon at the rate of six (6) per cent per annum from August 28, 1923, amounting to $67.70, and $75.00 attorney's fees, together with plaintiff's costs and disbursements taxed at $21.25, making a total of $2597.98.

That all of said sum is due for labor performed and material furnished in and about the repair of the two story Concrete Block Building located on Lots Thirteen (13), Fourteen (14) and Fifteen (15) in Block Fifty-eight (58) of the Original Townsite of the City of Thief River Falls, County of Pennington and State of Minnesota, and adjudging and decreeing said premises and the interest of the defendants therein to be subject to the lien of Carl M. Carlson, subject to the mortgage lien of Norah I. Meehan in the sum of $2700.00 against the interest of Margaret C. Meehan, in said above described premises.

And wherein it was further adjudged and decreed that said premises be sold in one parcel to satisfy said judgment, including attorney's fees, costs and disbursements.

NOW, THEREFORE, Notice is hereby given that I, as Sheriff of Pennington County, Minnesota, will sell at Public Auction in one parcel to the highest bidder for cash, at the front door of the Court House in the City of Thief River Falls, in said Pennington County, State of Minnesota, on Saturday, the 5th day of April, 1924, at ten o'clock in the forenoon of said day, the hereinbefore described premises, viz:

Lots Thirteen (13), Fourteen (14) and Fifteen (15) in Block Fifty-eight (58) of the Original Townsite of the City of Thief River Falls, Pennington County, Minnesota, according to the plat thereof on file and of record in the office of the Register of Deeds for said County, to satisfy said judgment, attorney's fees, costs and disbursements, subject to redemption as provided by law.

Dated this 15th day of February, 1924.

O. L. HILL,
Sheriff of Pennington County, Minnesota.
O. A. NAPLIN,
Attorney for Plaintiff.

ELECTRIC POWER RATE CONSIDERED BY CITY ALDERMEN

Council Working on Plan to Meet Demand of Motor Users For Lower Rates

Requests from users of electric motors for a reduction in rates was again before the council Tuesday night but no action was taken thereon as the committee has been unable to figure out a rate that will be satisfactory to the users and yet give sufficient revenue to the city to cover over-head cost of maintenance.

The city clerk, P. G. Pederson, read letters and rates from East Grand Forks, Detroit, Warren, Cass Lake and Crookston, showing a wide variance in power rates, Crookston having a minium rate for big users of 2½ cents while the maximum rate at Cass Lake was the highest reported, viz., 12 cents. The lighting rates also showed much variance, Cass Lake again being at the top with a charge of 15 cents maximum and 10 cents minimum, while Crookston ran from 8 cents down to 5 cents.

At East Grand Forks a different rate is in effect for residents of the city and those living outside the city limits, and there is an impression that a similar difference should be established here, there being several users of electricity living outside the limits who are enjoying the benefits of city life without helping to pay the higher taxation rate.

CREAMERY BUSINESS INCREASES IN JAN.

Patrons Receive More Than $20,000 in January; $2,641 Over February Receipts

Patrons of the Thief River Falls Co-operative creamery received $2,641 more in January than during the preceding month, according to the monthly report submitted by Secretary T. H. Bjerke. This is an increase of about 12 per cent for the month or about 25 per cent over the receipts for November.

Monthly patrons were paid $12,986 during January while $7,201 was paid in cash, making a total of $20,187. An average of 57 cents for sweet and 54 cents for sour cream was paid monthly patrons during the month. The greater share of the cream sold at the local creamery is sweet.

An exceptionally heavy increase in business at the creamery here is looked for during the coming months until the peak is reached in June, that usually being the heaviest month.

CITY COUNCIL CUTS AUDITORIUM RATE TO INDUCE ATTRACTIONS

Matter Taken Up at Busy Session of Aldermen Tuesday. Grant Milk Licenses

Believing that a reduction in rental fees for the use of the city auditorium will induce more attractions to come to this city for public amusement the city council, in session Tuesday night, with Alderman H. A. Brumund absent, unanimously granted a rate for a six night engagement to the Scott Amusement Company of $162.50 as compared to $240, the old rate.

The committee having in charge such matters will bring in still further recommendations along the same line at the next meeting of the council as they wish to see a more general use of the auditorium which for several years past has not been as freely patronized as it was formerly, due to the excessive cost.

The session of the city council Tuesday night was another long one with considerable business transacted, part of which is covered in this article and the balance in other separate articles in this same issue.

Following the reading of the minutes and their approval came the submission of the monthly reports, hearing on applications for soft drink and milk licenses, the adoption of a resolution providing for a public scale at The Prichard company office, acceptance of various bonds of officials, leasing rates for the auditorium, discussion of a poor farm, and allowance of bills. When the aldermen decided to adjourn it was nearly half past eleven.

Mrs. L. Olson, C. I. Bugge, M. L. Thorson and James Patton were granted milk licenses, following their approval by the city dairy inspector, Dr. L. R. Twete.

The bonds of the city clerk and deputy clerk were found to be properly executed and were ordered accepted. The bonds of the First National bank as a city depository were likewise accepted, while those of the First & Peoples State bank and the Farmers & Merchants State bank would also be acceptable after slight corrections, which have since been made.

LEGIONAIRES VOTE REGARDING SOLDIER COMPENSATION BILL

Effort is Made to Show That World War Veterans Do Not Want Cash Bonus

In compliance with a message received from Stafford King, state adjutant of the American Legion, the Elmer J. Eklund post held a special meeting Thursday evening to secure a ballot of the various forms of compensation local legionaires want thru the bonus bill that is before congress. The ballot, taken from a committee of 12, who were selected by the chair of the local post, showed that three were in favor of home aid, five in favor of insurance, two in favor of vocational training and two in favor of farm aid.

The wire was received from Adjutant King Wednesday and the special meeting called for Thursday evening by Commander Oscar Smith. The purpose of the ballot is to kill the common assumption at Washington, D. C., that the soldiers want cash and not the other plans that are the measures shown in the bill. Much publicity in the East tends to give the Senate and the House the impression that only a cash bonus will satisfy the ex-service man. If it were cash the soldier wanted the bill would be defeated from the standpoint of the government's financial inability to handle the issue and the bill would not stand a show of passing. By this ballot the Legion hopes to weaken the argument of the "cash basis" and prove that the government would not be called upon to pay the entire bonus at once.

Dr. C. A. Mellby of St. Olaf College to Conduct Services at Trinity Church Here Sun.

Dr. C. A. Mellby, professor of economics at St. Olaf college, brother of Dr. O. F. Mellby of this city, will conduct divine services at the Trinity Lutheran church Sunday forenoon and evening. Dr. Melby has served at St. Olaf college as instructor in economics the past 23 years and members of the congregation will be glad to have this opportunity to hear him. Dr. Mellby received his Doctor of Philosophy degree from Leipzig University, Germany.

Last Sunday Rev. J. A. Aasgard of Moorhead, professor at Concordia college, and vice president of the United Lutheran church of America, held services in the forenoon and gave an address, "Hymns That Have Helped," under the auspices of the Young Peoples Society, in the evening. The address pointed out some of the hymns that have been a mighty influence in the evolution of the church and the part they have played in church activities. Other numbers of the evening's program were a piano solo by Miss Ansof Dahlen and a vocal solo by Roy M. Prytz, accompanied by Mrs. O. F. Mellby.

Sunday, March 9th, Rev. T. O. Svare of Sherwood, N. D., will conduct the services at the Trinity church and the following Sunday, March 16th, Rev. M. A. Madson of Bod, Iowa, will occupy the pulpit. Rev. Madson will also address the Young Peoples society Thursday evening, March 13th. He is known as a powerful speaker and church members will appreciate this opportunity to hear him.

Four Local Violators of Volstead Act at Warren

Four Thief River Falls men are now serving time in the county jail at Warren, all on charges of violating the prohibition laws. They are C. B. Bradley, James F. Farr, Ed. Aga and A. C. Rasmusson. Nick Baker, a farmer near Thief River Falls, was released a short time ago having served a jail sentence and paid a fine for illegal manufacture of liquor.

B. of L. E. Endorses Naplin For State Job. Farmer-Labor Convention Here Sat.

O. A. Naplin, of this city, former state senator from this district, was endorsed for the office of lieutenant governor and William Royster of Glenwood for governor on the Farmer-Labor ticket, at the last regular meeting of the local order of the Brotherhood of Locomotice Engineers, Division 768, held Feb. 17.

The regular county convention of the Farmer-Labor party will be held at the court house in this city on Saturday afternoon, according to the official call issued by Chairman Andrew Trovaton last week. The various precincts in the county will be represented by 67 delegates, Thief River Falls being entitled to 23. Delegates to the district and state conventions of the party will be selected, candidates endorsed and political issues taken up.

Preceding the regular convention, which opens at 3 p. m., there will be a meeting of the Nonpartisan League and Working People's Nonpartisan League at 1 o'clock, also in the court rooms of the court house. The same delegates are eligible to both conventions.

GASOLINE TAX IS GIVEN SUPPORT BY MINN. ROAD EXPERTS

County Highway Engineer Umland Atends Annual Sessions of State Society

The proposed gasoline tax amendment to the state constitution to be voted on in November was endorsed unanimously by the Minnesota Surveyors and Engineers' society at the annual meeting of that organization in Minneapolis last week. Support for its ratification was pledged. The sessions of the Society on Wednesday were attended by Bert F. Umland, highway engineer for Pennington county, who was also in attendance at the annual gathering of highway engineers held in St. Paul Thursday and Friday. The meeting of the M. S. & E. was the most successful ever held, more than 400 engineers thruout the state being present, about 250 attending the highwaymen's conference.

It was brought out at the meeting of the road experts that Minnesota, with 458 miles of paving on trunk highways, including 42 miles built last year, is being outdistanced by many other states where car owners are paying higher car taxes, gasoline taxes and otherwise increasing road funds to speed highway improvements and profit by good roads savings. Wisconsin paved 430 miles last year, ten times as much as Minnesota, and now has 1,211 miles of paved highways. Michigan with 1270 miles plans to add 500 miles in 1924. Illinois built 1,077 miles last year, bringing its total to 2,438 miles, and plans a new $1000,000,000 bond issue to hasten results. Minnesota stands 15th on the list of 21 states reporting highway paving advancement.

It was emphasized that Minnesota gets less in auto tax than the other states of the country and that the proposed gasoline tax will materially hasten the progress on highway development by providing more funds for further construction.

Legislation was urged toward requiring the state department of drainage and waters to pass on all plans for public drainage improvements. Other resolutions endorsed the Great Lakes-St. Lawrence Deep Waterway project.

The program for 1924 road work in Pennington county was presented by Engineer Umland and approved. Mr. Umland returned Saturday.

A group of local U. C. T. members expect to motor to Crookston Saturday evening to attend a gathering of "Knights of the Grip," the Crookston Council entertaining for visiting grand lodge officers at that time.

YOUNG MEN OF CITY FORM CLUB AT MEET LAST THURSDAY EVE

Milton Larson Chosen President of New Club. Important Meeting This Evening

The Young Men's club of the Y. M. C. A. of Thief River Falls is now a reality, a number of young men of the city perfecting the organization at a meeting held at the Commercial club rooms last Thursday evening. A constitution was adopted, charter members signed up and officers for the year elected.

Milton Larson was chosen president of the new organization; Lloyd Lonson, vice president; August Langseth, secretary; and Philip Larson, treasurer. The following committee chairmen were chosen, these to select their assistants and one advisor among the older men: Roscoe Bakke, educational; Edward Fiterman, health and hygiene; Leland Knight, vocational; Clifton Conner, moral and religious; Dreng Bjornarna, athletics. These committees will work out instructive and entertaining programs from time to time and will have charge of the club's activities. Allison Stitt was selected chairman of a membership committee to secure the attendance of a large number of prospective members at the regular meeting tonight. Applications for entrance into the organization will be voted on by the members of the club. The charter will be kept open until after the meeting tonight so as to secure a large charter membership. It was decided to charge an entrance fee of fifty cents, other assessments to be made as found necessary.

A meeting has been called for this *evening at 7:30 in the library basement* to further outline the work of the new club and it is hoped that a large number of the young workingmen of the city and the upper classmen, Juniors and Seniors, of the high school, who are eligible to join will be present.

It is the plan of the local Y. M. C. A. board, who are assisting in launching this organization, to let the Boy Scout movement take care of the younger set of boys and the new club to be composed of the younger men of the city, who will gather for mutual entertainment and instruction. Present indications give promise of much activity.

Liquor Law Violations Cause Reduction in Number of Soft Drink Places Here

The number of places licensed to sell soft drinks, other than grocery stores and confectioneries, is gradually becoming less as the licenses expire and requests for new ones are made. A year ago there were nearly a dozen such places while today only five are left, after the action of the city council Tuesday night in declining to grant licenses to two applicants.

A. H. Bakke, operating the Alfred Rasmussen place on Main avenue and W. B. Lacey, operating the James Farr place on LaBree avenue, were the two applicants who failed to secure licenses, the council unanimously deeming it inexpedient to grant such licenses. This action is in line with that of the present council two weeks ago and of the previous council during the past year.

Wherever applicants who had been convicted of illegal sales or their successors had sought licenses the council refused to grant the same. This is following the same lines as is being done in the larger cities, the only exception here being that the county attorney has not requested the closing of the buildings for a full year for any purpose whatsoever. This is the step generally being taken in an effort to eradicate the communities of such evils.

Hawley High Team Champs of 9th Dist. in Debating

Five judges awarded their decision to the Hawley high school trio in the debate held Friday night at Hawley between that high school and Crookston high. The three girls on the Hawley team, by defeating the three boys representing Crookston, won the right to debate for inter-district honors, their next opponent probably being *St. Cloud. The Hawley team had* previously defeated Detroit and Fergus Falls high schools.

The Crookston team won over the Thief River Falls representatives of three girls by a two to one decision, giving them a chance to try for the district finals. In last Friday's debate the Hawley team upheld the affirmative side of the state question: "Resolved, that European Immigration to the United States be restricted by law for five years."

R. McGinn's Sister Dies

Word was received here last week by R. J. McGinn, president of the Farmers and Merchants Bank, that his sister, Mrs. Margaret Walters passed away at her home at Green Bay, Wis., Feb. 19. Mrs. Walters, who was 65 years of age, had been ailing the past fifteen years.

Andrew Breznay Still Weak From Automobile Accident

Andrew Breznay, employed at the Radiator Repair shop on Bridge street west, is at his home eight miles east of this city, recuperating from injuries sustained when he was struck to the pavement by a car driven by W. A. Barnard a week ago Friday. He apparently incurred no serious physical injuries at the time, altho he was knocked unconcious, but he complains of pains in his head and of a dizziness and weakness. The accident occurred in front of the shop.

National Canned Foods Week March 1st to 8th
March 1st to March 8th is National Canned Foods Week. To the unthinking individual, this may mean "just another week."
But to the 23 million housekeepers in this country who have to think up three meals a day for 365 days a year, National Canned Foods Week at this time of the year really has a very timely significance.
Coming each year during the first week in March, and being fostered by more than 350 thousand retail grocers in the United States, National Canned Foods Week represents a tremendous co-operative effort on the part of the manufacturers and the trade to give the average family an opportunity to restock its larder at attractive prices, just when the home supplies are likely to be at their lowest ebb.
In its larger sense, National Canned Foods Week may be regarded by the average housewife as the annual national celebration of her release from needless kitchen drudgery. For that is what the growth of the canned food business of this country means. That explains its rapid growth. That explains the popularity of Canned Foods Week from the consumer's standpoint as well as the dealers'.
In discovering the secret of canning some 150 years ago, the Frenchman, Nicholas Appert, never began to realize what a great boon he was passing on to future generations. Few women today really appreciate what they owe him. As a matter of fact, Nicholas Appert's name should rightly go down in the history of domestic economy as one of the world's greatest emancipators. His discovery has eliminated time, space and labor in respect for the world's richest harvest; it has annihilated distance and merged all seasons into one, placing the products of the world's choicest sections at the command of even the most humble purchaser, anywhere, and at any time.
The growth of the canned food industry offers its own best justification of the service it has brought to mankind in general. If you are influenced by statistics, you will be amazed by the way almost every branch of the industry has doubled, trebled and quadrupled itself every few years since the beginning of this century. The rapid increase in the consumption of canned foods of all kinds is one of the marvels of the age. And in this respect, canned fruits are conspicuously in the lead.
Take the growth of the well-known and nationally advertised brand of canned fruits, Del Monte, as an example. The uniform high quality, delicacy of flavor, wide variety of line, almost universal availability, and reasonable cost of Del Monte Canned Fruits to the consumer have built up a demand for that one brand alone to a point where it is the best-known and most-called-for brand in America.
All this means one thing. That canned foods of a dependable quality are constantly growing in popularity and filling an ever-increasing need in the domestic economy of the race.
National Canned Foods Week is the annual celebration of the industry's accomplishments, in which the consumer has an opportunity to participate, usually at special advantages. That's why every producer, every distributor and every user of canned foods in any form should be interested in National Canned Foods Week as offering some distinctly personal advantage to each and every one.
It is with that thought in mind that we should approach National Canned Foods Week—with an understanding of the real service that it offers to all. On this basis, National Canned Foods Week represents a trade activity in which we all may find a common cause.

DELEGATES TO G. O. P. CONVENTIONS CHOSEN

Six District and Six State Convention Delegates Named at Session Yesterday

COUNTY CONVENTION ENDORSES COOLIDGE

F. F. Haynes Retained as Chairman of Pennington County Central Committee

Delegates to the district and state Republican conventions were selected at the regular Pennington county convention held in this city yesterday, about 40 delegates selected at Monday's caucuses taking part in the session.

The convention passed a resolution heartily endorsing President Calvin Coolidge for election as president of the United States; commended the national government and endorsed the present state administration; favored adjusted compensation as liberal and as speedily as the financial condition of the country will permit; favored measures for the relief of the *distressed agricultural districts of the* Northwest; and endorsed J. S. Arneson as one of the two district delegates to the national G. O. P. convention, the delegates being instructed to further his candidacy.

The delegates named to take part in the Ninth district convention to be held in Thief River Falls, tomorrow, the 7th, are: Mrs. J. M. Bishop, Mrs. Gaston Ward, F. F. Haynes, Jorgen Eide, Theo. Quale and H. S. Dahlen. The following were selected as delegates to the state convention in St. Paul Saturday, March 8, at which time a state ticket will be endorsed: J. S. Arneson, E. O. Green, Mrs. J. M. Bishop, B. F. Umlandi, O. C. Paulson and Nick Bundhund.

A county central committee to have charge of Republican party activities in Pennington was chosen with the following members: F. F. Haynes, chairman; Chas. McCracken of Numedal, vice chairman; A. F. Hall, of St. Hilaire, treasurer; Mrs. Theo. Tandberg, secretary; and Ed. Singer of Eric. This committee was instructed by the convention to choose a member of the party from each voting precinct to compose the entire county committee.

The convention yesterday was in the charge of Chairman Haynes and considerable interest was shown by the delegates, there being about an equal number from the city and country districts. The vote at the caucus in this city last Monday was very light.

S. of N. Lodge at Erskine

Bernhard Knudsen, president of the Snorre lodge of the Sons of Norway, left yesterday morning for Erskine to assist in the opening of a new lodge and installing of officers there. The lodge was organized by Olav Redal, who also organized Oklee, Gully and Gonvick lodges recently.

MARSHALL COUNTY FARMER-LABORITES CONVENE IN CITY

Select Delegates to State Conventions—Endorse Malberg For Legislature

Marshall county Farmer-Laborites and Non-Partisans met in the court rooms in this city late last night pursuant to the call of the county chairman, H. O. Berve, who believed this city the most centrally located for Marshall county residents. The meeting was not called to order till the night trains had brought in the delegates from the sections tributary to them, thus causing a late start and necessitating a meeting lasting till after midnight.

Former county commissioner, P. B. Malberg of Excel township, who was a candidate for county auditor two years ago, was endorsed for the state legislature, when Mr. Berve positively refused to run.

Resolutions were adopted heartily endorsing and commending the work in congress of Senators Henrik Shipstead and Magnus Johnson and Congressman Knud Wefald and favored the re-election of the last two; also endorsed the Hon. O. A. Naplin for Lieutenant Governor, or such other office as might be better suited; favored the organization of a national third party; and went on record as favoring some kind of immediate relief for the distressed farmers of the northwest, but not endorsing any of the so-called relief measures now before congress.

A. C. McMillan, P. B. Malberg, W. H. Quist and A. P. Nelson were chosen delegates to the various state meetings to be held in the twin cities.

DeVelling Returns.

Earl F. DeVelling, for several years a mail carrier on rural route three, returned to his home in this city Monday evening from Ft. Meyers and Tolpon Springs, Fla., where he spent the past four months in an effort to find a more suitable climate. Mr. DeVelling has suffered from poor health for some time but did not seem to find any relief in the southern climate.

Dr. Bratrud on Trip East

Dr. Theodore Bratrud of Warren visited in the city Tuesday with his brother, John Bratrud, on his way to Boston, New York and other eastern points where he will spend about two months taking up post graduate work, expecting to return to Warren about the first of May. Dr. Bratrud left this city Tuesday night.

Soo Line Officials Hold Meeting in City Feb. 27th

Officials and employees of the Winnipeg division of the Soo railway held their monthly staff meeting at the local division offices in this city on Wednesday of last week. The regular business details were attended to and plans for spring traffic considered. Among those present at the meeting were: C. F. Romman, general agent at Winnipeg; C. W. Hawes, general agent at Minneapolis; F. M. Chaffee, agent at Detroit; O. F. Ehlers, agent at Alexandria; W. Glascock, general traveling passenger agent at Minneapolis; W. H. Laughton, traveling freight agent at Minneapolis; F. L. Quale, traveling claim agent of this city; L. E. Gilhausen, traveling auditor of this city; G. Eliason, roadmaster at Detroit; J. Jaglo, roadmaster at Devils Lake; M. J. Krogstad, roadmaster at Overly; C. Nelson, roadmaster of this city; R. D. Sullivan of this city; J. W. Mullen, lineman at Fordville; E. C. Carlstrom, lineman at Detroit; A. J. Cloutier, lineman of this city; G. J. Conklin, car foreman in this city, and L. M. Rayson, chief clerk in this city.

SIMLEY AGAIN HEADS CITY'S SCHOOL SYSTEM

Superintendent for Past Three Years is Re-elected To Serve Another Term

WORK HIGHLY COMMENDED BY SCHOOL BOARD

Local Schools Rank High Among Educational Institutions Of State

I. T. Simley, for the past three years superintendent of the Thief River Falls schools, has been unanimously reelected to hold that position for another year by action of the board of education in session recently. Altho Mr. Simley has not as yet officially accepted the offer of the board it is understood definitely that he will, as he has no other plans at present.

The board of education in the resolution naming Mr. Simley as his own successor as the head of the school system of the city, expressed thorough satisfaction with the manner in which he has managed this great institution during his period of service. At the close of this term Mr. Simley will have been connected with the local school for three years and during that entire period the schools have been operated with splendid efficiency in all departments.

Attendance during the present term has broken all previous records, it is pointed a total of more than 1,500 pupils occupying the four grade and the high school buildings of the system every day. In spite of this large attendance it has been possible thru the efforts of Mr. Simley to effect considerable economy and reduction in the cost of operating the schools, this without lowering the standard of work performed in the various departments, some of which have been reorganized to permit elimination of certain subjects. It is the general opinion of local patrons that never before have the schools in District No. 18 measured up better in every way than at the present time, the superintendent, faculty and board of education working in splendid harmony towards one end—maximum efficiency in the educational machinery.

Superintendent Simley has also proven himself a valuable citizen in civic, social and church affairs of the city, as well as in the management of the schools, and stands high in the esteem of every child and parent of Thief River Falls. That everyone is pleased to hear that Mr. Simley will remain in his present position goes without saying.

Works For New P. O. Building

A communication was received this morning by O. A. Naplin from Congressman Knud Wefald stating that he has introduced a bill in Congress calling for an appropriation of $100,000 for the erection of a post office building in Thief River Falls.

New Grain Cleaning Machine Will Be Demonstrated Here

A new machine which will remove cockle, wild peas, pigeon grass, wild buckwheat, oats, wild oats, barley, etc. from wheat has made its appearance in the vicinity of Thief River Falls and will be on demonstration at the place of business of C. Gustafson & Son, on Main avenue all day, Friday, March 14th.

This machine has sprung into popularity all through the Northwest because of the unique way in which it operates. The machine itself contains no fans, sieves, screens or shakers of any kind. It works on what is known as the "disc" principle of separation.

This new method of separation was tested last fall by Government experts and made a gain of 7.3c. per bushel, on an average, throughout the whole season's run. The tests were conducted on farms in Minnesota, North and South Dakota, and the machine was in practically continuous operation during the fall.

The Government experts are so enthusiastic about this machine that they are at the present time urging farmers everywhere to clean grain by the new method.

In order to show just what the machine will do, C. Gustafson & Son state that they will be glad to clean a sack of grain for each farmer who will bring one in to them, so that the farmers can see just exactly what the machine will do on their own grain.

STATE ASS'N OF GRIMM ALFALFA RAISERS FORMED

T. J. Sumpter of Hazel is Chosen Director for New Body Organized at Morris

EFFORT TO KEEP OUTSIDE SEED FROM STATE

Will Preserve Purity of Minnesota Grimm Strain. Local Grower Among Leaders

Alfalfa seed brought into this state after February 27, 1923, will never be eligible to certification as Minnesota Grimm, and Grimm alfalfa seed from elsewhere already brot into this state must withstand three winters before it will be eligible to certification as Minnesota Grimm, according to the articles adopted by the Minnesota Grimm Alfalfa Growers Association which was organized at Morris on Wednesday of last week.

Pennington county and this section of the Red River Valley was represented by T. J. Sumpter, farmer near Hazel, one of the leading alfalfa *growers of this part of the state,* who took a prominent part in the forming of the new association. Mr. Sumpter left the forepart of the week and spent Tuesday in St. Paul conferring with A. C. Arny and R. F. Crim of the University Farm and A. D. Haedecke, secretary of the Minnesota Crop association, and went with them to Morris. The meeting, which was attended by a group of alfalfa growers from all parts of the state, was called at the suggestion of Mr. Arny and Mr. Haedecke.

Alfalfa Acreage Increasing

Great impetus has been given to the growing of alfalfa in Minnesota in the last few years. The increase in the state last year was marked. An unofficial estimate places the present alfalfa plantings at 162,000 acres. While Grimm alfalfa was originated in Minnesota and has an established reputation for its hardiness and abundant yields of seed and hay no organization machinery has been set up for the sale and distribution of the seed. To form such an organization was the object of the Morris meeting.

Largely because of the difficulty in keeping Grimm alfalfa seed pure, the necessity of a state organization of seed growers has been felt more and more for several years. The state association is expected to be an important factor in the campaign that is now being carried on all over Minnesota to devote more land and time to this crop as one of the steps of bringing the state to the front in livestock production.

Eligibility Problem

The report of the organization committee, of which Mr. Sumpter was a member and compromise leader, precipitated a spirited debate on the very question of eligibility with which the committee itself had been struggling and had finally reached a compromise. Minnesota grown seed coming in direct line from the original Grimm field is eligible to certification, and also Grimm seed from outside the state can be certified after it has passed successfully through three winters, but seed brought into the state after February 27, 1924, will never be eligible to certification as Minnesota Grimm. The conditions agreed on represent a compromise. Some growers favored excluding seed that had ever been grown outside the state in any generation, while others wished to have Grimm seed grown outside the state fully recognized. The committee report was adopted.

Sumpter is Director

C. F. Kirk of Morris was elected president of association; C. F. Kirkwold of Starbuck, vice president; and R. F. Crim, extension agronomist, University Farm secretary-treasurer. Mr. Sumpter was chosen as a director for one year.

The resolution committee, of which Mr. Sumpter was also a member, submitted resolutions asking for more stringent restrictions on the importation of foreign alfalfa and clover seeds, which are generally worthless, and also endorsed the McNary-Haugen bill, which were unanimously adopted.

Growers Urged to Join

Mr. Sumpter urges all alfalfa growers in this county to make plans to get their seed certified and those who are starting in this year to secure seed that will make the fields eligible for certification. This county at present has approximately 5,000 acres of alfalfa but Mr. Sumpter's field is the only one which has been certified so far. The Hazel farmer took high honors in the state for seed exhibited at the Minnesota Crop Improvement show held at Owatonna two weeks ago, and declared to representative growers at the Morris meeting that "Pennington county is truly the home of alfalfa."

All of the 22,000 pounds of Idaho seed distributed in this community a short time ago is certified Grimm and the fields will be eligible for certification in the association.

Wants The Times

John Sorum of Hillsboro, N. D., who owns a farm in Silverton township where he resided from 1904 until 1919, has spent the past week in this city and community looking after business interests and securing a renter for his farm. Mr. Sorum, who is one of the veteran subscribers of The Times, was a caller at this office during his stay here, to make arrangements for having The Times sent to Hillsboro for another 52-week period.

Education is the process designed to help a human being to appreciate God, to know himself and to understand the spirit of the age in which he lives so that he can live in, serve and act with and on the community in which his lot is cast.—Sir Auckland Geddes.

Patrons of Local Creamery Get Checks Twice in Month; 265 Monthly Patrons in Feb.

Payments to patrons will be made twice each month at the Thief River Falls Co-operative creamery instead of only once as heretofore, according to announcement by Secretary T. H. Bjerke, this change taking effect this month. On the first of the month the creamery will pay each patron a check for the approximate amount of cream from the 1st to the 15th of the previous month, and between the 15th and 20th the usual statement and the balance of the month's receipts will be issued.

During February the creamery had 265 monthly patrons, an effort being made to reduce the number of cash patrons so as to lessen the extra work which this trade necessitates, says Secretary Bjerke. The co-operative institution of this city prides itself in that during February it paid as much for butterfat as the Pelican Rapids creamery, which is considered the best sweet cream concern in this state.

CREAMERY IN T. R. F. SHOWS BIG INCREASE

More Cream Handled on Last Day of Feb. Than During Busiest Day Last Summer

45,000 LBS. BUTTER IS SHIPPED DURING MONTH

Increase of 17,000 lbs. in Creamery's Output Last February Compared To 1923

A tremendous increase in the business of the co-operative creamery in this city is noted this year, according to statements by Secretary T. H. Bjerke. On the last day in February, Leap year day, more cream was taken in than on the busiest day last summer, the total handled aggregating about 5000 pounds. The price paid was 46 cents per pound of butterfat for sour cream and 49 cents for sweet cream, the greater portion being of the latter quality.

During February this year a total of 45,000 pounds of butter was shipped from the local creamery, compared to 28,000 pounds for the corresponding month last year. January shipments this year were 12,000 pounds over 1923, while December, 1923 exceeded December 1922 by approximately 9,000 pounds, according to figures submitted by the secretary.

This is a remarkable showing and speaks well for the creamery in this city and indicates that dairymen are increasing production by having better cows. Pennington county dairymen believe in securing cows of the best quality and feeding them well. The Thief River Falls creamery leads the entire Red River Valley in butter production, while St. Hilaire, also in Pennington, ranks third in District No. 14.

P. T. A. GIVE WELL RECEIVED PROGRAM

Unusually Large Crowd Attends; Matter of Joining Minnesota Ass'n. Dropped

The program of the regular meeting of the Parent-Teachers meeting held at the high school auditorium Monday evening was one of the most interesting and enjoyable of the season. An unusually large crowd turned out for the event, which shows the interest in the parent-teachers movement which is being created by that organization. The matter of joining the Minnesota Parent-Teachers organization did not reach a decision and was dropped. No delegates will be sent to the National Congress of Mothers and Parent-Teachers associations which is to be held in St. Paul this spring, unless the local organization joins the Minnesota association.

Mrs. J. M. Bishop's talk on the cooperation of the teachers and parents with the welfare work conducted by various societies and the result that could be affected was enlightening and very well received. The Rev. J. B. Smith gave an address on the influence the teacher has on the child's life and career and [illegible] out many things, which, if observed, would have a tendency to create a spirit of co-operation between the child and teacher. The Central School Girls' club, directed by Miss Maude L. Johnson and accompanied by Miss Julia Keefe, and the Woman's club chorus, directed by Mrs. G. Halvorson, favored those present with several musical selections. The directors of the Glee club and the Chorus deserve much credit for the work they have done in organizing and perfecting the choruses.

The next meeting of the association will be held Monday, April 7th.

Mud Lake Case Goes to U.S. Supreme Court for Decision

The Secretary of the Interior has requested the Attorney General of the United States to appeal from the decision of the Circuit Court of Appeals, to the Supreme Court of the United States on the case to determine the ownership of the lands in the bed of Mud Lake in Marshall county, according to information from U. S. Land Office at Crookston. This land has been in litigation between the government and the owners of the old shore line along the lake for a number of years.

FINAL TOURNEY IN BASKETBALL STARTS TODAY

Eight Best High School Teams Meet Here to Fight Out District Honors

THIEF RIVER FALLS TEAM MEETS FOSSTON TONIGHT

Two Games Scheduled for Tomorrow With Finals to be Played at 8:30 P. M.

This afternoon at 3:30 marks the opening of the district basketball tournament, which is being held in Thief River Falls for the first time in history. Everything is in readiness for the big event, the various committees having worked hard the past week to make the necessary preparations so as to assure the success it merits. Seating capacity for about 1,000 people has been provided by erecting bleachers on all sides in the auditorium where all games are played.

A large number of outside basketball fans are expected in the city, besides the seven teams which meet here to battle for high honors in the first athletic district.

Following are the eight teams and their standings:

Team	Games	Lost	Percent
Fosston	9	0	1000
Roseau	5	2	714
Ada	10	4	714
McIntosh	8	4	666
East Grand Forks	6	3	666
Argyle	7	4	633
Warren	6	4	600
Thief River Falls	7	5	583

As a result of drawings Tuesday McIntosh is billed to meet Warren in the opening game of the tournament at 3:30 this afternoon. As soon as this game is over the second preliminary game will be played between East Grand Forks and Roseau. The third game of the preliminary series will be played at 7:30 p. m., This evening between Ada and Argyle. Immediately following this game Fosston and Thief River Falls will clash in the last of the preliminary contests.

The winners in the two preliminary games played this afternoon will meet in the first semi-final on Friday forenoon at 10 o'clock. The winner in the preliminary skirmishes of the previous evening will be matched for the second semi-final.

No games will be played on Friday afternoon so that the teams will have an opportunity to rest up for the final game in the evening. At 8:30 on Friday evening the championship tilt will be staged between the two winners in the semi-final games. Before the district title match the losers in the semi-finals will play an exhibition game which will be called at 7:30. This game will have no bearing on the results of the tournament.

Plans have been perfected to take care of the visiting players and their coaches. The American Legion club rooms will be open to all boys participating in the tournament so that they can go there and have a social time. The Masonic Lodge will also most likely give the visitors the use of its club rooms in which to spend their leisure time.

A special edition of the High School Progress was published by The Times yesterday, giving complete information regarding every team in the final classics.

Brumund Announces Opening of Lyceum Theatre Tuesday

The Lyceum theatre, which has been closed during the winter months, will be open on Tuesday, Wednesday, Thursday and Sunday nights of each week, according to announcement this week by H. A. Brumund, manager of the Thief River Theatre company. The change in the company's operations took effect this week and will afford a more varied program of pictures for the theatre going public of the city and community.

The Princess Theatre will be open on Friday, Saturday, Sunday and Monday nights of each week. On Sunday nights there will be only one show at the Lyceum Theatre starting at 7:30 and letting out at 9:00. There will be no change in the time of the Sunday night shows at the Princess, the first show starting at 7:15 and the second performance at 9:10.

The pictures booked for the Lyceum and Princess theatres will be of the very best the market has to offer and as the Thief River Theatre company can only use a limited amount of the pictures produced each year they have selected only the best. Starting Tuesday, March 11, at the Lyceum the new series of the H. C. Witwer Collier's stories, the "Leather Pushers" staring Reginald Denny, will start and will be shown every Tuesday.

Rev. Svare to Conduct Services at Trinity Here Sun.

Rev. T. O. Svare of Sherwood, N. D., will conduct services at the Trinity Lutheran church here Sunday. Services will be held in the English language in the morning and in Norwegian in the evening. The Rev. Svare is known to be an excellent speaker and the usual large crowds are expected.

Dr. C. A. Mellby, professor at St. Olaf college, conducted services last Sunday. In the morning the subject was "Faith" and in the evening "St. John's Letter to the Effesus." Dr. Mellby was very well received. His manner of delivery pleased and the material of the sermons was particularly adaptable and applicable. While in the city he was a guest of his brother, Dr. O. F. Mellby, local physician.

The Lenten Season is On; Easter Falls on April 20

Thief River Falls churches will observe the Lenten season, which began yesterday (Ash Wednesday), with increased activities in support of the ideals for which they stand. For 40 days, or until Easter, which this year falls on April 20, festivities and gaities will be lessened, particularly among people belonging to the Catholic and Episcopalian churches. Special services will be held in the St. Bernard's church here during the Lenten season, on Wednesday and Friday evenings, beginning this week.

"The Lenten season is increasingly used as a period for the special cultivation of the spiritual life," says a prominent Minneapolis pastor.

"It is observed as a time when social activities are lessened and some limitation is placed upon the indulgence of appetite. In many churches special services of various kinds are being planned for the entire Lenten period. It is fortunate that this is so, for there are times and seasons for the soul as well as for the body, and it would seem that in the pre-Easter period people are more susceptible to spiritual influences than at any other time."

CLUB WORK IN COUNTY URGED BY KITTELSON

District Junior Club Leader Speaks to Winners at Commercial Club Luncheon

TEN CERTIFICATES OF MERIT AWARDED BY CLUB

Correll Presented with $50 Prize for High Beet Yield. Acre Nets $35.19

The value of junior club work in the community and ways in which various organizations can boost this activity, was ably discussed before the Commercial club at the regular luncheon Thursday by A. J. Kittleson of Crookston, district club leader. He complimented the local club for the splendid interest shown in the past and encouraged its members to continue assisting along this line in the future, as it means much to the future prosperity and welfare of the community.

Certificates Awarded

Ten youths of Pennington county who were given free trips to the state fair last fall as rewards for winning high honors in club work last year, were honor guests at the luncheon, the certificates of merit awarded by the club being given to them at this time. The presentation was made by President H. W. Froehlich. Those who received certificates and the club in which they were winners, are: Gordon Hunt and Randall Noper, dairy calf; Myrtle Helgeland and Ansof Dahlen, bread; Helen Satre, William Froehlich and Wallace Benson, sheep; Julia Malmquist, pig; Lawrence Letness, poultry, and Virgil Denhart, sheep, the last two mentioned being selected as the best club workers in the county. Free admission to a club picture, "Partners," was given by H. A. Brumund of the Thief River Theatre company.

During his stay in the city Mr. Kittleson signed up a number of members in the various clubs for the coming season, activities to start this month. Those who have not already made arrangements for enrollment in some club should make it a point to see County Agent McCann at once so as to get started at the proper time. The awards will be practically the same as last year, with free trips to the state fair, livestock show and other exhibitions, as well as money prizes.

Julia Malmquist and Helen Satre, both of whom have been in club work the past four years, were named club leaders by Mr. Kittleson.

Beet Growers Speak

Following the discussion of junior club activities Dr. Froehlich presented to Chas. Correll his $50 award for having the highest yield of sugar beets on a large acreage in this community. Mr. Correll responded by giving an interesting talk regarding his experiences in the culture of beets. Last year he had a field of about 23 acres which yielded nearly 11 tons to the acre. Mr. Correll had prepared some interesting figures giving his cost of production per acre. By including $22 for labor, amounts for depreciation, seed, rent, hauling, plowing and other incidentals he found the total cost of production per acre to be $46.25 with gross returns of $81.44. This left him net returns of $35.19 per acre for the season. In addition he sold some beet tops and fed a considerable amount to his cows, which he claims is among the best feed obtainable for milk cows. He advised deep fall plowing and care similar to a garden crop, and good treatment of Mexican labor in order to get satisfactory results.

Math Barzen Sr. was called upon to relate some of his experiences and observations, which were along the same line as Mr. Correll's. Mr. Barzen added that it is important to consider that beets improve the soil if properly grown. He stated that after deducting cash outlays he realized a return of about $55.00 per acre. R. Oen advised local growers to learn as much as possible about beet culture before planting.

The process of making sugar from beets was explained by J. J. McCann, and a number of samples sent here by the sugar company displayed to those present.

The co-operation of the Commercial club in landing the 1925 state convention of the American Legion in Thief River Falls, was asked by Oscar Smith, commander of the local post. The matter was referred to the committee on conventions.

FARMER-LABOR CONVENTION IS HELD SATURDAY

Delegates to Many Meetings are Named at County Convention Held Here

COUNTY COMMITTEE CHOSEN BY DELEGATES

Naplin Endorsed for State Job. Passage of Soldiers' Bonus Bill Favored

The political week opened in Thief River Falls last Saturday when the county convention of the Farmer-Labor party was held, all but two precincts being represented. About 60 members of the farmer and labor organizations took part in the sessions. Delegates to the various conventions of the party were chosen.

Preceding the regular party convention Saturday the Nonpartisan League and the Working Peoples' League held joint sessions to make nominations which were endorsed at the convention. O. A. Naplin, P. O. Sorlom, North, and R. M. Johnson of Kratka were selected to attend the Nonpartisan League meeting in Minneapolis on March 13, while J. S. Barnett, John E. Nelson and Andrew Trovaton were chosen delegates to the Working Peoples' convention which is also held on the 13th. Four of these delegates will represent Pennington county at the state convention of the Farmer-Labor party which will be held in St. Cloud Feb. 14, at which time policies and program for the coming campaign will be considered, and endorsement of candidates made. The delegates to the Minneapolis meetings will also attend a Ninth District congressional convention called by O. A. Naplin, chairman of the district committee, on the 12th.

Isaac Wilson, E. A. Peterson, Otto Halldin, W. J. Douville, Andrew Trovaton, Paul Harris and O. A. Naplin will attend a meeting at Plummer on March 25 to select two candidates for the legislative positions.

Andrew Trovaton was again chosen chairman of the county committee while Thos. H. Bjerke is retained as secretary. The committee is composed of one member from each voting precinct, and will have charge of party activities in the coming campaign.

In addition to naming delegates the convention Saturday also endorsed O. A. Naplin for a place on the Farmer-Labor state ticket. Resolutions were adopted condemning both the Republican and Democratic parties, chiding the congressmen opposing the Mellon tax plan, urging the passage of a soldiers' bonus law, favoring the cash payment plan, endorsing the Sinclair-Norris and McNary-Haugen bills with certain reservations, and condemning the Federal Reserve law and calling for its repeal. The organization of a third national party was favored, it being the belief that this is the opportune time for such a movement.

NEW CREDIT ASS'N IS INCORPORATED BY GOODRIDGE MEN

Farmers Credit Company Formed to Make Loans on Chattels. Capital $10,000

A new organization to be known as the Farmer Credit company was recently formed at Goodridge, operating in conjunction with the Intermediate Credit Bank in St. Paul and is able to loan money on farmers' chattels to the extent of $100,000, at an interest rate of seven per cent.

The capital of the new credit company is given as $10,000, the following representative men of Goodridge comprising the incorporators: Albert Wilkins, Lars Stomlien, Theo. Gilbertson, Carl Lindstrom, J. H. Clausen, Ed. Ells, Ole A. Olson, W. E. Chapman, Paul P. Sund, Andrew O. Feragen, Gust J. Fundamet, H. B. Rockne, Nick Bundhund and M. J. Stephenson. Albert Wilkins is named as the first president, Mr. Feragen as vice president and Mr. Rockne, secretary-treasurer.

The new organization which is the first of its kind in Pennington county, should prove a valuable agency in helping to improve conditions among farmers of that community, the men backing the venture giving assurance of success. The incorporators are known as men of careful business judgment and under their guidance the new concern is launched with favorable prospects for the future.

Children of City are Warned in Crossing Soo Tracks

Children of Thief River Falls who cross the Soo railway yards and tracks at various points other than the regular crossings are warned against such practice, officials of the yards in this city calling attention to the dangers of so doing. Engines and trains travel between the station and the roundhouse at all hours of the day and the child or anyone else who crosses the tracks elsewhere than at the designated crossings is taking an unnecessary risk.

This warning has been issued to children of the city who cross the tracks, from time to time, but many continue the practice. The matter has been taken up by Soo officials with Supt. I. T. Simley, who will bring the warning to each child thru the teachers, and it is hoped that this procedure will prove effective.

Cloutier-Belland

The wedding of Miss Martine Cloutier, daughter of Mrs. Emma Payette, and Albert H. Belland, son of Mr. and Mrs. Arthur Belland, both of this city, was solemnized at the chapel of St. Bernards church Monday morning at 8 o'clock by Rev. B. M. Weakland in the presence of relatives and friends. Miss Anna Majeres attended the bride as bridesmaid and Edward Belland, a brother of the groom, acted as groomsman. The bride was dressed in a suit of dark brown and accessories to match and carried a bouquet of ophelia roses. The bridesmaid was clad in blue. The bridal couple left Tuesday morning for Oklee, where they will be guests of relatives of the groom, and Duluth where they will spend some time with relatives of the bride. They will make their future home in this city.

They have both been resident of this city for many years. Mr. Belland attended the grade and high schools of this city.

Among nuptial affairs was the wedding breakfast, dinner and reception. The wedding breakfast and dinner took place at the home of the brides mother. In the evening a reception was held at the home of the groom's parents. Relatives and a few friends were present. Both homes were elaborately and beautifully decorated for the occasion and roses constituted the flower favors.

For Miss Cloutier

Among pre-nuptial events in honor of Miss Martine Cloutier, now Mrs. Albert Belland, was a surprise miscellaneous shower given by members of the Lady Foresters at the home of Mrs. R. J. McGinn Friday evening. Many beautiful gifts were presented to Miss Cloutier. The evening hours were spent at cards, and refreshments served at a late hour.

Sons of Norway Entertain

The Sons of Norway lodge entertained at an informal dancing party at the hall Friday evening when members of the Snorre lodge and the Daughters of Norway and friends were guests. Music consisted of two violins and piano accompaniment. About 150 members and invited guests were present and a most enjoyable evening was spent.

Trinity Young Peoples' Meeting

The Young Peoples' society of the Trinity Lutheran church will be entertained at the church parlors Thursday evening of next week, Feb. 13, by Misses Beatrice Erickson, Gladys Ryan, Ellor Lura, Agnes Auseng, and Agnes Gunderson. Mrs. Strubeck Dies at Tuscon, Ariz., After 6 Year Illness

Mrs. Della Strubeck, wife of Joseph Strubeck, proprietor of the Soo Cafe in this city, died at the St. Mary's hospital at Tuscon, Ariz., Wednesday evening, Feb. 27, after nearly six years' illness from tuberculosis.

Mrs. Strubeck was born in Chicago, Ill., in March, 1890. She spent her youth in North Dakota and married Mr. Strubeck at his parental home at Long Prairie, twelve years ago. They moved to this city 10 years ago, when Mr. Strubeck began operating the Cafe. Five years ago last August she left for Colorado, and spent the time since, there, at Stockton, Cal., and Tuscon, Ariz., where she died.

She is survived by her husband, daughter, Lillian, and a step-daughter, Theoline. The latter was in St. Paul, while Lillian was with her at the time of her death.

The remains were shipped to this city. The funeral services were held at the Presbyterian church yesterday, Rev. Chas. Gerlinger officiating. Interment was made in Greenwood cemetary.

Miss Ingaborg Wold

Miss Ingaborg Wold of Fork died in this city Saturday after a long illness of tuberculosis. She was born in Norway, March 13, 1861, and has been a resident of this state for many years. The funeral services were held from the chapel at the Larson Undertaking parlors Tuesday, with Rev. C. M. Grimsrud as the officiating pastor. Interment was made in Greenwood cemetery.

"Three Ages" Shows Human Nature Has Changed Little

"Three Ages," Buster Keaton's first full length feature, is coming to the Princess Theatre on Friday and Saturday. Keaton has deserted the two-reel slap-stick comedies, and will henceforth star in comedies of feature attractions.

"Three Ages" is classed as a burlesque on love, marriage and business. Beginning with primitive man Keaton depicts vividly the life of the cave man era and then swings into the triumphant period of the Roman Empire. Here there are several massive scenes principally among which is a duplication of the famous Colosseum. Several thousand people participate in this scene where Keaton makes a brilliant hit as a Roman noble matched in a chariot race with an envious rival.

The modern age comes in for its bit also as it is Keaton's purpose to show how little human nature has changed in the course of the centuries. Apparently inventive ingenuity has changed little, too, for Keaton's remarkable satire is based on a duplication of scenes and events in these three far-flung settings.

Beet Sugar

When sugar first was made from beets it took about twenty tons of beets to produce one ton of sugar; now it requires but six tons, the change being due to scientific production of the beets. The beets grown in this locality contain from 16 to 20 per cent sugar. An acre of beets with a maximum sugar content at a yield of ten tons would produce two tons of sugar.

REV GERLINGER TO RETAIN PASTORATE

Adams Presbytery Meets in This City Tuesday; Pastor Will Not Be Transferred

A meeting of the Adams Presbytery in this city Tuesday resulted in the retainment of Rev. Charles Gerlinger as pastor of the Presbyterian church here, instead of transferring him to Two Harbors as was anticipated.

Rev. Gerlinger, an ex-serviceman, is one of Thief River Falls' livest citizens and is very active in all civic affairs, and is a man that is a distinct asset to any community.

Among pastors who attended the presbytery are the Reverends J. M. Gray of Bethel, F. J. Hibbard of Crookston and W. H. Evans of Red Lake Falls.

Mae Murray in Dual Role In "Fashion Row" Coming To Princess Mar. 9 and 10

Mae Murray in "Fashion Row," her new Tiffany production for Metro release, will be the stellar attraction at the Princess Theatre next Sunday and Monday. Written for Miss Murray by Sada Cowan and Howard Higgin, "Fashion Row" gives the popular Metro star the interesting dual role of two sisters.

One of the mis the famous Olga Farinova, toast of Broadway, and the other is a grubby little Russian peasant girl named Zita, who comes to America to find her sister. On the immigrant steamer Zita meets a sinister figure named Kaminoff. To Kaminoff she shows a photograph of her sister, and its unmistakable resemblance to a dancing girl he once knew in a Russian dive brings back to Kaminoff bitter memories. So he plans to make Zita the instrument of his revenge, and in New York quarters her on the East Side with Papa and Mama Levitzky.

Olga Farinova, meantime, has given up her stage career to marry young Eric Van Corland, son of one of Knickerbocker's oldest and most aristocratic families. The couple plan a Russian masked ball on the Van Corland estate, and so that "the party may have a real Russian flavor, Jimmy Morton, who is Eric's friend, goes to the Levitzky's to procure real vodka. He meets Zita and is suspicious of her resemblance to Olga.

What transpires in the following scenes is said to make "Fashion Row" one of the most exciting romances of the season.

Getting Ready for Tomorrow

THE average man, busy with his own affairs, has little time to consider the vast amount of anticipatory work necessary to maintain a high standard of service in the petroleum industry.

Just as the merchant buys straw hats in November and furs in early summer, so does the Standard Oil Company (Indiana) prepare in winter to supply you in summer with the gasoline and other petroleum products you may need.

Today, this Company is spending millions of dollars to purchase crude oil and to convert this oil into refined products so that next summer it may meet its obligations to supply the demand for gasoline and other petroleum products when pleasant weather makes motoring attractive and agricultural activities necessary.

Such an effort takes on greater significance when it is known that the production of crude has been checked sharply.

The American Petroleum Institute reports that from September 8 to December 15, 1923, the production of crude oil fell off 337,400 barrels per day.

This brings production to a point where it is 56,700 barrels less per day than the estimated daily average consumption.

The Standard Oil Company (Indiana) is preparing in advance to meet any demands which may be made upon it. It has a tremendous investment in storage facilities, located strategically throughout the territory it serves. By keeping this storage full it insures you an uninterrupted supply of petroleum products at all times.

To picture the enormous task confronting the Standard Oil Company (Indiana) it is only necessary to state that estimates made by the National Petroleum News indicate that the 1924 gasoline consumption will total 8 billion 236 million gallons.

With 31% of the automotive registrations of the country concentrated in the ten Middle Western States served by this Company, this estimate means that 2 billion 553 million gallons of gasoline will be required to supply these states.

Preparing now for the summer peak load is only another phase of the broad and comprehensive service rendered by this Company, which has gained the respect, confidence and esteem of the thirty million people of the Middle West.

GIVE THEM A WELCOME

This week Thief River Falls is host to seven of the best high school basketball teams of this part of the state. More than fifty players and their coaches and a large number of fans are visiting our city at this time, the occasion being the First district tournament which is being held here for the first time in history. Every citizen of Thief River Falls, as well as the Lincoln high school students, who have their own and their city's best interests at heart, will make a special effort to extend the hand of cordial hospitality to these visitors. Show them that Thief River Falls is a city of true and real sportsmanship and athletic spirit.

The City Council, Commercial club and school officials are to be commended upon their co-operative spirit in bringing the tournament to Thief River Falls.

A DARK RED COW

"I have a nice, dark red, six-year-old cow for sale. She will freshen in a few days. Price $50." This advertisement found in a local Minnesota paper reveals the state of mind of many so called dairy farmers. It shows that as yet we haven't firmly fixed in the minds of men the real function of cows.

An advertisement offering a cow for sale should reveal the most outstanding characteristics of the cow. Perhaps this one does that. If so, the most commendable thing about this cow is that she is dark red, but what has that to do with her real function, which is the making of milk? How much stronger and better would this advertisement have been if it had stated that the cow is capable of producing in a year 10,000 lbs. of milk containing 400 lbs. fat and that at six years old she is in her prime and there is reason to believe she is capable of doing more efficient work.

Grade cows of good conformation and with yearly records, averaging 300 to 400 lbs. fat, will sell readily from $125 to $175 to people who have an understanding of the value of dairy cows.

Will the time come when all men, everywhere, will direct their minds to the real function of the dairy cow?—Hoard's Dairyman.

S. E. HUNT ATTENDS MEETING OF CO-OPS.

Represents Local Creamery at Sessions of State Organization in St. Paul

S. E. Hunt, president of the Thief River Falls Co-operative Creamery association, left Monday night for St. Paul where he attended the annual meeting of the Minnesota Co-operative Creameries' association Tuesday, as a representative from the local organization. It was decided at the annual session of the creameries of the Fourteenth district to send one delegate from each of the 56 member associations, the district body voting to pay $15 towards the expenses connected with the trip. Stuart McLeod of Goodridge also left Monday to attend the meeting.

The St. Paul meeting was the largest gathering of persons interested in co-operative dairy products marketing in the history of the state, practically every co-operative creamery member of the state association, and there are 450 of them, being represented. This district is the only one in the state that has secured a 100 per cent membership.

The state co-operative association handled 70,000,000 pounds of butter in 1923, a 20 per cent gain over 1922, A. J. McGuire, general manager, reported. With the eggs which were handled in addition to the butter, the association did a $35,000,000 volume of business during the year. Already 250 of the member creameries have signed up with the new sales department and before the end of 1924 officials expect to have 500 creameries of the state in the movement. The association now sells butter in 40 cities of the country, whereas it used to be *dependent* upon the New York market alone. The average price paid to farmer members of the local creameries was 50 cents per pound of butterfat.

The total dues paid in by the member creameries for maintenance of the central association office was $218,235, the working capital remaining being given as $116,000.

BEET GROWERS SIGN UP TOTAL ACREAGE

Bulk of Acreage Allotted is Signed up in One Day. Field Man Wigand Here

The signing up of the sugar beet acreage of 750 acres allotted to the Thief River Falls territory has been practically completed, according to County Agent J. J. McCann. Together with David Wigand of Crookston, field man for the Minnesota Sugar company with factory at Chaska, Mr. McCann signed up contracts with farmers of this community for more than half of the acreage on Tuesday, when the applications for acreage were gone over by Mr. Wigand. Applications called for about 3000 acres while only a small portion can be handled by the company this year.

Farmers who grew beets last year are given preference, it being necessary to reduce the acreage applied for in many instances. Acreages alloted average from 15 to 30 acres, the largest field being 50 acres. As many as possible are given a chance to grow beets but many will be disappointed in not getting the acreage applied for. It is hoped that next year the desired acreage can be taken care of.

The contracts are practically the same as before, the only change being in the price of labor, which is this year $21 per acre.

Thune Plays Whirlwind Game With Crookston Team Mon.

L. A. Thune, athletic coach in the local schools, played a stellar game at Crookston last Monday as forward on the Company M basketball quint which defeated the University of North Dakota team in a listless game which resulted in a final score 38 to 18. The varsity team failed to put their heart in their playing and constant fumbles, poor basket shooting and mediocre guarding enabled the Gunners to outscore their opponents two to one thruout the game.

Thune had to his credit six field baskets and one free throw, and was largely responsible for the overwhelming victory of the Crookston team, which speaks well for his ability in the hoop game.

Says the Crookston Times:

"Thune, a new man on the Crookston squad, was the rangiest player on the floor and did much to bolster up the strength of the local quint. Thune, former South Dakota state college basketball star and now coach of the Thief River Falls high school team, displayed a pivot dodge that was wonderful to watch, his sudden shift time after time leaving his guard eight to ten feet behind him."

Dr. Bowers Trades Wisconsin Property for Wyandotte Farm

Dr. J. T. Bowers of this city returned from Luck, Wis., last evening after a three day business trip to that city. He recently made a deal with Willis Rose of Wyandotte township, whereby he becomes the owner of the Rose farm in Wyandotte and Mr. Rose becomes the owner of a farm near Luck owned by Dr. Bowers. The Rose farm is a quarter section farm, and well stocked with Holstein cattle, 10 milch cows of which are purebred and registered as such. The farm has a 17- acre field of alfalfa and plans call for a substantial increase in this this spring. Dr. Bowers has secured Chris Kierk, a brother of Jens Kierk, to operate the farm. The two men took possession of their new farms Saturday, March 1. Mr. Rose and family leave the latter part of this week for Luck to begin operations. The Wisconsin farm is stocked with Guernseys.

Resolution Regarding Co-op. Marketing of Butter Passed By District Creamery Ass'n.

The following resolution was passed by delegates of District No. 14 of the Minnesota Co-operative Creameries' association in session in Thief River Falls Wednesday, Feb. 27, and has been sent to Minneapolis dailies, farm publications and local newspapers throughout this territory by Secretary P. Engelstad of this city:

WHEREAS, A resolution was passed at the Nineteen Hundred Twenty-four convention of the Minnesota State Dairymen Association, inferring that co-operative marketing of butter will pyramide the price to the consumer to a point that will curtail consumption and encourage the use of imported butter and substitutes, and also urging the co-operative creameries to proceed with caution in joining the marketing program of the Minnesota Co-operative Creameries Association, Inc., and,

WHEREAS, It is apparent that the gist of that preamble and resolution was intended to discourage the creameries in joining the marketing program; and that the committee on resolutions, as well as the voting members of the State Dairymen's Association, were principally men who have no particular interest in the dairy industry of the state, only so far as they can commercialize it, and for that reason did not speak for the best interest of the dairymen.

THEREFORE, Be It Resolved, by the Annual Meeting of the Fourteenth District of the Minnesota Cooperative Creameries Association, Inc., assembled at Thief River Falls, this twenty-seventh day of February, Nineteen Hundred Twenty-four, that we express our disapproval of that untimely and utterly undeserved resolution passed by the Minnesota Dairymen's Association. It is a fact that any fairly intelligent men ought to know, that it has never been the aim of the Minnesota Co-operative Creameries Association, Inc., to increase the price to the consumer, nor have they ever proposed to do so; but they aim to merchandise the butter of the co-operative creameries, thereby reducing the cost of transportation and eliminating all unnecessary expenses incurred enroute between producer and consumer, thereby increasing the price paid to producer without increasing, but rather reducing the price paid by the consumer. We also desire to call the attention of the people to the fact that the farmers are not generally the controlling element in the conventions of the Minnesota Dairymen's Association which is verified by the names attached to the resolution in question—two butter buyers, one newspaper man, one buttermaker and one farmer, and,

BE IT FURTHER RESOLVED, That we feel that Chris Hren, Dairy and Food Commissioner under our present State Administration, which has strongly recommended cooperation as a remedy for the farmers financial condition, neither did his duty to the Administration that he is serving nor to the farmers whom he should assist, when he could sit in said convention, as its secretary, without in any way raising his voice in opposition to such a resolution.

BE IT RESOLVED, That we express our sincere appreciation of the splendid work done by the officers and employees of the Minnesota Co-operative Creameries Association, Inc., and especially of the untiring, honest and unselfish work done by the General Manager, A. J. McGuire. May God preserve his strength.

Resolution Adopted at Convention of Pennington County Farmer-Labor Party Held in Thief River Falls, March 1

The Farmer-Labor Party of Pennington County, Minnesota in Delegate Convention Assembled, do declare our sentiments and principles as follows:

We condemn the Republican and Democratic Parties for their subserviency to the large money interests as shown by the deflation policy inaugurated by the Democratic Administration in 1920, and continued by the Republican Administration after March 4, 1921. This deflation by the Federal Reserve Board wrecked more homes; broke more farmers, industrial businesses and banks and caused more misery and loss of values than all other calamities.

We further condemn their failure to prosecute grafters, and to take proper care of our soldiers.

We also condemn their refusal to enact adequate legislation for the relief of the farmers and country banks.

We heartily endorse the stand taken by the Farmer-Labor Congressmen against the Mellon Tax Reduction Plan, which proposed to cut the millionaires income tax in two while reducing the tax for the small tax payer only one fourth.

We strongly urge the passage of a law, granting adjusted compensation to the Veterans of the World War, which they so justly deserve, and instead of paying it in twenty year certificates, we urge Congress to provide for its payment in cash, as provided by the Bill introduced in the House by Hon. Elmer Thomas (H. R. 6813) so it will provide the country with the much needed currency besides paying our debt to the boys at once, instead of compelling them to wait twenty years.

We favor the enactment of the Sinclair-Norris and McNary-Haugen Bill providing for fixing prices on farm products, but urge upon our Representatives and Senators to try to have the latter so amended that in cases where the ratio price is found to be below the average cost of production plus 6 per cent profit as determined by the Secretary of Agriculture, then such cost of production price plus 6 per cent profit, shall be established in place of the ratio price.

We demand a thorough revision or repeal of the Federal Reserve Law, so as to stop its criminal operation such as it has been hitherto, for the very economic life of the Nation depends on a sufficient and stable currency, which should be controlled directly by Congress and not delegated to banks or boards.

We warn against the Wall Street propaganda for lowering wages and prices, because we want fair wages and fair prices so that we can pay our debts and taxes and not give the creditor class all our earnings, but keep the peoples' Purchasing power up to where they can keep industry going.

Believing that now is a very opportune time to organize an Independent National Party, we therefore earnestly invite all progressive Republicans and Democrats to join the Farmer-Labor Party, as there is no hope of getting a real clean up in either of the Old Parties.

Be It Resolved, that a copy of this declaration be sent to F. A. Pike, chairman of the State Central Committee of the Farm-Labor Party, to each of the papers in Pennington County; to the Minnesota Daily Star and to all Farmer-Labor members in Congress.

This is to certify that the attached resolution and declaration of principles were unanimously endorsed.

ANDREW TROVATON,
Chairman of Committee.
T. H. BJERKE,
Secretary.

Short Course at Crookston Ag. College Mar. 31-Apr. 4

Several in this community have confused the dates of the Junior short course to be held at University Farm St. Paul, with the one held annually at the Northwest School, Crookston. The dates for the short course at the Northwest School, Crookston, are March 31 to April 4. Since the expense of attending at Crookston is less than that at St. Paul because of the railroad fare, boys and girls from Northwestern Minnesota attend the Northwest School. These short courses are practically the same and are for boys and girls 12 to 18 years of age. Instruction is given in boys and girls club work and in matters concerning the farm, home and school. The course at Crookston this year will be the twelfth annual meeting of the juniors. About 200 attend each year.

The McNary-Haugen Bill

Editor Times:—I would like to be permitted to discuss, in your paper, as briefly as possible the pending agricultural legislation, such as the Coulter Bill, the Sinclair-Norris Bill and the McNary-Haugen Bill, and the propaganda now carried on in their favor. Careful study and consideration of these bills will hardly justify the enthusiasm shown in their behalf in some quarters, and will certainly not justify the thoughtless endorsements these bills are given. As farmers we need to be a little careful, and think for ourselves, and not endorse a particular bill or law, just because someone comes around and asks us to do so. Farmers, farm clubs and business men of the northwest could well send for copies of these bills and study them carefully, before making any endorsements or committing themselves.

As far as the Coulter Bill goes it is really a, perhaps somewhat vicious and thoughtless, joke. It is only another scheme of lending the farmer more money. It is not meant to help the farmer that really needs help, and so states right in the bill. Neither can you help the farmers by urging them to go deeper into debt for cows or anything else. So far as the Coulter Bill goes, make the security for the loans adequate so that there will be no loss to be borne by the public on these cow loans, and then also cut out of the bill that part relating to supervision by county agents, and extension workers, so that counties may not be forced to appoint county agents; and then let the bill pass if they want it. Cut out the county agent feature in the bill and most of the shouting for it will stop. The bill of course might help those who have blooded stock to sell their extra cows, if passed.

The Sinclair-Norris Bill and the McNary-Haugen Bill are big measures, and neither one of them should be thoughtlessly endorsed or rejected. The Sinclair-Norris bill is really by far the better bill for the farmer, and under it the government can do something for the farmer, without immediately taxing the farmer for it. It certainly gives more chance to help the farmer, but it is perhaps true it will be harder to pass through Congress. So far as the McNary-Haugen bill goes we better go a little slow. Perhaps we want this plan when we understand it, and perhaps we do not. It needs a lot of study. The idea or principle may be allright and no doubt is allright, but the plan itself may be doubtful. In the first place it does not guarantee the farmer a cost of production price, or any other sort of a price. (Neither does the Sinclair bill.) The only thing the farmer is certain of if the McNary-Haugen bill passes is that he will have an immense bill of expense to pay for salaries, employes and operating expense. That he is sure of. In addition he will likely have to pay a considerable loss on the surplus exported.

Will this scheme (McNary Bill) raise the price of the part of the products sold at home? If it does, good and well. If not, we do not want the bill. Something, or some method will and ought to be worked out along this line before long. Until we are reasonably sure of our ground however, we ought not thoughtlessly endorse any one particular bill. It would seem that under the present conditions at least, the government could well assume and pay the salaries, wages and expense incident to setting up and operating this marketing machinery. Under the McNary-Haugen bill all this expense is loaded right back on the farmers. The government does not pay a single penny. It would seem best to know what we are doing before we endorse a bill like that. Before we consent to have 15, or 20 bushels out of every hundred we raise squandered in export, we better have some assurance that the price on the balance will be increased. So send for copies of the bill and study for yourselves its advantages and disadvantages.

Yours truly,
H. O. BERVE.

Germantown, Minn.

By the Editor:—It is significant, however, that in every section of the country farmers and business men alike are in favor of the McNary-Haugen measure. Men who have given it a thorough study and are familiar with economic questions and problems are giving it their endorsement, claiming that if enacted the prices of farm products of which a surplus is produced will be raised materially, so that the farmers' purchasing power is on par with commodity costs. Any measure that can improve the condition of large sections of the agricultural northwest should be speedily enacted by law.

"The McNary-Haugen bill goes straight to the core of the situation which has put the farming sections of the country on the brink of bankruptcy," says a North Dakota banker who was in Washington this week. "It is neither make believe nor theory. It is a logical, workable means for accomplishing the one thing which will save the farm producers—prices for their crops on a balance with the prices they pay for the things they buy.

"The measure would immediately make the farm commodity dollar worth an even hundred cents in the open market. It is now worth less than two-thirds of that. The bill would make a bushel of wheat, or a pound of pork, exchange for as large an amount of manufactured or other commodities as was the case before the war.

"And this would be accomplished without any resort to arbitrary or unnatural fixing of prices. Under the provisions of the McNary-Haugen bill the prices for farm products would be just as flexible and just as sensitive to general conditions as they are today, but they would be established on a generally higher plane, in keeping with returns secured for other lines of production.

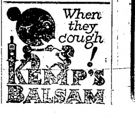
"The McNary-Haugen bill does two things:

"First, through a specified study of comparative prices for farm commodities and other articles during pre-war years, it determines what wheat and other products should sell for today, in comparison with other commodities, to make these farm articles equal their pre-war exchange value. In other words, if the price of five bushels of wheat before the war would purchase a pair of shoes of a certain quality, the bill determines what wheat would have to sell for today, so that the actual money received for five bushels by the farmer would purchase the same pair of shoes. In determining these comparative prices a list of more than 400 standard commodities is used.

"Second, after this legitimate price is determined, the bill provides a government agency to go into the market whenever the price of the enumerated farm products goes below this figure, and make sufficient purchases to put the price up to the proper point. Of course, the result of having such a price available from a government purchaser will enforce competitive private dealers to pay equal or greater amounts.

"This, stripped of detail, is what the McNary-Haugen bill would do. It determines what fair prices for wheat, corn, livestock or other depressed product should be, and then it provides facilities for purchasing that product under such conditions that the determined price will be paid. The corporation probably will stand some loss in disposing of the exportable portion of various crops on world's markets which are below the established domestic price, so to protect the treasury of the United States the bill provides a unique, workable method of assessing back on the growers of the commodity any such loss in export sales.

"If the bill were in effect today, wheat would be selling for from 35 cents to 55 cents a bushel more than it is bringing, depending upon grade and location. Corn, livestock and other affected products would undergo comparable price benefits. American agriculture would again be faced toward prosperity."



Thief River Falls-Twin City Club Plans St. Patrick Party For March 15 on U. Campus

A Thief River Falls-Twin City club party will be held on the University campus at Shevlin hall on Saturday evening, March 15, according to announcements sent to members of the club in this city. It will be in the form of a St. Patrick's affair, the hours to be spent at dancing and cards, and is the last social event of the organization before the regular spring banquet and election of officers.

Thief Riverites in the twin cities at the time of the party are invited to attend.

The club showed its interest in the high school basketball tournament this week by sending a telegram to Coach Thune wishing the Thief River Falls boys good luck in the finals and assuring them a dinner at the club party if they enter the state tournament.

Vernie Lawrence Forsberg

Vernie Lawrence Forsberg, aged 3, son of Mr. and Mrs. Andrew Forsberg of Strathcona, died in this city Saturday morning, Feb. 23, after an attack of measles and spinal meningitis. He was born in Melford, Sask., Aug. 19, 1920. Last summer he came to Minnesota with his parents, who have resided in Strandquist and Strathcona since that time. His mother was in the city at the time of his death. To mourn his passing he leaves his parents. A brother, Gordon, died last May at the age of 8 months, and was buried in Melford. The remains were shipped from the Larson Undertaking parlors to Strathcona for interment.

February, 1924, Breaks all Records With Five Fridays

February has always been considered an exceptional month with particular ability to make use of the precious moments of its short life, even in leap year. In school children are taught that February must be honored because it is the birthday month of the greatest of Americans, Washington and Lincoln. It is the only month in the year that is endowed with an extra day every four years.

February, being a remarkable month in various respects, usually contrives to add something exceptional to its credit on this extra day. This year it has established a record of achievement that hundreds of Februaries to come will strive in vain to surpass. Having 29 days to work with, February in 1924 had five of these Fridays, and none of them were on the thirteenth. This arrangement made it possible for weeklies publishing on Friday to publish five issues during the shortest month in the year, an occurrence so rare that it may not happen again in hundreds of years. The first and the last day of the month was a Friday, and several Friday publications flatter themselves with the opportunity to accomplish this unusual feat.

It's easy to make both ends meet if you never allow them to get separated.

HELP FOR OLD FOLKS

Old Age Should Be Happy — Not a Time of Sickness and Suffering.

Too many people begin to suffer at middle age with constant backache, urinary ills and rheumatic pains and aches. Weak kidneys are usually the cause and, if neglected, there is danger of hardened arteries, dropsy, gravel or Bright's disease. Help your weakened kidneys with a stimulant diuretic before kidney disease gets a firm hold. Use Doan's Pills. Thousands of old folks recommend Doan's.

Here is Thief River Falls proof:

John Aase, farmer, says: "A cold settled on my kidneys and caused trouble when I was working. When I stooped, my back was so stiff and lame it was hard for me to get up again. I felt tired before my work was half finished. Doan's Pills, from Newell's Drug Store, cured me."

Commissioner J. S. Roy offered the following resolution:—

WHEREAS the bid or offer of purchase of Ballard and Company of Minneapolis, Minnesota, as filed, appears to be, and this Board of Commissioners has found, and does hereby find it to be the best offer of purchase for said bonds,

WHEREAS, said bid is an offer to purchase said bonds at the par value thereof, together with accrued interest thereon to date of delivery, and is in regular form, and in accordance with the terms of said notice of sale and of the resolutions and orders of this Board affecting said bonds.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED, By the Board of County Commissioners of Pennington County, Minnesota, as follows:

That said bonds of said county in the amount of $50,000 be and the same are hereby sold to said Ballard and Company of Minneapolis, Minnesota, in accordance with their said bid or offer of purchase, which bid is at a price of par plus accrued interest to date of delivery, and which bid is the best offer for the purchase of said bonds.

That the rate of interest said bonds shall bear is hereby fixed at five percent per annum, payable semi-annually, and the place of payment of the principal and interest as Midland National Bank, Minneapolis, Minnesota.

That the County Auditor, Chairman of the Board of County Commissioners, the County Treasurer, and any or all of the other officers of the County be and the same hereby are instructed to do any and all things necessary for the completion of the authorization, issuance, sale and delivery of said bonds, including the execution thereof, in the manner provided or as required by law, and that their acts in the premises be and the same hereby are ratified and confirmed.

That said bonds and coupons thereto attached shall be in substantially the following form.

Number—— $1000.00

UNITED STATES OF AMERICA
State of Minnesota
County of Pennington
Drainage Funding Bonds

KNOW ALL MEN BY THESE PRESENTS, that Pennington County in the State of Minnesota, acknowledges itself indebted, and for value received promises to pay to bearer One Thousand Dollars lawful money of the United States on the 1st day of March, 19— with interest from date until paid at the rate of 5% per annum, payable semi-annually, on the first day of March and September in each year, both principal and interest payable at the Midland National Bank in Minneapolis, Minnesota.

This bond is issued by said County for the purpose of defraying and is for, an amount necessary to refund and replenish the various ditch accounts and for the paying off of maturing bonds in connection with the various ditches as certified by the County Auditor, and is issued by authority and in strict compliance with the provisions of Chapter 72, Laws of Minnesota for 1923.

It is hereby certified and recited that the issuance of this bond has been duly authorized by a resolution of the County Board of said County, duly passed and recorded and that the total indebtedness of said County, including this bond, does not exceed any constitutional or statutory limits.

It is further certified and recited that all acts, conditions and things required by the laws and constitution of the State of Minnesota to be done precedent to and in the issuance of this bond, have been properly done, happened and been performed, in regular and due form and time as required by law, and that the ditches on account of which this bond is issued are public drainage ditches duly and legally established for public utility and to promote the public health. The full faith, credit and resources of the County of Pennington, Minnesota, are hereby irrevocably pledged for the prompt payment of the principal and interest of this bond at maturity.

IN WITNESS WHEREOF The County Board of said County of Pennington has caused this bond to be signed by its Chairman and attested by the County Auditor and sealed with the seal of said County as of the first day of March, 1924.

A. W. HANSON,
(Seal) Chairman of the County Board.
Attested:
T. P. ANDERSON,
County Auditor.

FORM OF COUPON

Number—— $25.00

On the first day of March (September) A. D. 19...., the County of Pennington will pay to bearer the sum of Twenty-five Dollars at the Midland National Bank in Minneapolis, Minnesota, being the semi-annual installment of interest then due on its public drainage bond dated March 1, 1924, numbered——.

.... Chairman.

.... County Auditor.

That said bonds and each of the coupons thereto attached shall be signed by the Chairman of this Board, and by the County Auditor and each of said bonds shall be sealed and recorded by the County Auditor. That the signatures of said Chairman and Auditor upon the coupons may be their facsimile signatures lithographed or engraved.

That the full faith, credit and resources of said County of Pennington, and of this county board as such be, and the same are hereby pledged to provide the money for the principal and interest of said bonds when and as the same become due.

That all resolutions and orders, previously adopted by this Board of County Commissioners or parts thereof, that may be in conflict with this resolution, and in particular such provisions of that certain resolution of this Board, adopted on 25th day of January, 1924, which provides for the issuance, sale and delivery of said bonds, as may be in conflict with the provisions of this resolution, are hereby expressly repealed; and any such resolutions or orders, or parts thereof, that are not in conflict with the provisions of this resolution are hereby ratified and confirmed.

The motion for the adoption of the foregoing resolution was duly seconded by Commissioner Larson and upon being presented was unanimously carried by the following record vote:

Ayes: Commissioners Hanson, McGlinn, Larson, Roy and Olson.
Nayes: None.

Thereupon the resolution was duly declared adopted.

Proceedings of the Board of County Commissioners, Pennington County, Minnesota

A special meeting of the Board of County Commissioners of the County of Pennington, State of Minnesota, was duly held, pursuant to legal notice, at Thief River Falls, Minnesota, on the 15th day of February A. D. 1924 at 2 P. M. with members present as follows:

Commissioners present: Hanson, McGlinn, Larson, Roy, Olson.

Commissioners absent: None.

The County Auditor then presented the following Certificate to the Board:

STATE OF MINNESOTA, County of Pennington,—ss

I, T. P. Anderson, the duly elected, qualified and acting Auditor of Pennington County, Minnesota, do hereby certify that heretofore and prior to January 25th, 1924, the County of Pennington has paid in principal and interest of its Public Drainage Ditch Bonds issued on account of the following numbered Ditches of said County, the following amounts; out of moneys taken either from its general ditch fund applicable to a ditch other than the ditch in connection with which such bonds respectively were issued, or out of county funds other than the general ditch fund, or out of the proceeds of county warrants issued and outstanding, and a shortage in respect to the general ditch fund exists by reason thereof, which county ditches and amounts of principal and interest of bonds issued on account thereof and so paid are as follows:

County Ditch Number	Amount of Principal and Interest of Bonds so Paid
Judicial Ditch No. 15	$ 1,182.59
Judicial Ditch No. 1	4,300.00
Judicial Ditch No. 13	8,462.58
Repair of County Ditch No. 1	3,874.00
Repair of County Ditch No. 39	4,061.30
Judicial Ditch No. 30	21,283.91
Estimated Interest and payments on Bonds over Income	2,963.53
	$ 50,000.00

I further certify that the moneys in the General Ditch Fund of said County as determined from the moneys now present therein and those to be collected within the year next ensuing from and after January 25th, 1924, will not be sufficient to pay in full the principal and interest of drainage ditch bonds of said county to become due within said year, and that the deficiency therein will be on account of the principal and interest of drainage ditch bonds duly issued on account of the following described county ditches and in the following amounts of principal and interest, viz:

Number of County Ditch	Amount of Deficiency in Principal and Interest
Judicial Ditch No. 15	$ 1,152.59
Judicial Ditch No. 1	4,300.00
Judicial Ditch No. 13	8,462.58
Repair Ditch No. 1	3,874.00
Repair of County Ditch No. 39	4,991.36
Judicial Ditch No. 30	21,283.91
Estimated interest and payments on Bonds over income	2,963.53
	$ 50,000.00

I further certify that the amount which will be required to make good an existing shortage on account of moneys paid for principal and interest of said drainage ditch bonds as hereinabove set forth is the sum of $50,000.00, and the probable amount which will be required to pay the deficiency in principal and interest of said outstanding County Drainage Ditch Bonds to become due within a year from and after January 25th, 1924 is as hereinabove set forth.

I further certify that the amount of such shortage and amount of such deficiency which is applicable to each of said several County Ditches is as hereinabove set forth.

I further certify that this certificate is made pursuant to the provisions of Chapter 72, Laws of Minnesota, 1923, and is made as supplementary to and amendatory of that certain certificate made in connection with this same matter dated January 25th, 1924 and presented to said County Board and entered on its records on January 25th, 1924.

IN WITNESS WHEREOF, I have set my hand and the seal of said County this 3rd day of March, 1924.

T. P. ANDERSON,
(Seal) County Auditor,
Pennington County, Minnesota.

Commissioner Olson then offered the following resolution and moved its adoption:

WHEREAS, Pursuant to and in compliance with Chapter 72, Session Laws of Minnesota for 1923, the County Auditor did, on the 25th day of January A. D. 1924, present to the County Board a certificate signed by himself and under his seal, setting forth that a shortage existed in the general ditch fund, within the meaning of the provisions of said law, and further setting forth the probable amount which will be required to pay the principal and interest of the County's outstanding drainage ditch bonds to become due within one year from the date of said certificate (said date being January 25th, 1924) which certificate stated the amount of said shortage and the amount of the principal and interest of said bonds, and specified the part thereof which was applicable to each of the several County ditches, and,

WHEREAS, On said date of said presentation, the County Board did accept said certificate, and,

WHEREAS, Said certificate was at the time of presentation entered in the records of this Board, and,

WHEREAS, The certificate which has this day been presented to the County Board by the County Auditor is amendatory of and supplementary to the certificate heretofore presented, accepted and filed on January 25th, 1924 as hereinabove specified, and,

WHEREAS, This Board finds it to be for the best interests of the County of Pennington that said certificate, as amended and supplemented as to detail, be accepted and entered in its records.

NOW, THEREFORE, BE IT RESOLVED, That the Board of County Commissioners accept the certificate this day presented by the County Auditor with respect to the existence of a shortage in the general ditch fund, and with respect to the amount which will be required to pay the principal and interest of the County's outstanding drainage ditch bonds to become due within one year from the date of the original certificate presented on January 25th, 1924.

That such amended and supplemented certificate, as this day filed, be received and accepted by this Board as amending and supplementing the previous certificate of January 25th, 1924.

That said amended and supplemental certificate be entered in the records of this Board as amending and supplementing the previous certificate of January 25th, 1924.

The motion for the adoption of the foregoing resolution was duly seconded by Commissioner Roy and upon being presented was unanimously carried, and the resolution declared adopted, and the said amended and supplemental certificate entered in the minutes and records of the Board.

There being no further business the meeting adjourned.

T. P. ANDERSON,

Rural Carrier Examination To be Held Here March 29

The United States Civil Service Commission has announced an examination to be held at Thief River Falls, on Saturday, March 29, to fill the position of rural carrier at Goodridge, and vacancies that may later occur on rural routes from that post office. The salary of a rural carrier on a standard daily wagon route of 24 miles is $1,800 per annum, with an additional $30 per mile per annum for each mile or major fraction thereof in excess of 24 miles. The salary on motor routes ranges from $2,450 to $2,600 per annum, according to length. Separate examinations for motor routes and wagon routes are no longer held. Appointments to both positions will be made from the same register. The examination will be open only to citizens who are actually domiciled in the territory of the post office where the vacancy exists and who meet the other requirements set forth. Both men and women, if qualified, may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles. Women will not be considered for rural carrier appointments unless they are the widows of U. S. soldiers, sailors, or marines, or the wives of U. S. soldiers, sailors, or marines who are physically disqualified for examination by reason of injuries received in the line of military duty. Application blanks may be obtained from the vacancy office or from the United States Civil Service Commission at Washington, D. C., at the earliest practicable date. At the examination applicants must furnish unmounted photographs of themselves taken within two years.

Two new mail routes will be started from Goodridge commencing April first.

"The Northwestern Sugar Co." Is Name of Organization at East Grand Forks

"The Northwestern Sugar company" is the name adopted for the organization which proposes to erect a beet sugar factory in East Grand Forks in time to care for the 1925 sugar beet crop of the Red River valley, according to word received in Grand Forks last week by J. F. Bacon, president of the Commercial club, from H. A. Douglas, president of the company.

The name is announced at this time in order that it might be used to designate the company in a particular term rather than in generalities, it is explained by Mr. Douglas, who wrote that a large number of names were considered before the one given was finally selected.

History of Dairying in Minnesota

ARTICLE I

For some time we have had in mind writing a history of the dairy industry in Minnesota, beginning with the first cows that were brought to the state in 1822, 102 *years ago, and tracing the development of dairying* thru its various stages up to the present time.

The request of the Thief River Falls Co-operative Creamery association for dairy material to publish in local papers for the patrons of their creamery, has prompted us to begin this history.

We shall write a series of 52 articles dealing with this subject, but the purpose in dealing with dairying in the past will be to make the dairying of the present time and the future more profitable. We have a farm ourselves in the western part of the state and a herd of 30 dairy cows and we know what it means to make a farm pay thru dairying.

We shall give particular attention to tracing the development of the co-operative creameries in Minnesota and shall try to point out how important they are to every farmer who milks cows, whether he is an owner of a farm or a renter.

More About "Bobs"

Many comments have been made concerning an editorial that appeared in this column of the "Progress" two weeks ago. It was written by one of the few girls in Lincoln High who refuses to bob her hair and in it were several statements that the "bobettes" highly disagree with. The two following editorials have been received in answer to it:

To bob or not to bob, that is the question, whether 'tis more modest to bear the snarls and tangles of lengthy tresses, or to take arms against the crown of glory, and by amputation end them?

Bobbed hair has created a question of great interest of late among the students of Lincoln High. The bob "craze" or "fad" as it is termed has certainly grown in popularity among the Lincolnites. Nearly every Monday morning brings some new "bobbed haired" victim.

One of the arguments of those opposing it, which appeared in a late editorial, is that the "bobbed hair flapper of today will be the wig wearer of tomorrow." This argument, however, does not hold weight. Nine out of every ten who bob their hair, find to their delight that it becomes thicker and shows no inclination toward the bald-headed stage. Neither do you hear the majority of them express their wish to possess long tresses again.

In the days of our forefathers, the men wore braids. Sometime or other, then, it must have been a "fad" for men to wear short hair. Has this "fad" lasted? It certainly has. Just imagine your father, brother, friend, or teacher wearing a braid down his back. It would seem ridiculous would it not?

Bobbed hair is practical. It takes less time to wash it, comb it, and keep it looking presentable. Also in the majority of cases it improves the looks of the wearer. Even bobbed hair "haters" admit this. It is a style that is being adopted by grandmothers as well as granddaughters.

The lass with the long tresses of today will be the "bobbette" of tomorrow. Bobbed hair is not a "fad," it is not "passe," it will be lasting.

—By a "Bobbette" O. L. '24

When anyone says the girl with bobbed hair has what is called either "a screw loose in the head," or surely "a little lightness of the mind," they will be surprised to find that not only in the eyes of the rebuked individual, but of the public as well, they themselves are the ones affected with the disease. To the question: "to bob or not to bob," there is but one answer—"to bob."

Girls with long hair are fast becoming rare and in a short time will disappear altogether. One reason is that there are so many styles of bobbed hair that there is certain to be at least one to fit the individuality of every wearer. Then, too, when in a crowd note the difference between the girl with short hair and the one with long hair. The latter is usually self-conscious and envious of the neat and smarter-looking bobs.

Likewise, if long hair is so desirable and beautiful, why haven't men adopted it? Why don't they go back to their earlier habits and wear long curls? If you were to ask them, they would say they prefer their bald heads to that. If men with their experience with both long and short hair prefer the short, why shouldn't girls adopt the same comfortable method when it is becoming and practical?

In a few years people will say that "long hair means short on brains," and the girls who still refuse to bob their hair will be considered queer and eccentric, a thing which no woman, regardless of how conservative she may be, cares to be called.

SUB-DIST. CONTEST HELD HERE FRIDAY

Melvin Engelstad Wins First Place in Oratory, Lucille Roark Second in Declamation

The sub-district contest in declamation and oratory was held in the Lincoln high school auditorium last Friday evening, Feb. 29. Roseau, Greenbush, Lancaster and Thief River Falls were represented. Melvin Engelstad received first place in oratory and Oscar Nordine of Lancaster, second; Pearl Holmquist of Lancaster was awarded highest honors for declamation and Lucille Roark, second.

The following are the participants in the contest and their selections listed in the order of their appearance:

"Vision of War"—Melvin Engelstad, Thief River Falls.

"Patrick Henry's Call to Arms"—Leonard Carlson, Roseau.

"Independence of Cuba"—Oscar Nordine, Lancaster.

"President's Message to Congress"—Clifford Heltne, Greenbush.

"Judith of 1864"—Lucille Roark, Thief River Falls.

"Mercedes"—Pearl Holmquist, Lancaster.

"Bobby Shaftoe"—Shalborg Hildahl, Greenbush.

"The Littlest Rebel"—Martha Anderson, Roseau.

The two winners of first place will take part in the district contest which is to be held in the near future, probably at Crookston.

Mrs. Leora Cassidy of Warren, Supt. H. F. Anderson of St. Hilaire, and Supt. John Nystul of Middle River judged the contest.

$100 Prize Offered For New Minnesota "U" Song

Every Minnesotan with a penchant for writing either the words or the music for songs has been invited by the University of Minnesota to take part in the contest that has been arranged to bring out a new university song. A prize of $50 for words and the same sum for music has been voted by the governors of the Minnesota Union. Composers will also have an interest in the song royalties.

The contest will end May 1. Manuscripts should be sent to Howard Laramie, care School of Music, University of Minnesota. The contest is open to the general public, to alumni of the institution, and to the student body and faculty. There is no rule against the collaboration of several persons on a song, provided all the work is original.

Selection will be made by a committee comprising Dr. Carlyle Scott, chairman of the music department; Michael M. Jalma and Prof. Earle J. Killeen of the music department; Prof. Otto Zelner of the College of Engineering, and Prof. James C. Sanderson of the School of Mines.

Local Second Teams Wins From Warren Seconds, 4-2

As a reward for the faithful services of the second team, Coach Thune took them to Warren to meet the second team of that city in a preliminary game. They were victorious with a 4 to 2 score.

The playing was fast but the whole game was marked by the inability of either side to make baskets. Thief River had many short shots which they missed and Warren tried the long shots for which they are famous but was unsuccessful. The locals repeatedly broke thru the Warren defense and shot, but missed all attempts but two which were made by Mulry and Streeter.

The second team men worked well together and showed the results of Coach Thune's patient instruction and what material will be available next year.

The line-up:

T. R. Falls		Warren
Langevin	F.	Schie
Zeh	F.	Morud
Mulry	C.	Lundgren
Streeter	G.	Bocklin
Lundell	G.	Johnson

LOCALS DEFEATED AT WARREN 15-13

Lincoln Quint Plays Best Game of Season but is Beaten by Long Shots of Warren

The Lincoln quint was defeated at Warren last Friday in the last game on the conference schedule. The boys played the best game of the season and the result was never certain until the final whistle when the score was 15 to 13 in Warren's favor. The main weakness of the locals was their inability to make baskets while the Warrenite's strongest point was their success in making long shots.

From the very start of the game it was apparent that the Lincoln five had hit their stride for they started off with greater speed than they had ever before shown. The first scoring in the game was done by Parenteau who made a free throw from a foul called on Warren early in the play. After several minutes of hard playing and close guarding Warren succeeded in making a field basket and followed it with another point made from a foul on Parenteau. Anderson sunk in a neat one from long range and Sorenson made a medium long basket just before the first quarter ended, 5 to 3.

The second quarter was equally fast and was marked by Thief River missing several shots and Warren making connections with the basket for two long ones. Parenteau caged two free throws and Sether lifted the score with another free throw and a field basket. The half ended with the score 9 to 8 in favor of Warren.

After the few minutes rest between halves the Lincolnites came back fighting just as hard as before. Warren again succeeded in making a long shot and a free throw, and Barzen connected with the basket from medium long range. Thus the third quarter stopped the play with Warren still in the lead, 12 to 10. The last period was a repetition of the first part of the game. Warren made a basket from three-quarters length of the floor and the locals still missed the close-up and so-called easy shots. As the game wore on things looked decidedly favorable to Warren but this did not last for Parenteau, Sether and Barzen each made a free throw. Just before the game ended a foul was called on Sether and Warren made her fifteenth point.

There were no individual stars for Thief River but each man played the best basketball this season. The team-work, pivoting, and short-passes were excellent thruout the game and every man did his part in contributing to them. The game was fast and clean from start to finish and a square deal was given both teams.

The line-up:

T. R. Falls		Warren
Parenteau	F.	Tullar
Penney	F.	Anderson
Sether	C.	Peterson
Sorenson	G.	Amundson
Barzen	G.	Larson

Substitutes: Warren—Fravan for Amundson.

Field Baskets: T. R. F.—Sether, 1; Sorenson, 1; Barzen, 1. Warren—Tullar, 2; Anderson, 2; Amundson, 1; Larson, 1.

Free Throws: T. R. F.—Parenteau 4; Sether, 2; Barzen, 1. Warren—Tullar, 2; Amundson, 1.

Referee: Chapman, Crookston high school.

Joke Exchange

"Look, daddy," said a little six-year-old, "I pulled this cornstalk up all by myself."

"My, but you are strong!" said his father.

"I guess I am, daddy. The whole world had hold of the other end of it."

Horrible Accident

There was a drummer who was so thin
He wouldn't go home alone,
For fear some great big hungry dawg
Might take him for a bone.
One day when he was walking out
And got all out of breath,
He fell through a hole in the seat of his pants
And choked himself to death.

She was peeved and called him Mr.
Not because he went and Kr.
But the thing that made her sore
Was that on the night before
This same Mr. Kr. Sr.

Quel Appetite

As the youth took his fair partner down to supper, she seemed to hypnotize the waiter told off to serve them, for he seemed incapable of taking his eyes off her.

At last the young man could stand it no longer.

"I say, my man," he observed. "What makes you stare so rudely at this lady?"

"It ain't rudeness, sir, believe me, it ain't," returned the waiter. "It's genuine admiration. This is the fifth time she's been down to supper tonight."

A Spelling Lesson

Is it right to spell a word with a double letter (for instance, look), l-o-o-k or l-double-o-k, L-o-o-k is right!—Because—if you wish to say, "up-up, John, and see the sun rise," you could not say, "double" up, John, and see the sun rise.

Senior Ribbon Day

The Fourteenth Day of February
Ve Seniors have much fun,
It var de day o' privilege
O' puttin' reebons on.

I vant to take von mceeit yust
To tell de reason vy
Ve get de priv'leges o' vich
Oder classes is shy.

You see, de teachers vouldn't dare
Before us anyteeng
Because dey know vat dey vould get
For pullin' off dat streeng.

Ve boss de skool yust as ve like,
And knock all folks about
Ven dey don't vant to mind us; so
Dey's all on de lookout.

Vell, comin' back to Reebon Day,
I vant to tell you how
All dem dat saw us had to laugh,
And wrinkle op der brow.

Ve gals had reebons een our hairs
And stockin's red and green
And sashes of de' fonniest type
De keeds had ever seen.

In substeetution for der ties
De boys reebons vore,
Vy, really, it made 'em look so cute
De teachers laughed galore.

Camille have shoes vidout no heels,
Sash tied in great big bow,
Matt have red tie. "He look so sveet"
Miss Bambrick tol' him so.

Dat Clifford Storholm, he have rope
O' mamma's sofa pill'
For tie, of mixture green and red;
It made he look so sill'.

Our Annie, her var all in green;
Our Evaline, all in yeller;
Our Harriet's match var pink and red
Dey looks like real vise skoller.

But Berta, she var peekle right;
Her hairs she done tie op
Vid 'bout a hundred fifty bows;
She done have fonny top.

A beeg red reebon Laurence have,
I tell yer, he var peach.
Hilda, she have beeg black bow,
A colored sock of each.

Dat Myrtle Oen look like leet'l keed,
Her skirt, dem var vay short;
She have red socks and pretty bows,
And high-heel shoes for sport.

You see, ve help de oder keeds
To have a leetle fun.
'Twas ve permeet dem geegle,
Dat day in year come' von.

If eet varn't for de Seniors,
I peety Freshmen small,
And Sophomores, Yuniors, Teachers, too.

NEIGHBORHOOD NEWS

ROSEWOOD

Birthday Surprise Party

Joe Weiss was honor guest last Friday evening, at a birthday surprise party at the John Heider home when about 35 friends and neighbors surprised him in commemoration of his 29th birthday. A purse of money was left Mr. Weiss by his friends, and all the partakers were treated to a bounteous luncheon. The evening was merrily passed at dancing and Norwegian whist, and the event was pronounced as very successful.

REINER

Dere Editer:

I am sending you my weekly contributions. They ain't so much. But they is all I has got, so if you don't like it you can lump it. If you think they is of material value to your already grate and esteemed news paper, their is no copy rites to bother with. Otherwise plese be honest about it and pass it with caressing hand to sweet repose in that little wire enclosure at your feat, which is so much feared by those who make their living by the pen, but I making my living hauling hay and it ain't got no tearers for me to speak of.

It is fine weather. Wishing you a merry fourth of July and a hot bed of roses to sleep on, I am the remains of your humble servant,

SWAMP-FILOSOFER

An unusually interesting debate was held at the Pershing schoolhouse, Friday evening, Feb. 29. The topic for discussion was, "Resolved, that the manufacture and sale of tobacco should be prohibited by Constitutional Amendment." The affirmative was given the decision of the judges, who were J. S. Miller, Albert Arntz and John Stenvik. After the debate Olaf Ramstad of Thief River Falls who was present was called upon for a talk and responded with an appeal to the young men not to start using tobacco if they had not already done so. Mr. and Mrs. Bert Gerling favored the audience with a number of vocal selections which were very well received. The schoolhouse was packed to the doors, again proving that a debate club can be made a success in a rural community.

Notice of Mortgage Foreclosure Sale

Default having been made in the conditions of that certain mortgage made and executed by Edward Vasstrand, unmarried, Mortgagor, to W. B. Torgerson of Red Lake County, Minnesota, Mortgagee, which mortgage is bearing date the 2nd day of December, 1918, and which mortgage with the power of sale therein contained, was duly recorded in the office of the Register of Deeds in and for the County of Pennington, State of Minnesota on the 7th day of December, 1918, at eight o'clock A. M., in Book 57 of Mortgages on page 234 thereof, which said mortgage together with the debt thereby secured thereafter was duly assigned by said W. B. Torgerson, mortgagee to the Bank of Cambridge, assignee, by an assignment in writing, duly executed, dated March 27th, 1919, and recorded in the office of said Register of Deeds on the 28th day of March, 1919 at eight o'clock A. M., in Book 63 of Mortgages on page 80, and which mortgage with the debt secured thereby again thereafter was assigned by the said Bank of Cambridge, assignee, to A. J. Onsgard, assignee, by an assignment in writing, duly executed and dated May 17th, 1919, and recorded in the office of said Register of Deeds on the 19th day of May, 1919 at 8 o'clock A. M., in Book 63 of Mortgages on page 98 thereof.

And, Whereas said default consists in the failure of the said mortgagor to pay the sum of One Thousand Dollars with accrued interest and the further sum of Three Hundred Twenty-eight and 88-100 in taxes which have necessarily been paid by said assignee, and whereas there is actually due and claimed to be due upon said mortgage at the time of this notice the sum of One Thousand Five Hundred Seven and 28-100 Dollars, said taxes included, and that no action or proceeding at law or otherwise having been instituted to recover the debt by said mortgage secured or any part thereof.

Now, Therefore, Notice is hereby given, that by virtue of the power of sale contained in said mortgage and pursuant to the statute in such case made and provided, the said mortgage above described will be foreclosed by a sale of the premises described in and conveyed by said mortgage, to-wit:

The South East Quarter (SE¼) of Section No. Thirty (30) in Township No. One Hundred Fifty-two (152) North, of Range No. Thirty-nine (39) West of the 5th P. M., in Minnesota, containing One Hundred Sixty (160) Acres according to U. S. Government survey thereof, which sale will be made by the Sheriff of said Pennington County, at the front door of the Court House in the City of Thief River Falls, in said County and State, on Saturday, the 19th day of April, 1924, at two o'clock in the afternoon of said day, at public vendue to pay said debt of One Thousand Five Hundred Seven and 25-100 Dollars with interest from the date hereof together with an attorney's fee of fifty Dollars as stipulated in and by said mortgage, and the disbursements allowed by law, subject to redemption at any time within one year from the date of said sale as provided by law.

Dated March 1st, 1924.

A. J. ONSGARD, Assignee.

NILS HAGEN,
Attorney for Assignee,
Oklee, Minnesota.

(March 6-April 17-24)
MORTGAGE FORECLOSURE SALE

There is declared to be due at the date hereof Thirty-two Hundred Thirty-eight and 47-100 Dollars ($3,238.47), for principal and interest, One Hundred Seventeen and 66-100 Dollars ($117.66), for taxes paid, in all, Thirty Three Hundred Fifty-six and 13-100 Dollars ($3,356.13), upon a mortgage given by Andrew J. Henning and Anna Henning, his wife to The Minnesota Loan and Trust Company, dated November 15th, 1922, and duly recorded in the office of the Register of Deeds, in the County of Pennington, and State of Minnesota, November 20th, 1922, at 9 A. M., in Book 74 of Mortgages, on page 335, mortgaging and conveying the following described land, situate in said County, to-wit:

The Northeast Quarter (NE¼) of Section Thirty-five (35), Township One Hundred Fifty-four (154), Range Forty-one (41), according to the United States Government survey thereof, and containing One Hundred Sixty (160) acres of land, more or less, to secure the payment of Three Thousand and no-100 Dollars ($3,000.00) and interest, which mortgage has been duly assigned to Clarence E. Drake, and by him duly re-assigned to The Minnesota Loan and Trust Company, as Trustee under the Will of E. P. Gates, and duly assigned by it to Clarence E. Drake, and by him duly assigned to The Minnesota Loan and Trust Company, which assignments have been duly recorded.

Notice is hereby given, that said mortgage will be foreclosed and said premises will be sold under foreclosure thereof at public auction on the 22nd day of April, 1924, at 10:00 o'clock, A. M., by the sheriff of said County at his main office, in the County Court House in Thief River Falls, in said County, to pay the sum then due on said mortgage, including taxes and interest, if any, then paid and Seventy-five and no-100 Dollars ($75.00), attorney's fees and foreclosure disbursements.

Dated March 6th, 1924.

INCORPORATION OF COMMERCIAL CLUB PROPOSED

Change in Constitution Governing Club Suggested by President Froehlich

PRESENT CONSTITUTION DECLARED OUT OF DATE

Matter Taken Up at Luncheon Today. Proposed Articles Expected to Pass

A change from the present organization of the Thief River Falls Commercial club functioning under the provisions of a constitution to an incorporate body with the same name and under a set of articles of incorporation recommended by the Minnesota Community Secretaries association, is being proposed, the matter being brought before the club at the Feb. 14th meeting by President H. W. Froehlich, who attended the secretaries' annual session Feb. 7 and 8. Since then a thorough explanation of the necessary changes and the differences from the present organization, has been made to club members, and the matter will be taken up for decision at the noon luncheon and regular meeting today.

It is pointed out that the proposed articles of incorporation will form an organization which will function more efficiently and easily than that which is now in force. The incorporate club will be more compact and can be governed with less difficulty. Instead of a set of officers being elected as under the present constitution, the new body elects 12 directors who in turn name their officers and committees. The new committee system is also said to be less cumbersome and more effective than that which is now being used.

At previous meetings it has been declared by President Froehlich and directors who had made a survey of the situation that it would be a decided advantage to the club to make the change, the old constitution being out of date in many respects. The proposed articles are a copy of those adopted by the Mankato Chamber of Commerce and which were taken as model articles recommended for clubs thruout the state by the club secretaries at their annual meeting.

It is expected that the proposed change will be effected at the meeting today.

Pennington Youths are Honor Students at Northwest Aggie

Tillie Fort and Elmer Miller of Erie, and Rose Kozojed of Germantown, were listed as honor students at the Northwest School, Crookston, for the first half of the second term. This is a distinction of considerable merit as the requirements are difficult to meet.

OLAF WINGER WILL OPEN STORE APR. 1

Men's Clothing Store To Be Opened in Building Vacated By Save-U-Money

Olaf G. Winger, who for the past four years has been connected with the Lieberman Brothers clothing store conducted by A. S. Lieberman in this city, has decided to enter into business for himself and has leased the building at 210 LaBree avenue north, recently vacated by the Save-U-Money store, and will on April 1 open a men's clothing store. The store will be filled with uptodate and dependable men's clothing, furnishings and shoes, according to Mr. Winger's announcement this week.

Mr. Winger has purchased the fixtures of the Save-U-Money store, which remained in the building, while the merchandise was shipped to the company's store in Stillwater. On March 10 Mr. Winger expects to leave for Chicago on a buying trip to make purchases for spring and summer stock, the new merchandise to arrive in time for opening of business on April 1.

Mr. Winger is known to practically everyone in the entire community, having been in the clothing business here the past ten years. Prior to his connections with the Lieberman Bros. store, he was a member of the Oen Mercantile force for about six years, also in the clothing department. His wide acquaintance in this vicinity will prove of great value in this undertaking, while the class of new stock will appeal strongly to men of all classes. The quarters chosen are well adapted to a business of this kind and in an excellent location.

TELEPHONE GROWTH EXCEEDS POPULATION INCREASE

SO important a part does the telephone play in the daily affairs of men, that telephones increase much faster than the population.

The hundreds of thousands of new subscribers added to the Bell System annually, require many millions of dollars for switchboards, poles, wire, telephones and other supplies and equipment.

In order to obtain the necessary money from investors to build new plant, it is essential that we have the respect and confidence of the public and be able to pay expenses and earn a fair rate of return on the value of our property.

As a telephone exchange grows, the cost per telephone of providing service is greater, but the value of the service to each telephone user is also greater.
